Registrar

Patrick Turner
Athletic Director

Chris Cofield
Career Specialist

Jonathan Higgins
IB Coordinator

Yanetta Smith
Dean of Students

Kevin Leonard
Dean of Students

Joedy Ashton
Facilities Manager

Future Falcon Families,

The current circumstances have prevented us from getting to meet with each of you individually to select your classes for next year. We are moving to an online elective selection to ensure that students are still able to select the classes they want. After the selection process is complete, a school counselor from PMHS will look through each individual student's course requests to ensure they have everything they need to be a successful PMHS student. Students will log in through their HAC account to register (please see the attached pdf for step by step instructions).

Please read the FAQ's before beginning your selection process. If you have additional questions, we have a question form (all questions will be answered via email/phone) & PMHS School Counselors will be available to live chat on Schoology during specified windows as well as a discussion board on the 8th Grade Schoology page where students can post questions and counselors will respond. The form can be used for specific, student-related questions. By using the form, we can ensure that your question is directed to the appropriate PMHS staff member so that you receive an accurate, timely response.

It is important to us that you get your questions answered and that your students have a schedule to set them up for success in 9th grade. Please don't hesitate to reach out if you have any questions or concerns.

For questions regarding registration, please use this form:
