ACADEMICS

GRADING

A numerical grade will be awarded for all courses. Numerical grades will range from zero (0) to a maximum of 100 points. The minimum passing score to receive Carnegie unit credit is 70. Numerical grades may be interpreted as follows:

A = 90 to 100 B = 80 to 89 C = 70 to 79 F = below 70 (no credit)

GRADE CALCULATIONS

70% Cumulative Average

10% Midterm

20% Final Exam or Culminating Activity

END OF COURSE ASSESSMENTS

End of Course (EOC) assessments are required by the Georgia Department of Education in the following courses: American Literature, Algebra I, Biology, US History.

No student may exempt EOC assessments. If a student failed an EOC (69 and below), he/she will receive an “Incomplete” in the class until the student has been remediated and retested.

In classes with an EOC assessment, the EOC grade conversion score will count 20% of the student’s final grade.

A student may earn course credit by demonstrating subject area competency by “testing out”, which means scoring at the ‘Exceeds’ level on a state End of Course assessment prior to taking the course. Students attempting to test out must have parental permission and their parents(s) or guardian(s) shall be informed of potential costs prior to the End of Course test administration.

EXEMPTIONS

Students will be allowed to exempt final exams by meeting the following requirements:

- Student must be passing the course with a final average of 70 or above
- Student may not miss more than 3 days in the class (excused or unexcused) with a grade of 70-79.
- Student may not miss more than 5 days in the class (excused or unexcused) with a grade of 80-89.
- Student may not miss more than 7 days in the class (excused or unexcused) with a grade of 90-100.
- Five tardies to a class will count as 1 absence for that class towards the exemption.

GRADE PROMOTION REQUIREMENTS

Hawkinsville High School operates under the semester system. There are two semesters in the regular academic year. During each semester, students are registered for four classes daily. Each class provides one Carnegie unit credit. A student would normally earn 4 Carnegie units in a semester and 8 Carnegie units in an academic year (excluding summer school and credit repair programs). The total number of Carnegie units accumulated by a student at the beginning of the academic year determines grade level placement/classification for that year.

	Class of 2023
Freshman	n/a
Sophomore	6
Junior	12
Senior	20
Graduate	28

Students may be promoted to the next grade level upon satisfactory completion of course requirements at the end of the school year. Grade level determination for students who transfer in from other high schools will be determined based on the individual student’s specific academic accomplishments and requirements.

GRADUATION

Graduation is planned and arranged by the cooperative efforts of staff, students, and parents. Students must complete **ALL** unit requirements for graduation set forth by the Pulaski County Board of Education in order to participate in the graduation ceremony. All seniors must pay a graduation fee. This fee includes cost of diplomas and other expenses. **All other bills must be paid before graduation. Students who have not paid their fees will not be allowed to walk at graduation.**

PARTICIPATION IN THE GRADUATION CEREMONY IS A PRIVILEGE AND NOT A RIGHT. ONLY STUDENTS WHO ARE IN GOOD STANDING WITH THE SCHOOL WILL BE ALLOWED TO PARTICIPATE. ANY INVOLVEMENT IN A “SENIOR PRANK” THAT CAUSES DAMAGE TO THE SCHOOL WILL RESULT IN REMOVAL FROM THE GRADUATION CEREMONY

- *Pulaski County Schools requires that all students earn a unit of elective credit in Introduction to Business Technology for graduation.*

PROGRESS REPORT / REPORT CARDS

At the end of each nine-weeks grading period, report cards are distributed to students. The numerical average that appears on the report card represents a cumulative average for that course. For example, the grade given at 9 weeks will represent the cumulative average for that student from the first day of class to that point. Likewise, at 18 weeks, the grade will also be cumulative. Questions/Concerns about grades must be addressed ***within five days*** after report cards are issued. Grades will not be changed on the report card or transcript after five days. **Report cards must be signed and returned to the designated teacher.**

SUMMER SCHOOL AND CREDIT RECOVERY

Summer school credit must be limited to **2 units** from a school accredited by the Southern Association of Colleges and Secondary Schools and the Georgia Accrediting Commission. Written permission must be received from HHS Guidance Department and principal of HHS before a student may enroll in summer school in another school system.

HHS will offer some credit repair, credit recovery and the option of paying for courses through the Georgia Virtual School or other computer programs. These options may require payment by the student. A conference is required with a student and parent with the counselor in order to take a credit recovery class.

ATTENDANCE POLICIES AND PROCEDURES

As mandated by OCGA 20-2-690.0, a county-wide Attendance Protocol Committee is established and charged with ensuring the coordination and cooperation among officials, agencies, and programs involved in compulsory education issues, to reduce the number of unexcused absences from school, and to increase the percentage of students present to take tests that are required to be administered under the laws of the state. It is important for credibility within the community that all local schools operate under the same, consistent student attendance expectations and protocols. All mandated reporters shall assure that students suspected of being truant and reported to designated school officials, law enforcement, or the Department of Family and Children's Services. With these expectations, the following protocol is adopted.

I. Definitions:

A. Compulsory Education:

Every parent, guardian, or other person residing within this state having control or charge of any child or children between their sixth (6th) and sixteenth (16th) birthdays shall enroll and send such child or children to a public school, a private school, or a home study program (OCGA 20-2-690.1). Children that have attained 20 days enrollment in Kindergarten also fall under compulsory attendance according to O.C.G.A. 20-2-150.

B. Truant:

Per the Georgia State Board of Education Attendance Rules, "Truant" is defined as "any child subject to compulsory education (ages 6 through 16, and 5 year olds who have attended twenty (20) days in school) who during the school calendar year has more than five days of unexcused absences".

C. Monitoring:

Each school system shall assure compliance with compulsory education and attendance policies in assigned schools. Individual schools will monitor attendance and follow the protocol for reporting.

II. Identifying Truant Students:

A. Excused Absences

Excused absences shall include:

School days missed as a result of an out of school suspension shall not count as unexcused days for the purpose of determining student truancy.

Personal illness or when attendance in school endangers the student's health or the health of others.

- A serious illness or death in a student's immediate family necessitating absence from school.
- A court order or an order by a government agency, including preinduction physical examinations for service in the armed forces, mandating absence from school.
- The observation of religious holidays, necessitating absence from school.
- Conditions rendering attendance impossible or hazardous to student health or safety.
- Registering to vote or voting in a public election, which shall not exceed one day.
- A student whose parent or legal guardian is in military service in the armed forces of the United States or the National Guard, and such parent or legal guardian has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for the day or days missed from school to visit with his or her parent or legal guardian prior to such parent's or legal guardian's deployment or during such parent's or legal guardian's leave.
- Page for Georgia General Assembly (counted as present in school).
- A foster care student who attends court proceedings relating to the student's foster care shall be credited as present by the school and shall not be counted as an absence, either excused or unexcused, for any day, portion of a day, or days missed from school as set forth in O.C.G.A. § 20-2-692.
- A student who successfully participates in the Student Teen Election Participant (STEP) program shall be counted as present and given full credit for the school day during which he or she served in the STEP program. No student shall be permitted to be absent from school or participate in the STEP program for more than two school days per school year.
- Any other absence not explicitly defined herein but deemed by the principal to have merit based on circumstances.

