

# HMMS 8th Grade News - 8.22.22

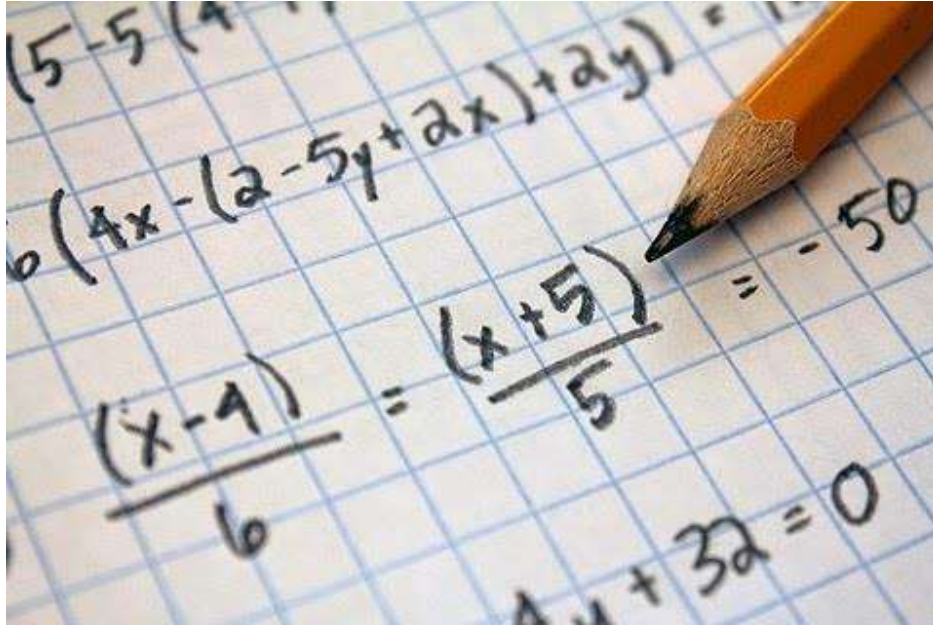

## Important Things to Know

The Fall MAP Testing has concluded.

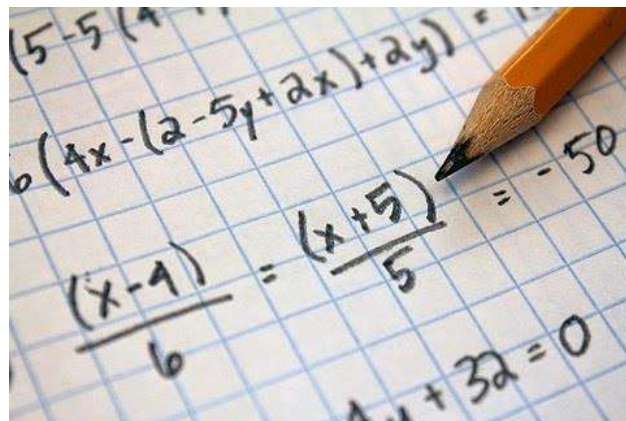

Students that did not finish or were absent will be pulled this week for make-ups.

## Math

A photograph of a pencil pointing to handwritten mathematical equations on blue graph paper. The equations are:

$$\frac{(x-4)}{6} = \frac{(x+5)}{5} = -50$$
$$4x - (2 - 5y + 2x) + 2y = 1$$
$$4x + 3y = 0$$

