## *3<sup>rd</sup> Grade Preparation*

We are now in the fourth quarter of second grade! It is hard to believe that there is only a little over two months left of the school year. In order to prepare your child for third grade, we will no longer read any assessments aloud to students. We have been reading many more assessments this year due to the learning gaps caused by COVID. We are now to the point where students are required to read all passages, questions, and answer choices independently. You may notice a drop in your child's grades due to this. Please talk with your child about the importance of paying attention and reading all test items carefully. Thank you for your understanding!

### *Homework*

Reading Fluency Sheet and Math Practice Sheet due Friday – Please ask if you have questions! Read and Practice Spelling Words.
