

You will need to create your own class codes for Desmos.

1. Log in to [teacher.desmos.com](https://teacher.desmos.com) with Google.
2. Click on the collection for your grade level.
3. Click “Add Collection” at the top right to add the collection to your account.
4. Click on the individual lessons in your collection and click “create class code”.
5. Click on the ... and copy the student link. Put the link in Canvas or on your weekly student checklist.