Three (3) Days to Submit Excuse for Absence

Upon returning to school, the student will have three (3) days to present the necessary written documentation to have the absences count as excused. Failure to present this documentation will result in an unexcused absence. Phone calls **will not** be accepted in place of a written notice.

Excuse must include:

1. The date(s) of the absence
2. Student name
3. Reason for absence
4. Parent or guardian signature

Five (5) Days of Parent Notes for Illness

A parent's note will be accepted to excuse personal illness for five (5) days during the school year. After a parent's note has been used for five (5) days at any time during the school year, a doctor's excuse is **required** for ALL future absences due to illness unless otherwise determined by the principal or the principal's designee.

B. Unexcused Absences

Unexcused absences shall include all absences that do not meet the criteria as outlined for excused absences. Also refer to Section II C Tardies and Early Dismissals. School days missed as a result of an out of school suspension **shall not count** as unexcused days for the purpose of determining student truancy.

C. Tardies/Early Dismissals

As mandated by OCGA 20-2-690.2, the Attendance Protocol Committee must recommend policies regarding tardies and early dismissals. In order to promote continuity between the school systems, the following policy is recommended:

- Five (5) unexcused tardies/early dismissals will count as one (1) unexcused absence.
- The conditions for excusing a tardy or early dismissal will be the same as an absence.
- Tardies and early dismissals must be traced separately and the data will be used to identify truant students.

Information concerning students, who meet these thresholds, will be monitored by the school.

D. Student Withdrawals

Local school systems are authorized to withdraw a student who:

- Has missed more than 10 consecutive days of unexcused absences.
- Is not subject to compulsory attendance.
- Is not receiving instructional services from the local school system through homebound instruction or instructional services required by the federal Individuals with Disabilities Education Act (IDEA).

Local school systems shall notify the parent or guardian of the intention to withdraw a student younger than 18 years of age who is not subject to compulsory attendance.

III. Notification of Parent/Guardians

Within thirty (30) days of enrollment in school, the parent or guardian will be notified in writing of the attendance policies and consequences. The parent/guardian must sign and return this notification.

IV. Violations of Attendance Policy

Unexcused Absences

•Three (3) or More Unexcused

- By the time a student has acquired an equivalent of three or more unexcused absences, the school will notify the parent or guardian in writing. This is a courtesy to make parents/guardians aware that we are monitoring their student's attendance. This reminder or similar documented action will serve as a good faith effort required of the school before taking further action. Failure to receive this reminder does not prevent further action taken to attempt to improve attendance.

•Five (5) or More Unexcused

- The school will notify the parent/guardian of the attendance policy and consequences at an equivalent of five (5) unexcused absences in conjunction with a Truancy Meeting, which the parent/guardian will attend. The objective of the meeting will be to explore barriers to attendance, develop a plan to improve attendance, and to remind the parent/guardian of the attendance policy and consequences for further unexcused absences.

•Five (5) Days of Parent Notes for Illness

A parent's note will be accepted to excuse personal illness for Five (5) days during the school year. After a parent's note has been used for five (5) days at any time during the school year, a doctor's excuse is required for ALL future absences due to illness unless otherwise determined by the principal or principal's designee.

•Ten (10) or More Unexcused Absences

- Ten or more unexcused absences will result in a petition for educational neglect or truancy to be filed with the Department of Family and Children's Services or the Juvenile Court System.
- In the event of a referral, each additional unexcused absence following notification of the parent/guardian of 10 unexcused days of absences for a child shall constitute a separate violation of the Compulsory Education Law (OCGA 20-2-690.1). The violation will be reported to the court.
- Any parent, guardian, or other person with control of a child, who violates the Compulsory Education Law shall be guilty of a misdemeanor, and upon conviction thereof, shall be subject to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction (OCGA 20-2-690.1).

III. Make-Up Work (Pulaski County Middle & Hawkinsville High School Policy)

According to the Pulaski County School Board Policy Manual, students with unexcused absences do not have the right to make up missed work. Unexcused absences shall be a violation of the student code of conduct, and students with unexcused absences shall be disciplined as appropriate, including assignment to in-school suspension or alternative school.

- Arrangements to make up work for excused absences are the responsibility of the student in consultation with the teacher. Students who miss three (3) consecutive days or know they will be missing three (3) or more days must contact the front office before 8:30 a.m. in order to have work available for the following day.
- Excuses for all absences, including any documentation required by the school principal, shall be furnished to the school in writing by the student's parent or guardian with three (3) days of the student's return to school and shall specifically state the reasons for the absence. Students shall be permitted to make up work when documentation of the absence is provided in the time and manner specified in this policy and by the school principal. All makeup work should be completed within five (5) days of the student's return to school, unless the school principal or his/her designee allows the student additional time to complete such makeup work. If the student fails to make up work within the prescribed time, the student will be denied credit for all work not completed.
- While five (5) days are allowed for make-up work, the student does not have a five-day window of opportunity for such work. Once arrangements with the teacher are made, failure of the student to make up work can result in credit being denied for that assignment. If an assignment was given before the student was absent, it is due on the day that the student returns to class.
- Unexcused absences shall be a violation of the student code of conduct, and students with unexcused absences shall be disciplined as appropriate, including assignment to in-school suspension or alternative school.

MISSING SCHOOL

If more than 30 minutes are missed from a class, students are counted absent from that class. Students who are in school, but for an unexcused reason, miss class or a portion of class, subject themselves to disciplinary action. In order to participate in any extra-curricular activities, including tryouts and practices, a student must be present at least one-half of the school day.

EARLY DISMISSAL

Parents are requested to make dental, medical, and other appointments for students after school hours and on Saturday. When that is not possible and the student must leave school before the end of the day, a written parental request is required. The request should state what time the student needs to leave and have a telephone number at which the parent can be reached to verify the note. This verification is **Board Policy**. The note is to be turned in to the secretaries in the office **prior to first period** so that it can be verified. **Students must sign out in the office before leaving school. Any student signing out will not be allowed to return without a note from a doctor.** Students who drive may leave after early dismissal confirmation and after signing out in the office. A student who leaves campus without signing out in the office is subject to disciplinary action. Any student who leaves campus after being informed that the early dismissal request cannot be verified will be treated as leaving campus without permission and disciplinary action will be taken. Students **will not** be allowed to sign out for the purpose of eating lunch.

AWARDS AND HONORS

All awards shall be symbolic of outstanding achievement. They shall be made for service and/or participation rather than for simple popularity. The superintendent and the principal must approve honors and awards. **Students will only be recognized for honors and awards for classes taken at HHS.**

Honor Roll (each semester): 1st Honor Roll: All grades 90 or above.

2nd Honor Roll: All grades 80 or above.

