Message from the Principal

We, at Mokulele Elementary School, began our Western Association of Schools and Colleges (WASC) accreditation journey in school year 2014. Engaging in this process provided us with an opportunity to fully participate in a self-study where we evaluated our existing practices, programs, and systems against WASC criteria. As a result, we reflected on our areas of strength and growth so that we can continue to improve to support student success.

Throughout this endeavor, information was shared and gathered from all stakeholder groups—faculty, staff, students, parents, and community members. Focus on Learning Groups were organized to provide faculty and staff an opportunity to share feedback in all category areas, while students, parents, and community members shared their input at School Community Council (SCC) and Parent Coffee Hour meetings.

I would like to express my sincere gratitude and appreciation to all who have contributed to this valuable process, as it reflects our genuine commitment to all of our students. We welcome the WASC Visiting Committee to share our culture, validate our self-study, and strengthen our school improvement efforts.

Sincerely,

Shannon Tamashiro
Principal

AN AFFIRMATIVE ACTION AND EQUAL OPPORTUNITY EMPLOYER

Mokulele Elementary School SELF-STUDY

Chapter 1

Student/Community Profile

Gateway of Aloha
Welcoming All New Students

CHAPTER 1:

INTRODUCTION:

1. Background:

Mokulele Elementary School (MES), located on Joint Base Pearl Harbor-Hickam (JBPHH) in Honolulu, Hawaii, was established in 1961 on land leased from the federal government to provide an education for the growing number of military families stationed in Hawaii during the Vietnam War. The significance of the logo represents the Hawaiian interpretation of the word mokulele meaning "flying ship or airplane." The nickname "flyers" and the airplane refer to the United States Air Force Base on which the school is located. Our school colors are blue and yellow.

Of our 311 students in grades K-6, 98% are from military impacted families. 17% of our entire student body receive special education services, 3% receive English Language Learner (ELL) services, and 34% are low socioeconomic status.

MES currently serves students in grades pre-kindergarten to six. Our faculty and staff are committed to meeting the educational needs of all our students as we continue our efforts to provide a quality education. We believe that communication between parents and school personnel is basic to helping every child achieve his or her academic and social potential.

2. Vision, Mission, and General Learner Outcomes

Our Vision:

Mokulele Elementary School is a TRIBES school where all learners succeed in a safe, positive place that values relationships and relevant learning.

Our Mission:

The mission of Mokulele Elementary School is to provide our students with the skills, knowledge and resiliency to be successful lifelong learners in a rapidly changing world.

General Learner Outcomes:

General Learner Outcomes (GLO)

GLO 1: Self-Directed Learner The ability to be responsible for one's own learning.

I can be responsible for my own learning.

Habits of Mind 8: Applying Past Knowledge to New Situations

Use what you learn! Access prior knowledge; transfer knowledge beyond the situation in which it was learned.

Habits of Mind 13: Taking Responsible Risks

Venture out! Be adventuresome; live on the edge of your competence. Try new things constantly.

Habits of Mind 16: Remaining Open to Continuous Learning

Learn from experiences! Have humility and pride when admitting you don't know. Resist complacency.

GLO 2: Community Contributor The understanding that it is essential for human beings to work together.

I can responsibly and respectfully participate in a group.

Habits of Mind 2: Managing Impulsivity

Take your time! Think before act. Remain calm, thoughtful and deliberative.

Habits of Mind 11: Creating, Imagining, Innovating

Try a different way! Generate new and novel ideas, fluency and originality.

Habits of Mind 15: Thinking Interdependently

Work together! Be able to work with and learn from others in reciprocal situations. Team work.

GLO 3: Complex Thinker The ability to demonstrate critical thinking and problem-solving strategies.

I can problem solve and make smart decisions.

Habits of Mind 4: Thinking Flexibly

Look at it another way! Be able to change perspectives, generate alternatives and consider options.

Habits of Mind 5: Thinking About Your Thinking ... Metacognition

Know your knowing! Be aware of your own thoughts, strategies, feelings and actions -- and their effects on others.

Habits of Mind 7: Questioning and Posing Problems

How do you know? Have a questioning attitude; know what data are needed and develop questioning strategies to produce those data. Find problems to solve.

GLO 4: Quality Producer The ability to recognize and produce quality performances and quality products.

I can self-assess to do quality work.

Habits of Mind 1: Persisting

Stick to it! Persevere -- see a task through to completion and remain focused. Look for ways to reach your goal when stuck. Not giving up.

Habits of Mind 6: Striving for Accuracy

Check it again! Always do your best. Set high standards. Check and find ways to improve constantly.

Habits of Mind 10: Gathering Data Through All Senses

Use your natural pathways! Pay attention to the world around you. Gather data through all the senses: taste, touch, smell, hearing, sight

GLO 5: Effective Communicator The ability to communicate effectively.

I can share my ideas clearly in many ways.

Habits of Mind 3: Listening with Empathy and Understanding

Understand others! Devote mental energy to another person's thoughts and ideas. Make an effort to perceive another's point of view and emotions.

Habits of Mind 9: Thinking and Communicating with Clarity and Precision

Be clear! Strive for accurate communication in both written and oral form; avoid over generalizations, distortions, deletions and exaggerations.

Habits of Mind 14: Finding Humor

Laugh a little! Find the whimsical, incongruous and unexpected in life. Be able to laugh at oneself.

GLO 6: Effective & Ethical User of Technology The ability to use technology effectively and ethically.

I can use technology to discover and to share my learning.

Habits of Mind 12: Responding With Wonderment and Awe

Have fun figuring it out! Find what is awesome and mysterious in the world. Be intrigued with phenomena and beauty. Be passionate.

TRIBES AGREEMENTS

DEMOGRAPHIC DATA:

1. Students

a. General Student Population Characteristics

Student Ethnicity School Year (SY) 2013-2018

	Ethnicity	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Mokulele Elem School	American Indian or Alaska Native		1	1		1
	Asian	18	11	14	14	9
	Black	35	41	48	45	35
	Hispanic	70	62	79	71	66
	Multiple	59	43	54	51	53
	Pacific Islander	15	14	14	14	15
	White	152	136	150	139	133

Source Data: Longitudinal Data System (LDS)

- The ethnicity for MES has been predominantly white.

b. Enrollment

Student Enrollment by Grade
SY 2014-2018

<u>Grades</u>	<u>2014-2015</u>	<u>2015-2016</u>	<u>2016-2017</u>	<u>2017-2018</u>
Pre-K: Age 2	3	1	1	2
Pre-K: Age 3	9	17	10	5
Pre-K: Age 4	13	5	11	16
Kindergarten	41	56	63	49
1st Grade	58	42	52	50
2nd Grade	47	60	35	45
3rd Grade	39	56	54	36
4th Grade	36	51	47	36
5th Grade	37	37	47	41
6th Grade	25	35	30	31
Total Population	308	360	350	311

- Grade level enrollment has fluctuated slightly over time.
- Total school population has decreased over the last three years.

Student Enrollment by Gender **SY 2013-2018**

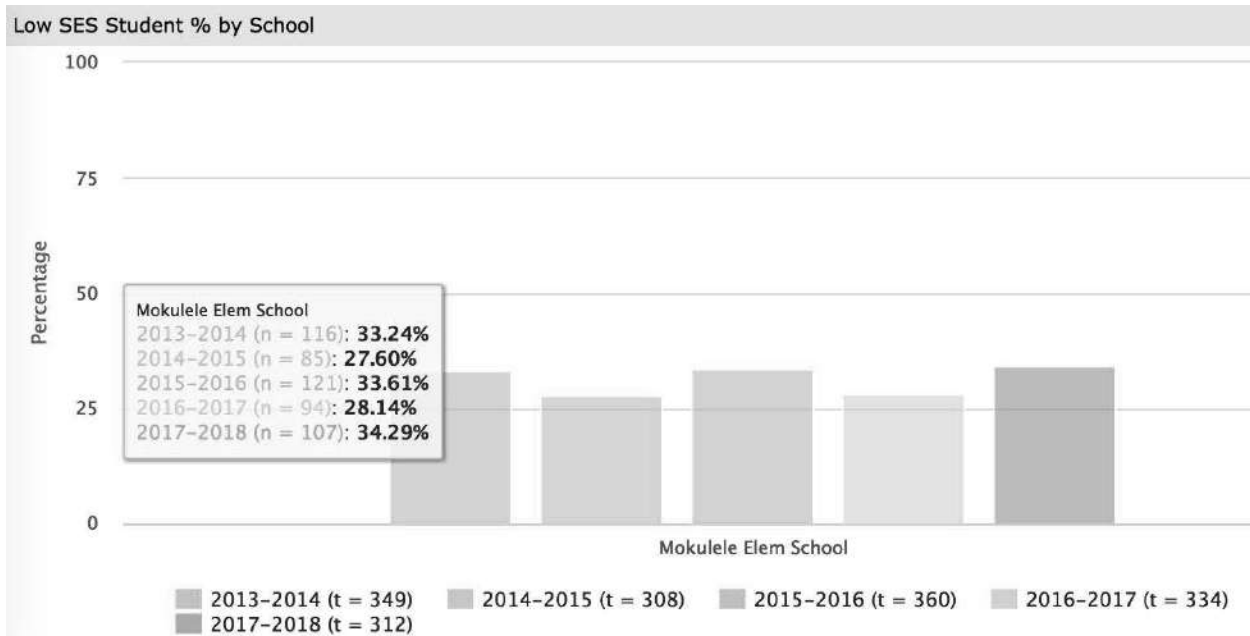

# Overall Student Enrollment by Gender		2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Mokulele Elem School	Female	166	150	173	164	155
	Male	183	158	187	170	157

Enrollments by Gender					
Gender	2013-2014	2014-2015	2015-2016	2016-2017	2017-2018
Female	47.56%	48.70%	48.06%	49.10%	49.68%
Male	52.44%	51.30%	51.94%	50.90%	50.32%

Source Data: LDS

- This graph shows that the gender population, in general, has been relatively equal throughout the years.

Student Enrollment by Free/Reduced Lunch **SY 2013-2018**

Source Data: LDS

- Roughly 30% of our students received free/reduced lunch.
- While enrollment has decreased over time, the percentage of students qualifying for free/reduced lunch has fluctuated slightly.

c. Students Whose Primary Language is not English (ELL)

SY 2013-2018

<u>School Year</u>	<u>Total Number of Students at Mokulele</u>	<u>Number of ELL Students at Mokulele</u>	<u>Percentage of ELL Students at Mokulele</u>
2013-2014	349	6	1.72%
2014-2015	308	3	0.97%
2015-2016	360	5	1.39%
2016-2017	334	6	1.80%
2017-2018	312	8	2.56%

Source Data: LDS

- Students whose primary language is not English is consistently a small percentage of the school population.
- The percentage of ELL students has increased slightly over the last three years.
- 37.5% (3 of 8) speak Japanese, 37.5% (3 of 8) speak Spanish, and 25% (2 of 8) speak Tagalog.

d. Attendance/Chronic Absenteeism

Attendance by Grade Level SY 2013-2018

School Student Attendance by Grade					
<u>Grade</u>	<u>2013-2014</u>	<u>2014-2015</u>	<u>2015-2016</u>	<u>2016-2017</u>	<u>2017-2018</u>
Pre-K Age 2			98.36%	93.75%	91.67%
Pre-K Age 3	93.80%	94.58%	94.19%	93.43%	89.41%
Pre-K Age 4	93.87%	93.97%	93.04%	89.61%	91.36%
Kindergarten	93.90%	94.84%	95.21%	95.71%	97.30%
1st Grade	95.19%	95.77%	95.91%	95.61%	96.43%
2nd Grade	95.66%	95.35%	95.90%	96.52%	97.31%
3rd Grade	96.37%	96.33%	95.42%	96.19%	97.31%
4th Grade	96.09%	97.03%	96.85%	95.55%	98.13%
5th Grade	93.40%	96.67%	96.17%	95.83%	96.68%
6th Grade	95.26%	96.23%	95.08%	96.47%	98.50%

Source Data: Accountability Resource Center Hawaii (ARCH)

- Attendance at MES has remained consistently high overall.
- Preschool attendance is not mandatory and is lower than the rest of the school.

Chronic Absentee Rate
SY 2014-2017

How many students missed 15 or more days of school this year?

Source Data: STRIVE HI

- MES's chronic absenteeism rate is consistently lower than the state chronic absenteeism rate of 13%.

e. Mobility or Transiency Rate

SY 2014-2017

Student Profile

School year	2014-15	2015-16	2016-17
Fall enrollment	364	359	341
Number and percent of students enrolled for the entire school year	266 73.0%	234 65.1%	262 76.8%
Number and percent of students receiving free or reduced-cost lunch	116 31.8%	112 31.1%	118 34.6%

Source Data: Arch - SSIR

- Over the last three years, our transiency rate fluctuated, yet remained consistently high, while our enrollment continued to decrease.

f. Tardiness Rate

- There were 1,520 incidents of tardiness for SY 2016-2017. Tardiness rate is only available for SY 2016-2017 due to our statewide system change in the attendance system.

g. Discipline

Incident Report by Location SY 2014-2015

- In SY 2014-2015, there were 19 classified staff and 32 certified staff.
- In SY 2015-2016, there were 18.5 classified staff and 31 certified staff.
- In SY 2016-2017, there were 20.5 classified staff and 31 certified staff.
- In SY 2017-2018, there were 20.5 classified staff and 29 certified staff.

b. Percent of Teachers Who Have Met the Highly Qualified Teachers' (HQT) Requirements

Highly Qualified Teachers SY 2008-2017

Trend in HQ and NHQ Teachers and Subjects

Source Data: Electronic Human Resources (eHR)

- In SY 2014-2017, 100% of the teachers were highly qualified with an average of 19 years experience.
- In SY 2017-2018, six teachers (24%) are not Highly Qualified and 19 (76%) are Highly Qualified.
- In SY 2017-2018, it is no longer “Highly Qualified,” it is now “Hawaii Qualified,” the requirements have changed.
 - According to the DOE Teacher Quality website, “All teachers are required to meet state certification or licensing requirements at the grade level and subject area in which the teacher has been assigned. This expands the requirement from teachers of core subject areas to all teachers in all subjects.”

c. Percent of Teachers Teaching Outside Credentialed Areas and Include an Explanation

- This year, our state no longer uses the term and criterion for being “Highly Qualified.” Instead, the state uses the term “Hawaii Qualified,” which excludes four teachers who were previously considered “Highly Qualified.” In addition, in order to fill urgently needed positions, we hired two new teachers who are not considered “Highly Qualified” or “Hawaii Qualified.”

d. Number of National Board Certified Teachers

- One teacher was National Board Certified in the SY 2016-2017.

e. Number of Teachers with Advanced Degrees

- About 76% of our teachers had advanced degrees in SY 2016-2017.
- In SY 2016-2017 there were nine teachers with a Masters’ degree, two teachers with Post Baccalaureate Certification and 11 with Professional Diplomas. A total of 22 teachers had an advanced degree or certification, which equated to 78% of our faculty members.

f. Awards, Recognition and Professional Advancement of Staff

- Achieve 3000 Award
- Professional Advancement

---	---	---	---	-------------

g. Stability of Administration and Staff

- In the past three years we have had three different principals. Prior to that our Principal had been here for nine years. Previously, we have had a Vice Principal at MES, but for the last two years, due to a decrease in enrollment, the Vice Principal position was not sustained.
- This year we have three new special education teachers, one new kindergarten teacher, and a new Student Services Coordinator (SSC).
- 82% of the faculty have been at MES for at least five years.

3. Parents/Family and Community

a. Provide Data and Findings for:

- **Family and Community Characteristics and Trends**

School Status and Improvement Report

School Year 2016-17

School Setting

Community Profile

The *Community Profile* information updated in this school report reflects selected 2010 demographics for the High School Complex (HSC) area in which this school resides. Profile data are based on the 2010 U.S. Census, the American Community Survey (ACS) 2006-2010 five-year estimates (centric to 2008), and the incorporation of Hawaii's HSC boundary areas with updated 2010 Census geography. Figures for educational attainment and median household income are sample estimates obtained from the ACS, adapted to conform to HSC geography, and should be considered rough approximations of census counts.

Based on the 2010 U.S. Census

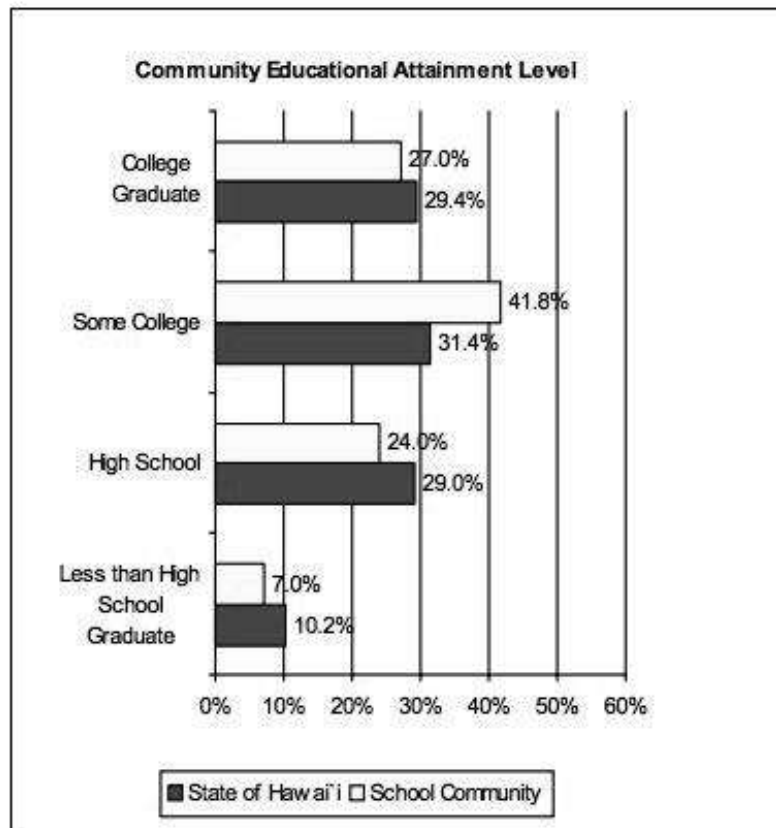

Radford HSC Complex	School Community	State of Hawai'i
Total population	27,470	1,360,301
Percentage of population aged 5-19	21.5%	18.4%
Median age of population	27.5	38.6
Number of family households	6,331	313,907
Median household income	\$64,049	\$66,420

Source Data: ARCH - SSIR

- This data is reflective of the entire Radford Complex Community in the 2010 U.S. Census.
- Median age of our community's population is 27.5.
- Our median household income is slightly below the average income of the State of Hawaii.

- **Parent and Community Educational Levels**

SY 2017-2018

Source Data: ARCH - SSIR

- This graph indicates the approximate education levels of our community.
- 27% of our school community are college graduates.
- Although 24% graduated high school, 41.8% received some type of college education.

b. Highlights and the Impact of Organizations and Partnerships

● Parent/Community Organizations

1. Parent-Teacher Organization (PTO):

Our new PTO board members who were elected in SY 2016-2017 raised funds for our school and secured volunteers for the following schoolwide events.

