Principals Corner

Aloha Ahuimanu Ohana,

Thank you all for welcoming me into your Ahuimanu family! It has been such a pleasure to get to know the students, families, faculty, and volunteers here at the school. I have to say, I'm feeling a bit sad to say goodbye next month!

Our students worked so hard on the end of the year testing, and I am really proud of their dedication to learning. I would like to thank all of the teachers and staff who assisted in organizing the testing and making sure it went smoothly these past few weeks.

Ahuimanu School has an amazing team of staff members who are committed to helping all of our students succeed. I would like to thank them for all of their hard work throughout the school year. I would also like to thank all the family members and volunteers who have helped at the school. Thank you for your time and attention to our school, and for helping our students understand the importance of learning and growth.

As we look forward to summer break, please encourage your children to continue their learning. Students will have access during the summer months to use the IXL Math program as well as Kidbiz. The Summer Reading Program sponsored by the Hawaii State Public Library System is another way students can keep their learning going during the summer months.

Thank you again for a wonderful school year!

Aloha
Eliza Elkington,
Interim Principal

Counselor's Corner

Hi Parents and Students! Can you believe we're coming down the homestretch? May is jam-packed with something every week: Staff Appreciation Week, 3rd grade "Trip to Europe," Service Club Field Trip, May Day, 4th grade presentations on South America and swimming, Garden Party, grades 4-6 Dance, and 6th grade Graduation! Not to mention all the end of the year parties! Wow...May is going to fly by and Summer Break will be here before we know it.

This quarter, we're wrapping up with the fourth value in the Choose Love Formula: Compassion in Action. Students are learning that compassion in action is when you understand another person's pain or suffering and doing something to help them feel better. Compassion in action goes beyond sympathy and empathy; it's about doing something about it. Students are learning that compassion in action can be done for and by anyone and benefits both the giver and receiver. Compassionate acts can range from asking someone to play at recess to holding the door open to buying an extra musubi for a stranger. How can you take action by doing something kind today?

Congratulations to our April winners for Perfect Attendance:

K-3: Chelsea Ford & Aubree Tano

4-6: Camilla Ostrander & Madeleine Roe

If You Don't Like Summer, You Must Be Crazy

(based on a poem from ClassroomJr.com, edited by Mrs. Pua)

School is out. Summer is on its way.
I know kids (and teachers!) are excited to play.
Summertime is an excuse to be lazy.
If you don't like summer, you must be crazy.

Enjoyed by the young and young at heart.
Some have travel plans, set to depart.
Go on a hike, draw or paint a daisy.
If you don't like summer, you must be crazy.

Beat the heat with some shaved ice.
Escape to the movies, the A.C. feels nice.
Dance in circles until your brain is hazy.
If you don't like summer, you must be crazy.

Have a GREAT Summer!! See you next year!
