The motion to approve the FY18 Strategic Plan was moved by Marcia Jackson and seconded by Hershel Robinson. The vote was unanimous.

FY17 Budget

The GO Team received copies of the FY18 Strategic Plan Break-out Budget.

1. The rationale for the “% increase in the number of students passing milestone tests” priority is poor student performance. This priority was combined with the “Improve Teacher Efficiency” priority with \$3000 of the funds, increasing to \$18,264.
2. The graduation rate is tied to student failure in the 9th grade. The tutoring strategies will focus on the 9th grade students. Tutoring will be paid for either from the General Fund or Title I. Mr. Fowler wants to use General Fund money in case the Title I funds are not available. \$3000 of “Improve Teacher Efficiency” were added to total \$7000.
3. Alexis Morris felt there should be less funds spent on printed publications for community outreach since there is to be an increase in the use of social media. The funds could be moved to 9th grade transition, leaving \$2000.
4. The money for the safety priority provides for the addition of 1 person to man the front door and the cameras via a computer.
5. The rewarding of students for positive behavior was expanded to include faculty and includes certificates and awards but not registration for events.