- a. Fall Festival Fundraiser--prizes, ticket sales
- b. Bread Fundraiser
- c. Family Fun Night--Parent/Teacher/Student Winter Activities/Crafts

2. School Community Council (SCC):

- a. Our SCC provides a forum for members of the community, parents, faculty, staff, and students to discuss concerns and update stakeholders on current school initiatives.

● Community Foundation programs:

MES has established relationships with several community organizations. These organizations help us through their volunteer work and generous donations of time and funds.

1. Partnership with the 17th Operational Weather Squadron

- a. Turkey Trot Volunteers
- b. Read Across America Volunteers
- c. Fall Festival Volunteers

2. Military Wives Club

- a. Funding for special projects

3. Boy Scouts

- a. Painting
- b. Landscaping
- c. Building bookshelves for library

● School/Business Partnerships:

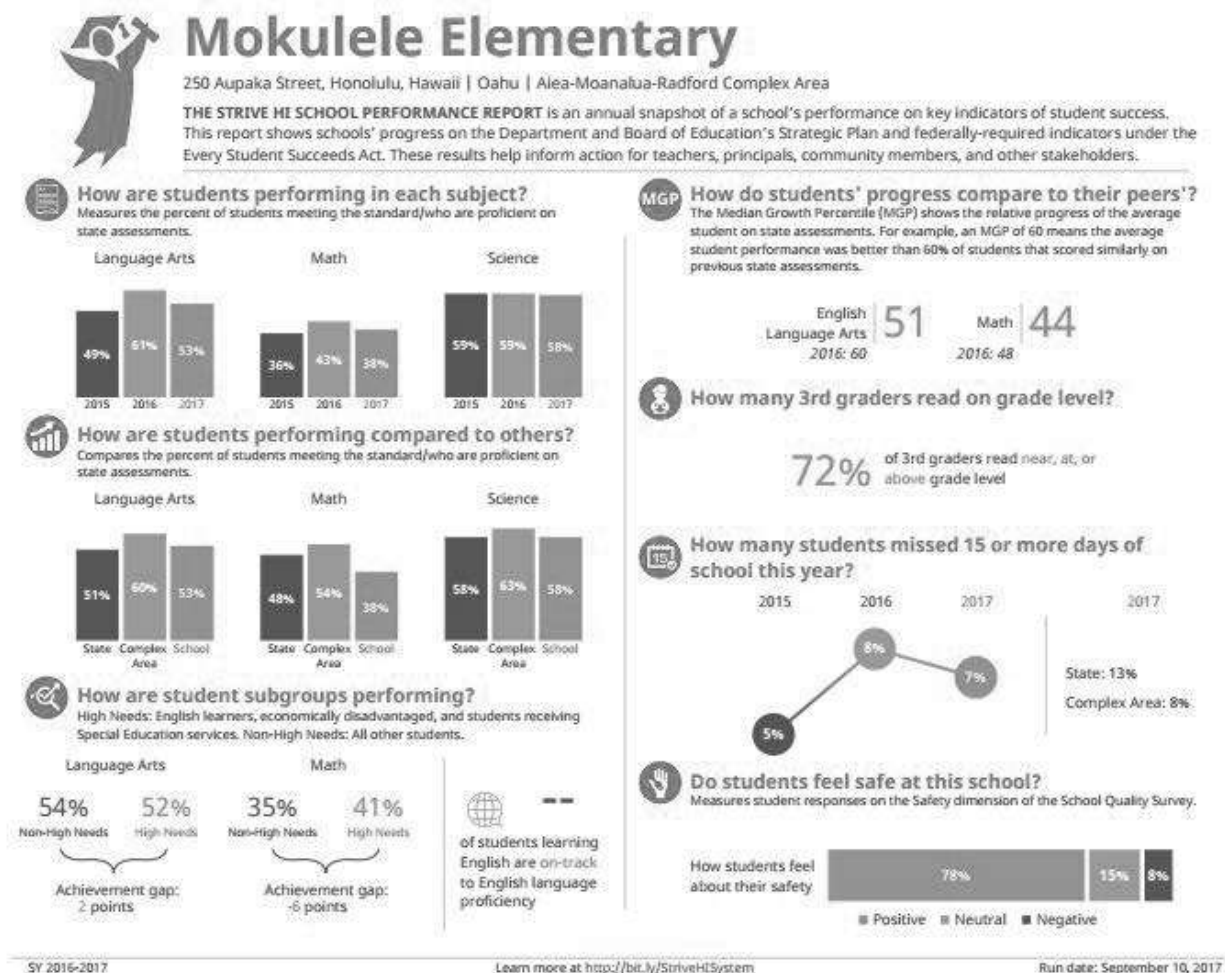

Our business partners show their support of MES by donating incentives (coupons, prizes, etc.) and funds.

1. Papa Johns (PJ Hawaii)
2. Dominos (Posso Pizza)
3. Popeye's
4. Army Air Force Exchange Services
5. Burger King Hawaii
6. Theo Davies Food Group

7. Lifetouch
8. Japan International Karate Center
9. First Hawaiian Bank

4. STUDENT PERFORMANCE DATA:

1. Strive HI Index SY 2015-2017

	Achievement Gap Rate/Gap		Growth		Chronic Absenteeism
	ELA	Math	ELA	Math	
2014-2015	22%	3%	58	52	5%
2015-2016	39%	44%	60	48	8%
2016-2017	2	-6	51	44	7%

Source Data: Strive HI

- The Strive HI Performance Data Results show that in the SY 2016-2017:
 - Both math (5%) and English Language Arts (ELA) (8%) scores decreased from the previous year.
 - Our math scores are 10% lower than the state percentage.
 - 62% of our students did not meet math proficiency.
 - Our math achievement gap rate is -6 points, which is considerably better than the state's 28 point gap.
 - Our ELA scores are 2% higher than the state percentage.
 - 47% of our students did not meet ELA proficiency.
 - Our ELA Achievement Gap is 2 points, which is better than the state's 33 point gap.
 - Our science proficiency rate of 58% is the same as the state's proficiency rate of 58%.
 - 42% of our students did not meet science proficiency.
 - Chronic absenteeism at MES, at 7%, is better than the state at 13%.

2. Student Achievement

1. Smarter Balanced Assessment (SBA)

ELA - SY 2014-2017

	Year	Total Proficient (Exceeded or Met)		Exceeded Standard		Met Standard		Nearly Met Standard		Not Met Standard	
		Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
Mokulele Elem School	2014-2015	81	47.37%	30	17.54%	51	29.82%	43	25.15%	47	27.49%
	2015-2016	102	57.63%	48	27.12%	54	30.51%	44	24.86%	31	17.51%
	2016-2017	84	51.85%	41	25.31%	43	26.54%	43	26.54%	35	21.60%

Source Data: LDS

Math - SY 2014-2017

	Year	Total Proficient (Exceeded or Met)		Exceeded Standard		Met Standard		Nearly Met Standard		Not Met Standard	
		Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
Mokulele Elem School	2014-2015	60	34.68%	20	11.56%	40	23.12%	73	42.20%	40	23.12%
	2015-2016	69	39.66%	27	15.52%	42	24.14%	70	40.23%	35	20.11%
	2016-2017	62	38.27%	27	16.67%	35	21.60%	61	37.65%	39	24.07%

Source Data: LDS

- There was a slight improvement in our overall scores for both math and ELA from SY 2014-2015 to SY 2015-2016.
- There was a drop in proficiency in both ELA and math from SY 2015-2016 to SY 2016-2017.
- 62% of our students did not meet proficiency in math in SY 2016-2017.
- 49% of our students did not meet proficiency in ELA in SY 2016-2017.

2. Hawaii State Assessment - Science

Science SY 2012-2017

	Year	Total Proficient (Exceeded or Met)		Exceeds		Meets		Approaches		Well Below	
		Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
Mokulele Elem School	2012-2013	37	57.81%	5	7.81%	32	50.00%	26	40.63%	1	1.56%
	2013-2014	24	50.00%	10	20.83%	14	29.17%	20	41.67%	4	8.33%

ACHIEVE 3000 - SY 2016-2017

How are my students performing on activities?
September 26, 2016 - June 26, 2017

Monitor student performance on activities.

Mokulele Elementary School

	Total Students	Total Number of Activities Below 75%	Total Number of Activities at 75% and Above
+ Grade: 1	12	260	475
+ Grade: 2	45	1528	2358
+ Grade: 3	40	1085	1006
+ Grade: 4	40	1515	1790
+ Grade: 5	49	800	1111
+ Grade: 6	30	731	1126
School Total	216	6019	7866

Source Data: Achieve 3000

- In the last three years, not all students are doing Achieve 3000 activities.
- The number of students doing Achieve 3000 activities has decreased in the last year.
- For the first two years, scores for Activities Below 75% increased while scores for Scores Above 75% decreased.
- In SY 2016-2017, all scores decreased along with the number of students participating.

4. Common Course Assessments (e.g., End-of-Course Exams, Formative Curriculum-Embedded Assessments)

- ELA Common Course Assessments
 - Reading Wonders Weekly Assessment
 - Reading Wonders Unit Assessment
- Math Common Course Assessments
 - End of module assessment

5. Grades (e.g., Well below/ Approaching or Ds and Fs)

SY 2015-2016 Grades:

- SY 2015-2016 Kindergarten Grades
- SY 2015-2016 Grade Levels 1 & 2 Grades
- SY 2015-2016 Grade Levels 3-6 Grades

SY 2016-2017 Grades:

- SY 2016 -2017 Kindergarten Grades
- SY 2016-2017 Grade Levels 1 & 2 Grades
- SY 2016-2017 Grade Levels 3-6 Grades

- Our report cards are not graded on a school wide standardized system. The state has just changed the report card and we need to revisit grading as a school.
- Data indicates grades of the students enrolled at MES during this time period; however, due to the high transiency of our school our numbers fluctuate.

6. Percentage of Students Promoted (Elementary and Middle/Intermediate School) SY 2014-2017

School Year	14-15	15-16	16-17
% of student promoted from elementary to middle school	100%	100%	100%

- 100% of our students were promoted over the past three years.

7. Retention Rates

SY 2014-2017

School Retention

Retention for elementary schools include students who were retained (kept back a grade) in all grades except kindergarten. Retention for middle/intermediate/K-8 schools include only eighth graders who were not promoted to ninth grade.

	Retention		
	2015	2016	2017
Total number of students	321	301	279
Percent retained in grade	0%	0%	0%

Source Data: ARCH-SSIR

- In SY 2014-2017, no students were retained at MES.

3. Additional Student Achievement Data

Source Data: STRIVE HI

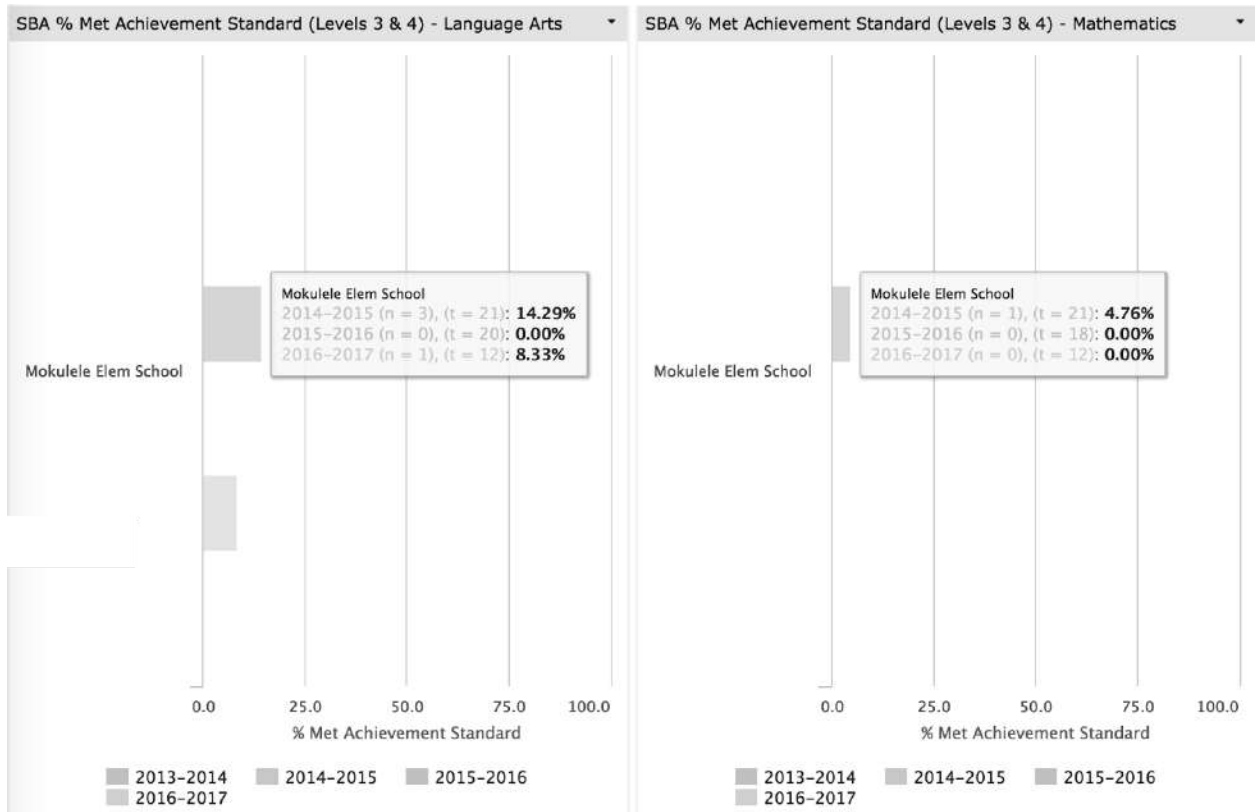

- In SY 2015-2016, we met our target for ELA but not math or science.

School Year Ending 2017

- For the school year ending 2017, the reporting of Strive HI information has changed to reflect new State Department of Education Strategic Plan goals and priorities.

1. Special Education (SpEd) Achievement

SY 2014-2017

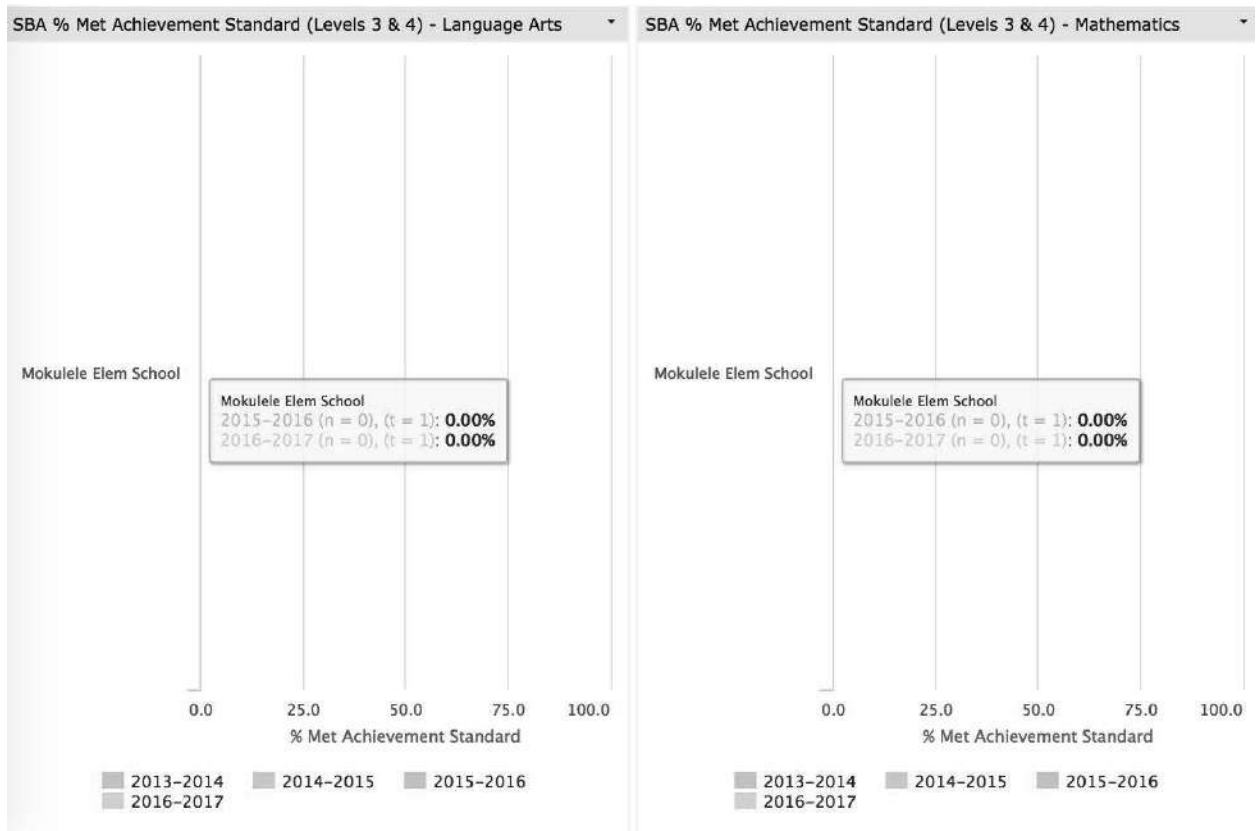

Source Data: LDS

- In SY 2015-2016, ELA and math scores for SpEd decreased to 0%.
- In SY 2016-2017, ELA scores increased by 8.33% and math scores remained the same at 0%.

2. ELL Achievement

SY 2015 - 2017

Source Data: LDS

- There was only one student measured in ELL and he/she did not meet proficiency in either year.

