Board Approves renewal of cybersecurity maturity program

The BOE approved the renewal of cybersecurity maturity program services from Tyler Cybersecurity in the amount of \$29,800. The 2021-22 services include: review of cybersecurity policies and plans, external and internal vulnerability assessments, IT risk assessment, social engineering vulnerability assessment.

Board Approves CTAE Field Trip Request

CTAE students involved in Georgia Technology Student Association (TSA) have an annual Chapter Officer Retreat for Excellence, (CORE) Program. This retreat helps them prepare for TSA competitions and will be held in Clayton, GA. The board approved this field trip.

Board Agrees to extend renewal period on GRCCA charter for one year

The charter for Griffin Region College and Career Academy (GRCCA) is renewed every five years. With the events of the last school years (Pandemic, New Super Intendent) it was recommended that the charter renewal process be extended for one year. The board approved this action.

Board Approves annual school fundraiser requests

Annually, schools submit fundraisers to supplement their schools' budgets. All fundraiser were first vetted to ensure they comply with smart snack regulations and board policy. The board approved these fundraiser requests.

Information:

Dr. Tiffany Taylor provided an Update from the Department of Teacher and Leader Effectiveness. The update advised that the virtual academy is up and underway. Elementary principals are preparing to shift based upon the new Early Intervention Program (EIP) requirements of senate bill 57. The presentation highlighted instructional focus areas for Science, English/ Language Arts, Math and Social Studies. Dr. Taylor also discussed the fact that the C.A.R.E.S. budget is being developed and schools will be able to utilize those forms. It was announced that GSCS has begun to use a new professional learning platform called "Kick Up". This platform is replacing "PD Express". She also explained that all students have been issues Chromebooks to access their work in Google Classroom and that extended learning and tutoring will be offered to support students that have to spend time at home as a result of the pandemic.

Todd Harris provided an update from the Transportation Department

- Recap Current ridership Numbers: 5332 General Ed and Rising / 170 SPED Riders
- Number of Routes: 71 General Ed Routes 20 SPED Routes
- All district AM, PM and Midday Shuttles are in place
- 56 pending bus requests at this time.
- Routes 100's in the last few days to existing stops
- All requests requiring route and time changes for existing riders will be implemented as soon as possible.
- All preventive maintenance and annual maintenance for the fleet is complete
- All drivers have completed all of their DOE annual compliance requirements.
- Our technology for both Internal and external stakeholders is functioning and all information is current.
- Our drivers return to work meeting is complete. All have been briefed on COVID mitigation procedures that are currently in place across the district.

Superintendent Simmons provided an update on his 100-day entry plan.

- Discussed strategy map
- Reviewed Superintendent's Entry Plan
 - 3 Pillars
 - Distinctive Brand
 - Strong Leaders
 - Great Schools
 - 3 Non-Negotiables (P.A.C.E)
 - Be Professional
 - Be Accountable
 - Communicate Effectively
- Discussed what equity means – our job is to serve all students by meeting them where they are. We are to make them smarter while we have them. We can't control how smart they are when we get them but we can work to make them smarter and have positive experiences to get them all to the point of being ready for college and/or career.
