MARCH 2021

## Re-Building a Better World...One Student at a Time!

### A Note from the Principal

Dear Eastbrook Families,

I would like to start off this month by thanking everyone for your continued support of Eastbrook Elementary and completing the parent feedback Snapshot survey.

We appreciate your input and will do our best to improve.

Remember, the deadline is March 26 so you still have time to take the survey if you wish. Please see the link at the district website, [www.scps.us](http://www.scps.us).

Thank you again to everyone who joined us for the virtual **Web Ex FSA Parent information night** back on February 17.

The FSA Portal is located at <http://www.fsassessment.org>.

Links include FAQ pages, the spring testing schedule, power points, and more information within the FSA Portal. At the Portal, parents and students may take **practice tests** and review **test item specs/blueprints**.

Our 4th and 5th grade students will begin the 4th i-Ready diagnostic on March 22nd. The other grades will also take this 4th diagnostic later in the month of April.

Finally, I want to wish everyone a safe Spring Break, which officially starts for students on **Monday, March 15 through Friday, March 19**.

Classes resume on **Monday, March 22** as we enter the fourth and final quarter.

Thank you,

Principal Dunaye

### School Advisory Council News

The School Advisory Council (SAC) is a school-based group intended to represent the school, the community, and those persons closest to the students that shares responsibility for supporting the school's continuous improvement.

SAC is composed of the principal and an appropriately balanced number of teachers, education support employees, students, parents, and other business and community citizens who are representative of the ethnic, racial, and economic community served by the school.

SAC meets monthly on the last Tuesday of the month at 6pm.

# Eastbrook Local News: Primary Classes

## Health Reminders and Food Pantry

**Thanks for keeping your child home when he/she is ill or if parents or siblings are testing for COVID.** We also are thankful for the families who have shared openly with us when their child has been exposed to COVID-19. This is very helpful to our school community.

If you have any questions, please contact our Covid Safety Manager, **Mrs. Zeiger** for more information. She can be reached via email here: [janice\\_zeiger@scps.k12.fl.us](mailto:janice_zeiger@scps.k12.fl.us).

**Ms. Siera Ortiz**, our LPN, can talk through any medical issues with you. Her email address is [ortizsz@scps.k12.fl.us](mailto:ortizsz@scps.k12.fl.us).

You are also welcome to reach out to Eastbrook's School Board Nurse is **Mrs. Suzanne Leibkuchler**, and she can be reached via phone at (407) 320-2278 or via email at [leibkusz@scps.k12.fl.us](mailto:leibkusz@scps.k12.fl.us).

If your family is in need of food, please call the front office on Thursday. We will prepare a bag for you and have it ready for pick up on Friday between 12 and 2pm. The main number is 407-746-7950. You may also email **Ms. Johnson** via [melanie\\_johnson@scps.k12.fl.us](mailto:melanie_johnson@scps.k12.fl.us).

This support is available to families with children in any learning model, and your request for assistance will remain private. Thank you!

---

**K** Spring is here! We will continue to be working on letter recognition and formation, as well as the letter sounds (phonics) on a daily basis. At this point in the year, students should have a firm grasp on recognizing all letters and their sounds. If your child is still struggling with this, please practice nightly. Please encourage your child to be reading and writing at home to practice these skills. It is important that you take the time at home to read at least 15-20 per day with your child daily. Discuss the story and ask comprehension questions such as who, what, why, when and where. This is an important Kindergarten skill that will help your child perform better not only in testing situations, but overall academically. Sight word recognition is another important skill for Kindergarten. We will be assessing sight word knowledge at the end of the quarter. If you need a list of the sight words introduced so far, please contact your child's teacher.

Please remember that you are able to use I-Ready at home for reading and math. This program will focus on your child's specific needs, as well as assignments that your child's teacher can provide if extra practice of a skill is needed. If you need your child's log in, please contact his/her teacher.

In math, we will continue our unit on addition and subtraction. We will also start our unit on reading, writing, and representing numbers to 20. Our science and social studies will incorporate motion, earth and space, and weather. In March, the classes will be having an author study and celebrating Dr. Seuss' birthday, as well as an author study on Eric Carle. More information to come about these great learning experiences!

There will be one final supply pick up for our Seminole Connect Families before Spring Break. Be on the lookout for an email from Mrs. Hopkins as to when that will be. The pickup will have all the materials needed for the rest of the school year, so it will be important that you make sure to pick up these supplies before Spring Break as you will be using them once we return. As always, please feel free to contact your child's teacher with any questions or concerns.

1

Hello First Grade Families, and Happy March! We are excited for Spring Break and hope you are planning some relaxing time with family.

We've been working hard in the classroom, so be sure to have lots of opportunities to get outside and PLAY during break! As usual, we are incredibly busy. You should notice that reading is becoming easier for your child. Keep reviewing sight words, and always talk about the books being read. Ask your child to retell the story and describe the characters. Don't forget to include nonfiction books in read alouds—first graders typically LOVE nonfiction! In class, we will continue to gather information from nonfiction sources and make connections. Soon we will move on to a study of poetry!

In Math, we will be adding and subtracting within 100 with deeper understanding using two-digits. In Science, we will conclude our Necessities of Life unit and start our unit on Plant Parts, which will continue throughout April. Face to Face students will be planting seeds and observing their growth! In Social Studies, we will begin to learn about basic map elements using cardinal directions, map keys and symbols. As always, we thank you for your support and, if you have any questions or concerns, please reach out to us. Have a great month!

2

In March we continue to work on what good readers do such as visualizing, questioning, monitoring and clarifying while we read. Second graders will revisit fact and opinion as well as text features. They will also discuss main topic and compare and contrast while reading. In Social Studies will begin Goods and Services and Wants vs. Needs. In Science we move to the Human Body; bones, muscles and organs and then we move on to Life Cycles of plants and animals. In math we are working on Time and Money. Identifying and counting coins are a big one. A helpful way to ensure success of your student is to let them count change at home and practice making different amounts with different coins. In Time we are learning the Analog Clock and how to read the minute and hour hand, half hour and hour, along with telling time to 5 minutes. If you have an analog clock at home have your child tell you what time it is through out the day to practice.

Thank you so much for continuing to support your children and their teachers by making sure that rules are being followed and proper respect is being given. Everyone is working hard and together we can make sure that your child is the best that they can possibly be.

Thank you.

Second Grade Teachers

## Eastbrook Local News: Intermediate Classes

**3** In ELA, students will be finishing a review of text features and text structures and moving on to text-based writing. In the fourth quarter, they will conclude their study of how illustrations contribute to the meaning of the text and will review how to distinguish their point of view from that of the author.

Our young mathematicians are expanding their knowledge of measurement as they learn to tell time to the minute, distinguish a.m. activities from p.m. activities and determine how much time has elapsed between activities. In addition, they will be measuring the volume of liquids. The next unit of study will be on area and perimeter. Students are encouraged to continue learning their addition, subtraction and multiplication facts.

As we approach the start of Spring, our third graders are learning about plant structures and their roles as well as how plants respond to light, gravity and heat. Their next unit will focus on plant and animal classification.

As the third quarter ends, we encourage parents to ensure that students continue cultivating sound academic habits such as: 1) reading actively which includes looking up unfamiliar words and using context clues as well as being able to answer who, what, where, why and how; 2) practicing active listening at home as well as at school; 3) keeping a daily reading log and 4) expanding their knowledge by reading/viewing informational texts and programs. As always, please contact your student's teacher with questions regarding their academic progress. Thank you for your continued support and involvement in your child's education.

### Parents:

Please use the car line to drop your car rider off each morning. Please do not go around car-line or drop your child off in any other location other than the car ramp. Thank you.

**Skyward Family Access** is a web-based component of Skyward, our student information system. This access will enable parents to take an unprecedented and much more proactive role in their student's education.

This access is secured by a

unique username and password that you set up when you provide the school with your email address. There is also a [SKYWARD FAMILY ACCESS](#) app for Android and Apple devices that makes checking on your child's progress very easy. If you do not have online access to skyward, please come to the front office and ask for a form.