Highest Average Awards: (All HAA are calculated at the end of the first semester - with the exception of Valedictorian and Salutatorian. Valedictorian and salutatorian will be determined upon the completion of ALL course work and the receipt of final grades in all classes. Grades from physical education elective courses are not utilized in computing the student's grade point average to determine class rank. Students who receive the highest average awards must be taking the most rigorous courses available.)

Overall Highest Average Award by Grade – This award is given to the student with the highest average who is taking the most rigorous courses offered in all four academic areas during the current school year. Dual-Enrollment college courses can be substituted for most rigorous academic courses in high school.

Junior Usher – This recognition is given to the students who are ranked #1-8 from the list of students.

Valedictorian/Salutatorian/2 Additional Speaking Roles at Graduation – These awards are given to the students ranked #1-4 from the list of students who have met the Honors Program Requirements and have taken the most rigorous courses in all four academic areas. Dual-Enrollment college courses can be substituted for most rigorous academic courses in high school. These averages will be calculated at the end of the 2nd semester when all grades have been received.

To qualify for Valedictorian or Salutatorian, the student must be an honor graduate and have been enrolled in Hawkinsville High School **and** met the requirements for honors/awards day for at least 4 consecutive semesters prior to graduation. **The Valedictorian and Salutatorian must qualify for the Honors Program.**

Honor Graduates: (Yellow Stole at Graduation)

Honor graduates must have a cumulative average of 90 or above for all four years of high school. Grades from all classes except gym classes are used to calculate cumulative average for Honor Graduate status. This average will be calculated at the end of the 1st semester of the senior year. Students must also have met the requirements for admission to a four-year college or university.

Honors Program Graduate: (White Cord at Graduation)

Students must take all honors courses offered in English, Math, Science, or Social Studies plus 4 other Honors/Gifted/AP courses (one which must be taken each year).

CHEATING

The first time a student is found guilty of cheating or plagiarism, the student will not be eligible to receive any honors or award recognition for one year from the date of the incident. Any further incidents will disqualify the student from any honors/award recognition during high school.

DISCIPLINE

PROGRESSIVE DISCIPLINE PROCEDURES

Hawkinsville High School follows the guidelines of the Pulaski County Code of Student Conduct and Discipline that appear in this handbook. Please refer to it for more detailed information.

The Hawkinsville High School Student Handbook, which includes the Pulaski County Schools Student Code of Conduct and Discipline, shall be available in the school office and online.

The code of conduct will be used where appropriate. For day-to-day behavior concerns, discipline shall be based on careful assessment of the circumstances of each case.

1. seriousness of the offense
2. student's age
3. frequency of misconduct
4. student's attitude
5. potential effect after misconduct on the school environment

Consequences for not following school or classroom rules are listed below.

- conference between student and classroom teacher
- time out; loss of privileges
- phone call to parent/guardian by teacher or administrator
- conference with parent by teacher or administrator
- corporal punishment
- in-school suspension (ISS)/Character Education
- suspension from school
- conference with school resource officer
- lunch detention

DUE PROCESS

Due process will include appropriate hearings and reviews and, in all cases, the rights of the individual will be insured and protected.

DISCIPLINE PROCEDURES/DISPOSITION CONSEQUENCES

Discipline procedures include: punitive assignments, school wide detention, lunch detention, supervision, mandatory parental conferences, in-school suspension, suspension from school, corporal punishment, referral to School Board, referral to Discipline Tribunal, expulsion, and/or prosecution by law.

LUNCH DETENTION

Lunch Detention can be given by school administration and will be held during 1st and 2nd lunches. Students are not allowed to talk during this detention. Failure to serve detention or being tardy to detention will result in 2 days ISS.

IN-SCHOOL SUSPENSION

The purpose of the In-School Suspension Program is to provide an additional means of dealing with disruptive students in ways other than suspension or expulsion from school. Students with behavior problems that have not been modified after multiple assignments to ISS may be suspended out-of-school and/or referred to the Hearing Tribunal.

- a. **Students assigned to ISS or Suspended from school may not attend or participate in extra-curricular activities for the duration of the assignment. Any student attending or participating in an extra-curricular activity will receive further consequences.**
- b. Students may not leave ISS early without permission of HHS administration **even when request** is made by parent.

GENERAL PROCEDURES

BOOK/GYM BAGS

Students and parents are reminded that the use of bags at school is a privilege and that abuse of this privilege can result in its revocation. The same search policies apply to bags as to lockers. Any student who uses a bag to transport contraband items to and from school will suffer the full weight of school and system discipline policies related to the offense.

BUSES, STUDENT PICK-UPS AND VISITORS

ALL visitors must report to the office first when entering the building. Please observe entrance and exit signs, and do not enter the bus loading areas. If a student is to leave school before dismissal time, he/she will be called to the office. Only parents or legal guardians can pick up a student. If certain other people may pick up your child, please give written permission to the office. A student shall not be permitted to ride a bus other than the assigned bus without parental and school permission. This permission must be secured from the principal before 8:10 a.m. in order to ride that bus. If a last minute bus change is necessary, please call the principal's office by 2:15 p.m. so that the office will have sufficient time to notify your child's teacher. Students should familiarize themselves with the time their bus arrives at their residence. School bus service is provided primarily for those students who live a minimum of 1 1/2 miles from their school. Students living closer than 1 1/2 miles are furnished transportation on a space-available basis.

Buses are equipped with video cameras. The videotape may be reviewed at the discretion of the transportation director, bus driver or other administrative personnel for inappropriate behavior on the bus. Inappropriate behavior observed on the videotape may be grounds for disciplinary action as outlined in the student handbook.

The safe and orderly transportation of students to and from school is critical to establishing a positive learning environment. Bus rules will be enforced to insure safe riding conditions for all. Failure to comply with bus rules and policies may result in the loss of bus riding privileges or additional consequences for a period of time.

EARLY ARRIVAL

Upon arrival at school, students will stay in the lunchroom/break area until school begins. Students in grades 9-12 are not to be in the same area with students in grades 6-8. There will be no loitering in the halls or teacher classrooms.

Sound producing and communicative devices are not to be used at school by students. Use of cellular phones by students during unauthorized times of the school day and places in the school building, is prohibited. **Hawkinsville High School reserves the right to search personal electronic devices if deemed necessary by the administration. If a student refuses to turn electronic device/phone over to teacher or school administration then it is no longer an electronic device or phone issue but an issue of defiance, offense will result in disposition of Rule 22 in handbook.**

ENROLLMENT

Any student entering HHS should have properly withdrawn from his/her previous school and present valid verification of grade placement, achievement, and disciplinary records. State required immunization forms and a social security card should be presented upon enrollment. All of these documents must be submitted before a student can enroll. A parent or guardian must accompany the student for the purpose of enrolling and transferring.

