6th Grade Lesson 8: Common Types of Bullying

Summary: In this week's lesson, your child will discuss different types of bullying, and increase their awareness that bullying can look and feel different in each situation.

Question: Ask your child if they have experienced bullying or negative jokes recently. Encourage them to tell you how it made them feel and let them know you're there to support them.

6th Grade Lesson 9: Recognizing Bullying

Summary: This week's lesson will help your child understand the difference between bullying and joking around, and that joking can escalate and become bullying. Helping students understand when joking becomes bullying can reduce negative impacts on others.

Question: Tell your child about a time you witnessed or experienced bullying. Describe how this made you feel and ask your child what they might have felt.

7th Grade Lesson Lesson 8: What Is Harassment?

Summary In this week's lesson, your child will learn how to recognize harassment and tell how it's different from bullying.

Question Talk to your child about an example of harassment you heard about, or—if you're comfortable—something you experienced. Ask your child how this is different from bullying.

7th Grade Lesson 9: What Is Sexual Harassment?

Summary: In this week's lesson, your child will learn how to recognize the difference between sexual harassment and flirting so they can make informed decisions about how to respond.

Question Remind your child that it's important that they tell you if they experience sexual harassment. If you feel comfortable doing so, share an example of sexual harassment you or another person has experienced and how you or the other person dealt with it.

8th Grade Lesson 8: Understanding Bullying

Summary This week's lesson will help your child examine common beliefs about bullying and harassment. They will begin to gain a perspective on how their opinions compare to those of others.

Question Ask your child what they think enables bullying and harassment. Encourage a conversation about why bullying and harassment still happens.

8th Grade Lesson 9: Social Factors that Contribute to Bullying

Summary In this week's lesson, your child will consider other people's attitudes and beliefs about bullying and harassment, as well as their own.

Question Share your thoughts and feelings around bullying and harassment with your child. Find out where you and your child agree and disagree and have a respectful discussion.

ParentTeen Connect: is a free resource for parents that provides expert advice and practical tools for dealing with real parent-teen issues.

About This Project: ParentTeenConnect.org interviewed parents and teens from across the country about the issues that cause conflict in their lives, including screen time, independence, responsibility, and communication. Parenting expert Dr. Laura Kastner gives [advice on how to tackle these issues](#). Using these interviews and Dr. Kastner's expertise, we created a website especially for teens and their caregivers, where they can hear from real families, get expert advice, and learn about practical tools to help them connect and communicate with each other.
