

11th Grade Advisement Lesson “YOUSCIENCE”

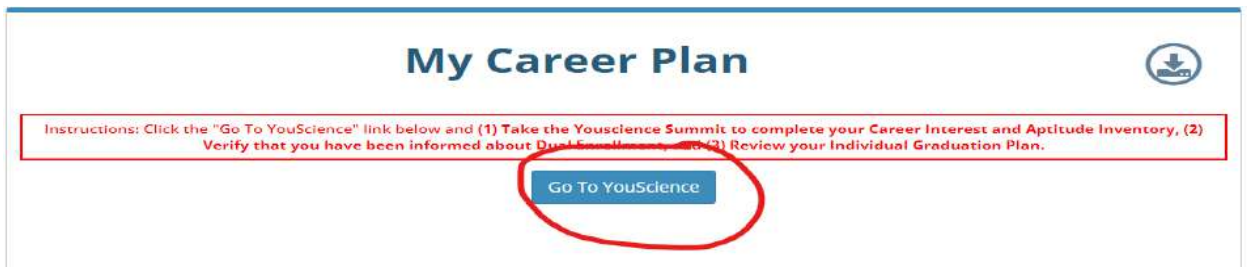

1. For today’s advisement lesson, all 11th grade students will open up their chromebook and log into their STUDENT PowerSchool account to complete YouScience activities which are required for ALL 11th Grade students.

Students must log into their student account, not their parents.

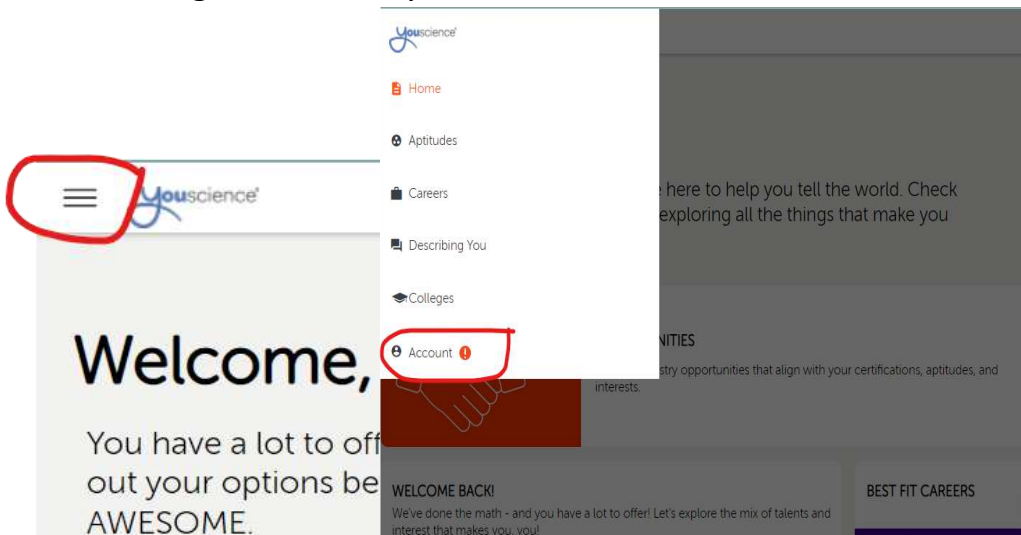

2. Once logged in, students will scroll down until they see Georgia SLDS on the left side of the screen. Once you click on Georgia SLDS, it will take you to a new screen which you will click on the section that says “My Career Plan”.

