Technology Based Learning...

“

iCat scholars begin high school with a unique tool, an iPad. This enables iCat students to literally touch their education.

”

Technologically Advanced Learning

- Every iCat receives an iPad to use in lieu of textbooks in every core class.
- \$50 for the year gives you insurance so you can feel safe using the iPad
- Replace your heavy backpack. iPad holds all of your course material
- Teachers are trained and knowledgeable in the art of iPad education. And they get more training every summer
- Students are trained over the summer as well, so you can start your year well equipped
