100 Days of School...

Our Kindergarteners did a fantastic job of looking 100 years old for the 100th day of school! They brought so many smiles to all of us as we watched them walk by with beards, canes, bow ties, and even curlers in their hair!

School Counselor's Corner

Over the last month, students have had weekly social-emotional lessons that are taped by me and are delivered every Wednesday via your child's resource class. Students in Kindergarten and first grade are using the We Do Listen resources. Each week students are taught a character-building lesson through the adventures of Howard B. Wigglebottom. Students in 2nd - 5th grades are using The Compassion Project. This is a social-emotional curriculum that focuses on empathy, compassion, and emotions. Additional information can be found at wedolisten.org and thecompassionproject.com

Celebrating Black History Month

Black History Month was celebrated here at KES in many ways, such as essays about Harriet Tubman, great books read in our Media Center and last, but not least, a beautiful display of our Kindergarteners thumb prints featuring this quote by Martin Luther King Jr.;

“Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that.”

Outdoor lunch is always a favorite at KES!

News from the Media Center

Hello Ketterlinus Families!

This month has been a whirlwind of activity. We have had many exciting days here in the media center. First, **Hudson Neumark** in Ms. Defalco's 1st grade class finished all 15 SSYRA Jr. books and decided that was not enough reading for him, and that it might not be enough reading for his classmates either, so he decided to make his own SSYRA Jr. book called *The Adventure of Ba*. With help from his mother, Hudson made a pocket-sized book about his favorite stuffed animal. He also made his own brag tag! Now K-2 students have one more brag tag they can earn. Thanks for your creativity and SWIM spirit, Hudson. Readers are leaders!

The KES Battle of the Books team competed on March 11th and came in tied for 3rd place, a new school record! We are so proud of the hard work and TEAMWORK put in by **Ethan Martin** (5th), **Finn Dumas** (5th), **Kaila Freeman** (5th), **Miya Hacking** (5th), **Rocket Hammond** (3rd), **Caroline Larrabee** (5th), and **Hazel Balaschak** (5th).

We had a few more students join the Million Word Club last month. Congratulations to **Natalia Zamora**, **Clara Huerbsch**, **Lucia Huerbsch**, **Caroline Larrabee**, **Hazel Balaschak**, **Rocket Hammond**, **Mabel Misterly**, **Landon Stoll**, **Grayson Hilbert**, **Luke Richardson**, **Gracie Diaz**, and **Miya Hacking** (for the 3rd time with a whopping 3 million words). We will be having a bookfair April 26-29th, so keep a lookout for notifications about scheduling and online options. Thank you for encouraging your children to reach their 3rd quarter AR goal. Remember that tests can be taken at home this year as well as at school.

What's Happening in STEAM

5th, 4th, and 3rd grades are learning about Earth's Spheres (Weather and Climate), Life Cycles of Plants and Animals, and Energy Forms and Energy Transfer.

In STEAM, 5th grade did a fun lab on precipitation and cloud formation, while reviewing the water cycle. In 4th grade, we planted sunflower seeds and will watch them germinate, sprout into seedlings, turn into plants, and eventually flowers!

In 3rd grade, they are learning about Energy Transfer through collisions. They get to make their own Rube Goldberg apparatuses!