**4** Spring is upon us! This year seems to have gone by very quickly and it is hard to believe that we are starting to prepare for next year already! ELA classes are continuing to practice text-based writing daily to prepare for the FSA Writing test coming up in April. We are also spending time understanding more about historical, scientific, and technical texts to help us with our informational comprehension. We will continue to learn new reading strategies and concepts throughout the springtime while we also review past strategies for spring testing. In math, your students will learn different ways to identify, draw, and describe plane shapes. This will include naming, drawing, and measuring angles with a protractor. You can reinforce these concepts by pointing out the attributes of shapes around your house or in the car! Shape attributes include parallel, perpendicular, acute angles, symmetry, etc. Multiplication and division skills are related to some of these skills so please continue to practice fact fluency! Please continue to remind your child to keep working hard on weekly activities in and out of school such as homework, iReady minutes, etc. With FSA rapidly approaching, this constant practice will help greatly! Also, please continue to check Skyward to ensure that your child does not have any missing work. Thank you for your support!

**5** In like a Lion and out like a Lamb, March is upon us already! The students have been working hard and hope to enjoy a well-deserved Spring Break!

At the conclusion of their unit on climate and weather, fifth grade students attended a Q and A virtually with Eric Burrell, a local meteorologist and television fan favorite. A big round of thanks to Mrs. Stewart who organized this informative event. Next, they will be studying Life Science and the Environment.

In math, the fifth graders continue to hone their fractions skills, including multiplication and division of fractions.

In ELA, they continue to practice organized writing with colorful elaborations.

Social Studies brings forth a new country busy expanding westward. The children have enthusiastically researched historical characters from this time period and have learned a great deal about U.S. icons and the American Experience.

Our continued thanks for your time and support.

## PE

Spring is almost here, and we are really enjoying this weather. It is a great time to get out and ride a bike, take a walk, or play some ball. We have been working on jump rope skills in class so now would be a great time to get out the old jump rope and practice some skills with your young athlete. We have also been working on our soccer skills so get out a ball and kick it around. Above all, try to get out and be active. Your body and mind will thank you. Hope all is well with you and that you are healthy and strong. Take care.

As we begin a new STEM cycle, the third graders are creating a hand-held carnival game using various materials and writing the rules to play the game. The idea for this challenge came from "Caine's Arcade." You may want to check it out online. Fourth graders are learning how architectural engineers create blueprints, or plans, to build a structure. Each student is building a tiny house using specific criteria and constraints. Fifth graders are exploring the six simple machines and constructing different pieces of playground equipment to demonstrate how a simple machine works.

Rube Goldberg is a STEM challenge that uses simple machines to complete a task. If your student would like to participate in the virtual Rube Goldberg challenge, please email me at [sifritsr@scps.k12.fl.us](mailto:sifritsr@scps.k12.fl.us).

Both Seminole Connect students and face-to-face students are able to join my Google classroom for his/her grade level. Here are the class codes for each grade: 3rd - kwbj6ep, 4th - bzs4oga, and 5th - ux7hus2. Students are welcome, and certainly encouraged, to email a picture of his/her completed project to me. I also have a virtual STEM classroom filled with many other STEM related activities.

I am always in need of empty paper towel rolls (no toilet paper rolls due to sanitary issues), thin sheets of cardboard, and white cardstock paper.

Happy March! Our wonderful ESE team is working hard to meet the individual needs of all our students both in Seminole Connect and face-to-face. We are very excited to be part of the Curriculum Project grant this year. Through this project, we have received extra support and many new materials that we can use to better serve our students. We are also excited to have some new members on our team this year!

The ESE team includes:

Mercy Clark - Teacher (VE)

Kim Daly - Teacher (VE)

Anna Brooks- Teacher (PreK- VE)

Jayne Swisher - Teacher (Gifted)

Kristen Howell - Teacher (VE)

Heather Slagle - Paraprofessional (PreK-VE)

Karen Mayou - Support Facilitator

Stephanie Lyons—Support Facilitator

Karen Kersey - Paraprofessional

Liz Lopez - Paraprofessional

Angela Howell—Paraprofessional

Andrea Rice - Paraprofessional

Lisa Levin - Speech Language Pathologist

Amanda Snyder - Speech Language Pathologist

Heather Friend - Physical Therapist

Luz Grace - Occupational Therapist

## Music

The music room has been rocking and rolling with the sounds of xylophones and ukuleles. If students have ukuleles at home, Mrs. Langston is happy to tune them for you. Just bring them to music class!