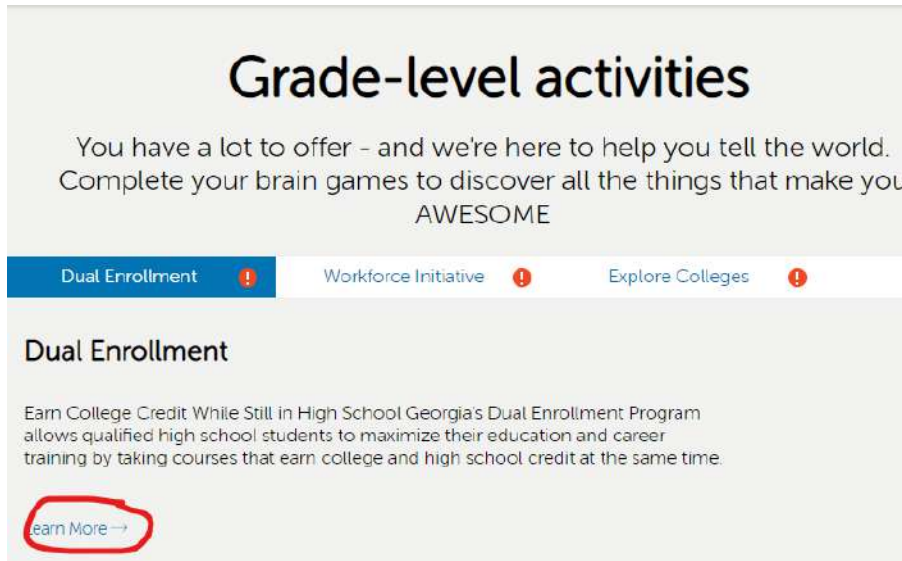

3. You will click on the blue box that reads “Go to YouScience”. A pop up box may appear, if so click “OK”.

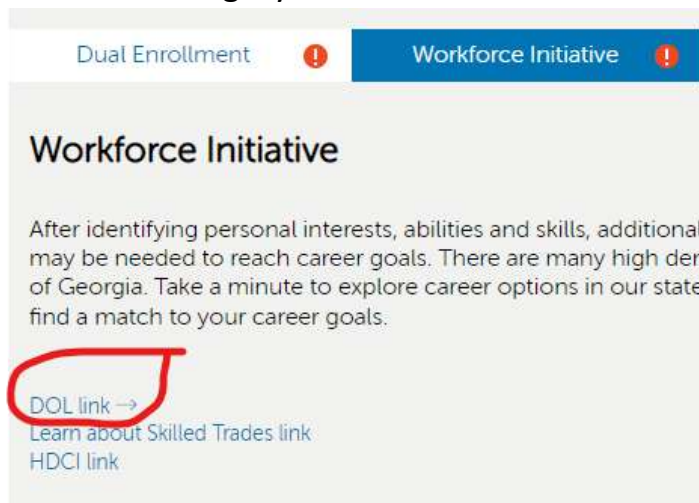

4. You should now be logged into YouScience. At this time you will locate three bars on the top left side of the screen. After clicking on the icon, you will select “Account”.

5. Once you click on “Account” you will select “Grade Level Activities”. You will notice 3 activity categories: Dual Enrollment, Workforce Initiative and Explore Colleges. You will start with Dual Enrollment by selecting the “Learn More” hyperlink. This will bring you to a Dual Enrollment website in which you can review Dual Enrollment information.

6. The next activity “Workforce Initiative” requires that you click on the Workforce Initiative Category. You will know click on “DOL Link” listed below the category title.

7. The final activity “Explore Colleges” requires that you click on the “Explore Colleges” category. You will scroll down and select the green “Explore” button. A new page will appear in which you save 3 colleges of interest. To save a school, you will select the “Save School” button below your school of

interest. REMEMBER: YOU MUST SAVE AT LEAST 3 SCHOOLS.

The screenshot shows a navigation bar at the top with three tabs: 'Dual Enrollment' (with a red exclamation mark), 'Workforce Initiative' (with a red exclamation mark), and 'Explore Colleges' (highlighted in blue with a red exclamation mark). Below the navigation bar is the heading 'Explore colleges to find your fit' and a paragraph: 'Search for Schools nationwide offerings programs that can guide you toward your Career goals. You can explore School based on location, cost, and educational investment. Save your favorite Schools to visit and keep track of later.'

Three school cards are displayed:

- College of Coastal Georgia**: Enrollment 3,131, Admissions Selective, Cost \$ 20,021. Image shows a stone archway with the school name.
- Jacksonville University**: Enrollment 4,048, Admissions Open, Cost \$ 51,513. Image shows a large lecture hall with students.
- Edward Waters College**: Enrollment 2,254, Admissions Selective. Image shows a large brick building with a steeple.

Each card has a '★ Save School' button at the bottom. Below the cards is a green button labeled 'Save and Explore' which is circled in red.

8. Once you have finished you will verify that you now have a green check mark next to each activity title and exit out of the screen. Completing all three activities will satisfy the 11th Grade Bridge Bill Requirements.

The screenshot shows the 'Grade-level activities' section. The heading is 'Grade-level activities' in large black font. Below it is the text: 'You have a lot to offer - and we're here to help you tell the world. Complete your brain games to discover all the things that make you AWESOME'.

At the bottom is a progress bar with three items: 'Dual Enrollment' (with a green checkmark), 'Workforce Initiative' (highlighted in blue with a green checkmark), and 'Explore Colleges' (with a green checkmark).

TROUBLESHOOTING & HELPFUL TIPS

- **Student does not see a red dot next to their account once signed into YouScience.**
If a student's name is highlighted but they do not see the "Grade Level Activities" section for their account this means they never did the YouScience Assessment in 9th Grade. The assessment takes 90 minutes; therefore, those students will be excused from today's lesson..
- **Student has four activities listed under "Grade Level Activities".**
Some students may have four activities listed under the "Grade Level Activities" section for their account (Dual Enrollment , Workforce Initiative, Explore Colleges and Next Steps). If this is the case, have the student do all four activities. For Next Steps they will click on the activity title, then select one of the options listed and click "Save". This will satisfy the activity requirement for Next Steps.
- **Student says they have already done the activities.**
If a student feels that they have already completed the activity, please have them log into their account and verify that they have the green check mark for the activity. If they do not, they did not complete the activity correctly and should follow the directions to complete the activity.
- **Student is being asked to enter information to set up account.**
If a student is being prompted to enter account information, this is due to the students account being inactive since the YouScience update. Student should continue with the directive and once the information is entered, they will be able to proceed with the Grade Level Activities.
