

## 4th Period - Advanced U.S. History - Remote

### Remind Instructions

Text @lstephens4 to 81010 to sign up for Remind announcements!

### Google Classroom Instructions:

Join the 4th Period Google Classroom with this code: koed6m4

### You MUST bring these to class EVERY DAY.

1. Pens and Pencils - you may write in any color you like as long as I can read it!
2. Notebook paper - wide ruled or college ruled
3. Highlighters and Colored Pencils - you will use these all year to take notes, color maps, create drawings, etc, so get more than one, any color is fine.
4. ChromeBook & Personal Earbuds - each student has the option to bring their own laptop or check out a ChromeBook. They are expected to be charged before class each day. Earbuds or headphones that work with the Chrome book will be needed on a regular basis.
5. 3-prong folder with pockets - you will use this to store handouts and take notes.
6. Textbook- *A Nation Conceived in Liberty* will be given to each student. This should be taken home each night and brought to class daily. Assignments in the textbook will be graded. If it is lost, the student will be expected to pay \$16 for a replacement.

### Internet Safety Concerns/Reminders

It is important that we protect the integrity of the classroom and the privacy of all students. For this reason, we will adhere to the following safety protocols.

1. Do not share Zoom meeting links.
2. Zoom sessions will be recorded and posted for students to watch later. To protect the privacy of students, these recordings will be limited to the teacher-led direct instruction portion only and will only be posted to Google Classroom which requires a student password.
3. Please refrain from posting screenshots or videos of class sessions to any social media platform.
4. Keep microphones muted unless it is time for sharing/questions. This will help with audio quality as well as prevent anyone from hearing things in the students' homes.
5. I reserve the right to remove anyone from a session for inappropriate behavior.