Fifth graders will be making their elective choices soon. Please consider signing up for band, chorus, orchestra, or any of the other awesome fine arts classes that the middle schools offer. If you have questions, feel free to reach out and Mrs. Langston will try to get you the answers that you need. [langslj@myscps.us](mailto:langslj@myscps.us)

## Library Spot

**THREE** Sunshine State books and passes the AR quiz will be allowed to vote

**FIVE** books from the Sunshine State book list and passes the AR quiz will be invited to celebration

Medals awarded at the end of the year for:

2 <sup>nd</sup> grade	10 SSYRA Jr books
3 <sup>rd</sup> grade	9 books
4 <sup>th</sup> grade	11 books
5 <sup>th</sup> grade	13 books

March 26th is the last day to turn in Reading Logs

As always, if you have any questions about the library, please contact Mrs. Calegan at [calegakm@myscp.us](mailto:calegakm@myscp.us).

## Art Corner

We had a lot of fun with Valentine's themed art projects last month. This month, we are going to start some Spring art projects. We are still doing one-day lessons, so your child should bring home a new piece of art every week. I hope you all have a great Spring Break!

Thank you for your continued support.

## March 2021

Hello Eastbrook Families!

My name is Sara Burdge and I will be your new PTA President for the remainder of the 2020-2021 school year. We will certainly miss our outgoing President, Laura Paquette, and would like to thank her for all her dedication to Eastbrook and PTA over the years! I am looking forward to finishing out the year and working with you!

We will be hosting our first Read-A-Thon this month (March 22<sup>nd</sup> - April 2<sup>nd</sup>). Keep an eye out for more information regarding this **FUN**draiser. 😊

**Congratulations**  
to PTA's Educator  
of the Month  
**MRS. HILL!**

### Upcoming Dates:

- Jeremiah's Italian Ice Spirit Night: Wednesday, March 3<sup>rd</sup>
- Read-A-Thon: March 22<sup>nd</sup> - April 2<sup>nd</sup>
- Virtual [General Meeting](#): Tuesday, April 6th, 530 PM

\*Reminder\*- Please have your students wear an Eastbrook shirt on Fridays and share a picture on our weekly Facebook post for a chance to win gift cards!

Thank you for your support and enthusiasm! Go Eagles! 😊

Sara Burdge - President – [Snburdge125@gmail.com](mailto:Snburdge125@gmail.com)

Jenny Weatherford- Vice President

Katherine Fabian - Treasurer – [kstfabian@gmail.com](mailto:kstfabian@gmail.com)

## Edition 2021-3

¡Hola familias de Eastbrook!

Mi nombre es Sara Burdge y seré su nueva presidenta de la PTA durante el resto del año escolar 2020-2021. ¡Ciertamente extrañaremos a nuestra presidenta saliente, Laura Paquette, y nos gustaría agradecerle por toda su dedicación a Eastbrook y PTA a lo largo de los años! ¡Estoy deseando terminar el año y trabajar contigo!

Celebraremos nuestro primer Read-A-Thon este mes (22 de marzo - 2 de abril). Esté atento a más información sobre este **FUN**draiser. 😊

**Felicidades** al educador de la PTA Del mes  
**¡SEÑORA HILL!**

### Fechas siguientes:

- Noche del espíritu de hielo italiano de Jeremiah: miércoles 3 de marzo
- Read-A-Thon: 22 de marzo al 2 de abril
- Reunión general virtual: martes 6 de abril a las 5:30 p.m.

\* Recordatorio \* – ¡Haga que sus estudiantes usen una camiseta de Eastbrook los viernes y compartan una foto en nuestra publicación semanal de Facebook para tener la oportunidad de ganar tarjetas de regalo!

¡Gracias por su apoyo y entusiasmo! ¡Vamos Eagles! 😊
