

Illustrative Mathematics K-12 Math Curriculum by Kendall Hunt Now Available Digitally in Kiddom

Problem-Based Math Curriculum Delivered in a Flexible Platform

Kendall Hunt has been providing innovative educational solutions to schools and districts for over 75 years and offers the complete grades K-12 Illustrative Mathematics Certified curriculum along with a variety of resources, including full-color print

materials, IM Certified Professional Learning, and an online community. In partnering with Kiddom, Kendall Hunt is now delivering the digital Illustrative Mathematics curriculum through a dynamic platform to enable teaching and learning, online or in person.

BENEFIT 1

Discourse Driven Solutions to Real World Math Problems

IM's curriculum guides students to learn by doing math, solving problems in mathematical and real-world contexts, and constructing arguments using precise language. Kiddom's platform offers a variety of problem types, allowing students to solve problems and present answers in a variety of ways. Plus, Kiddom offers a full range of communication tools allowing teachers and students to submit audio, video, and written communication, assignments, and assignment feedback.

BENEFIT 2

Learning in Multiple Scenarios

Illustrative Mathematics lessons are designed to include independent, group, and whole-class instruction, using multiple settings to drive mathematical understanding and fluency for all students. Kiddom's platform facilitates individual learning with its student-centric timeline and has built-in capabilities for creating and managing student groups to collaborate.

BENEFIT 3

Illustrative Mathematics Certified & Teacher First

As an IM Certified partner, Kendall Hunt provides teachers the most up-to-date Illustrative Mathematics curriculum as well as a variety of resources to help teachers be successful. Resources include print components, professional learning and an online community - all available to compliment the Illustrative Mathematics by Kendall Hunt curriculum on the Kiddom digital platform.

High-quality curriculum is one of the most powerful tools we can bring into our classrooms. And this last year has shown us that these materials need to be able to be seamlessly deployed in any learning environment. We're excited to offer another great curriculum option that can come to life on the Kiddom platform.