3. Advancement Via Individual Determination (AVID)

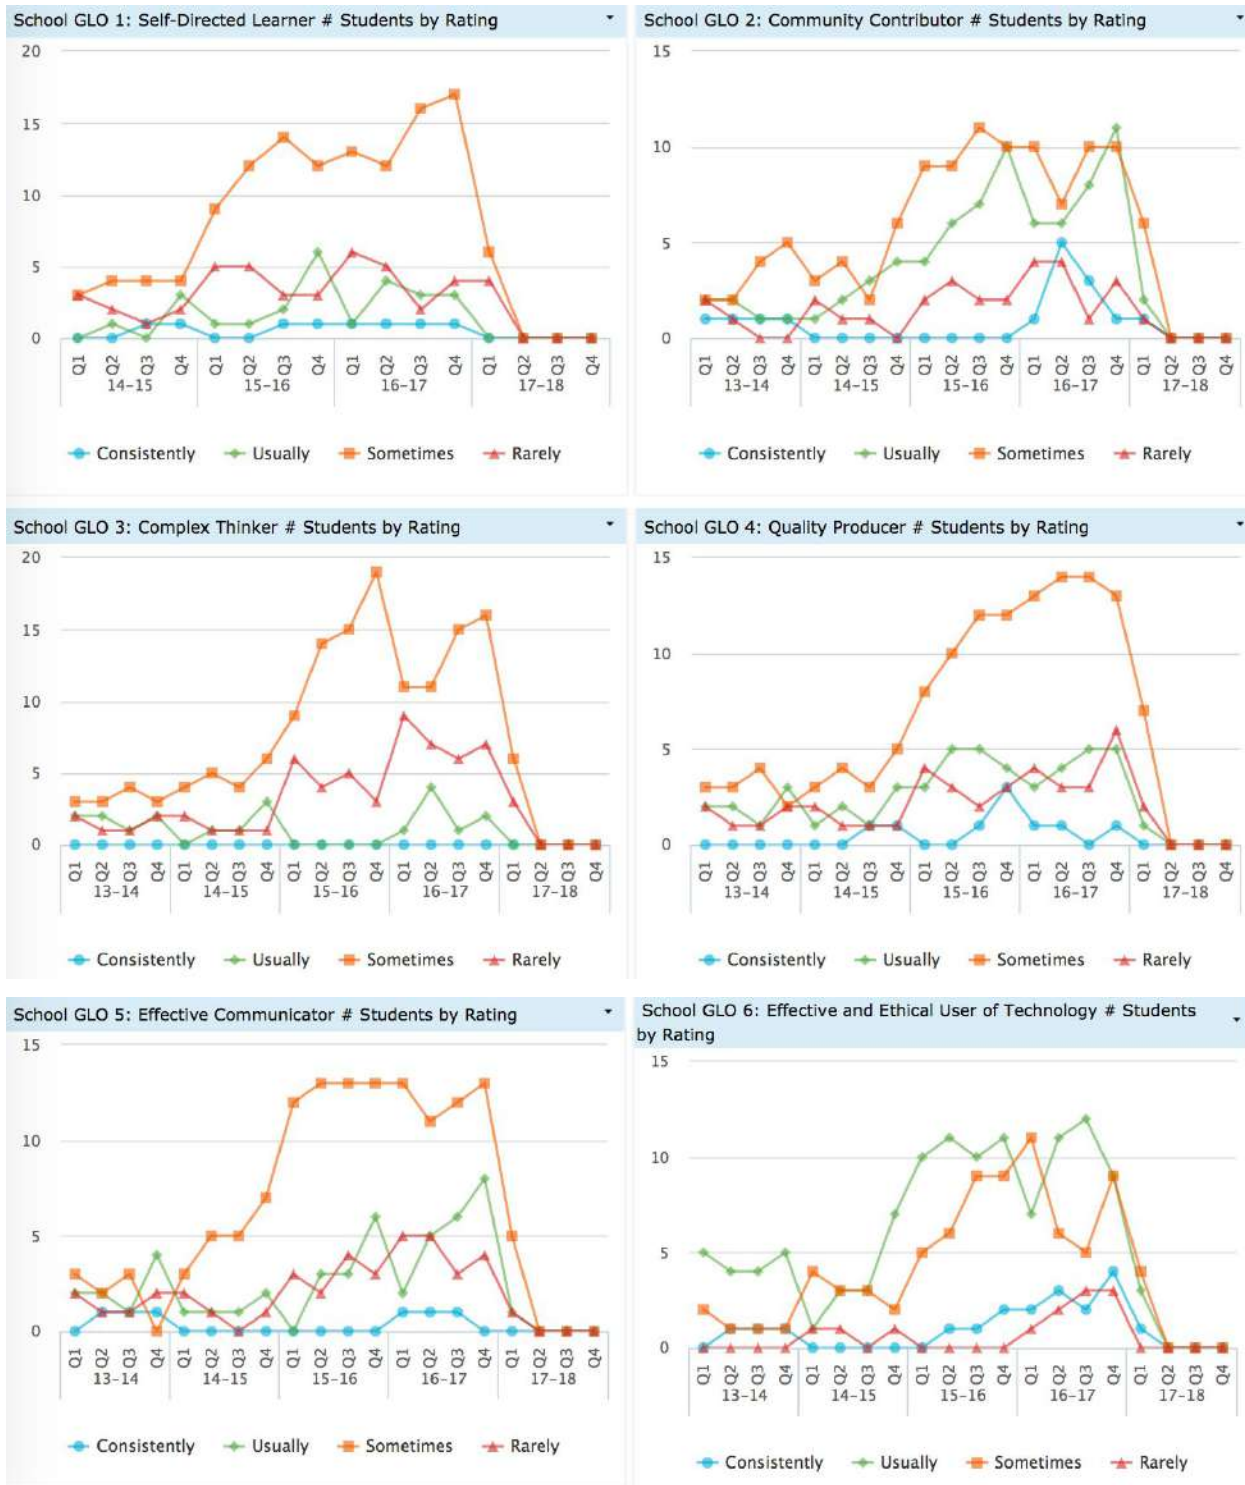

- Because we are implementing AVID schoolwide at MES, 100% of our students are AVID students.

4. Gifted and Talented (GT)

	<u>14-15</u>	<u>15-16</u>	<u>16-17</u>	<u>17-18</u>
# of GT students	7	4	3	7

4. General Learner Outcomes (GLOs)

SY 2014-2017

Source Data: LDS

- In all three years, GLO #1 - Self-Directed Learner
 - The overwhelming trend shows that MES students were graded “sometimes.”
 - 1% of students were graded “consistently.”
- In all 3 years, GLO #2 - Community Contributor
 - The trend shows that most of the MES students were graded “usually” and “sometimes.”
- In all 3 years, GLO #3 - Complex Thinker
 - The vast majority shows that MES students were graded “sometimes.”
 - No students were graded with “consistently.”
- In all 3 years, GLO #4 - Quality Producer
 - The overwhelming trend shows that MES students were graded “sometimes.”
 - Very few students were graded with “consistently.”
- In all 3 years, GLO #5 - Effective Communicator
 - The strong trend shows that MES students were graded “sometimes.”
 - Very few students were graded with “consistently.”
- In all 3 years, GLO #6 - Effective and Ethical User of Technology
 - The trend shows that MES students were graded “usually” and “sometimes.”

1. Content/Topic of PD

- i. PD sessions were conducted during faculty meetings. Of these days, 21 PD sessions were extended.
- ii. Additional PD for classroom teachers including Data Teams, Small Group Instruction (SGI), and Data Analysis were held during scheduled Professional Learning Community (PLC) times offered at school.

2. Implementation Status of PD

- i. Many of the PD initiatives listed were started during the third year, SY: 2016-2017.

3. Patterns/Trends of PD

- i. The 21 days of extended faculty meetings set aside for PD, afforded our school the opportunity to provide progressive weekly learning sessions in areas of need and to comply with State initiatives that required teachers to be trained.
- ii. Our school planned and set aside sections of time for grade-level articulation.

PRIORITY STRATEGIES

a. Common Core State Standards (CCSS)

- i. MES uses CCSS for math and ELA. We are in the process of transitioning to Next Generation Science Standards (NGSS) for science. Social studies, P.E. and music classes are aligned with Hawaii Content and Performance Standards 3 (HCPS 3).

b. Comprehensive Student Support System/Response to Intervention (CSSS/RTI)

- i. This is our first year implementing RTI at MES. It is a whole school endeavor. We divided the school into two groups (K-3 and 4-6) and created three to four levelled groups per grade level (high, medium, and low) based on the STAR Universal Screener and teacher data. Every day, except Wednesday, from 12:50-1:20 pm, grades K-3 meet and from 1:25-1:55 pm, grades 4-6 meet with their RTI group lead teachers. On Mondays and Tuesdays, the focus is ELA and on Thursdays and Fridays, the focus is math.

c. Formative Instruction/Data Teams

- i. Grade levels meet in PLC/Data Teams approximately every 10 days when the Instructional Resource Augmentation (IRA) teachers service their grade level. They use these meetings to discuss pacing guides, test scores (STAR), and RTI groupings/intervention foci. Teachers analyze student work to determine a critical need, administer a baseline assessment, and determine specific strategies that will be the focus of their formative instruction which will in turn improve student performance.

d. Educator Effectiveness System (EES)

- i. At MES, we follow state mandates regarding the Educator Effectiveness System.

e. Induction and Mentoring

- i. Our induction and mentoring lead teacher receives training and meets with our new teachers to help them transition to our school. In addition, Grade Level Chairpersons (GLCs) provide daily support.

f. Academic Review Team (ART)

- i. Our ART is also the Leadership Team and meets weekly to review and plan schoolwide events and initiatives. We have recently started to conduct classroom walkthroughs to gain insight on student engagement and classroom environment using the

“Instructional Habits Rubric.” This allows us to acknowledge best teaching practices and provide suggestions to teachers on how to enhance student learning in their classroom.

PERCEPTION DATA

SELF-STUDY

Chapter 2

Progress Report

MES Marquee

Mokulele Elementary HIDOE/WASC Self-Study Report

Chapter II: Progress Report

New elementary schools do not need to complete this task related to accreditation, just an overall summary on the State's Priority Strategies in recent years.

This is MES's initial involvement in the HIDOE/WASC accreditation process. From SY 2014-2016, we implemented the state's six priority strategies. The areas below speak to the progress and challenges MES has addressed over the last few years.

Goal 1: Student Success

1. PRIORITY STRATEGY: Formative Instruction/Data Teams

- a. All students from grades K-6 have been assessed three times a year using our STAR universal screener for reading and math. For all three years, our scores in ELA generally show improvement from the beginning of the year to the middle of the year; however, they decrease from the middle of the year to the end of the year. We also provide formative instruction through our Stepping Stones(K-5)/Go Math(6) math programs and Wonders ELA program. Other supplemental programs we utilize include: Thinking Maps, Achieve 3000(2-6)/SmartyAnts(K-1), Accelerated Reader (AR), Wordly Wise, Front Row Education, and LEXIA; however, not all of these programs are used with fidelity throughout the whole school.
- b. This year, the Data Teams focus is on math and ELA, where grade level teams meet bi-monthly during IRA class sessions to analyze student work and make informed decisions on teaching and learning to improve student achievement. To help facilitate meeting sessions, teachers have an agenda they follow, as well as roles they assume (facilitator, recorder, timekeeper, active participant). Electronic data boards are created to show initial performance levels of each student. Teachers then implement differentiated strategies and continually reassess progress.
- c. Data Teams are being implemented schoolwide, but without true consistency and fidelity throughout. Therefore, close monitoring of Data Teams sessions will need to occur.

2. PRIORITY STRATEGY: Common Core State Standards (CCSS)

- a. MES continues to implement CCSS for math and ELA through the use of Stepping Stones/Go Math and the Wonders programs. Although our

teachers have received PD regarding these programs, our students' SBA scores have decreased. 62% of our students did not meet proficiency in math and 49% of our students did not meet proficiency in ELA in SY 2016-2017. Therefore, our academic focus will be on improving math and ELA achievement.

- b. By SY 2019-2020, MES will be transitioning to NGSS for science. Our science scores fluctuate yearly but remain in the 50-60% proficiency rate. In SY 2016-2017, 42% of our students were not proficient in science.
- c. To support our implementation of CCSS, pacing guides are being developed and continuously revised during grade level PLC time. This helps us with consistency, as well as helps us to spiral our curriculum so that we are systemic, organized, and efficient in our practices.

3. PRIORITY STRATEGY: Comprehensive Student Support (CSS)

- a. As a school, we need to improve in Smarter Balanced Assessment (SBA) achievement. In SY 2017-2018, MES's goal is to increase last year's performance scores by 3% in math and 3% in ELA. Grades 3-6 students will be introduced to SBA block assessments to practice for the SBA test to develop familiarity with assessment expectations. Furthermore, they are required to respond to Question 21 in Wonders weekly assessments, which gives them opportunities to practice SBA testing skills. SpEd students also receive access to and instruction in LEXIA in order to close the achievement gap.
- b. We started implementing a Response to Intervention (RTI) schedule in SY 2017-2018. Using the STAR universal screener assessment data, as well classroom observations and assessments, teachers plan for their students instructional needs. Students were divided into three to five different groups (low, medium, high) within their grade levels. These groups meet with their RTI teacher four times per week, where intervention strategies are provided in the areas of math and ELA. Students are progress monitored approximately every eight weeks. Our RTI program is slowly evolving as we work on streamlining the process and understanding and applying further appropriate levels of support to students in three tiers or levels of intervention.
- c. In SY 2016-2017, PD was provided on Small Group Instruction (SGI) to support teachers with Tier 2 interventions. We are continuing this practice during regular instructional time.

- d. Since SY 2013-2014, MES has been an AVID school. Many of our teachers have attended AVID summer institutes, as well as national AVID conferences. For the past four years we have achieved AVID Elementary Certification. The AVID mantra, “Proven Achievement. Lifelong Advantage” begins at MES. We have now incorporated various AVID strategies in each classroom. This includes daily organizational tool (DOT) binders, reading strategies, reflection logs, philosophical circles, and Socratic seminars. This year, we are working on schoolwide implementation of Costa’s Levels of Thinking and Questioning.

Goal 2: Staff Success

4. PRIORITY STRATEGY: Induction/Mentoring

- a. In SY 2017-2018, one of our senior teachers is serving as MES’s teacher mentor and has been working successfully with our four probationary teachers following Central District’s Kahikukala mentorship program.
- b. Another teacher is currently working towards achieving National Board Certification.

5. PRIORITY STRATEGY: Educator Effectiveness System (EES)

- a. EES is the process we use to evaluate teachers’ performance in the Hawaii State Department of Education to target supports for growth and improvement. Evaluations are differentiated for each teacher based on one of the following three categories they fall into: enhanced, standard, or streamlined. Evaluations can include core professionalism reflections, observations, working portfolios, Student Learning Objectives (SLOs), and/or School System Improvement Objectives (SSIOs). In addition, all teachers are required to develop an Individual Professional Development Plan (IPDP); however, this is not used for evaluation.
- b. All MES teachers have written at least one goal in their IPDP, focusing on student or personal professional growth. Based on what is written in a teacher’s IPDP, he/she is supported by administration through PD and/or other resources available.

Goal 3: Successful Systems of Support

6. PRIORITY STRATEGY: Academic Review Team (ART)

- a. MES’s ART meets weekly to monitor progress on our academic plan. As part of this task, we examine schoolwide performance data, review progress on the State’s six priority strategies, and review and implement the enabling activities in the academic plan. This year’s academic plan is a three year plan, which was created in SY 2016-2017. It is reviewed twice a year by our leadership team, and a report is sent to our complex

area superintendent. As this is a living document, revisions are made annually.

STRATEGIC PLAN 2017-2020:

Beginning in SY 2017-2018, a new State Strategic Plan was developed, where the state's six priority strategies were replaced with objectives. Our next steps will be to address the state's new objectives through the programs, initiatives, and processes we have in place at MES that are listed below.

GOAL 1: Student Success

- 1. OBJECTIVE 1: EMPOWERED. All students are empowered in their learning to set and achieve their aspirations for the future.**
 - a. AVID Writing, Inquiry, Collaboration, Organization, and Reading (WICOR)
 - b. Step-Up to Writing
 - c. Junior Police Officer (JPO) program
 - d. Teachers Request Officers on Patrol Safety (TROOPS) program
 - e. Student Council
 - f. Thinking Maps
- 2. OBJECTIVE 2: WHOLE CHILD. All students are safe, healthy, and supported in school, so that they can engage fully in high-quality educational opportunities.**
 - a. IRA classes (PE, music, technology, library)
 - b. TRIBES
 - c. Mindfulness
 - d. Intramurals/Extramurals
- 3. OBJECTIVE 3: WELL-ROUNDED. All students are offered and engage in a rigorous well-rounded education so that students are prepared to be successful in their post high-school goals.**
 - a. GLOs
 - b. Common Core State Standards
 - c. AVID
 - d. Science Technology Engineering Art and Mathematics (STEAM) lessons
 - e. Front Row Education
 - f. Wonders online
 - g. Stepping Stones
 - h. Achieve 3000/SmartyAnts
 - i. Accelerated Reader
 - j. STAR Universal Screener

4. OBJECTIVE 4: PREPARED AND RESILIENT. All students transition successfully throughout their educational experiences.

- a. TRIBES Ohana
- b. Mindfulness
- c. Anchored For Life (AFL)
- d. Middle School Orientation
- e. Pre-kindergarten transition to kindergarten
- f. AVID transition from elementary to middle school

GOAL 2: Staff Success

1. OBJECTIVE 1: FOCUS PROFESSIONAL DEVELOPMENT. Develop and grow employees to support student success and continuous improvement.

- a. PD offered during extended faculty meetings
 - i. PD integrating tech
 - 1. Chromebooks/Google Docs
 - 2. Google classroom
 - 3. Wonders PD
 - ii. RTI training
 - iii. Complex waiver day
 - 1. Breakout sessions
 - a. Technology integration
 - b. Science
 - i. STEAM
 - ii. NGSS
 - c. ELA
 - d. RTI
- b. EES
- c. Induction and Mentoring
- d. Data Teams/PLCs
- e. Walkthrough observations
- f. RTI implementation
- g. Teachers Teaching Teachers (TTT)

2. OBJECTIVE 2: TIMELY RECRUITMENT AND PLACEMENT. Timely recruitment and placement of applicants to better serve all students to address achievement gaps and attain equity.

- a. Interviewing and hiring

3. OBJECTIVE 3: EXPANDED PROFESSIONAL PIPELINE. Expand well-qualified applicant pools for all Hawaii educator positions and expand the number of candidates who are prepared to support student success objectives.

GOAL 3: Successful Systems of Support

1. OBJECTIVE 1: INNOVATION. Foster innovation and scaling of effective instructional and operational practices to meet and exceed our educational goals.

- a. 1:1 technology devices
 - i. Google Apps for Education (GAPE)
 - ii. Front Row Education
 - iii. Wonders online
 - iv. Stepping Stones
 - v. Achieve 3000/SmartyAnts
 - vi. Accelerated Reader
 - vii. STAR Universal Screener

2. OBJECTIVE 2: ADEQUATE AND EXPANDED RESOURCES. Secure adequate resources to support school and community-based plans for student success.

- a. Academic and Financial Plan
- b. Parent & community engagement
 - i. Flyer's Day
 - ii. Open House
 - iii. Coffee Hour
 - iv. SCC Meetings

3. OBJECTIVE 3: EFFICIENT AND TRANSPARENT SUPPORT. Increase efficiency and transparency of instructional and operational supports to promote student learning and help schools while stewarding public education resources.

- a. RTI
- b. CSSS
 - i. Reduction of incident referrals
- c. Social Emotional Learning (SEL) support
 - i. TRIBES
 - ii. Habits of Mind
 - iii. Mindfulness
- d. AVID

Mokulele Elementary School SELF-STUDY

Chapter 3

Implications of MES Profile and Progress Data

Chapter 3: Implications of Mokulele Elementary School Profile and Progress Data

Based on work completed in Tasks 1 and 2, Self-study Report, Chapter 3: Implications of MES Profile and Progress Data

1. What are the implications of the profile data with respect to student performance?
2. Select two to three student learning needs based on the data.
3. List important questions that have been raised by the analysis of student performance, demographic, and perception data.

The implications of the profile data with respect to student performance

Our data shows that our ELA and math proficiency scores increased between the school years 2014-2015 to 2015-2016. In the following school year 2016-2017, the ELA and math proficiency scores dropped. The data we analyzed has led us to conclude that we need to focus on improving both our ELA and math practices. Our scores in math are lower than in ELA, thus making math our main focus.

