

GK-M4-Lesson 3

Fill in the number bond to match the domino.

One side of the domino has 4 dots on it. That's one part.

I count 5 dots in all. So, 5 is the total.

The other side has 1 dot. That's the other part. 4 and 1 make 5.

Fill in the domino with dots, and fill in the number bond to match.

Now I get to make my own. This is fun!