FIELD TRIPS & FUNDRAISERS

Many educational opportunities exist outside of the regular classroom setting. Giving students access to these opportunities is an important part of the educational process. Field trips are often used to meet this objective. Any student taking part in a school-sponsored field trip must have parental consent, appropriate classroom behavior, and must be passing all classes to participate. **Students with two or more assignments to ISS, home suspension, or five or more absences per semester will not be allowed to participate in field trips. Corporal punishment will count towards ISS days.**

All fundraising activities involving HHS students must be approved by the Board of Education on a semester basis. All school funds are deposited with the secretaries in the office. All disbursements are made through checks signed by the principal/assistant principal. **There will be no merchandise or articles sold in the school unless they are school sponsored. Students are responsible for all costs incurred from fund-raising.**

HOSPITAL/HOMEBOUND SERVICES

As required by state regulations, children who meet the following requirements are eligible for hospital/homebound services. The child must have: (1) a medically diagnosed physical condition, which is non-communicable and restricts the student to his home or a hospital for a period of time (**a minimum of 10 days**) which will significantly interfere with his/her education. (2) A licensed physician declares that the child is physically able to profit from educational instruction. Counselors are responsible for coordinating homebound services in each school.

LOST AND FOUND

Students should turn in found articles to the school secretaries. Likewise, lost articles should be reported as soon as possible to the office. Lost and found items that are not claimed after a reasonable time will be donated to charity. Students are reminded that bringing money, expensive or valuable items to school involve certain risks. Students are encouraged to leave these items at home. **The school is not responsible for lost or stolen articles.**

The computers are part of a state-of-the-art networked system with a wide variety of software available including Internet access. Students are expected to follow all school system guidelines in reference to the Internet. Students visiting the media center are expected to cooperate in maintaining an atmosphere of quiet and order. Students are held financially responsible for lost or damaged books, materials and equipment.

MEDICINE

Any student who has to bring medicine to school, whether prescription or nonprescription, must leave it with the school nurse where it will be held and issued as prescribed. A note from the nurse should be secured stating that during the school day you will need to be excused to take medicine. **Students possessing medications, prescription or non-prescription, may be sent to ISS, suspended, or referred to a hearing tribunal.**

A student for whom the school has on file supporting medical documentation may carry at all times, with parental/guardian, permission inhalers for asthma, auto-injectable epinephrine for allergic reactions, and all necessary supplies and equipment to perform monitoring and treatment functions authorized by the student's diabetes medical management plan. In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication.

SAFETY DRILLS

State law requires safety drills to be conducted on a regular basis at school. These drills are for the protection of the student body. Students should always follow the classroom teacher's instructions. These drills include fire, tornado, bus safety, and other disasters. Anyone turning in false alarms is subject to disciplinary action.

SCHEDULE/CHANGING SCHEDULES - COUNSELOR

All students must enroll in four classes each semester. Due to various graduation requirements and the difference in demand for some courses, schedule changes that are not related to meeting graduation requirements will be considered on an individual basis. In order to request a schedule change, a student must fill out a change of schedule request available from the guidance office. The counselor will evaluate this request and notify the student if a change of schedule is warranted. It is important that all students know their standing as it relates to graduation requirements. This will enable them to ensure that they register for the proper classes each semester. Due to the restrictive nature of any scheduling process, changes for the sake of convenience or teacher requests will not be considered.

SOCIAL FUNCTIONS

Social functions involving school organizations or clubs must be approved by the administration. No definite arrangements should be made or funds expended until such approval has been obtained. All rules and regulations of HHS are also enforced at social and athletic functions.

Information pertaining to the Pulaski County Gifted Program, such as eligibility requirements and the referral process, can be found on the school district website at the following link: <https://www.pulaski.k12.ga.us/gifted-education/>

PARENT INVOLVEMENT POLICY

1. As a part of our school improvement process, the faculty divided into data teams and examined a multitude of data about our school. One of the key concerns of teachers and community was the lack of parent involvement at the high school level. Currently the school leadership team meets regularly working to find ways to actively engage our parents, as well as ways to become more involved with our business community. Some of the activities sponsored by the leadership team include a local job fair, the formation of a partnership with the Chamber of Commerce and Middle Georgia Tech to provide useful post-secondary options for our students, and the organization of advisement conferences where all parents are invited to school to talk to teacher advisers about the student's schedule.

2. We will continue to involve parents in organizations that support academics and activities at school. These include the Big Red Booster Club and the Band Boosters.
3. Classroom teachers are required to make direct contact with parents/guardians of students who are struggling with their academic work. Advisement teachers also contact parents when report cards are issued and concerns are identified. In addition, teachers are encouraged to make positive contacts to parents. We believe that parents like to hear from the school when things are going well in addition to when there are problems.
4. At the nine week grading period we send home a report card. To gain insight from parents, surveys are conducted and parents are invited to attend focus groups. These tools are used to gain knowledge about how parents view academic programs. We also invite parents to participate in the visioning process as we create and revise our mission and vision. We have conducted several surveys to evaluate how well our school improvement initiatives are succeeding.
5. Infinite Campus, a web based grade book, has been very instrumental in opening the doors of communication with parents. Through this medium parents can check the attendance and grades of their children on a daily basis. Administrators and counselors also have access to this program. Many parents have learned to check their children's grades at their work place, even if they do not have a computer at home.
6. Hawkinsville High School has a very interactive web page. It is constantly updated and contains information that is often needed by parents. It contains a copy of our student handbook, our balanced score card and course offerings.
7. We have several opportunities for parents to visit the school.
 - a. Open House **in July**: Parents come with students to pick up their schedules and meet their child's teachers.
 - b. Senior Meeting: The parents of all seniors meet with the counselor for an informational meeting to help students have a successful senior year and make a smooth transition to post-secondary education.
 - c. 8th Grade Parent Meeting: The parents of all the upcoming 8th graders come to the high school to gather information about registration for the high school. Students provide tours of the building and a brief introduction to all electives that the school has to offer. We also provide every 8th grade student with a course offering guide to use to guide them in making their course selections.
 - d. High School Advisement: Homeroom Teachers for 9th, 10th, and 11th grades invite parents to come to the school during the pre-established conference night. During this time the homeroom teacher reviews test scores, grades, and registration for the next school year.
 - e. Conference Nights: Twice a year the school system releases students early to encourage parents to come into the school and conference with teachers.
8. SST/504: Each student who is on SST and 504 has been assigned to an advisement teacher. This teacher works with these students every day to ensure academic success. One of the main tasks of the teacher is to stay in constant contact with the parents of SST/504 students.
9. Special Education: Our special education teachers work closely with the parents of students in that program. The parents participate in developing the child's Individual Educational Plan (IEP) and in developing Behavior Intervention Plans, if needed. We also have a parent mentor who works with parents of our special needs students. She answers questions for them, provides rides to IEP meetings, and helps them get needed modifications/equipment for students.
10. Coordination with outside agencies: Hawkinsville High School works with a number of outside agencies to ensure the success of students. All of these agencies also work with parents to support children.
 - a. School Social Worker and Apex: These officials work with HHS and parents on issues such as truancy, physical and sexual abuse, pregnancy, and drug and alcohol abuse. We often depend on this person when we cannot contact parents.
 - b. Department of Family and Children's Services: This agency works with the social worker to address numerous family issues and concerns. They provide a person who comes to the school to work with our pregnant students.
 - c. Family Connections: This organization works directly with families to ensure that students graduate and to reduce the rate of unplanned pregnancies. They support the school with physical help and financial aid for students.
 - d. Workforce Development Center: HHS has developed a partnership with Central Georgia Tech, The Workforce Development Center and our local businesses. We are providing post-secondary training to students based on the needs of our local business community. This partnership is a result of a survey given to parents, students, and businesses to determine what programs we most needed to offer. From these surveys, we also discovered that parents wanted the school to provide more career guidance to students. As a result we have initiated a Career Fair.
 - e. School Resource Officer: Our SRO is one of our most valuable sources when assisting parents. He/she often takes students home when parents cannot provide transportation or when they do not have a telephone. He/she will visit the home to get required school papers signed. He/she also provides transportation for

