K-12 Library- OER resources

- Matches the same rigor as the IM curriculum it isn't just busy work.

Has a dedicated live support through Kiddom

All K-12 IM curriculum in this one platform

Each part in the lesson is assignable separately. (Can assign as they see fit for the students)

Also has all PDFs and Word Documents as well as the slides.

- Everything is in one spot for the teachers.

Teachers can make reflections within the teacher notes. Can be saved and used from year to year.

The questions can be customized within the program. Teachers can record videos right in the lesson attached to each part.

Students can also respond with a video recording for each problem.

You can differentiate and just assign certain parts to certain students. You can even assign by mastery groups.