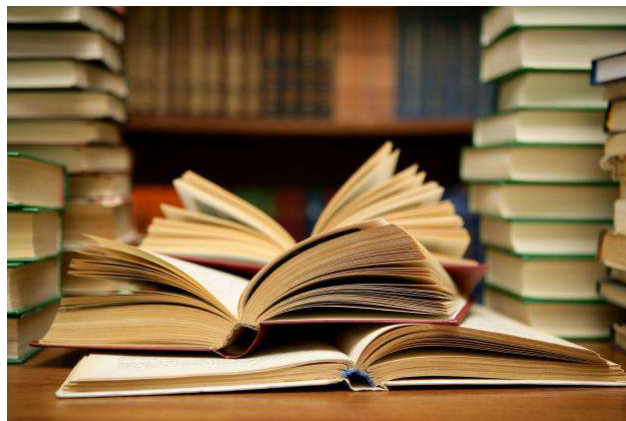

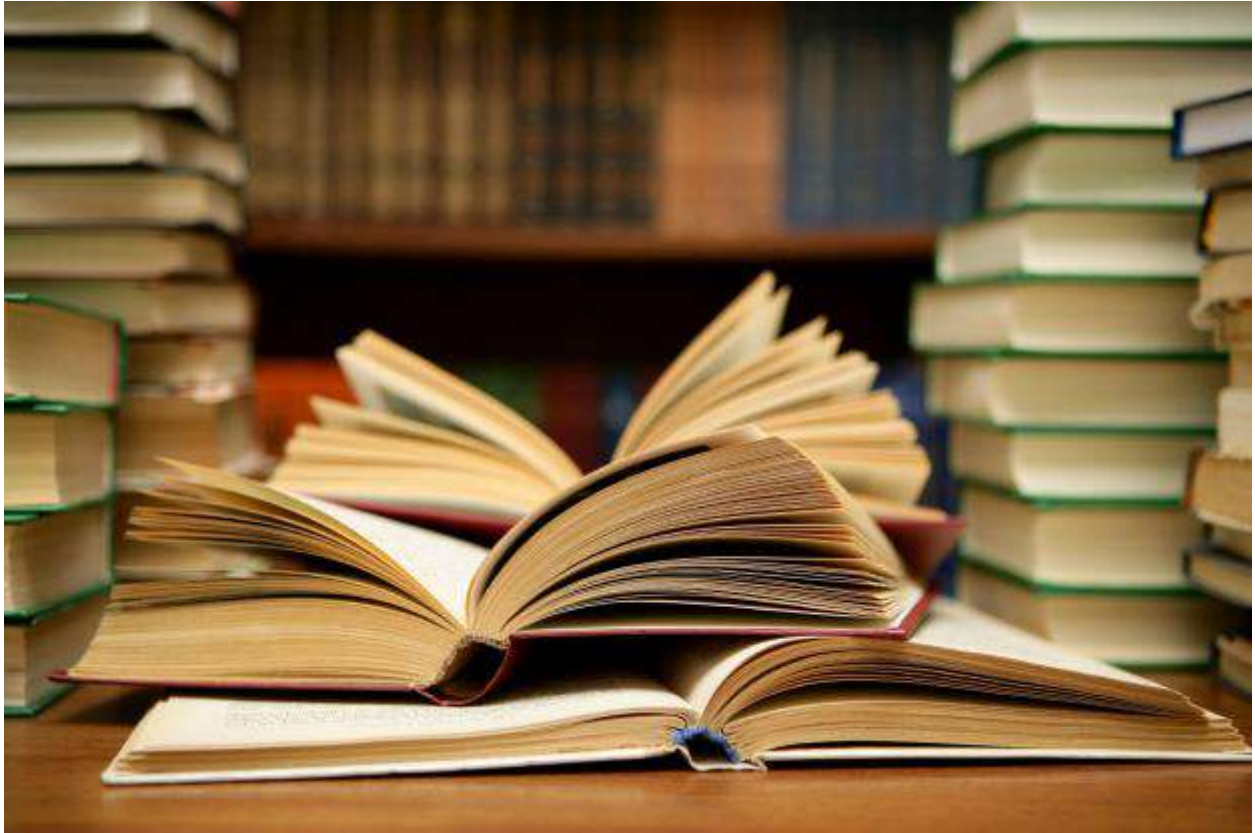

A second photograph, identical to the first, showing the same handwritten math on graph paper with a pencil pointing to the equations.

$$\frac{(x-4)}{6} = \frac{(x+5)}{5} = -50$$
$$4x - (2 - 5y + 2x) + 2y = 1$$
$$4x + 3y = 0$$