students and parents to court or DFACS when needed. Sometimes our only connection to parents is through the SRO.

Hawkinsville High School believes that the education of students is a responsibility shared by students, staff, parents and community. We are dedicated to finding ways in which we can involve parents and the community for the benefit of our students.

STUDENT AFFAIRS

STUDENT COUNCIL

Student representatives will be selected from each class to represent the student body. The representatives are to represent the student body in wholesome democratic action, improve student conduct, raise the ideals of the school and encourage care and regard for school property. Each student may express his opinion of school affairs through his ideas for revising old rules or making new ones. This is the responsibility of each individual in a democracy. Each student and staff member should recognize his responsibilities in government and do his part to help make school life a more enjoyable and rewarding experience. Student Council members must be approved by the faculty, and elected by student body votes.

CLASS OFFICERS

Class officers will be elected for all classes.

HHS ATHLETIC DEPARTMENT POLICY

- I. The basic rule of conduct of the HHS Athletic Department is very simple: **DO RIGHT!**
If there is any doubt in your mind whether something is right - don't do it. Do nothing that hurts you or the HHS Athletic Department. First, Foremost, and Always, the TEAM.
- II. Anything negative is not allowed.
- III. Use of alcohol and tobacco is not allowed (1st discipline/Principal will determine the punishment; 2nd discipline/Suspended from all athletics for 1 year). Anyone caught using, dealing, or associated with drugs will be suspended from the athletic department for one year. Any athlete arrested for a crime will be suspended from the team until the matter is satisfactorily resolved or for one year.
- IV. Athletes will treat teammates, managers, cheerleaders, coaches and the faculty and staff of HHS with courtesy and respect.
- V. HHS athletes are required to attend every practice, workout, game or meeting, unless excused personally by the head coach. No one else can excuse you from a practice. Emergencies, doctor's instructions and the like will naturally be excused; however, the player is responsible for talking to the head coach before leaving campus. Make-ups will be assigned for all practices missed.
- VI. Students must be present at least half a day to participate in an athletic event.
- VII. Any student who is pregnant will not be allowed to participate. (GHSA)

DISCIPLINE: General Rules:

1. If an athlete is suspended from school or is in ISS, he/she will not practice during that time and will not play in any games during the suspension time.

2. Anyone who travels with the team will return with the team unless the head coach is notified by parent or legal guardian of substitute transportation. This notification must come before the team departs and must be in written form. Players may be released to parents after a contest and after notifying the head coach. Failure to comply with this rule may lead to suspension from the team.
3. If an athlete is ejected from a game for any reason, he/she will be suspended for the next game (GHSA). Other factors may warrant further disciplinary action by the Athletic Department and/or Hawkinsville High School.
4. The athletic department reserves the right to discipline an athlete for any infraction, which is deemed detrimental to the athletic program.

DRESS AND GROOMING CODE:

1. Hats, head scarves, hair nets, stocking hats, sweatbands, combs, picks, hair curlers and bandanas are not to be worn on or in heads at school or on team trips. (Exception: Only if all team members wear the same type of hat or cap and it is a part of acceptable team dress.) No earrings are to be worn in boys' ears on team trips, PERIOD! No other piercings are allowed.
2. Hair should be neat and clean during each activity season.
3. Appropriate dress will be prescribed by the head coach. There will be no shorts, tights, tank tops, mesh shirts (see through), knickers, jerseys, halter tops, midriffs, strapless attire, short dresses, swimwear, and sleepwear on team trips.
4. Clothing with offensive writing, pictures, symbols, sexual, alcohol, tobacco or drug messages are not allowed.
5. Clothing should be neat and clean and properly worn.
6. Shoes are required at all times. Flip-flops or shoes that cause undue attention are not allowed.
7. Belts must be buckled, sashes tied, straps strapped, and suspenders properly worn.
8. The HHS dress and grooming code will apply to athletes any time they are representing Hawkinsville High School.
9. Problems with dress and grooming code will result in disciplinary action. NOTE: Radios and/or tape, disc players and I Pods are not allowed during team practices, or during athletic contests, home or away.
10. No grills (gold) are allowed on athlete's teeth.

EQUIPMENT

1. When an athlete is issued equipment, he/she is responsible for the upkeep and maintenance of that equipment. If it is lost or stolen or defaced in any way other than normal wear and tear, then the athlete is financially responsible for said equipment.
2. The return time of all equipment is one week after the final game or contest of the season.
3. Student athletes will not be allowed to participate in another sport until equipment has been turned in for previous sport.

FORFEITING ACHIEVEMENTS AND QUITTING A TEAM

Students and parents must realize that all plaques, award-letters, certificates, and all other items of athletic recognition presented to any student from the athletic department or Booster Organizations remain the property of and under the jurisdiction of the Hawkinsville High School Athletic Department.

In an effort to promote athletic participation, and at the same time to eradicate the negative side effects of quitting, all students are granted an initial grace period for tryouts in any sport. Students may feel free to try out during the first two weeks of any athletic season to determine whether or not they are committed to play and practice for an entire season. If at the end of the two-week grace period and prior to the date of a sport's first game or contest the student decides that he or she is not prepared to make a seasonal commitment, then the student may choose to leave that particular program in good standing with the athletic department. However, should a student stay with a particular sport after the grace period has ended and at some later point in the season decide to quit, the student will face athletic probation. This means that an athlete is not allowed to participate in another sport during the same school year unless the head coach of particular sport is willing to justify and recommend the probationary athlete's sincerity and desire to participate as well as his or her commitment to successfully complete the entire athletic season. The decision to allow the athlete to participate must ultimately be based on what is best for the athletic program as well as the student athlete. Should a student athlete be granted a second opportunity to participate in another sport, the consequences for quitting again will be severe. A student athlete who quits a second time will automatically be disqualified from participation in the athletic program for one school year. This policy applies to all athletes in grades 9-12.

If a student athlete is dismissed from the team due to disciplinary action by the coach of his/her sport, then the athlete may appeal to the coach and athletic director for reinstatement to the team. Again, the final decision must ultimately be determined in regard to what is best for the athletic program as well as the student.

Upon graduation from Hawkinsville High School, the student athlete will be given the items or awards that he/she achieved during his or her athletic playing years. If the student athlete has violated rules or policies which have resulted in the forfeiture of awards, then the awards become property of Hawkinsville High School Athletic Department or the Booster Club which originally gave the award.

Student athletes are expected to attend the awards banquet for sports in which they participate. The Big Red Booster Club sponsors these events and orders food for each athlete. Failure to attend forfeits any awards and the athlete will be charged \$5.00 to pay for the meal.

HHS LETTER JACKET REQUIREMENTS

1. Head coaches of each sport determine criteria for Lettering in that sport.
2. Athletes cannot order a jacket until completion of their 2nd year in a sport.

3. All jackets are issued based on the coach's discretion.
4. Student is required to pay \$50 towards the cost of the jacket that is non-refundable and must be paid by the student before the jacket is received.

AN AGREEMENT BETWEEN HAWKINSVILLE HIGH SCHOOL, THE VARSITY LETTERMAN AND HIS/HER PARENT(S) OR GUARDIAN(S)

It is an honor for Hawkinsville High School to issue _____ a letter in a varsity sport for the _____ school year. It must be understood by all parties that the jacket is the property of Hawkinsville High School and only becomes the property of the letterman upon the successful completion of his/her senior year of eligibility providing the letterman remains in good standing with Hawkinsville High School. The jacket may be recalled by the Head Coach, Athletic Director, or the administration if any of the following situations occur:

1. Failure to participate or quitting the varsity team for which you lettered before the senior year of eligibility is completed.
2. Suspension from the team by the head coach or expulsion from the school by the administration.
3. Being declared ineligible by the GHSA and/or Hawkinsville High School for the failure to pass the required units, excessive absences, or the violation of rules and regulations as set forth by the GHSA and Hawkinsville High School.
4. If the jacket is not kept clean and neat.
5. No lettering, patches, pins, ornaments or medals are to be added to the jacket without the consent of the athletic director.
5. Failure to make the team for the next qualifying year.
6. Any behavior which is deemed detrimental to the Hawkinsville High Athletic Program.

If the jacket is taken from any of the above reasons, the student may have the jacket upon high school graduation. If an athlete transfers while still in good standing with Hawkinsville High School and the HHS Athletic Department, the jacket will follow the athlete. If, at any time, during the student's high school career he/she returns to Hawkinsville High School he/she must meet the guidelines listed above to keep the jacket.

Activities include visits to shows and plays presented by Spanish-speaking countries. Twice a year there is a Mexican buffet at school, so students get to taste Mexican food.

Student Council. *Advisor, Coleman Brown/Zack Grimsley* Student representatives are nominated by their classmates, approved by the faculty and elected by the student body. The representatives are to represent the student body in wholesome democratic action, improve student conduct, raise the ideals of the school and encourage care and regard for school property. Each member may express his/her opinion of school affairs through his ideas for revising old rules, making new ones and do his/her part to help make school life more enjoyable and rewarding for the student body. Some of the activities Student Council participates in are Homecoming Festivities, Teacher Appreciation Week, and providing meals for Thanksgiving and Christmas families.

CODE OF CONDUCT

It is the purpose of the Pulaski County School District to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy (a Student Code of Conduct) which requires students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board, and to obey student behavior rules established at each school within the district.

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations, and rules set forth in this Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school activity, function or event and while traveling to and from school events;
- On vehicles provided for student transportation by the school system.

Also, students may be disciplined for conduct off campus which is felonious or which may pose a threat to the school's learning environment or the safety of students and employees.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

AUTHORITY OF THE PRINCIPAL

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school provided any such action does not violate school board policy or procedures.

A student who attempts to enroll or who is enrolled in a PSC school from another school system in Georgia during the time in which that student is subject to a disciplinary order will be refused enrollment or subjected to short-term suspension, long-term suspension, or expulsion for any time remaining in that other school system's or school's disciplinary order.

AUTHORITY OF THE TEACHER

A teacher shall have the authority, consistent with board policy, to manage his or her classroom, discipline students, and refer a student to the principal or his designee to maintain discipline in the classroom. Any teacher who has knowledge that a student has exhibited behavior which violates the student code of conduct and repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his/her class or with the ability of such student's classmates to learn shall file a report of such behavior with the principal or his designee.

The teacher shall have the authority to remove a student from the class consistent with O.C.C.A. 20-2-738, board policy and procedures set forth by the district.

AUTHORITY OF THE BUS DRIVER

The bus driver is responsible for each student while the student is on the bus. Therefore, each student is expected to cooperate with the bus driver. The bus driver has complete charge of all students on the bus. The driver has the authority to enforce the rules and regulations of the school system. Disrespect to any school personnel, including the bus driver, is a major offense. Any student in violation of bus rules who has been reported to the principal's office risks losing their bus riding privileges.

PROGRESSIVE DISCIPLINE PROCEDURES

When it is necessary to impose discipline, school administrators and teachers will follow a **progressive discipline process**. The degree of discipline to be imposed by each school official will be in proportion to the **severity** of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Isolation or Time Out
- Temporary Removal from Class or Activity
- Notification of Parents

- Parent Conference
- Corporal Punishment
- Detention/Saturday School
- Temporary Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Loss of Student Driving Privileges
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The School will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary hearing tribunal as outlined in the Pulaski County Board policy JCEB.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved by the Superintendent of Schools in accordance with local board policy.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. **If the student is suspended, the student's parents will be notified if possible.** School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion that student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

EXPECTED BEHAVIOR STANDARDS

Expected behavior is behavior that promotes learning and encourages maturity during the school day as well as during all school-related activities. Students and their parents need to know and understand this code in order to achieve these goals. Students **SHOULD**:

Participate fully in the learning process. Students need to report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.

Avoid behavior that impairs their own or other students' education achievement. Students should know and avoid the behaviors prohibited by this code, take care of books and other instructional materials, and cooperate with others.

Show respect for the knowledge and authority of teachers, administrators, and other school employees. Students must obey reasonable directions, use acceptable and courteous language, avoid being rude, and follow school rules and procedures.

Recognize and respect the rights of other students and adults. All students should show concern for and encouragement of the educational achievements and activity participation of others.

Disciplinary action for violations of expected behaviors will include appropriate hearings and reviews. In all cases, the rights of individuals will be ensured and protected. The Pulaski County School System will make every reasonable effort to administer the discipline code of conduct consistently in all schools. When applicable, individualized plans (i.e. IEP, 504, and SST) will be reviewed for appropriate consequences.

STUDENT SUPPORT PROCESSES

The Pulaski County Board of Education provides a variety of resources which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems. These resources include Student Support Teams, school counselors, chronic disciplinary problem students, and Attendance Protocol Committee.