Students need behavioral support and a well-managed, orderly environment for effective learning. Based on MES's SQS, Tripod, and behavioral referral data our students show a need for an improved behavior support system. Improvements have been made through our new administration; however, we would like to continue our progress in developing support systems for our students.

MES students' performance in ELA and math and their need for behavior support, all relate to their ability to demonstrate critical thinking and problem-solving strategies. Therefore, we will focus on GLO 3: Complex Thinker.

- GLO 3: Complex Thinker

This GLO is a priority area for MES based on the following:

- 62% of our students did not meet proficiency in math.
- 48% of our students did not meet proficiency in ELA.
- GLO #3 - Complex Thinker, the overwhelming trend shows that most MES students were graded "sometimes" and "rarely," and no students were graded "consistently."

Student Learning Needs Based on the Data

<u>Learning Need</u>	<u>Related General Learner Outcome</u>
Math	<ul style="list-style-type: none"> ● Complex Thinker
ELA	<ul style="list-style-type: none"> ● Complex Thinker ● Effective Communicator
SEL	<ul style="list-style-type: none"> ● Community Contributor

Questions that have been raised by data

- What systems of support will we have to improve student participation and encourage critical thinking?
- What other supplemental program/strategy can we use to improve and/or monitor students' problem solving skills? (Front Row Education, Problem Solver, Singapore Math, etc.)
- What supports are needed to help develop captivating lessons to increase student engagement and participation?
- How do we better utilize our planning and collaboration time?
- If our school's focus is the whole child, then why are our students not performing at the "consistent" level for GLOs?
- How do we use data more effectively schoolwide?

Self-Study Findings

Category A: Organization

MES Daily Organization Tool (DOT) Binders

Category A: Organization

A1. Vision, Mission, and General Learner Outcomes Criterion

The school has a clearly stated vision and mission (purpose) based on student needs, current educational research, and the belief that all students can achieve at high academic levels. Guided by the State Strategic Plan and supported by tri-level leadership (state, complex area, school), the school’s purpose is defined further by academic standards, General Learner Outcomes (GLOs), and the school’s Academic Plan.

Vision, Mission, and General Learner Outcomes, Profile, Academic Plan

A1.1. Indicator: The school has established a clear, coherent vision and mission of what students should know and be able to do; the school’s Academic Plan is based upon high-quality standards and is congruent with research, practices, the student/community profile data, and a belief that all students can learn.

A1.1. Prompt: *Evaluate the degree to which the development of the school’s vision, mission, and Academic Plan has been impacted by pertinent student/community profile data, identified global competencies, and current educational research.*

Findings	Supporting Evidence:
<p>MES Mission Statement</p> <ul style="list-style-type: none"> MES has a clear vision and mission statement, which is based on the belief that all students will have the “skills, knowledge, and resiliency to be successful lifelong learners in a rapidly changing world.” <p>MES Vision Statement</p> <ul style="list-style-type: none"> “MES is a TRIBES school where all learners succeed in a safe, positive place that values relationships and relevant learning.” This vision and mission was developed ten years ago using a collaborative process, keeping in mind the community we serve, which is 98% military, and valid skills students need. 	<ul style="list-style-type: none"> TRIBES Vision and Mission Posters TRIBES Agreements Schoolwide Ohana Lessons STEAM Lessons/ Activities AVID Strategies MES Demographic Reports
<p>Academic Plan</p> <ul style="list-style-type: none"> Our Academic Plan is a three year plan that 	<ul style="list-style-type: none"> Academic Plan Parent Coffee Hour

<p>guides the implementation of the state complex initiatives paired with the current needs of our school. Our Academic Plan is a living document, which is reviewed twice a year and updated as needed. This document guides what we do to improve student performance and address the needs of our school community.</p> <ul style="list-style-type: none"> • Mokulele annually solicits input from different stakeholders to provide feedback on the Academic Plan. 	<ul style="list-style-type: none"> • School Community Council (SCC)
---	--

Development/Refinement of Vision, Mission, General Learner Outcomes, and Academic Plan

A1.2. Indicator: The processes to ensure involvement of representatives for the entire school community in the development/refinement of the vision and mission are effective.

A1.2. Prompt: *Evaluate the effectiveness of the processes that ensure involvement of the entire school community.*

Findings	Supporting Evidence:
<p>Stakeholder Involvement</p> <ul style="list-style-type: none"> • We are effective in ensuring the involvement of our entire school community through student/parent/community/school collaboration meetings to review and provide feedback on our Academic Plan annually. • Our SCC includes parents, students, certificated and classified staff, and community representatives. Monthly meetings are open to all stakeholders. Meeting dates are posted in parent bulletins, MES website, and on our school marquee. 	<ul style="list-style-type: none"> • Student Community Council (SCC) Meeting Minutes • Parent Coffee Hour Agendas • Marquee Messages • Monthly Newsletter • MES Website--SCC Link • MES Website--Calendar of Events • Lunch Menu (student dropdown)

Understanding of Vision, Mission, General Learner Outcomes, and Academic Plan

A1.3. Indicator: Students, parents, and other members of the school community demonstrate understanding of and commitment to the school’s vision and mission, General Learner Outcomes, and the Academic Plan.

A1.3. Prompt: *Evaluate the degree to which the school ensures that students, parents, and other members of the school’s community understand and are committed to the school’s vision, mission, General Learner Outcomes, and the Academic Plan.*

Findings	Supporting Evidence:
<p>Vision and Mission</p> <ul style="list-style-type: none"> ● 100% of our teachers have the MES vision and mission posted in their classrooms. It is also displayed in the office, in every student planner, our MES website, and MES monthly newsletter. 	<ul style="list-style-type: none"> ● Vision and Mission Posters ● School Website ● Monthly Newsletters ● Student Planner
<p>General Learner Outcomes (GLO)</p> <ul style="list-style-type: none"> ● 100% of our teachers have GLO statements posted in their classroom. The GLOs are incorporated into our curriculum and reinforced in all MES settings. ● 100% of our teachers (K-6) report progress on GLOs quarterly in report cards. 	<ul style="list-style-type: none"> ● GLO Posters ● Report Cards
<p>Academic Plan</p> <ul style="list-style-type: none"> ● 100% of our teachers and staff are given copies of our Academic Plan in the Faculty Binder at the beginning of the school year, when it is also reviewed. ● Our Academic Plan is also shared with our SCC. ● Our Academic Plan is available to the public for view on the HIDOE website. 	<ul style="list-style-type: none"> ● Faculty Binder ● SCC Meeting Minutes ● HIDOE Website

Regular Review and Revision

A1.4. Indicator: The school is implementing an effective process for regular review/revision of the school vision, mission, General Learner Outcomes, and the Academic Plan based on student needs in an evolving global society.

A1.4. Prompt: *Evaluate the effectiveness of the process for regular review/revision of the school vision, mission, General Learner Outcomes, and the Academic Plan.*

Findings	Supporting Evidence:
<p>Vision and Mission</p> <ul style="list-style-type: none"> • Our vision and mission statements have not been reviewed on a regular basis using a specific process. 	<ul style="list-style-type: none"> • Vision and Mission Statements
<p>Academic Plan</p> <ul style="list-style-type: none"> • Our Academic Plan is available to the public through the state website. It is reviewed by the faculty, staff and SCC annually. 	<ul style="list-style-type: none"> • Academic Plan • SCC Meeting Minutes • Faculty Binder
<p>GLOs</p> <ul style="list-style-type: none"> • GLOs are common mandated statewide student outcomes that have been established over several years, thus are not open for revision at this time. 	<ul style="list-style-type: none"> • State Strategic Plan

General Learner Outcomes and Vision and Mission

A1.5. Indicator: General Learner Outcomes and academic standards are reflected in the school's vision and mission.

A1.5. Prompt: *Evaluate the ways in which General Learner Outcomes and academic standards are reflected in the school's vision and mission.*

Findings	Supporting Evidence:
<p>Vision and Mission</p> <ul style="list-style-type: none"> • The academic standards and GLOs are 	<ul style="list-style-type: none"> • Vision and Mission Statements

<p>related to our vision and mission based on what is stated in our vision and mission statements (“provide our students with the skills, knowledge, and resiliency to be successful lifelong learners in a rapidly changing world.”)</p>	
<p>GLOs</p> <ul style="list-style-type: none"> • TRIBES, which is mentioned in our vision, reinforces the GLOs. 	<ul style="list-style-type: none"> • TRIBES Agreements • TRIBES Activities

A2. Governance Criterion

The school’s program and operations are in alignment with a) the Hawaii Board of Education’s policies and b) the Hawaii Department of Education rules, regulations, and procedures. The Board of Education delegates implementation and monitoring of these policies to the Hawaii Department of Education.

Understanding the Role of the Governing Authority (BOE, DOE State and Complex Area)

A2.1. Indicator: The school community understands the governing authority’s role including how stakeholders can be involved.

A2.1. Prompt: *To what degree does the school community understand the governing authority’s role, including how stakeholders can participate in the school’s governance?*

Findings	Supporting Evidence:
<p>Stakeholder Involvement</p> <ul style="list-style-type: none"> • Our school community understands the roles of the BOE, DOE State Level Offices, and Complex Areas, including how stakeholders (parents, students, faculty, staff, community members) can participate in our school’s governance. This occurs during faculty and staff meetings, Lotus Notes correspondence, letters sent home through You’ve Got Mokulele Mail (YGMM) folders, school newsletters, SCC meetings, Parent Coffee Hour meetings, and surveys. • All faculty, staff, and parents are notified of 	<ul style="list-style-type: none"> • Flyer’s Day Meet and Greet • SCC Meeting Minutes • YGMM Folders • MES Newsletters • Lotus Notes Correspondence • DOE Memos and Notices • SQS Survey • Faculty Meeting Agendas • Opening of the School

<p>BOE and DOE policies, laws, rules, and regulations they are responsible for following through mandated principal dissemination of information directed by the BOE, state superintendent, and complex area superintendent.</p> <ul style="list-style-type: none"> • MES follows inclusive processes for discussion and decision making through our principal’s solicitation of feedback and use of feedback as a means to make final schoolwide decisions. 	<p>Year Packet</p>
---	--------------------

Relationship Between Governing Authority and School

A2.2. Indicator: The school’s stakeholders understand the relationship between the governing authority’s decisions, expectations, and initiatives that guide the work of the school.

A2.2. Prompt: *Provide examples of how stakeholders understand the relationship between the governing authority’s decisions, expectations, and initiatives that guide the work of the school.*

Findings	Supporting Evidence:
<p>Stakeholder Understanding</p> <ul style="list-style-type: none"> • Expectations from the state, district, and school are shared through the State Strategic Plan, DOE memos and notices, and Opening of the School Year Packet. • Stakeholders within the school community are informed of decisions, expectations and initiatives through faculty and staff meetings, SCC meetings, Parent Coffee Hour meetings, You’ve Got Mokulele Mail (YGMM) folders, school newsletters, HIDOE website, and MES website. 	<ul style="list-style-type: none"> • State Strategic Plan • DOE Memos and Notices • Opening of the Year Packet • Faculty and Staff Meeting Minutes • SCC Meeting Minutes • Parent Coffee Hour Agendas • YGMM Folders • MES Newsletters • HIDOE Website • MES Website

Faculty, Staff, and Governing Authority

A2.3. Indicator: There is clear understanding about the relationship between the governing authority and the responsibilities of the faculty and staff.

A2.3. Prompt: *To what degree is there clear understanding about the relationship between the governing board and the responsibilities of the faculty and staff?*

Findings	Supporting Evidence:
<p>DOE Expectations</p> <ul style="list-style-type: none"> ● There is a clear understanding about the relationship between the governing board and the responsibilities of the faculty and staff. ● Policies set forth by the BOE are implemented by the DOE. Administration is responsible for communicating expectations, and our entire school is responsible for implementing set policies. ● Faculty and staff are aware of their responsibilities to implement the state’s goals via the State Strategic Plan. ● All documents and State’s DOE requirements are reviewed, acknowledged, and implemented throughout the school year. 	<ul style="list-style-type: none"> ● Faculty Meetings Minutes ● SCC Meeting Minutes ● DOE Memos and Notices ● Opening of the Year Packet ● State Strategic Plan
<p>Academic Review Team (ART)</p> <ul style="list-style-type: none"> ● Our ART/leadership team provides support to our teachers and students to ensure all state and complex initiatives are implemented. Our team meets weekly to review and implement systems and practices that improve student achievement, then submits a self-evaluation to the complex area superintendent at the middle and end of each school year. 	<ul style="list-style-type: none"> ● ART Agendas and Minutes ● Academic Plan Progress Report

A3. Leadership and Staff Criterion--Data-Informed Decision-Making

Based on multiple sources of data, the school leadership and staff make decisions and initiate activities that focus on all students achieving the General Learner Outcomes and academic standards. The school leadership and staff annually monitor and refine the Academic Plan based on the analysis of data to ensure alignment with student needs.

Broad-Based and Collaborative Planning Process

A3.1. Indicator: The school’s planning process is broad-based, collaborative, and has the commitment of the stakeholders, including the staff, students, and parents.

A3.1. Prompt: *Comment on the effectiveness of the school planning process to ensure that it is broad-based, collaborative, and fosters the commitment of the stakeholders, including the staff, students, and parents.*

Findings	Supporting Evidence:
<p>School Planning Process</p> <ul style="list-style-type: none"> ● MES’s planning process is highly effective in that it is broad-based, collaborative, and fosters the commitment of the stakeholders including the faculty, staff, students, parents, and community members. ● Relevant support staff members (educational assistants, custodians, cafeteria staff, office staff, casual hires) are also included in school wide meetings as appropriate. 	<ul style="list-style-type: none"> ● Faculty Meeting Minutes
<p>Academic and Financial Plan</p> <ul style="list-style-type: none"> ● Our Academic and Financial Plan development process is cyclical and includes stakeholder input and review. This occurs during SCC meetings, faculty meetings, and ART meetings. ● Academic Plan is progress monitored twice per year. ● Parents, students, and community members are involved in the planning process through SCC meetings; however, involvement is minimal when input and feedback is solicited. 	<ul style="list-style-type: none"> ● Academic Plan Progress Report ● SCC Meeting Minutes

<p>Data Teams</p> <ul style="list-style-type: none"> Data Team/PLC meetings are held approximately twice a month during IRA time. They involve grade level groups and while SpEd teachers are invited to attend, their schedules do not permit it. To address this, we are planning to adjust the faculty meeting schedule next year to include dedicated SpEd/Gen. Ed. articulation. 	<ul style="list-style-type: none"> Data Team/PLC Agenda and Minutes
<p>Vertical Articulation</p> <ul style="list-style-type: none"> During faculty meetings, grade levels share what they do in their grade level. We are working on improving our vertical articulation process in order to review schoolwide academic goals and spiral curriculum more effectively. 	<ul style="list-style-type: none"> Faculty Meeting Minutes Grade Level Created Charts

Correlation between Student Learning and the Academic Plan

A3.2. Indicator: The analysis of multiple sources of data (e.g., demographic, student achievement, perpetual process) guides the school’s Academic Plan.

A3.2. Prompt: *How does the school ensure that the analysis of multiple sources of data, General Learner Outcomes, and academic standards are incorporated into the Academic Plan and impact the development, implementation, and monitoring of the plan?*

Findings	Supporting Evidence:
<p>Academic Plan</p> <ul style="list-style-type: none"> The GLOs, Common Core State Standards (CCSS), student achievement data, and perception data drives the development of our Comprehensive Needs Assessment (CNA), which in turn is used to develop our Academic Plan. Progress of our Academic Plan is monitored twice per year by our ART. 	<ul style="list-style-type: none"> Comprehensive Needs Assessment (CNA) Academic Plan Academic Plan Progress Report Strive HI Data ART Leadership Meeting Minutes
<p>PLC/Data Team</p> <ul style="list-style-type: none"> MES is committed to ensuring student achievement. The school continues to improve practices and strategies to analyze 	<ul style="list-style-type: none"> PLC/Data Team Minutes Data Team Charts

<p>student data to drive our schools' academic focus, programs, organization, leadership, PD, and student activities. Much of this occurs through facilitation of PLC/Data Team meetings.</p>	
---	--

Alignment of All Resources and the Academic Plan

A3.3. Indicator: There is correlation between the allocation of time/fiscal/personnel/material resources and the implementation, monitoring, and accomplishment of the Academic Plan.

A3.3. Prompt: *Evaluate the degree to which the allocation of all resources supports the implementation, monitoring, and accomplishment of the Academic Plan.*

Findings	Supporting Evidence:
<p>Allocation of Resources</p> <ul style="list-style-type: none"> ● The DOE provides funding for all public schools in Hawaii based on a weighted student formula (WSF) or per-pupil allocation, which is based on legislative funding. Due to fluctuating enrollment over recent years, the budget has also fluctuated. ● 100% of available resources are allocated appropriately to support the implementation, monitoring, and accomplishment of our Academic Plan. ● The school budget is primarily used for personnel (92%), and the remainder for resources, supplies, operational expenses, classroom materials, and PD. 	<ul style="list-style-type: none"> ● Academic and Financial Plan ● Financial Report ● WSF/Non-WSF Report

Progress Monitoring of the Academic Plan

A3.4. Indicator: The school’s Leadership Team/Academic Review Team has defined roles and responsibilities and monitors the progress of the implementation of the Academic Plan.

A3.4. Prompt: *Comment on the roles and responsibilities of the school’s Leadership Team/Academic Review Team. Evaluate the degree to which this team monitors the progress of the implementation of the Academic Plan.*

Findings	Supporting Evidence:
<p>Leadership Team</p> <ul style="list-style-type: none"> The Leadership Team meets weekly to discuss any concerns that are school-related; monitor, plan, and execute schoolwide activities; and review contents of the weekly bulletin. 	<ul style="list-style-type: none"> Weekly Bulletin
<p>ART</p> <ul style="list-style-type: none"> The ART monitors our Academic Plan. This occurs twice per year through an Academic Plan Progress Report that is completed and submitted to our complex area superintendent where feedback is then provided to us on our progress. Weekly meetings provide our ART with the opportunity to review implementation of the Academic Plan. However, this needs to be done with greater fidelity. 	<ul style="list-style-type: none"> Academic Plan Academic Plan Progress Report ART Agendas/Minutes

School Community Council

A3.5. Indicator: The School Community Council (SCC) reviews and monitors the Academic Plan, and provides opportunities for stakeholder input and feedback.

A3.5. Prompt: *To what extent does the SCC review and monitor the Academic Plan and provide opportunities for stakeholder input and feedback?*

Findings	Supporting Evidence:
<p>SCC</p> <ul style="list-style-type: none"> The SCC, which has representation from all 	<ul style="list-style-type: none"> SCC Meeting Minutes SCC Sign-in sheets

<p>stakeholder groups, is a forum for exchanging ideas on improving student achievement. The council meets monthly and are expected to review the Academic Plan to monitor the school’s progress and suggest feedback for improvement.</p> <ul style="list-style-type: none"> • These meetings clarify questions and provide answers about academic initiatives and school related topics. 	
---	--

A4. Leadership and Staff Criterion--Schoolwide Organization for Student Achievement

A qualified staff facilitates the achievement of the General Learner Outcomes, academic standards, and the successful implementation of the Academic Plan through a system of preparation, induction, and ongoing professional development.

Qualifications of Staff

A4.1. Indicator: The school implements state personnel policies and procedures to ensure that staff are qualified based on background, training, and preparation.

A4.1. Prompt: *Evaluate the procedures to ensure all staff members in all programs are qualified for their responsibilities within any type of instruction to ensure quality student learning and teaching.*

Findings	Supporting Evidence:
<p>Qualified Staff/Hiring</p> <ul style="list-style-type: none"> • MES follows DOE employee policies and practices. Applicants seeking employment in teaching submit an application to the DOE teaching recruitment office. The Personnel Regional Officer (PRO) for Central District provides personnel lists for the principal to schedule interviews. The school follows the interviewing and hiring procedures set by the DOE. • Our principal interviews and hires teachers and other personnel based on certification and work experience. The ability to collaborate and communicate in a timely manner and work with others is highly regarded, since teamwork is a main focus of 	<ul style="list-style-type: none"> • School Status and Improvement Report (SSIR) • The following can only be accessed by the principal <ul style="list-style-type: none"> ○ Hawaii State Teacher Standards Board License ○ Individual Transcripts ○ Office of Human Resources (OHR) Certificated Employment List

<p>our school. Our principal also seeks educators who will engage learners in higher level thinking and has the passion for lifelong learning.</p> <ul style="list-style-type: none"> ● In SY 2014-2017, 100% of the general education and special education teachers at MES were HQT (Highly Qualified Teachers). This year, SY 2017-2018, the state changed the criteria to Hawaii Qualified Teachers. Under this new policy, 24% (6) were not considered Hawaii Qualified and 76% (19) are considered HQT. 	<ul style="list-style-type: none"> ○ Employment Lists Provided by DOE Human Resources ○ Applications ○ Resumes ○ Praxis Scores ○ Diplomas

Instructional Materials and Equipment

A6.5. Indicator: The policies and procedures for acquiring and maintaining adequate instructional materials and equipment, such as textbooks, other printed materials, audio-visual, support technology, manipulatives, and laboratory materials are effective.

A6.5. Prompt: *Evaluate the effectiveness of the policies and procedures for acquiring and maintaining adequate instructional materials and equipment, such as technology tools and software, the support systems for technology software, textbooks, and other printed materials, manipulatives, and laboratory materials.*

Findings	Supporting Evidence:
<p>Procurement Procedures</p> <ul style="list-style-type: none"> ● MES effectively follows all state mandated DOE policies and procedures for acquiring and maintaining adequate instructional materials and equipment. Purchases are driven by the Academic and Financial Plan. 	<ul style="list-style-type: none"> ● State Procurement Procedures ● Academic and Financial Plan

Qualified Personnel

A6.6. Indicator: Resources are available to hire and retain qualified personnel for all programs.

A6.6. Prompt: *Determine if resources are available to hire and retain qualified personnel for all programs.*

Findings	Supporting Evidence:
<p>Resources for Personnel</p> <ul style="list-style-type: none"> ● The financial resources needed for the hiring and retention of qualified staff at the school are determined by the allocations given from the state based on WSF funding, which is based on legislative funding. Thus, resources are available to hire and retain qualified personnel for all programs. ● MES spends the majority of its funds on personnel (92%). 	<ul style="list-style-type: none"> ● Financial Report <ul style="list-style-type: none"> ○ WSF Budget ○ Non-WSF Budget

**HIDOE/ACS WASC Category A. Standards-Based Student Learning:
Organization: Summary, Strengths, and Growth Areas**

Review all the findings and supporting evidence and summarize the degree to which the criteria in Category A are being met.

Include comments about the degree to which these criteria impact the school's ability to address one or more of the identified student learning needs (Chapter III).

Summary (including comments about the student learning needs)

At MES, improving student achievement is a focus; however, we need to monitor the implementation of PD and the Academic Plan, as well as monitor the progress of grade level Data Teams with greater fidelity. Although there is a strong vision and mission statement that guides our school, we need to revisit and review these statements annually with all stakeholders. Many opportunities are provided for parent and community involvement; however, participation in all schoolwide activities needs to be improved. Administration effectively communicates state mandated initiatives, policies, and procedures, which are followed with fidelity.

Prioritize the strengths and areas of growth for Category A.

Category A: Organization: Vision and Purpose, Governance, Leadership, Staff and Resources: Areas of Strength

- Improving student achievement is a focus.
- Administration/Principal effectively communicates state mandated initiatives to faculty, staff, and stakeholder members.
- State mandated policies and procedures are followed.
- Many opportunities for parent and community involvement in school are provided.
- Strong vision and mission statement that relates to students and aligns to standards and GLOs.

Category A: Organization: Vision and Purpose, Governance, Leadership, Staff and Resources: Areas of Growth

- Monitor the implementation of PD and the Academic Plan, as well as monitoring the progress of grade level Data Teams with greater fidelity.
- Re-evaluate methods of increasing all stakeholder (including teacher) participation in schoolwide activities and decisions as attendance/volunteers/input are minimal.
- Revisit vision and mission statements so that it remains relevant to present and future needs of the students.

Chapter 4

Self-Study Findings

Category B: Standards-based Student Learning: Curriculum

AVID Bulletin Board

Category B: Standards-based Student Learning: Curriculum

B1. Curriculum Criterion

All students participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the General Learner Outcomes, academic standards, and priorities identified in the Academic and Financial Plan.

Current Educational Research and Thinking

B1.1. Indicator: The school provides examples that document the effective use of current educational research related to the curricular areas in order to maintain a viable, meaningful instructional program for students.

B1.1. Prompt: *Comment on the effective use of current educational research related to the curricular areas to maintain a viable, meaningful instructional program for students. Examine the effectiveness of how the school staff stay current and revise the curriculum as needed.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● We maintain a viable, meaningful instructional program for students and are effective in what we do because we continually tailor our PD to stay current and relevant in order to meet our needs. 	
<p>Professional Development (PD)</p> <ul style="list-style-type: none"> ● PD is planned and designed based on current curriculum standards (CCSS, HCPS III, and the Hawaii Early Learning and Development Standards [HELDS] for preschool) and is aligned to the State Strategic Plan and our Academic Plan. ● We need to be more intentional in sharing and following through on what is learned when selected groups of teachers attend PD trainings off campus, so everyone will stay current and relevant. 	<ul style="list-style-type: none"> ● Faculty/PD Meeting Minutes ● Faculty Sign in sheets ● PD <ul style="list-style-type: none"> ○ Achieve 3000/Smarty Ants <ul style="list-style-type: none"> ■ Sara Bhonsale - whole staff training ○ Front Row <ul style="list-style-type: none"> ■ Whole staff ○ Wonders Training <ul style="list-style-type: none"> ■ Selected teachers ○ Response to Intervention (RTI)

	<ul style="list-style-type: none"> ○ Hawaii Department of Education's Longitudinal Data System (LDS) ● State Strategic Plan ● MES Academic Plan ● Standards <ul style="list-style-type: none"> ○ CCSS ○ HCPS III ○ HELDS ● Universal Screener: STAR Reading <ul style="list-style-type: none"> ○ Selected teachers ● TTT <ul style="list-style-type: none"> ○ Google Training (Grades 2-6):
<p>SpEd PD</p> <ul style="list-style-type: none"> ● PD is provided for the SpEd Department to best meet the needs of their students. 	<ul style="list-style-type: none"> ● Zoo Phonics (Preschool) ● Lexia (K-6) ● Sondag (PK-6) - (SY 2017-2018)
<p>Research Based/Best Practices Support</p> <ul style="list-style-type: none"> ● MES stays current by incorporating the latest educational research. ● All the schools in the Radford complex, including MES, have adopted AVID. AVID is used to prepare our students to be successful in school and be college and career ready. ● Thinking Maps are also used to teach organizational skills. ● TRIBES and Mindfulness are research based Social Emotional Learning (SEL) programs used at MES to foster the social development and well-being of our students. 	<ul style="list-style-type: none"> ● AVID ● Thinking Maps ● TRIBES ● Mindfulness
<p>PLC/Data Teams</p> <ul style="list-style-type: none"> ● MES also stays current and relevant and revises the curriculum as needed through the work that is accomplished in PLCs and Data Teams. 	<ul style="list-style-type: none"> ● PLC/Data Team Minutes ● Pacing Guides

<p>Survey Data</p> <ul style="list-style-type: none"> • Survey data is considered in the use and nonuse of curriculum programs. For example, 16% of teachers felt the “IXL” program was effective, while 84% felt it was somewhat to not effective. • Consequently, this helped us decide on discontinuing use of IXL for our students and explore the implementation of a more current and relevant program, Front Row Education 	<ul style="list-style-type: none"> • IXL to Front Row Education • Survey Data FOL B
--	---

Academic Standards for Each Subject Area

B1.2. Indicator: The school consistently implements, within and across grade levels or departments, General Learner Outcomes and academic standards for each subject area, course, and/or program that ensure the same high expectations for all students.

B1.2. Prompt: *Evaluate to what extent clearly articulated General Learner Outcomes and academic standards for each subject area, course, and/or program are consistently implemented within and across grade levels or departments that ensure the same high expectations for all students.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> • MES clearly articulates the GLOs and academic standards across grade levels to ensure high expectations for all students. 	
<p>Standards</p> <ul style="list-style-type: none"> • ELA and mathematics curriculum are based on the CCSS. Other areas such as social studies, science, PE, music, health, and art are based on HCPS III. Preschool bases their curriculum on HELDS. • Teachers post and refer to standards and learning targets being addressed in the lessons they teach. However, this needs to be demonstrated on a more consistent basis. 	<ul style="list-style-type: none"> • Standards <ul style="list-style-type: none"> ○ CCSS ○ HCPS III ○ HELDS • Walkthrough Feedback
<p>Pacing Guides</p> <ul style="list-style-type: none"> • Through PLC/Data Teams, we are working on grade level pacing guides to stay current 	<ul style="list-style-type: none"> • Pacing Guides • Vertical Alignment Observation/Documents

<p>and revise our curriculum as needed; however, more time devoted to vertical alignment PK-6 is needed.</p>	
<p>GLOs</p> <ul style="list-style-type: none"> ● GLOs are addressed in connection with the Habits of Mind initiative. ● GLOs are embedded in all curriculum areas and assessed. ● GLOs are also addressed through TRIBES, schoolwide lessons (Ohana lessons), and AVID strategies. Although GLOs are being addressed in each lesson, we need to be more mindful of articulating them. ● We need to strive towards consistency in how we evaluate students on the GLOs. 	<ul style="list-style-type: none"> ● GLO/HOM Posters ● Quarterly Recognition Awards/Assembly ● Student Report Cards ● TRIBES ● Ohana Lessons ● AVID

Congruence

B1.3. Indicator: The school has mapped/paced written curricula in all content areas that are congruent to the academic standards and the General Learner Outcomes.

B1.3. Prompt: *Evaluate the extent to which there is congruence between written curriculum and the actual concepts and skills taught, the academic standards and the General Learner Outcomes.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● Finding congruence between written standards and what is actually taught is an ongoing process, which we address in PLCs and Data Teams. 	
<p>Pacing Guides</p> <ul style="list-style-type: none"> ● Teachers work in grade level teams to develop pacing guides for ELA and math. They also participate in Data Teams to inform their instruction. 	<ul style="list-style-type: none"> ● Pacing Guides ● PLC/Data Team Minutes
<p>Report Cards</p> <ul style="list-style-type: none"> ● Student report cards evaluate the standards and GLOs that are being taught. 	<ul style="list-style-type: none"> ● Student Report Cards

Student Work- Classroom Learning Targets

B1.4 Indicator: The examination of student work samples and the observation of student engagement demonstrate the implementation of a standards-based curriculum and the General Learner Outcomes.

B1.4 Prompt: *Evaluate to what extent the examination of student work samples and observed student engagement demonstrate the implementation of a standards-based curriculum and the General Learner Outcomes.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> The examination of student work samples and observed student engagement at MES demonstrates implementation of standards-based curriculum and the GLOs as evidenced by: 	
<p>Data Teams</p> <ul style="list-style-type: none"> Data Teams provide teachers with the opportunity to make informed decisions on teaching and learning based on student work. During this process, teams analyze student work, set Specific Measurable Attainable Results-oriented Time-bound (SMART) goals, select teaching strategies, and determine result indicators for success. They also reflect on their teaching practices. 	<ul style="list-style-type: none"> Data Team Minutes Student Work Samples
<p>Student Led Conferences</p> <ul style="list-style-type: none"> Our student led conferences culminate a year's worth of learning, as students communicate to their families their best work and progress made throughout the school year. GLO 4: Quality Producer and GLO 5 Effective Communicator are demonstrated. 	<ul style="list-style-type: none"> Student Evidence Binders Student Led Conference Student Script/Agenda
<p>MES Showcase</p> <ul style="list-style-type: none"> Our annual MES showcase in the second semester emphasizes GLO 1: Self Directed Learner, GLO 3: Complex Thinker, GLO 4: Quality Producer, and GLO 6: Effective and Ethical User of Technology. Upper grades 	<ul style="list-style-type: none"> Student Creations/Projects

<p>also focus on GLO 5: Effective Communicator. MES chooses a schoolwide subject area to focus on for student projects to display at the showcase.</p>	
<p>STEM/STEAM Lessons</p> <ul style="list-style-type: none"> ● For the past three years (SY 2014-2017) during Ohana groups, STEM lessons were conducted once a quarter. ● SY 2016-2017, MES and the 17th Operational Weather Squadron collaborated on a STEM lesson for the students. ● Ohana groups consist of at least one student from each grade level (K-6) and meet together to do activities. ● In SY 2017-2018, STEM/STEAM evolved, where lessons were conducted in grade level groups rather than Ohana groups, as this was more developmentally appropriate for our students. Lessons were based on preselected topics. ● Ohana groups focus shifted back to team/community building (TRIBES) activities. 	<ul style="list-style-type: none"> ● Photos of STEM/STEAM Activities ● STEM/STEAM Lesson Plans ● Student Work Samples
<p>Habits of Mind/GLO Recognition</p> <ul style="list-style-type: none"> ● Each quarter, two students from each classroom are selected and recognized at the quarterly awards assembly for consistently demonstrating an observed selected Habit of Mind and GLO. 	<ul style="list-style-type: none"> ● Assembly Schedule ● Student Awards
<p>Bulletin Boards</p> <ul style="list-style-type: none"> ● In the classroom, teachers display student work samples of standards-based work. 	<ul style="list-style-type: none"> ● Standards-based Student Work Samples
<p>AVID</p> <ul style="list-style-type: none"> ● AVID is utilized in MES to provide the students' the skills to become college and career ready. With AVID, students are exposed to various strategies in reading, note taking, organizing, and other college and career skills. ● This overlaps with GLO #1: Self-directed Learner. 	<ul style="list-style-type: none"> ● Daily Organization Tool (DOT) Binder ● Note Taking Strategies ● Reading Comprehension Strategies ● MES AVID Evidence Binder ● Do, Learn, Interesting, Question (DLIQ) Reflection

<p>Wonders</p> <ul style="list-style-type: none"> Wonders is a state mandated reading program, which aligns to the CCSS for ELA. 	<ul style="list-style-type: none"> Wonders Work Samples and Assessments
<p>Stepping Stones/Go Math</p> <ul style="list-style-type: none"> Stepping Stones and Go Math are state mandated math programs, which are aligned to the CCSS for math. 	<ul style="list-style-type: none"> Stepping Stones/Go Math Work Samples and Assessments

Accessibility of All Students to Curriculum

B1.5 Indicator: A rigorous, relevant, and coherent curriculum is accessible to all students through all courses/programs offered. The school examines the demographics and needs of students throughout the class offerings. The school’s instructional practices and activities facilitate access and success for all students.

B1.5 Prompt: *Evaluate students’ access to a rigorous, relevant and coherent curriculum across all programs. To what extent do the instructional practices of teachers and other activities facilitate access and success for all students?*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> All students have access to a rigorous, relevant, and coherent general education curriculum across all programs. 	
<p>Technology</p> <ul style="list-style-type: none"> Access to technology and their programs are provided to all our students in grades K-6 to ensure their success. 	<ul style="list-style-type: none"> 1 to 1 Chromebooks (Gr. 2-6) Computer Labs Computer Programs <ul style="list-style-type: none"> Coding Achieve 3000 <ul style="list-style-type: none"> Kidbiz (2-6) Smarty Ants (K-1) STAR Reading and Math Front Row Education Accelerated Reader (AR)

<p>IRA Classes</p> <ul style="list-style-type: none"> • Students participate in music, PE, and technology classes, which provide them with well rounded education opportunities. 	<ul style="list-style-type: none"> • IRA Schedule • Standards and GLOs
<p>STAR Universal Screener</p> <ul style="list-style-type: none"> • STAR Reading is a universal screener used to determine individual student growth in ELA and next steps in providing teachers with additional instructional strategies and skills, which will help all students. 	<ul style="list-style-type: none"> • Universal Screener Data • SpEd Monthly Assessments
<p>Small Group Instruction (SGI)</p> <ul style="list-style-type: none"> • Teachers examine SBA scores, STAR universal screener data, classroom assessments, and observations to place their students in small groups to target areas of need so that each area of growth is addressed. • Through PD during PLC and faculty meetings Teachers Teaching Teachers (TTT) may be used as a vehicle to build confidence in implementing SGI. 	<ul style="list-style-type: none"> • Walkthrough Data • Observation Data
<p>RTI</p> <ul style="list-style-type: none"> • Students are divided into three to five different groups (low, medium, high) within their grade levels based on results from performance on our STAR universal screener, as well as performance in class. • These groups meet with their RTI teacher four times per week, where intervention strategies are provided in the areas of math and ELA. • Students are progress monitored approximately every eight weeks. 	<ul style="list-style-type: none"> • RTI Binder <ul style="list-style-type: none"> ○ RTI Schedule ○ RTI Groups ○ STAR Assessment Scores
<p>PLC/Data Teams</p> <ul style="list-style-type: none"> • Teachers examine student work to determine next steps in planning curriculum to help all students to be successful. 	<ul style="list-style-type: none"> • Data Boards • PLC/Data Team Minutes
<p>SpEd</p> <ul style="list-style-type: none"> • SpEd students have additional resources that provide instructional strategies, skills, and 	<ul style="list-style-type: none"> • Lexia Data • Sonday Data

materials tailored to their learning needs.	
<p>English Language Learners (ELL):</p> <ul style="list-style-type: none"> The ELL program uses the World-Class Instructional Design Assessment (WIDA) to advance academic language development and academic achievement for children who are culturally and linguistically diverse. It is a diagnostic tool to determine level of services students require. From there the ELL teacher uses STAR data and teacher input to determine how she will help students gain. 	<ul style="list-style-type: none"> WIDA STAR Data
<p>Speech</p> <ul style="list-style-type: none"> The speech program uses many different ways of helping students with speech difficulties including the Pictures Exchange Communication System (PECS). 	<ul style="list-style-type: none"> Pictures Exchange Communication System (PECS)

Integration Among Disciplines

B1.6 Indicator: There is curriculum integration among disciplines at the school.

