

**Guide to Preparing
for the Florida
Algebra 1
End – of – Course
Assessment**

FSA Algebra 1 End – of – Course Assessment

General Information:

The Florida Algebra 1 End – of – Course Assessment (FSA A1 EOC) is administered 3 times a year. All students enrolled in Algebra 1 or Algebra 1 Honors must take and pass the A1 EOC. Passing the FSA Algebra 1 EOC is accomplished by earning a level 3 or higher on the FSA A1 EOC. The FSA A1 EOC is 30% of the student’s final grade*. Earning credit in Algebra 1 can be done two ways: passing the FSA A1 EOC or passing the course once the FSA A1 EOC has been included as 30% of the final grade.

All information regarding the FSA A1 EOC can be found on the FSA Portal: www.fsassessments.org. Once you are at that site you can enter your email address in the upper right corner to receive email updates.

The FSA A1 EOC is administered on the computer (CBT) over two days. Each day is a 90 – minute session. The first session is a non – calculator session and the second session is a calculator – permitted session. There is a total of 64 – 68 items on the FSA A1 EOC, about 32 – 34 items per session. Students who are not finished after 90 minutes may continue working on the test, but must be completed within half of a school day.

Graduation requirements:

Students must pass the FSA Algebra 1 End – of – Course Assessment and earn a credit in Algebra 1 to fulfill their graduation requirement.

FSA calculator, reference and formula sheets:

During the calculator – permitted session, students will have access to an online calculator. The calculator can be found at: <http://demo.tds.airast.org/TDSCalculator/TDSCalculator.html?mode=ScientificInv>. Students may use a hand-held calculator provided it meets the functionalities put forth by the State. Below are some models that have been approved by FLDOE.

TI – 30Xa	FX – 260 Solar	EL – 501X	EL – 510 RN
-----------	----------------	-----------	-------------

The conversion tables and formulas that will be permitted on the FSA A1 EOC can be found at:

http://fsassessments.org/wpcontent/uploads/2015/01/FSAMathematicsReferenceSheetsPacket1_Updated-January-8_2015.pdf .

Test breakdown:

* Students who took the FSA A1 EOC during the '14 – '15 school year did not receive a level score, but did receive either a “pass” or “no pass” marking. The FSA Algebra 1 EOC was not included in their final grade calculation. Please contact your student’s counselor for clarification.

The A1 EOC has three reporting categories that are weighted differently. The weighting of the categories is seen in the table below.

Category	Percentage
Algebra and Modeling	41
Functions and Modeling	40
Statistics and the Number System	19

The Test Item Specifications can be found at the following link: <http://fsassessments.org/wp-content/uploads/2015/03/Algebra-1-Test-Item-Specifications.pdf>.

Other resources that may be used to prepare for the FSA A1 EOC

FSA Training Tests: The practice tests provided are content based, but are designed to be computer tool practice. Students can access and take the tests as often as they like, but the questions will not change. <http://fsassessments.org/students-and-families/training-tests/> (Use Chrome or Firefox)

PARCC Practice Tests: Both paper based and computer based practice is available. The questions are a good resource for the types of questions that may be found on the FSA A1 EOC, but there is not digital tool practice available. www.parcconline.org/take-the-test

Khan Academy Core: Students can select practice problems by standard or topic. This site had digital tool practice and content tutorials. www.khanacademy.org/commoncore/

Study Island: Students have accounts set up through their schools and can access Algebra 1 EOC prep courses. Students should contact their math teacher to get their username and password.