PARENTAL INVOLVEMENT

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments.

Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under his law. O.C.G.A. §20-2-766.1

The Pulaski County School System encourages parents and guardians to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

SEXUAL HARASSMENT

It is the policy of the Pulaski County School System to maintain a learning environment that is free from sexual harassment. It shall be a violation of this policy for any student to harass any other student through conduct or communications of a sexual nature as defined below.

Unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written, or physical conduct of a sexual nature when made by an employee or when made by any student to another student constitutes sexual harassment when:

Submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's education. Such conduct has the purpose or effect of substantially interfering with an individual's academic performance or creates an intimidating, hostile, or offensive academic environment.

Sexual harassment may include, but is not limited to, the following:

- Verbal harassment or abuse;
- Pressure for sexual activity;
- Repeated remarks to a person with sexual or demeaning implications;
- Unwelcome touching;
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats.

Sexual harassment is not limited to demands for sexual favors. It also may include such actions as:

- Sexually-orientated verbal "kidding", "teasing" or jokes;
- Repeated offensive sexual flirtations, advances, or propositions;
- Continued or repeated verbal abuse of a sexual nature;
- Graphic or degrading comments about an individual or his or her appearance;
- The display of sexually suggestive objects or pictures;
- Subtle pressure for sexual activity; and physical contact or blocking movement.

Sexual harassment does not refer to occasional compliments of a socially acceptable nature or consensual personal and social relationships between students. It also does not apply to age appropriate behavior between very young students. Rather, it is behavior which is *not welcome* and which is *personally intimidating, hostile or offensive*.

Sexual advances, requests for sexual favors, and other conduct of a sexual nature by employees or volunteers toward students is *unwelcome* by definition, and will not be tolerated under any circumstances.

Any student who alleges sexual harassment by an employee or another student in the school district may complain directly to a principal, guidance counselor, or other individual designated to receive such complaints. Filing of a complaint or otherwise reporting sexual harassment will not reflect upon the individual's status nor will it affect grades or assignments.

The right to confidentiality, both of the complainant and of the accused, will be respected consistent with the school system's legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

All allegations of sexual harassment shall be fully investigated and immediate and appropriate corrective or disciplinary action shall be initiated. A substantiated charge against a student shall subject that student to disciplinary action including suspension or expulsion.

20-2-751.7.(a) The Professional Standards Commission shall establish a state mandated process for students to follow in reporting instances of alleged inappropriate behavior by a teacher, administrator, or other school employee toward a student which shall not prohibit the ability of a student to report the incident to law enforcement authorities. Each local school system shall be required to implement and follow such state mandated process and shall include the mandated process in student handbooks and in employee handbooks or policies.

STUDENT REPORTING OF ACTS OF SEXUAL ABUSE OR SEXUAL MISCONDUCT

(a) Any student (*or parent or friend of a student*) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

(b) Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee, and shall submit a written report of the incident to the school principal or principal's designee within 24 hours. *If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports should be made to the superintendent or the superintendent's designee (the assistant superintendent).*

(c) Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone and followed by a written report to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate police authority or district attorney.

Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of the allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal's designee shall make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

Listed below are definitions for "sexual abuse" and "sexual misconduct."

DISCIPLINE OF STUDENTS WITH DISABILITIES WHEN A CHANGE IN PLACEMENT IS PROPOSED

When a school official is considering a disciplinary action with a special education student which may constitute a “significant change in placement,” the IEP Placement Committee will convene prior to the time that the proposed exclusion becomes a “significant change in placement.” The IEP Committee will determine whether the student’s misconduct is a manifestation of the student’s disability. The purpose of the IEP Committee is not to decide whether the student knew right from wrong, but whether the behavior was a manifestation of the disability.

- A. If it is determined that the misconduct of the student is a manifestation of the student’s disability, the IEP Committee will continue the review to determine whether the student’s current educational placement is appropriate.
- B. If it is determined that the misconduct of the student is not a manifestation of the student’s disability, the IEP Committee will refer the student to the school administration for appropriate action.

When the IEP Committee proposes a change of placement for disciplinary reasons, the committee will provide notice to the student and his/her parent or guardian of the right to request a due process hearing if they disagree with the determination.

When a student with a disability presents an immediate threat to the safety of himself/herself or others, the student will be removed or excluded immediately. A meeting to determine whether the misconduct is a manifestation of the student’s disability will be convened as soon thereafter as is practical.

A student with a disability who is charged with using illegal drugs or alcohol is subject to the same disciplinary action as is applicable to other students for the same offense. The due process safeguards described above do not apply to illegal drugs or alcohol use offenses.

If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools.
- d. The Superintendent shall have fifteen days to review the complaint and the response of the coordinator and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either approval of the action recommended by the coordinator or the action to be taken by the system in response to the complaint in lieu of that recommended by the coordinator and the time frame in which such action shall be taken.
- e. If the complainant is dissatisfied with the response of the Superintendent, then the complainant shall have the right within five days of the receipt of the written response of the Superintendent to have the complaint referred to the Board of Education. In order to have the Board review the Superintendent's decision, the complainant must file with the Superintendent a written statement setting forth the reasons he or she disagrees with the response of the Superintendent and the action the complainant is requesting the system take. The complainant shall also include in the written response that the complaint be referred to the Board of Education.
- f. Within thirty days of receipt of the written request of the complainant, the Superintendent shall present the matter to the Board of Education at its regular meeting or at a special meeting called for that purpose. In addition, the Board may, but is not required to, hear directly from any individuals with knowledge of any relevant facts relating to the complaint.
- g. The Board of Education will either uphold the recommendation of the Superintendent or require the system to take some other action in response to the complaint. A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the system.
- h. This procedure is not intended to deprive any employee of any right they may have to file a grievance pursuant to any other policy or the Board of Education, specifically including policy GAE, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia, Official Code of Georgia Annotated 20-2-940 through 947. The complainant retains at all times the right to contact the Office of Civil Rights with regard to any allegations that the system has violated the statutes described above.

Notice of Parent/Student Educational Rights under Section 504

If it is determined that a student has a physical or mental impairment that substantially limits a major life activity and, as a result, requires instructional or other appropriate accommodations within the school environment, that student is disabled under Section 504 of the Rehabilitation Act of 1973. In addition, if a student does not have a disability but has a record of a disability or is considered disabled by school personnel, that student is protected from discrimination under Section 504. If a child is disabled or a parent believes that his or her child is disabled or has been discriminated against because of a disability, that parent is entitled to certain rights. This notice is designed to provide Pulaski County School District's parents and students with information about those rights.

While services provided to qualified students are not required to produce identical results or levels of achievement with non-disabled peers, services must be designed to offer an equal opportunity to gain the same benefit within the least restrictive environment with non-disabled peers to the maximum extent appropriate.