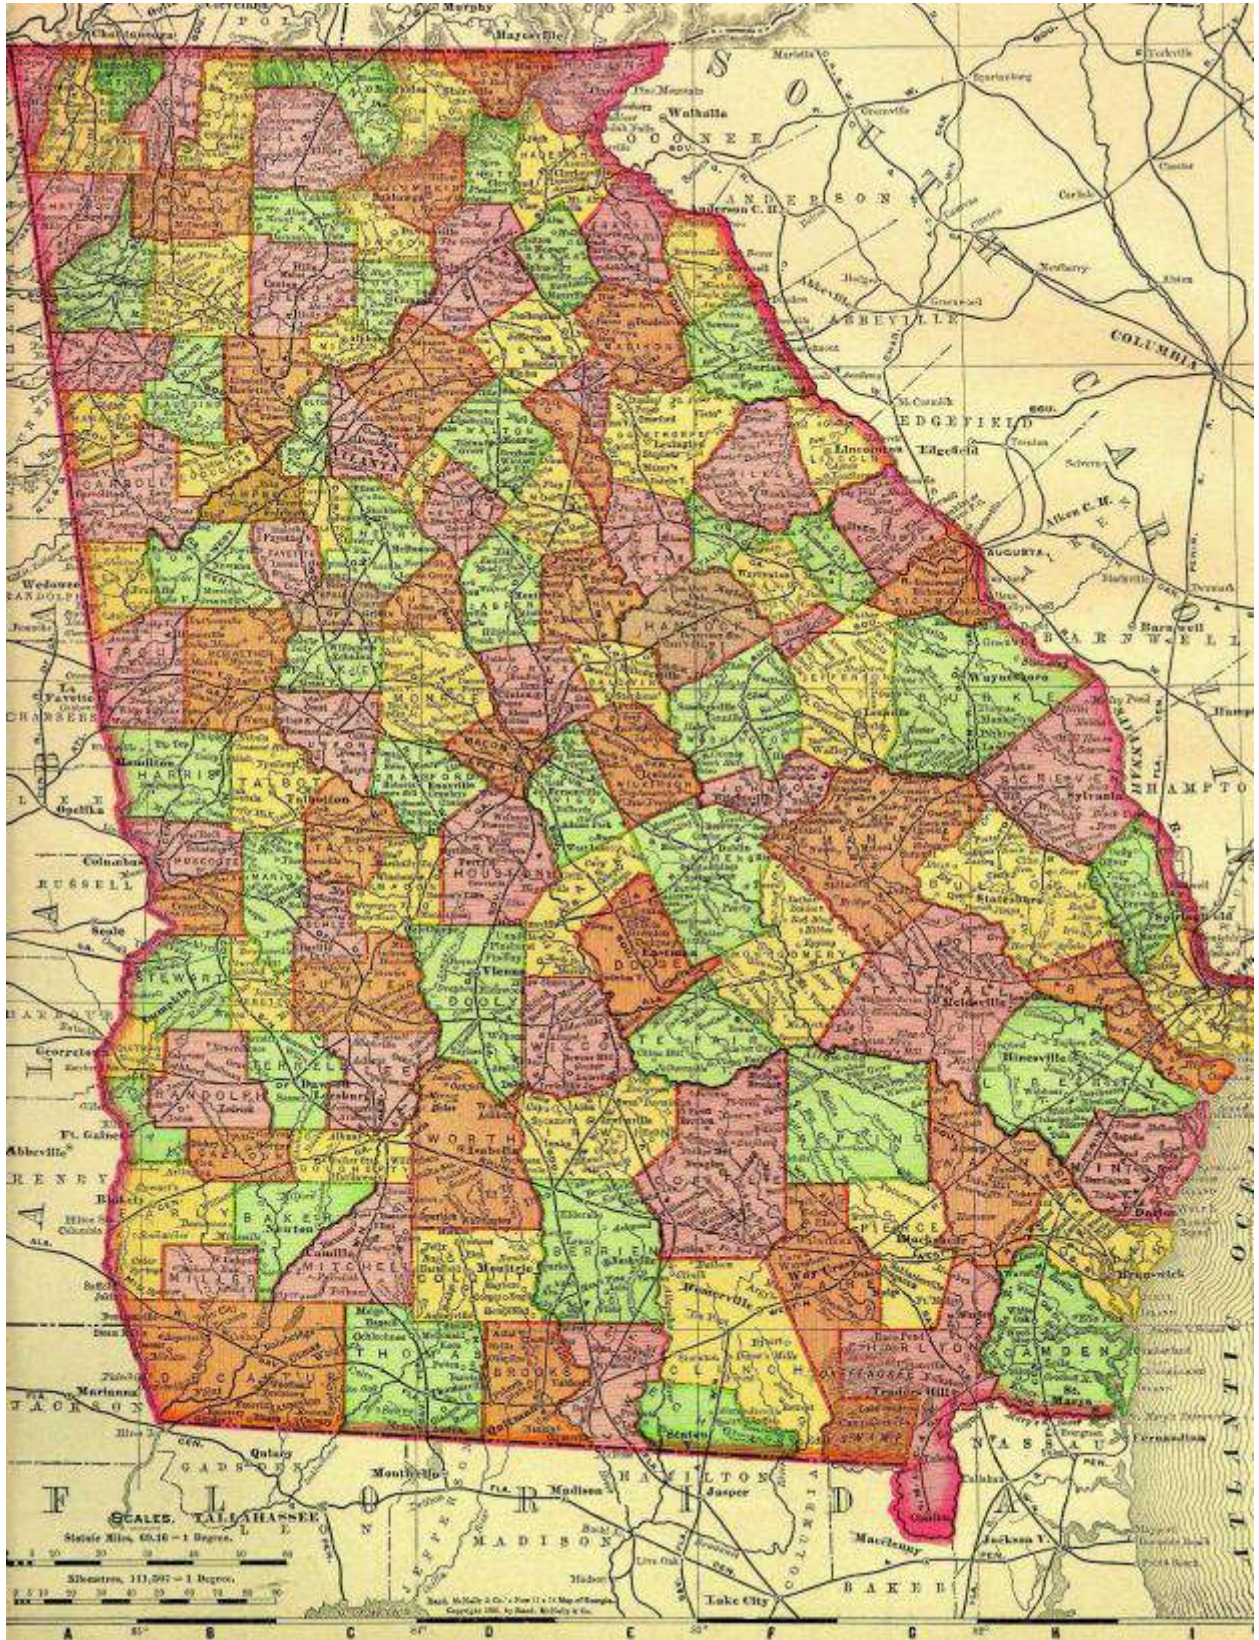

The first math test will be Thursday August 1st

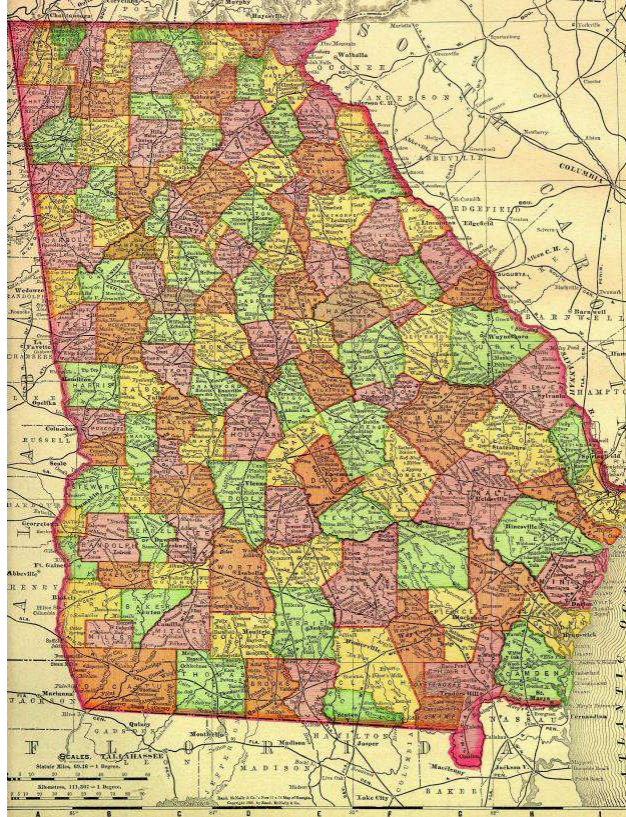

ELA

Please have your student bring back their signed syllabus and choice-based reading consent form.

# Social Studies

Students will be learning about Native Americans before and after European contact with the Americas.

## Science

Students took their first quiz on Friday. The tentative date for the first test is Friday, September 2nd.

Students will be starting to learn about the states of matter this week.

The Honors 9th grade Physical Science students will start learning about the arrangement of the periodic table this week.
