SPP Indicator 14 Now Available

The SPP Indicator 14 Post School Outcome Data Collection web application is now available on our website and can be accessed at the following link: [Post School Outcome Data Collection](#). The *Hbug Login* and *Password* is required to log into the Post School Outcome Data Collection web application. To locate the *Hbug Login* and *Password*, simply log into *iePoint* > **2016** and click on *File* -> *System Maintenance* -> *View Site Configuration*.

Districts selected to administer the survey in 2016 will be offered the choice to use the existing data collection tool or use an expanded survey that will allow youth to provide additional information on their post-secondary education, employment and independent living, as well as how high school prepared them for adult living. Since this is the first time with this option, we recommend viewing the training video prior to determine which form your district would like to complete. To view the training video, simply click the link below:

[Post School Outcome Data Collection Training Video](#)

To see if your district will be participating in the Post School Survey, click the following link: [2016 Selected Districts](#)

If you have questions regarding the Post School Survey, contact Mark Conyer at (217)782-5589 or mconyer@isbe.net. You can also visit the Indicator 14 Tools and Resources page at:

July 4, 2016 - Office Closed in Observance of Independence Day

July 15, 2016 - Orphanage (Funds D, E, F) Regular Term Reimbursement Transmission

Inside this Issue . . .

SPP Indicator 14 Now Available 1

Indicator 13 Warnings 2

Event Registration 2

Indicator 13 Warnings to Errors

Due to the new Indicator 13 format, data from *iePoint* > 2015 was not migrated to the new Indicator 13 form during the update to *iePoint* > 2016. Currently, a **WARNING** is received for students with missing Indicator 13 data, however, these will become **ERRORS** after the May 6th transmission. Now is the time to be obtaining updated Indicator 13 data for students that have not yet had this information completed. It is imperative that districts be proactive in this data collection/data entry in order to be prepared for the June 30th *FACTS Approval* transmission.

Harrisburg Project has created a report to show which students still have incomplete Indicator 13 data. To access this report log into *iePoint* > 2016 then go to *File -> Print Report -> Student -> Indicators -> Indicator 13 Status Report*.

ISBE has updated the 'Secondary Transition Training' webinar and it can be viewed along with additional pertinent information regarding the State Performance Plan Indicator 13 at the following link:
