

IB History of the Americas Summer Assignment 2022

Greetings IB students!

My name is Mrs. Brown and I will be your IB History teacher for your senior year! Happy summer! I want to give you some time to recharge and prepare for our year together, so I am requesting two quick and easy assignments for you to complete at your convenience, before August 12th.

1) Please complete this [Microsoft Form](#). It will take less than ten minutes to complete and will help me prepare for our year together: <https://forms.office.com/r/paQ56ShP76>

2) Please write 500-700 words on you, the person and the student.

Purpose: This will allow me to get an understanding of your writing capabilities, while also giving me insight on who you are as a person and as a student.

This should be properly formatted and edited, and emailed in PDF form to kristy.brown@stjohns.k12.fl.us

Questions to consider while writing:

Who you are as a person: What do you like? What are your best qualities? What do you do in your free time? Who do you live with (family members/pets)? What are your goals?

Who you are as a student: Why did you choose IB? Do you like social studies (history)? What are your strengths as a student? What is something from last school year that helped you be successful? Any areas you need to improve? What do you think you might need help with this year? What is your favorite thing about school? What frustrates you about school? What are your goals for senior year?

I am excited to get to know you next school year, and I look forward to reading your responses!

Sincerely,

Mrs. Brown