B1.6 Prompt: *Evaluate to what extent there is curriculum integration among disciplines.*

Findings	Supporting Evidence:
<p>Curriculum Integration</p> <ul style="list-style-type: none"> Per the MES staff “Curriculum Survey” results, the data shows that 73% of the staff integrate multiple subjects “more than once a week” within their teaching and 27% of the staff implement multiple subjects “once a week”. This data implies that the integration of other subject areas is an overall strength of the MES staff. Evidence from the “Curriculum Survey” also suggests that 100% of the staff participated in the MES Showcase that highlights multiple subject areas. 	<ul style="list-style-type: none"> Curriculum Survey Student Work Samples

<p>STEM/STEAM</p> <ul style="list-style-type: none"> All students in grades PK-6 participate in STEM/STEAM lessons integrating science, technology, engineering, art and mathematics. 	<ul style="list-style-type: none"> Ohana Groups (SY 2014-2017) Work Samples STEAM (SY 2017-2018) Work Samples
---	---

Curricular Development, Evaluation, and Revisions

B1.7 Indicator: The school assesses its curriculum review and evaluation processes for each program area to ensure student learning needs are met through a challenging, coherent, and relevant curriculum. The assessment includes the degree to which there is involvement of key stakeholders. *(For elementary schools: The schools articulate regularly within the complex to ensure the implementation of the K-12 construct and complex curricular initiatives.)*

B1.7 Prompt: *Comment on the effectiveness of the school’s curriculum review and evaluation processes to ensure student learning needs are being met. Include comments regarding the extent to which there is involvement of key stakeholders. (For elementary schools: share examples of articulation with other schools within the complex, including comments on the regularity and effectiveness of these efforts. What has been learned from the follow-up of the K-12 construct and others regarding the effectiveness of complex curricular initiatives?)*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> As the Wonders program and Stepping Stones and Go Math programs are state mandated, currently there is no curriculum review and evaluation process. 	
<p>SCC</p> <ul style="list-style-type: none"> The SCC consists of representation from all stakeholder groups (parents, students, faculty, and community members) and serves as a forum for exchanging ideas on improving student achievement. This occurs during monthly meetings. A major task of the SCC is to provide input into the Academic Plan. 	<ul style="list-style-type: none"> SCC Agendas and Minutes

<p>Complex Meetings</p> <ul style="list-style-type: none"> Through the monthly Curriculum Coordinators' (CC) and Technology Coordinators' (TC) Meetings, discussions regarding K-12 construct and effectiveness of complex curricular initiatives occur. 	<ul style="list-style-type: none"> CC Agendas and Meeting Minutes TC Agendas and Meeting Minutes
--	--

Articulation and Follow-up Studies

B1.8 Indicator: The school articulates regularly with other schools within the complex and/or local colleges and universities. The school uses follow-up studies of graduates and others to learn about the effectiveness of the curricular program.

B1.8 Prompt: *Share examples of articulation with other schools within the complex and/or local colleges and universities, including comments on the regularity and effectiveness of these efforts. What has been learned from the follow-up studies of graduates and others regarding the effectiveness of the curricular program?*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> MES articulates regularly with other schools in our complex. 	
<p>Radford Complex Waiver Day</p> <ul style="list-style-type: none"> In SY 2017-2018, the Radford Complex Waiver Day was coordinated as a PD day through articulation with other schools within the complex and was aligned to complex initiatives. B2. Curriculum Criterion- Planning and Monitoring Student Learning Plans

All students have equal access to the school’s entire program and assistance with a personal learning plan to prepare them for the pursuit of their academic, personal, and school-to-career goals.

Variety of Programs- Full Range of Choices

B2.1. Indicator: All students are able to make appropriate choices and pursue a full range of college/career and/or other educational options. The school provides career awareness, exploration, and preparation to promote college and career readiness. *(For elementary schools: The school provides students with opportunities for career and/or college readiness exploration and preparation.)*

B2.1. Prompt: *How effective are the processes to allow all students to make appropriate choices and pursue a full range of college/career and/or other educational options? Discuss how the school ensures effective opportunities for career awareness, exploration, and preparation to promote college and career readiness. (For elementary schools: Discuss how the school ensures effective opportunities for career exploration to promote college and career readiness. Ex. AVID, STEM, etc.)*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● MES teachers use various strategies and materials to effectively prepare their students for college and career readiness skills. 	<ul style="list-style-type: none"> ● FOL B Curriculum Survey

<p>IEP Progress Reports</p> <ul style="list-style-type: none"> In addition to annual IEP meetings, IEP progress reports are ongoing to monitor whether SpEd students have met their goals and objectives outlined in their IEPs. 	<ul style="list-style-type: none"> IEP Progress Reports

Transitions

B2.4. Indicator: The school implements strategies and programs to facilitate transition to the student’s next educational level or post-high school options, and regularly evaluates the effectiveness of the strategies and programs. *(For elementary schools: The school implements strategies and programs to facilitate transition to the student’s next educational level, and regularly evaluates the effectiveness of the strategies and programs.)*

B2.4 Prompt: *Evaluate the effectiveness of the strategies and programs to facilitate transition to the student’s next educational level or post-high school options and to regularly evaluate the effectiveness of the strategies and programs. (For elementary schools: Evaluate the effectiveness of the strategies and programs to facilitate transition to the student’s next educational level and to regularly evaluate the effectiveness of the strategies and programs.)*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● MES facilitates transitions to the next educational level for some students and grade levels; however, consideration needs to be given to creating a systemic process for transitioning incoming and exiting students. 	
<p>FOL B Curriculum Survey</p> <ul style="list-style-type: none"> ● Per the MES staff “FOL B Curriculum Survey” results, the staff felt that the transition process to the next level was... <ul style="list-style-type: none"> ○ 11% - most effective ○ 89% - somewhat effective ● According to the results of “SpEd Curriculum Survey,” when SpEd students transition from SpEd teacher to SpEd teacher... <ul style="list-style-type: none"> ○ 86% - somewhat effective ○ The data suggests there is room for improvement in revising the transition process. 	<ul style="list-style-type: none"> ● FOL B Curriculum Survey ● SpEd Curriculum Survey

<p>Anchored for Life (AFL)</p> <ul style="list-style-type: none"> • The AFL transition and resiliency program is available to all MES students who are having difficulties with personal or family transitions. • There are twelve student leaders in grades 4-6 who present selected modules to various classrooms. 	<ul style="list-style-type: none"> • Training • AFL Kit/Materials
<p>Pre-K</p> <ul style="list-style-type: none"> • Pre-K students transitioning to kindergarten participate in center times in the kindergarten classes during the fourth quarter of the school year with their assigned kindergarten teacher. This helps to prepare them for the transition to kindergarten. 	<ul style="list-style-type: none"> • Transition Schedules
<p>SpEd</p> <ul style="list-style-type: none"> • SpEd students visit SpEd classes they will be assigned to in the following year. 	<ul style="list-style-type: none"> • Transition Schedules
<p>6th grade</p> <ul style="list-style-type: none"> • MES transitions our grade 6 students to middle school through orientations presented by Aliamanu Middle School (AMS). 	<ul style="list-style-type: none"> • AMS Orientation • AMS Band and Orchestra Performances to Promote the Music Program • AVID Orientation

B3. Curriculum Criterion- Meeting All Curricular Requirements

Upon completion of elementary, middle, or high school program, students have met the standards with proficiency for that grade span or all the requirements of graduation.

Real World Applications- Curriculum

B3.1. Indicator: All students have access to real world applications of their educational interests in relationship to a rigorous, standards-based curriculum.

B3.1. Prompt: *Evaluate the opportunities that all students have to access real world applications of their educational interests in relationship to a rigorous, standards-based curriculum.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> MES students have many opportunities to access real-world applications of their educational interest in relation to a rigorous, standards-based curriculum. 	
<p>Web-based Programs</p> <ul style="list-style-type: none"> Web-based programs supplement grade level content and allow students to use technology as a tool for learning. Students are able to virtually access learning beyond the walls of the classroom. 	<ul style="list-style-type: none"> Achieve 3000 Coding Wonders Stepping Stones (K-5) and Go Math (6)
<p>Field Trips</p> <ul style="list-style-type: none"> Field trips provide opportunities to experience real-world applications of content. 	<ul style="list-style-type: none"> Grade Level Field Trips (Note: These are only a few examples.) <ul style="list-style-type: none"> Hawaii Theatre for Youth (HTY) Gr. 4 - Lo`i Hawaii Youth Symphony Concerts
<p>Project-based Lessons</p> <ul style="list-style-type: none"> Project-based lessons are a means for making learning relevant and meaningful for students. 	<ul style="list-style-type: none"> STEM/STEAM Recycling Projects (Note: Below are two examples. **HIDOE/ACS WASC Category B. Standards-Based Student Learning:
Curriculum: Summary, Strengths, and Growth Areas**

Review all the findings and supporting evidence and summarize the degree to which the criteria in Category B are being met.

Include comments about the degree to which these criteria impact the school's ability to address one or more of the identified student learning needs (Chapter III).

Summary (including comments about the student learning needs):

At MES we utilize a variety of curriculum tools, interventions, and strategies to help assist teachers in best meeting the students' needs. We pride ourselves on staying current in the latest educational research and implementing complex initiatives, while integrating multiple subject areas. MES students contribute to the community through different methods of civic responsibilities. An RTI program, where a variety of strategies are used to support all students, is currently being systematized.

While we do have a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of our students, we need to monitor what we do with greater frequency so that we become more consistent as a school. Processes are in place for students transitioning to certain grade levels, but given the transiency of our military population, more consideration needs to be given to creating a systemic process for transitioning incoming and exiting students.

More time devoted to vertical alignment and rigorous monitoring of our implementation of Small Group Instruction (SGI) and RTI, student evidence binders, as well as finding congruence between written standards and what is actually taught, will help us to adjust our practices and should increase student success in various curriculum areas.

Prioritize the strengths and areas of growth for Category B.

Category B: Curriculum: Areas of Strength

- Multiple subjects are integrated into instruction more than once a week.
- MES stays current by incorporating the latest educational research (AVID, Thinking Maps, TRIBES, Mindfulness, PLC/Data Teams).
- The STAR Universal Screener is used at least three times a year to monitor student progress.

- All students have access to a rigorous, relevant, and coherent general education curriculum (based on CCSS, HCPS III and HELDS) across all programs.
- RTI is implemented schoolwide.
- MES participates in complex wide initiatives, meetings, and events.
- Student support services are effective.
- Student Evidence Binders are implemented schoolwide and shared during parent-teacher conferences and student led conferences.
- Schoolwide STEM/STEAM initiative is implemented 4x/year.
- Quarterly awards assemblies recognizing HOM and GLOs are held.
- Students are exposed to and explore community jobs/roles through field trips and special guest presenters.
- Some transition processes are in place.
- MES serves the community through different activities (JPO, TROOPS, Recycling, Hurricane Relief).

Category B: Curriculum: Areas of Growth

- Devote more time to vertical alignment.
- Improve on finding congruence between written standards and what is actually taught.
- Consistently post and refer to standards, learning targets, and GLOs being addressed.
- Implement Small Group Instruction (SGI) with fidelity.
- Assess RTI, as SY 2017-2018 is our first year of implementation.
- Monitor progress on students' goals in their evidence binders.
- Intentionally share and follow through on what was gained when selected groups of teachers attend PD trainings off campus.
- Improve the transition process for incoming and exiting students.

Chapter 4

Self-Study Findings

Category C: Standards-based Student Learning: Instruction

TRIBES Pelican

Located in the Gateway of Aloha

Category C: Standards-based Student Learning: Instruction

C1. Instruction Criterion - Student Access to Learning

Differentiated, high-quality instruction provides access, challenge, and support for all students to achieve the academic standards and General learner Outcomes.

Differentiation of Instruction

C1.1. Indicator: The school’s instructional staff members differentiate instruction by varying content, processes, products, and/or learning environment (e.g. Tier 1) to ensure that all students achieve the academic standards and the General Learner Outcomes.

C1.1. Prompt: *How effectively do instructional staff members differentiate instruction to ensure that all students achieve academic standards and General Learner Outcomes?*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● MES teachers are very effective in using a variety of methods to differentiate instruction to ensure that all students achieve academic standards and GLOs; however, we need to ensure that SGI is implemented with fidelity. ● We also need to monitor and review RTI and our online computer-based programs. 	
<p>RTI</p> <ul style="list-style-type: none"> ● In SY 2017-2018, our school implemented a schoolwide (K-6) RTI program, where all grade levels were divided into groups based on STAR Reading/STAR Math scores and other teacher data (e.g., observations, classwork, and other assessments). These groupings are flexible and were agreed upon and discussed during grade level PLC/Data Team meetings. 	<ul style="list-style-type: none"> ● RTI Binder ● STAR Universal Screener ● PLC/Data Team Minutes
<p>Online Computer-Based Programs</p> <ul style="list-style-type: none"> ● Technology is utilized to differentiate instruction through online programs that adapt content based on the students’ performance. ● Front Row Education 	<ul style="list-style-type: none"> ● FOL C Survey ● AR Student Usage Report

<ul style="list-style-type: none"> ○ According to the Front Row Education trainers' recommendations, the program should be used at least twice a week to show results. ○ We have found that 35% (7/19 teachers K-6) do not use Front Row Education at all and 65% (13/19) have their students use it at least once a week. ● Achieve/SmartyAnts <ul style="list-style-type: none"> ○ According to the Achieve 3000/SmartyAnts trainer recommendations, the program should be used at least three times a week to show gains. ○ SmartyAnts/Achieve 3000 usage <ul style="list-style-type: none"> ■ 45% (9/19 teachers K-6) use at least once a week. ■ 45% (9/19) use it 2-4 times a week. ■ 10% (2/19) use it every day. ● Accelerated Reader (AR) <ul style="list-style-type: none"> ○ 100% of our teachers (gr. 1-6) participate in the AR program. However, four teachers had under 45% student participation. 	
<p>Small Group Instruction (SGI)</p> <ul style="list-style-type: none"> ● Based on our FOL C Survey, all of our classroom teachers are differentiating instruction in ELA and math, using diverse methods, (e.g. think-pair-share, role playing, paraphrasing, exit passes, peer tutoring, reader's theater, reading groups, 1 to 1 teacher assistance, SGI). 	<ul style="list-style-type: none"> ● FOL C Survey ● Student Work Samples

Student Understanding of Performance Levels

C1.2. Indicator: Instruction is organized to support clearly articulated and communicated learning targets so that all students know beforehand the standards/expected performance levels for each area of study.

C1.2. Prompt: *Comment to the extent to which students are expected to learn and know where they are in meeting the learning targets, and what they need to do to meet the learning targets.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● While MES teachers usually articulate learning targets, students must be able to know how to improve, in order to meet the learning target. 	
<p>Teacher Survey</p> <ul style="list-style-type: none"> ● Based on our FOL C Survey, teachers usually express their learning targets and at least 50% of the time their students can state the learning target. 	<ul style="list-style-type: none"> ● FOL C Survey
<p>Expectations</p> <ul style="list-style-type: none"> ● Walkthrough data indicates that some classrooms have their relevant standards posted and some teachers address the learning targets. ● The criteria that students need to meet the learning target in various curriculum areas are shared through rubrics. These rubrics indicate where students are in their learning and how to progress. 	<ul style="list-style-type: none"> ● Standards/I Can Statements Posted in the Classroom ● Learning Targets Posted in the Classroom ● Walkthrough feedback (Leadership Team) ● Walkthrough feedback (CAS team) ● Self Assessment/ Reflection (DLIQ) <ul style="list-style-type: none"> ○ Class Reflection (K-1) ● Rubrics <ul style="list-style-type: none"> ○ Wonders Reading Rubrics ○ Stepping Stones Rubrics ○ CCSS Rubrics

Students' Feedback

C1.3. Indicator: The school takes into account students' feedback in order to adjust instruction and learning experiences.

C1.3. Prompt: *Provide examples of the school using student feedback to adjust instruction.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● MES uses student feedback to adjust instruction. 	
<p>Feedback</p> <ul style="list-style-type: none"> ● Teachers use student feedback to determine their next steps in teaching or reteaching information. ● Based on our FOL C Survey, <ul style="list-style-type: none"> ○ All of our teachers get oral feedback from their students to adjust instruction. ○ 74% of our teachers administer polls. ○ 59% collect written feedback from their students. 	<ul style="list-style-type: none"> ● FOL C Survey ● Student Samples (Written Feedback)

C2. Instruction Criterion - Rigorous and Relevant Instruction

All teachers provide students with a variety of activities and assignments that are engaging (e.g., technology-enhanced and experiences beyond the textbook) and call for higher order thinking.

Current Knowledge

C2.1. Indicator: Teachers are current in the instructional content taught and research-based instructional methodology, including the integrated use of multimedia and technology.

C2.1. Prompt: *Evaluate the extent to which teachers are current in the instructional content and effectively use multimedia and other technology in the delivery of curriculum.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● Based on survey data, many teachers do not feel up-to-date in teaching Wonders and Stepping Stones. Teachers use multimedia and other technology in varying degrees to deliver instruction. 	
<p>FOL C Survey</p> <ul style="list-style-type: none"> ● Based on our FOL C Survey <ul style="list-style-type: none"> ○ 56% of our teachers feel up-to-date in teaching our reading program, Wonders. ○ 37% of our teachers feel they are up-to-date in teaching the math Stepping Stones program. ● According to our FOL C Survey, all of our teachers use at least one type of technology every day. This includes, but is not limited to the following: <ul style="list-style-type: none"> ○ Desktops/chromebooks/laptops ○ Projectors/Elmos/Ladibugs ○ Smartboards/Mimeos 	<ul style="list-style-type: none"> ● FOL C Survey

Student Engagement:

C2.2. Indicator: Students who are intellectually engaged are involved with challenging content, through well-designed tasks and activities requiring complex thinking.

C2.2. Prompt: *Evaluate the extent to which students are intellectually engaged. Provide examples.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● According to survey data, MES students are engaged in the school setting. 	
<p>SQS Student Survey</p> <ul style="list-style-type: none"> ● “I like coming to school” <ul style="list-style-type: none"> ○ 2015 - 71% agree (76% state) ○ 2016 - n/a (75% state) ○ 2017 - 82% agree (73% state) ● “I like the classes and programs at school” <ul style="list-style-type: none"> ○ 2015 - 78% agree (86% state) ○ 2016 - n/a (84% state) ○ 2017 - 82% agree (84% state) ● “My teachers want me to learn a lot.” <ul style="list-style-type: none"> ○ 2015 - 95% agree (97% state) ○ 2016 - n/a (97% state) ○ 2017 - 96% agree (97% state) ● “My teachers teach me new things in school.” <ul style="list-style-type: none"> ○ 2015 - 88% agree (92% state) ○ 2016 - na (92% state) ○ 2017 - 84% agree (92% state) ● Overall, our percentages are aligned to the state average in each area above and increased from SY 2015-2017 with exception to the area: “My teachers teach me new things in school.” This suggests that “My teachers teach me new things in school” is an area of focus. 	<ul style="list-style-type: none"> ● SQS Student Survey <ul style="list-style-type: none"> ○ 2015 - 2017 ● Grade Level projects ● Student Work

**HIDOE/ACS WASC Category C. Standards-Based Student Learning:
Instruction: Summary, Strengths, and Growth Areas**

Review all the findings and supporting evidence and summarize the degree to which the criteria in Category C are being met.

Include comments about the degree to which these criteria impact the school's ability to address one or more of the identified student learning needs (Chapter III).

Summary (including comments about the student learning needs):

MES teachers provide instruction in many different ways, including the use of technology. According to the SQS and Tripod surveys, most of our students like coming to school and feel intellectually challenged and captivated by their teacher's instruction. Teachers incorporate the GLOs into their lessons, but the degree to which they are taught and evaluated needs to be re-assessed.

MES provides an array of online, differentiated computer-based programs, but usage of these programs must be monitored with more consistency to ensure they are being utilized to their full extent. Vertical articulation regarding school wide rubrics and a common understanding of what a student centered classroom really looks like is needed in the near future to ensure consistency.

More staff PD in online Wonders and Stepping Stones programs is needed. SGI also needs to be implemented with more frequency in each subject area.

Prioritize the strengths and areas of growth for Category C.

Category C: Instruction: Areas of Strength

- An array of online computer-based programs are provided.
- Differentiated strategies are employed by all teachers.
- Learning targets and criteria are reviewed with students.
- All teachers receive feedback from students to adjust instruction.
- All teachers use at least one type of technology per day to deliver instruction.
- Survey data indicates that students like coming to school and feel academically challenged.
- MES provides many different ways for students to access knowledge.
- Real-world experiences are provided.
- Teachers provide opportunities for students to demonstrate GLO #3 complex thinking, reasoning and problem solving at least once a day.

Category C: Instruction: Areas of Growth

- MES needs more consistent and systemic usage of computer-based programs.
- SGI needs to be implemented with more consistency.
- Schoolwide rubrics and criteria need to be discussed.
- Teacher survey data indicates that further PD in Wonders and Stepping Stones online needs to be provided.
- A common understanding of what constitutes a student centered classroom needs to be developed.
- The degree to which GLOs are taught and evaluated needs to be reviewed and re-assessed.

Chapter 4

Self-Study Findings

Category D: Standards-based Student Learning: Assessment and Accountability

Students From All Around the World

Category D: Standards-based Student Learning: Assessment and Accountability

D1. Assessment and Accountability Criterion--Reporting and Accountability Process

The school leadership and instructional staff use effective assessment processes to collect, disaggregate, analyze, and report state/complex/school performance data to all stakeholders. The analysis of data guides the school’s programs and processes, the allocation and usage of resources, and forms the basis for the development of the Academic Plan.

Professionally Acceptable Assessment Process

D1.1. Indicator: The school leadership and instructional staff use effective assessment processes to collect, disaggregate, analyze, and report state/complex/school performance data to all stakeholders.

D1.1 Prompt: *Evaluate the effectiveness of the assessment processes.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> MES is effective at following assessment processes to support student achievement; however, we will need to look into a common schoolwide social studies and science curriculum and relevant assessments. 	
<p>STAR</p> <ul style="list-style-type: none"> STAR is a universal screener administered approximately every eight weeks to assess reading and math progress of all our students to determine the level of support they need for our RTI program. STAR is also used within our SpEd department to progress monitor students on a monthly basis. 	<ul style="list-style-type: none"> STAR Universal Screener
<p>Data Teams</p> <ul style="list-style-type: none"> Data Teams is an assessment process that provides teachers with the opportunity to make informed decisions on teaching and learning based on student data. During this 	<ul style="list-style-type: none"> Data Teams Data Boards (STAR Electronic Data Board)

<p>process teams analyze student work, set SMART goals, select teaching strategies, and determine result indicators for success. They also reflect on their teaching practices.</p> <ul style="list-style-type: none"> ● Although grade level teams meet as Data Teams, the Data Teams process needs to be followed with greater fidelity. 	
<p>Language Arts</p> <ul style="list-style-type: none"> ● Wonders Assessments <ul style="list-style-type: none"> ○ Weekly/selection tests, including Question 21, provides evidence of progress with reading comprehension and writing skills, especially in the area of nonfiction. ● Achieve 3000 <ul style="list-style-type: none"> ○ LevelSet (administered three times a year) provides data on reading Lexile levels and academic growth. 	<ul style="list-style-type: none"> ● Wonders Assessments including Question 21 ● Achieve 3000 Reports ● Student evidence folders/binders
<p>Math</p> <ul style="list-style-type: none"> ● Stepping Stones <ul style="list-style-type: none"> ○ Module tests (pre-assessment, post assessment, and performance tasks) assess for mastery of targeted math concepts. Additionally, formative and summative assessments are conducted through check up (skill based abilities) and performance tasks (application of concepts). ● Go Math (Grade 6 Only) <ul style="list-style-type: none"> ○ Leveled module tests are formative assessments that target math skills within a concept. Unit tests with performance tasks are summative assessments that measure several concepts and application within a unit of study. ● After analyzing our schoolwide data on math, we concluded that we need to implement a schoolwide problem solving process which we are now exploring. 	<ul style="list-style-type: none"> ● Stepping Stones (K-5)/Go Math (gr.6) Assessments ● Student evidence folders/binder
<p>Science and Social Studies</p> <ul style="list-style-type: none"> ● Formative and summative assessment are 	<ul style="list-style-type: none"> ● Quizzes, concept tests, projects, and

<p>administered based on teacher created curriculum or the Scott Foresman curriculum.</p> <ul style="list-style-type: none"> • Students are also assessed via projects and experiments conducted in class. • MES Showcase and Science Fair allows students to display and communicate their understandings of science concepts and/or the scientific process. • Fourth-grade students are administered the Hawaii State Assessment (HSA) for science annually. 	<p>experiments</p> <ul style="list-style-type: none"> • MES Showcase and Science Fair Projects • Scott Foresman Assessments • HSA Science Scores
---	---

Basis for Determination of Performance Levels

D1.2. Indicator: The school leadership and instructional staff determine the basis for students’ grades, growth, and performance levels to ensure consistency across and within grade levels and content areas.

D1.2. Prompt: *Evaluate the impact and effectiveness of the basis for which standards-based grades, growth, and performance levels are determined.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> • Growth and performance levels are determined by formative and summative assessments aligned to standards based criteria. As such, a variety of methods are used to formatively and summatively assess students through implementation of state mandated program assessments and teacher created assessments. 	<ul style="list-style-type: none"> • Student Evidence Folders/Binders • Summative and Formative Assessments • Stepping Stones/Go Math Assessments • Wonders Assessments • Content Specific Rubrics (to assist teachers in determining a standards-based grade)
<p>Vertical Articulation</p> <ul style="list-style-type: none"> • MES teachers are still working on consistency of implementation of curriculum across and within grade levels and content areas, and need to have vertical alignment of schoolwide exemplars and common rubrics 	<ul style="list-style-type: none"> • Vertical Articulation Schedule to be Determined

<p>which will lead to consistency of measuring student growth and progress.</p>	
---	--

Modifications Based on Assessment Results

D1.3. Indicator: The school leadership/Academic Review Team/Data Teams use assessment results to modify the school’s programs and processes, professional development, and resource allocations to demonstrate a results-driven continuous process.

D1.3. Prompt: *Comment on the overall effectiveness of how assessment results have prompted modifications in the school’s programs and processes, professional development, and resource allocations to demonstrate a results-driven continuous process.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> MES uses assessment results to drive modifications to the Academic Plan, which include school programs and allocation of resources. 	
<p>Academic Plan</p> <ul style="list-style-type: none"> MES’s Academic Plan is developed with assessment results in mind. Resources are allocated to support the enabling activities in this plan. PD is then coordinated and provided to elevate assessment results. Our Academic Plan should be revisited on a more frequent basis to monitor effectiveness of how assessment results drive implementation of our school programs, processes, and PD. 	<ul style="list-style-type: none"> Academic Plan SBA Scores Strive HI Results STAR Universal Screener Results RTI Schedule Achieve 3000/SmartyAnts Scores Professional Development Documented via Faculty Meeting Minutes PLC/Data Team Minutes

Monitoring of Student Growth

D1.4. Indicator: The school has in effective system (e.g., Comprehensive Student Support System (CSSS), Response to intervention (RTI), etc.) to monitor all students' progress toward meeting the academic standards and General Learner Outcomes and provides appropriate interventions.

D1.4. Prompts: *Evaluate the effectiveness of the system used to monitor the progress of all students towards meeting the academic standards and General Learner Outcomes.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> A variety of systems are used to monitor progress of all students towards meeting academic standards and GLOs. 	
<p>Peer Review Tracker</p> <ul style="list-style-type: none"> Peer review meetings are held on a bimonthly basis for students with intensive needs to monitor their academic and behavioral progress. Teachers submit student data through a Peer Review Tracker form to the peer review team. Possible next steps and suggestions for how the teacher can provide accommodations for students are discussed. Our next steps to improve will be to develop a common understanding, as well as a process for teachers to follow, prior to referring students for more intense services after peer review meetings have been conducted. 	<ul style="list-style-type: none"> Peer Review Tracker
<p>eCSSS Incident Log (blue notes)</p> <ul style="list-style-type: none"> When students violate Chapter 19, a referral may be generated to address their behaviors by counselors or administration. Follow-up supports are also recommended and provided. Incidents are recorded in eCSSS. 	<ul style="list-style-type: none"> eCSSS Incident Log Form eCSSS Data

<p>RTI</p> <ul style="list-style-type: none"> ● We started implementing a RTI schedule in SY 2017-2018. Students were divided into three to five different groups (low, medium, high) within their grade levels based on results from performance on our STAR universal screener, as well as performance in class. ● These groups meet with their RTI teacher four times per week, where intervention strategies are provided in the areas of math and ELA. ● Students are progress monitored approximately every eight weeks. Our RTI program is slowly evolving. We are working on streamlining the process and understanding and applying further appropriate levels of support to students in three tiers or levels of intervention. 	<ul style="list-style-type: none"> ● RTI Binder <ul style="list-style-type: none"> ○ RTI Schedule ○ RTI Groups ○ STAR Assessment Scores

D2. Assessment and Accountability Criterion -- Classroom Assessment Strategies

Teachers employ a variety of appropriate assessment strategies to evaluate student learning. Students and teachers use these findings to modify the learning/teaching process and support the educational progress of every student.

Appropriate Assessment Strategies

D2.1. Indicator: Teachers use appropriate assessment strategies to measure student progress toward acquiring academic standards and the General Learner Outcomes.

D2.1. Prompt: *Evaluate the appropriateness of formative assessment strategies used by teachers to measure student progress and modify instructional practices.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● A variety of formative assessment strategies are used to measure student progress and modify student instructional practices. 	

<p>Data Teams</p> <ul style="list-style-type: none"> • Data Teams provide teachers with the opportunity to make informed decisions on teaching and learning based on student data. During this process, teams analyze student work, set Specific Measurable Attainable Results-oriented Time-bound (SMART) goals, select teaching strategies, and determine result indicators for success. They also reflect on their teaching practices. • Although grade level teams meet as Data Teams, the Data Teams process needs to be followed with greater fidelity. 	<ul style="list-style-type: none"> • PLC/Data Team Meeting Minutes • Data Boards
<p>Language Arts</p> <ul style="list-style-type: none"> • Formative assessments from Wonders (theme, weekly, benchmark, and unit) are administered. • There is a need for vertical alignment on Wonders formative tests to include Question 21. 	<ul style="list-style-type: none"> • Wonders <ul style="list-style-type: none"> ○ Writing Rubric ○ Weekly/Selection Assessments (Question 21) • Teacher Created <ul style="list-style-type: none"> ○ Rubric ○ Assessments • Writing prompts <ul style="list-style-type: none"> ○ Essays ○ Journals • AVID Strategies <ul style="list-style-type: none"> ○ Interactive Notebook ○ Reflection Logs- Did Learn Interesting Question (DLIQ) ○ Note Taking (2 or 3 column) • STAR Progress Monitor • Achieve 3000
<p>Math</p> <ul style="list-style-type: none"> • Stepping Stones formative assessments include: pre-tests for each module, journals, and formative module assessments. • Go Math formative assessments include: placement/beginning of the year assessments, leveled module tests, leveled unit tests, mid-year tests. 	<ul style="list-style-type: none"> • Stepping Stones/Go Math unit and module tests • Workbook Practice Pages • Word Problems • Teacher Created Word Problems with Feedback

<ul style="list-style-type: none"> • The Stepping Stones curriculum needs to be supplemented with more practice problems, word problems, and vocabulary that aligns to the CCSS. 	<ul style="list-style-type: none"> • Unit Projects/Research Report with Rubrics • STAR Progress Monitor
---	---

Using Assessment Data

D2.2 Indicator: Assessment data are used to make decisions and modify instructional practices.

D2.2 Prompt: *Evaluate the effectiveness of modified instructional practices based on assessment data.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> • Teachers utilize data from various assessments to modify instruction in order for students to achieve proficiency on academic standards and the GLOs. 	<ul style="list-style-type: none"> • Rubrics • Formative Assessments
<p>STAR Universal Screener</p> <ul style="list-style-type: none"> • STAR progress monitoring tool is used to modify instructional practice. Three years of data show scores generally show improvement from the beginning of the year to the middle. However, scores decreased from the middle to the end. On face value, it appears that modified instructional practices are initially working, but not sustained or further modified as expected student levels of performance increase. 	<ul style="list-style-type: none"> • STAR Data
<p>Data Teams</p> <ul style="list-style-type: none"> • In grade level Data Teams, teachers make informed decisions on teaching and learning based on student data. During this process teams analyze student work, set Specific Measurable Attainable Results-oriented Time-bound (SMART) goals, select teaching strategies, and determine result indicators for success. They also reflect on their teaching. Continued examination of data and fidelity of following the process is critical. 	<ul style="list-style-type: none"> • Data Teams Minutes

Demonstration of Student Achievement

D2.3. Indicator: A variety of standards-based curriculum-embedded assessments (e.g., student work, pre-and post-assessments, performance tasks, etc.) demonstrate student achievement of the academic standards and the General Learner Outcomes.

D2.3. Prompt: *Evaluate how a variety of standards-based curriculum-embedded assessments demonstrate student achievement of the academic standards and the General Learner Outcomes.*

Findings	Supporting Evidence:
<p>ELA</p> <ul style="list-style-type: none"> ● Teachers use the assessments provided by Wonders to assess a variety of ELA skills, which are based on CCSS. ● Student are assessed using the Achieve 3000 reading program on their comprehension of nonfiction articles. ● Our school provides access and rewards for students that participate in AR. ● Strive HI performance data results in SY 2016-2017 were 2% higher than the state percentage. Our ELA Achievement Gap was 2 points, significantly better than the state 33 point gap. While these results may be higher than the state, it was lower than the previous year's 58% where it spiked over 10% from the year before. Our school, while scores have fluctuated, is making progress but work must continue at 49% of our student did not meet proficiency. 	<ul style="list-style-type: none"> ● Wonders Assessment ● Achieve 3000 ● AR ● Strive HI data
<p>Math</p> <ul style="list-style-type: none"> ● Teachers use the assessments provided by Stepping Stones or Go Math (grade 6 only) to assess a variety of math skills, which are based on CCSS. ● Students are given access to the online website Front Row Education, which assesses students on a variety of math skills at their level. ● Strive HI performance data results in SY 2016-2017 showed our achievement gap to 	<ul style="list-style-type: none"> ● Stepping Stones ● Go Math ● Front Row Education ● Strive HI

<p>be -6 points; significantly lower than the state 28 point gap. However, math performance is concerning.</p>	
<p>GLOs</p> <ul style="list-style-type: none"> ● GLOs are embedded in all curriculum areas and assessed. ● GLOs are also addressed through TRIBES, schoolwide lessons (Ohana lessons), and AVID strategies. ● We need to strive towards consistency in how we evaluate students on the GLOs. 	<ul style="list-style-type: none"> ● Student Report Cards ● TRIBES ● Ohana Lessons ● AVID

Teacher Feedback to Students

D2.4. Indicator: Teacher provide timely, specific, and descriptive feedback in order to support students in achieving learning targets, academic standards, and General Learner Outcomes.

D2.4. Prompt: *How effective is teacher feedback in supporting students in achieving learning targets, academic standards, and General Learner Outcomes?*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● MES teachers effectively use feedback to support students in achieving learning targets, academic standards and GLOs. They also use it to inform their instruction. 	
<p>Feedback</p> <ul style="list-style-type: none"> ● Feedback is provided in different forms (e.g., written, oral, peer-to-peer). ● Two areas of strength in providing feedback are in writing and math problem solving. ● Although feedback is provided, effectiveness is impacted by timeliness. 	<ul style="list-style-type: none"> ● Feedback on Rubrics ● DLIQ/Reflection-Teacher Response ● Peer-to-Peer Feedback Opportunities (writing process) ● Exit Passes ● Exemplar Pieces ● Oral Feedback ● Self evaluation ● Temperature Checks

**HIDOE/ACS WASC Category D. Standards-Based Student Learning:
Assessment and Accountability: Summary, Strengths, and Growth Areas**

Review all the findings and supporting evidence and summarize the degree to which the criteria in Category D are being met.

Include comments about the degree to which these criteria impact the school's ability to address one or more of the identified student learning needs (Chapter III).

Summary (including comments about the student learning needs):

At MES, we have been implementing the state mandated curriculum for ELA and math and have been administering formative and summative assessments that are aligned to standards, measure growth, and help inform instruction. However, we realize that there is a need to have a schoolwide discussion and vertical alignment of curriculum and criteria, which will lead to consistency of measuring student growth and progress (academically and behaviorally) of each grade/level.

While we do have an array of programs and processes in place that are driven by assessment results and support student growth (such as our Academic Plan, Data Teams, peer reviews, and RTI schedule), it would be prudent for us to revisit them on a more frequent basis to monitor their effectiveness. This will help us in being more consistent in what we do as a school.

After analyzing and reflecting on our school data, we have noticed that some of our student learning needs are in the areas of math and writing. In the area of math, we will focus on multi-step word problems and a schoolwide problem solving process or set of schoolwide strategies. For writing, students will practice their writing skills through Question 21 from the Wonders Weekly Assessments. Additionally, a schoolwide writing rubric using Wonders and other resources will be developed.

Prioritize the strengths and areas of growth for Category D.

Category D: Assessment and Accountability: Areas of Strength

- ELA and math state mandated curriculum are implemented.
- There is a schoolwide universal screener.
- Schoolwide supplemental computer based programs (such as Achieve 3000, Front Row Education, Smarty Ants, Accelerated Reader) are available.
- Formative and summative assessments are aligned to standards, measure growth, and help to inform instruction.
- Programs and processes are driven by assessment results.

- Systems are in place to monitor progress of all students (academic standards and GLOs).
- Assessment processes (such as Data Teams) are implemented schoolwide.
- GLOs are addressed in all curriculum areas.

