

HAWK NEWS

THIS WEEK'S NEWS FROM LUNALILO ELEMENTARY SCHOOL

PICTURE RETAKES/MAKEUPS

Wednesday, November 29

will be the day for picture retakes and makeups.

If you would like your child to retake their photo with no additional fee, please send the original picture package you received from the first picture day.

Any student who was absent for our first picture day will have their photo taken on the 29th; no purchase necessary.

Mass Evacuation Drill

Every year we are required to practice all of our safety drills to make sure we are prepared. Mass evacuation is used when there are dangers on campus that cause us to have to leave the area. We will practice a mass evacuation on:

Tuesday, December 5

We will be walking to McCully Rec Center.

IMPORTANT DATES...

- November 23 - NO School - Thanksgiving Holiday
- November 24 - No School - School Holiday
- November 29 - Picture Makeups
- November 30 - Family Math Night
- December 14 - Family Hour of Code

FAMILY MATH NIGHT

Thursday, November 30

5:00-6:00pm

School Library

Spend a fun night of learning math with your child! If you are attending, please return the flyer your child brought home.

Forms are due by Wednesday, November 22.

- Light refreshments will be served.
- Students must be accompanied by a parent and/or guardian.

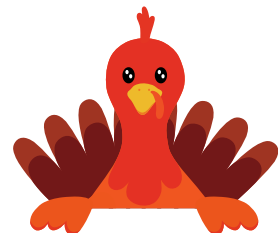

Sponsored by Title I and the EL Department

Photography CONTEST

We are excited to announce that we are bringing back our photography contest. It has been a couple of years since our last contest and we are excited to have it return! Students received the information in their Tuesday Folder. This year's theme is "Geometry is Everywhere".

Deadlines for entries is: November 30

GRATITUDE

As I walk around the campus, I have much to be grateful for - our happy children, our hard working teachers and staff, our beautiful grounds - the list is endless. I also have my own personal list to be thankful for - my good health, my thriving family, and my wonderful friends to name only a few.

We want to thank each and every one of you for your help and support in guiding your child in their learning journey. Our partnership builds students who make responsible, respectful and safe choices which leads to them become excellent in all they do and all they are. We are grateful for this partnership in helping each and every one of our children reach their goals. Ask your children what their goals are. Many of them have talked with adults on the campus about their academic and behavioral goals and you would be proud of what they want to achieve!

As we enter the holiday season, think about what you are thankful for and how you show gratitude toward others. Those simple examples of gratitude are what we want our students to see every day. Because they learn their best habits from the people the love and admire - YOU!

Wishing you all a Happy Thanksgiving and a wonderful season of gratitude! Show your children how to express thankfulness and gratefulness every day. No one succeeds alone! Be excellent together!

Family Hour of Code
