More on JROTC

The Junior Reserve Officer Training Corps (JROTC) is a leadership education program and the curriculum is reflected in its vision statement: "To motivate young people to be better citizens."

This program will help students to build a strong knowledge base of self-discovery and leadership skills applicable to many leadership and managerial positions. Students can continue career pathways by entering the job market and receiving on-the-job training or by entering a technical, 2-year or 4-year college/university. ROTC (Reserve Officer Training Corps) programs offered at various colleges/universities in Georgia and throughout the U.S. train qualified individuals to become officers in the military services upon graduation from college. Please visit gacollege411.com for more information about education, career planning and financial aid.