Under Section 504, a student has the right to:

1. Participate in all school activities without discrimination solely on the basis of disability;

2. Be educated in facilities and receive services that are comparable to those provided to non-disabled students;
3. Receive an education designed to meet the student's individual educational needs as adequately as the needs of non-disabled students;
4. Receive free educational services except for those fees that are imposed on non-disabled students or their parents. Insurers and similar third parties who provide services not operated by or provided by the School District are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student;
5. To participate in an educational setting (academic and nonacademic) with non-disabled students to the maximum extent appropriate to the student's needs;
6. To an evaluation prior to a Section 504 determination of eligibility;
7. If the student is eligible for services under Section 504, the right to periodic reevaluations, including prior to any subsequent significant change of placement; and
8. A student with a disability may not be discriminated against based solely on the basis of disability with regard to the opportunity to compete for participation in nonacademic and extracurricular activities offered by the District.

With respect to the provision of educational services under Section 504, a parent has the right to:

1. Notice with respect to actions regarding the identification/eligibility, evaluation or educational placement for your child;
2. Access all records relevant to decisions concerning identification/eligibility, evaluation or educational placement of your child;
3. Have evaluation, education and placement decisions made based on a variety of information sources, and by persons who know the student and are knowledgeable about the evaluation data and placement options;
4. To ensure that the School District will consider information from a variety of sources as appropriate, which may include aptitude and achievement tests, grades, teacher recommendations and observations, physical conditions, social or cultural background, medical records, and parental recommendations;
5. Challenge any action regarding the identification/eligibility, evaluation or educational placement of your child by requesting mediation and/or an impartial hearing;
 - The procedures and forms for the initiation of an impartial hearing regarding the identification, eligibility, evaluation or educational placement of your child may be obtained from the District's Section 504 Coordinator or your child's principal.
6. To receive a copy of this notice and a copy of the School District's impartial hearing procedures upon request.
7. Participate in any hearing requested;
8. Be represented at your expense by counsel at the requested hearing; and
9. Appeal any decision by the impartial hearing officer to the State Board of Education.
10. With regard to disability discrimination or any other disability issue unrelated to the identification/eligibility, evaluation or placement of the student, a parent has the right to file a local grievance with the District in accordance with Board Policy JCE-R. Board Policy JCE-R may be obtained from the School District's website, from the District's Section 504 Coordinator or your child's principal.
11. The District may not retaliate against any person who has made a complaint, testified, assisted or participated in any manner in an investigation or proceeding under Section 504 of the Rehabilitation Act of 1973. If a parent contends that he or she is or has been retaliated against because of his or her child's disability or because of asserting any rights under Section 504, that parent should notify the District's Section 504 Coordinator listed below.
12. If a parent believes the School District has not acted in compliance with the law, that parent has the right to file a complaint with the Office of Civil Rights at U.S. Department of Education, 61 Forsyth Street SW, Suite 3B70, Atlanta, GA 30303-8927.

If you think your rights or the rights of your child have been violated, you may contact the Section 504 Coordinator for the Pulaski County School District, Debbie Puckett, at 72 Warren Street, Hawkinsville, Georgia 31036, for all complaint procedures and forms or at (478) 783-7200 if you have any questions or concerns.

Section 504 Procedural Safeguards

1. **Overview:** Any student or parent or guardian (the "Complainant") may request an impartial hearing due to the School District's actions or inactions regarding the student's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the School District's Section 504 Coordinator; however, a

Complainant's failure to request a hearing in writing does not alleviate the School District's obligation to provide an impartial hearing if the Complainant orally requests an impartial hearing through the School District's Section 504 Coordinator. The School District's Section 504 Coordinator will assist the Complainant in completing the written Request for Hearing.

2. Hearing Request: The written Request for the Hearing must include the following:

- 1) The name of the student.
- 2) The address of the residence of the student.
- 3) The name of the school the student is attending.
- 4) The decision of the School District that is the subject of the hearing.
- 5) The requested reasons for review.
- 6) The proposed remedy sought by the Complainant.
- 7) The name and contact information of the Complainant.

Within 10 business days from receiving the Complainant's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the Complainant of the specific information needed and assist in the completion of the Request for Hearing. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation: The School District may offer mediation to resolve the issues detailed by the Complainant in his or her Request for Hearing. Mediation is voluntary and both the Complainant and School District must agree to participate. The Complainant may terminate the mediation at any time. If the mediation is terminated without an agreement, the School District will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

The Section 504 Coordinator, with the assistance of the Superintendent, will identify and obtain a Hearing Officer who will conduct a hearing within 45 calendar days from the receipt of the Complainant's Request for Hearing unless agreed to otherwise by the Complainant or a continuance is granted by the Hearing Officer. The Hearing Officer must (i) have knowledge or training in Section 504, (ii) not be an employee of the School District, and (iii) not have a personal or professional interest that would conflict with his/her objectivity in the hearing. It is not required that the Complainant consent to the Hearing Officer who is selected.

Upon a showing of good cause by the Complainant or School District, the Hearing Officer, in his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.

The Complainant will have an opportunity to examine the child's educational records prior to the hearing.

The Complainant will have the opportunity to be represented by legal counsel at his or her own expense and participate, speak, examine witnesses, and present information at the hearing. If the Complainant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.

The Complainant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the Hearing Officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One or more representatives of the School District, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the Complainant's testimony and answer questions posed by the Hearing Officer.

The Hearing Officer shall not have the power to subpoena witnesses or require the parties to conduct any discovery. The strict rules of evidence shall not apply to hearings. The Hearing Officer shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present and testify.

The Hearing Officer shall determine the weight to be given any evidence based on its reliability and probative value.

The hearing shall be closed to the public.

The issues of the hearing will be limited to those raised in the written Request for Hearing.

Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The Hearing Officer, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses. The Hearing Officer retains the right to set time parameters and restrictions on the hearing and the examination of witnesses and presentation of evidence. Either party may request that the witnesses be sequestered.

Testimony shall be recorded by court reporting or audio recording at the expense of the School District. All documentation related to the hearing shall be retained by the School District.

Unless otherwise required by law, the Hearing Officer shall uphold the action of School District unless the Complainant can prove that a preponderance of the evidence supports his or her claim(s).

Failure of the Complainant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the Hearing Officer or just cause is shown shall constitute a waiver of the right to a personal appearance before the Hearing Officer.

5. Decision: The Hearing Officer shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the Hearing Officer shall not include any monetary damages or the award of any attorney's fees. The decision of the Hearing Officer is final and binding unless appealed.

6. Review: If not satisfied with the decision of the Hearing Officer, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

Please NOTE the following:

The School District is responsible for costs directly related to providing impartial hearings described in these procedures, including compensation of the Hearing Officer, transcripts, or recordings of the hearing and other related costs.

The School District is not responsible for costs of legal counsel or other representatives of the Complainant, or for the costs of producing or reproducing the evidence presented by the Complainant.

Any timelines specified herein may be extended by agreement between the School District and the Complainant, or by order of the Hearing Officer.
