

Register for Google Classroom

- We will be using Google classroom this year. Each course has their own unique classroom. You already have a Gmail account through HCS, and will need to use this account for our class, rather than any other accounts (**even other gmail accounts**). Instructions for logging into this account are below.
- To login and register for Google Classroom:
 - Go to "classroom.google.com" (consider bookmarking this page).
 - Sign in with your HCS gmail account. If you are already signed in with another gmail account, you will need to sign out of that account and sign in with the HCS account in order to get access.
 - To sign in:
 - Enter username: [Your Student ID #]@henry.k12.ga.us (*this is your HCS email*)
 - Password: [Your computer password at school], and click "Sign-In"
 - Your role is "student".
 - To register for our class, enter the registration code and click "Join."
 - If you are already using Google Classroom for another class, click on the "+" sign in the upper right corner of your screen and select join a class.