Category D: Assessment and Accountability: Areas of Growth

- Revisit programs and processes on a more frequent basis to monitor their effectiveness.
- Follow Data Teams process with greater fidelity.
- Create consistency of measuring student growth and progress of each grade/level through vertical articulation and vertical alignment of curriculum.
- Develop exemplars, common rubrics, and math problem solving process within and across grade levels.
- Review and revise peer review and RTI process.
- Utilize a more consistent method for rating GLOs.
- Collect parent feedback with greater consistency.

<p>Supplementary Programs</p> <ul style="list-style-type: none"> ● Supplementary programs such as Achieve 3000, Front Row Education, and SmartyAnts automatically differentiate lessons for students. Students are able to work at their individualized pace and level. ● Technology is used to personalize learning, which allows students to be creative and self-directed. 	<ul style="list-style-type: none"> ● Supplementary Programs <ul style="list-style-type: none"> ○ Front Row Education ○ Achieve 3000/SmartyAnts ○ Lexia ● Computer programs <ul style="list-style-type: none"> ○ Coding ○ Google Apps

E4. Student Support Criterion--Accessibility

Student have access to a system of personalized supports, activities, and opportunities at the school and within the community.

Equal Access to curriculum and Support

E4.1. Indicator: All students have access to a challenging, relevant, and coherent curriculum. Schools regularly examine the demographics and distribution of students throughout the class offerings (e.g., master class schedule and class enrollments) and the types of alternative schedules available (e.g., summer, class periods beyond the traditional school day).

E4.1. Prompt: *To what extent do all students have accessibility to a challenging, relevant, and coherent curriculum? (Examine the demographics and distribution of students throughout the class offerings and the types of alternative schedules available.)*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● MES implements a relevant, coherent, and consistent curriculum in both math (Stepping 	<ul style="list-style-type: none"> ● Wonders

<p>Stones/Go Math) and ELA (Wonders), which are state mandated programs.</p>	<ul style="list-style-type: none"> ● Stepping Stones (Gr. K-5) ● Go Math (Gr. 6)
<p>Various Accessibilities</p> <ul style="list-style-type: none"> ● MES uses a variety of effective support programs to address students’ diverse learning needs. ● IRA (Instructional Resource Augmentation) classes (music, PE, technology) are scheduled for all grade levels on a rotating basis to ensure that all students have equal opportunities to engage in the activities provided. ● Extended School Year (ESY) is provided for special education students who require continuity in instruction during traditional school breaks. <p>STEM/STEAM Lessons:</p> <ul style="list-style-type: none"> ● STEM/STEAM lessons integrate science, technology, engineering, art, and math concepts where students creatively solve real-world problems using an engineering design approach. <p>Online Computer-Based Programs</p> <ul style="list-style-type: none"> ● Computer based programs are designed to differentiate instruction by adapting to students’ performance. 	<ul style="list-style-type: none"> ● IRA Classes <ul style="list-style-type: none"> ○ PE ○ Music ○ Technology ● Extended School Year (ESY) ● STEM/STEAM Lessons ● Computer Based Programs <ul style="list-style-type: none"> ○ Front Row Education ○ Achieve 3000/Smarty Ants

Curricular/Co-Curricular Activities

E4.2. Indicator: School leadership and staff link curricular/co-curricular activities to the academic standards and General Learner Outcomes for students who require access to a system of personalized supports.

E4.2. Prompt: *Comment on the relationship between curricular/co-curricular activities and the academic standards and General Learner Outcomes for students who require access to a system of personalized supports.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> ● MES’s curricular/co-curricular activities are 	

<p>driven by standards and GLOs, offer personalized supports, and are accessible to all types of learners.</p>	
<p>Accessibility</p> <ul style="list-style-type: none"> • Through IEPs and 504 plans, accommodations and/or modifications are provided to allow students to participate in curricular/co-curricular activities; however, these plans are not necessary for students to receive accommodations and/or modifications. • Although curricular/co-curricular activities are driven by standards and GLOs, a more conscious effort needs to be made to overtly connect these activities to standards and GLOs. 	<p>Curricular and co-curricular activities include the following:</p> <ul style="list-style-type: none"> • STEM/STEAM • Ohana Lessons • Read Across America • MES Showcase • Speech Festival • Music Festival • Extramural-Intramural Events • Field Trips • Complex Fitness Day (Gr. 6) • Track Meet (Gr. 4-6) • Talent Show • IEP • 504 Plans

Meeting Student Needs Through Curricular/Co-Curricular Activities

E4.3. Indicator: The school has a process for regularly evaluating the degree to which curricular/co-curricular activities are meeting the needs of student who require access to a system of personalized supports.

E4.3. Prompt: *Evaluate the school process for regularly evaluating the degree to which curricular/co-curricular activities are meeting the needs of students who require access to a system of personalized supports.*

Findings	Supporting Evidence:
<ul style="list-style-type: none"> • MES has the following processes in place for regularly evaluating the level of student 	

<p>involvement in curricular/co-curricular activities and student use of support services:</p>	
<p>SQS Data</p> <ul style="list-style-type: none"> ● Students reported the following opinions about MES: <ul style="list-style-type: none"> ○ Student Data <ul style="list-style-type: none"> ■ “I like the classes and programs at school.” <ul style="list-style-type: none"> ● 2015 - 78% agree <ul style="list-style-type: none"> ○ 85% state ● 2016 - n/a <ul style="list-style-type: none"> ○ 84% state ● 2017 - 82% agree <ul style="list-style-type: none"> ○ 84% state 	<ul style="list-style-type: none"> ● SQS Survey Data SY 2015 & 2017
<p>IEP and 504 Meeting</p> <ul style="list-style-type: none"> ● IEP and 504 meetings are held at least once a year to evaluate current needs and make necessary adjustments to accommodations and modifications. ● Students who qualify for special education and related services are monitored through annual IEPs, quarterly progress reports, as well as collaboration between the general and special education teachers, educational assistants, and skills trainers. 	<ul style="list-style-type: none"> ● IEP Agendas ● 504 Agendas ● IEPs ● IEP Progress Reports ● 504 Plans
<p>Report Cards</p> <ul style="list-style-type: none"> ● Report cards are sent home quarterly to share progress on curriculum. 	<ul style="list-style-type: none"> ● Report Cards

Student Perceptions

E4.4. Indicator: The school is aware of the student perspective of support services through such approaches as interviewing and dialoguing with student representatives of the school population.

E4.4. Prompt: *Comment on the student perspective about the effectiveness of support services after interviewing and dialoguing with student representatives of the school population. (Ensure that students represent the broad and diverse array of the school population.)*

Findings	Supporting Evidence:
<p>Students' views on the school's support services are effective as evidenced by:</p> <ul style="list-style-type: none"> ● SQS Data - Students reported the following opinions about MES: <ul style="list-style-type: none"> ○ Student Data: <ul style="list-style-type: none"> ■ "I feel safe at school." <ul style="list-style-type: none"> ● 2015 - 84% agree <ul style="list-style-type: none"> ○ 85% state ● 2016 - n/a <ul style="list-style-type: none"> ○ 85% state ● 2017 - 82% agree <ul style="list-style-type: none"> ○ 64% state ■ "If I ever got sick at school, someone would take care of me." <ul style="list-style-type: none"> ● 2015 - 87% agree <ul style="list-style-type: none"> ○ 83% state ● 2016 - n/a <ul style="list-style-type: none"> ○ 82% state ● 2017 - 82% agree <ul style="list-style-type: none"> ○ 81% state ■ "My teachers give me help when I need it." <ul style="list-style-type: none"> ● 2015 - 86% agree <ul style="list-style-type: none"> ○ 92% state ● 2016 - n/a <ul style="list-style-type: none"> ○ 91% state ● 2017 - 87% agree <ul style="list-style-type: none"> ○ 91% state ■ "If I feel bad, I can get help from the school staff." 	<ul style="list-style-type: none"> ● SQS Survey Data 2015 & 2017 ● SCC Minutes (school website)

WASC Category E. School Culture and Support for Student Personal and Academic Growth: Strengths and Growth Needs

Review all the findings and supporting evidence and summarize the degree to which the criteria in Category E are being met.

Include comments about the degree to which these criteria impact the school's ability to address one or more of the identified student learning needs (Chapter III).

Summary (including comments about the student learning needs):

MES strives to build a positive school climate through the collaboration of all stakeholder groups. We provide many opportunities and activities to encourage parent and community involvement; however, increasing parent participation is an ongoing effort. While MES is a safe place for learning, bullying and harassment remains a concern.

MES has high expectations and builds an environment that honors differences. Learning is tailored to meet students' needs through differentiation of curriculum and supplemental programs, as well as a wide range of activities that are aligned to academic standards and GLOs; however, MES needs to overtly connect curricular/co-curricular activities to standards and GLOs. Data Teams provide teachers opportunities to make informed decisions for teaching and learning based on student data, but the Data Teams process needs to be followed with greater fidelity.

Prioritize the strengths and areas of growth for Category E.

Category E: School Culture and Support for Student Personal and Academic Growth: Areas of Strength

- AVID program teaches strategies to prepare students for success in high school, college and career.
- MES provides a safe learning environment.
- Visuals reinforce schoolwide initiatives and are posted in every classroom.
- Data Teams provide teachers with opportunities to make informed decisions on student data.
- Learning is differentiated and a wide range of extracurricular activities are offered to meet student needs.
- MES has initiatives and responses to address bullying and harassment.

- Many opportunities/activities are provided to inform and encourage parent and community member involvement.
- MES PTO actively collaborates on school events and raises money to support common goals of the school and uses community resources to support students in a variety of ways.

Category E: School Culture and Support for Student Personal and Academic Growth: Areas of Growth

- Although grade level teams meet as Data Teams, the process needs to be followed with greater fidelity.
- Although MES has high expectations regarding appropriate student behavior, we need to work on reducing incidents of disruption, disrespect/non-compliance, and/or physical contact in the classroom.
- Bullying and harassment remains an ongoing concern.
- Connections between curricular/co-curricular activities and standards/GLOs need to be clearly stated.
- Although MES provides many opportunities for parent and community involvement, participation is minimal.

Areas of Growth: Mokulele Elementary School

Organization: Vision and Mission, GLOs, Governance, Leadership and Staff, and Resources	Standard-Based Student Learning: Curriculum	Standards-Based Student Learning: Instruction	Standards-Based Student Learning: Assessment and Accountability	School Culture and Support for Student Personal and Academic Growth
<ul style="list-style-type: none"> ● Monitor the implementation of PD and the Academic Plan, as well as monitoring the progress of grade level Data Teams with greater fidelity. ● Re-evaluate methods of increasing all stakeholder (including teacher) participation in schoolwide activities and decisions as attendance/volunteers/input are minimal. ● Revisit vision and mission statements so that it remains relevant to present and 	<ul style="list-style-type: none"> ● Devote more time to vertical alignment. ● Improve on finding congruence between written standards and what is actually taught. ● Consistently post and refer to standards, learning targets, and GLOs being addressed. ● Implement Small Group Instruction (SGI) with fidelity. ● Assess RTI, as SY 2017-2018 is our first year of implementation. 	<ul style="list-style-type: none"> ● MES needs more consistent and systemic usage of computer-based programs. ● SGI needs to be implemented with more consistency. ● Schoolwide rubrics and criteria need to be discussed. ● Teacher survey data indicates that further PD in Wonders and Stepping Stones online needs to be provided. ● A common understanding of what constitutes a student 	<ul style="list-style-type: none"> ● Revisit programs and processes on a more frequent basis to monitor their effectiveness. ● Follow Data Teams process with greater fidelity. ● Create consistency of measuring student growth and progress of each grade/level through vertical articulation and vertical alignment of curriculum. ● Develop exemplars, common rubrics, and math problem solving 	<ul style="list-style-type: none"> ● Although grade level teams meet as Data Teams, the process needs to be followed with greater fidelity. ● Although MES has high expectations regarding appropriate student behavior, we need to work on reducing incidents of disruption, disrespect/non-compliance, and/or physical contact in the classroom. ● Bullying and harassment remains an ongoing concern.

<p>future needs of the students.</p>	<ul style="list-style-type: none"> ● Monitor progress on students' goals in their evidence binders. ● Intentionally share and follow through on what was gained when selected groups of teachers attend PD trainings off campus. ● Improve the transition process for incoming and exiting students. 	<p>centered classroom needs to be developed.</p> <ul style="list-style-type: none"> ● The degree to which GLOs are taught and evaluated needs to be reviewed and re-assessed. 	<p>process within and across grade levels.</p> <ul style="list-style-type: none"> ● Review and revise peer review and RTI process. ● Utilize a more consistent method for rating GLOs. ● Collect parent feedback with greater consistency. 	<ul style="list-style-type: none"> ● Connections between curricular/co-curricular activities and standards/GLOs need to be clearly stated. ● Although MES provides many opportunities for parent and community involvement, participation is minimal.
--------------------------------------	---	--	---	---

c. Comment briefly on implications for revising the Academic Plan

- Through stakeholder involvement, our Academic Plan will be revised based on our identified areas of growth, as well as our complex and state initiatives. As a result, our enabling activities may change and/or be updated.

B. State any additional specific strategies to be used by staff within each subject area/support program to support sections of the Academic Plan. This includes activities in subject areas related to strengthening a standard-based approach in support of student achievement based on both academic standards and the General Learner Outcomes (optional).

- a. Systems and practices will need to be implemented to address our identified areas of growth. This will improve instruction for all

students by increasing the fidelity and consistency with which programs are implemented and evaluated.

- Increase schoolwide consistency by monitoring programs and processes (e.g. data teams, RTI) with greater fidelity and developing common understandings of these programs and processes.
- Overtly teach to academic standards and GLOs so that learning targets are clear to students.
- Provide time for faculty to articulate and collaborate between grade levels (including SpEd team) to assist in the development of vertical alignment in all subject areas.
- Increase stakeholder involvement in school events.

C. Describe the school’s overall follow-up process for ongoing improvement process.

- a. Members of the Academic Review Team , using the “Plan, Implement, Evaluate, Improve” process (which replaced the Plan, Do, Check, Act model) will be responsible for monitoring the implementation of each enabling activity in our Academic Plan. Evidence of progress will be collected on a quarterly basis, and follow-up action will be taken to address areas of growth. Teachers and stakeholders will be included in the “Plan, Implement, Evaluate, Improve” process as pertinent to the actions in the Academic Plan. The School Community Council will continue to monitor ongoing school improvement at Mokulele Elementary School.

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Goal 1: Student Success. All students demonstrate they are on a path toward success in college, career and citizenship.

- Objective 1: Empowered** - All students are empowered in their learning to set and achieve their aspirations for the future.
- Objective 2: Whole Child** - All students are safe, healthy, and supported in school, so that they can engage fully in high-quality educational opportunities.
- Objective 3: Well Rounded** - All students are offered and engage in rigorous, well rounded education so that students are prepared to be successful in their post-high school goals.
- Objective 4: Prepared and Resilient** - All students transition successfully throughout their educational experiences.

Outcome:	Rationale:
By the end of three years, <ul style="list-style-type: none"> ● 3% growth in SBA Math scores in 2017-2018 ● 3% growth in SBA Math scores in 2018-2019 ● 4% growth in SBA Math scores in 2019-2020 	<ul style="list-style-type: none"> ● Students exhibit weak problem solving skills based on teacher observational data and low student performance on both formative and summative classroom assessments. ● Strive HI data also show that in Math Proficiency students scored at 43% in 2016 on the SBA test. ● Observational data indicate a need for students' greater familiarity with SBA prompts and levels of thinking required to respond to them.
<ul style="list-style-type: none"> ● 3% growth in SBA ELA scores in 2017-2018 ● 3% growth in SBA ELA scores in 2018-2019 ● 4% growth in SBA ELA scores in 2019-2020 	<ul style="list-style-type: none"> ● Strive HI data indicate that in ELA Proficiency students scored at 61% in 2016 on the SBA test. ● Continued school wide focus on AVID strategies to build student comprehension and increase interaction with texts.

<p>By the end of SY 2018 all students will show an increase of 3% performance on the SBA ELA test.</p> <p>By the end of SY 2019 all students will show an increase of 3% performance on the SBA ELA test.</p> <p>By the end of SY 2020 all students will show an increase of 4% performance on the SBA ELA test.</p>	<ul style="list-style-type: none"> • Provide teacher support to implement Wonders online • Provide links for learning how to effectively implement Wonders online • Wonders PD training (Wendy Ogawa & Rosa Narikiyo) • Reconnect with Step-up to Writing, 6+1 Traits, Thinking Maps) • Implement AVID - WICOR strategies 			<ul style="list-style-type: none"> • Data Teams • Data Boards • Walkthroughs • Exit Passes after PD • Surveys/Temperature Checks • Student Work - Writing Samples of Question 21 in Wonders and Grade Level Writing Prompts • Uniformity of Rubrics per grade level to measure quarterly student progress • STAR • AVID Walkthroughs • AVID ISS and CSS • School wide common assessments (e.g. Question 21, etc...) 	<ul style="list-style-type: none"> • New teachers were introduced to the Wonders online component. • Professional development has been provided on Wonders. Various features of Wonders (e.g. Tier 2 Supports) will be explored. • Further Wonders training (online component) to be scheduled in second semester. • Step-up to Writing, and 6+1 Traits, and Thinking Maps has been revisited. • Monitoring of implementation will need to occur. • AVID-WICOR strategies are being implemented, and will be monitored next semester.

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Goal 2: Staff Success. Mokulele Elementary School has a high-performing culture where employees have the training, support and professional development to contribute effectively to student success.

Outcome: By the end of three years.	
<p>TECHNOLOGY</p> <ul style="list-style-type: none"> Integrate Technology into ELA & Math instruction. 	<p>Rationale:</p> <p>TECHNOLOGY</p> <ul style="list-style-type: none"> In SY: 2016-2017 the school began to roll out 1:1 Chromebook for grades 2-6. With new equipment, teachers will require professional development to effectively utilize programs and software applications to integrate technology into ELA and Math instruction. The use of 1:1 programs and applications will provide teachers with tools to differentiate instruction for greater student success.
<p>RTI</p> <ul style="list-style-type: none"> Faculty & instructional staff will be fully trained and implement Response to Intervention (RTI). 	<p>RTI</p> <ul style="list-style-type: none"> RTI is a research-based approach that is effective when implemented with consistency. Staff needs to understand the three tiers of RTI support. Mokulele needs to determine supports and strategies at each tier and systematize school wide processes to meet individual student needs.

Performance Index and Classification Summary	2	Hawaii's public schools are striving to prepare all students for success in college, careers, and citizenship in the 21st century. To meet this ambitious goal we must set high expectations, regularly review our progress, and provide customized support to every student, educator, and school.
Student Group Performance Report	3	In 2013, the Hawaii Department of Education launched the Strive HI Performance System -- a new, federally approved school accountability and improvement system. It is designed to provide better information to parents, communities, educators and policymakers to help them better understand school performance. It also helps system leaders tailor rewards, support and interventions for schools based on their individual needs. For more information, go to http://www.hawaiipublicschools.org/VisionForSuccess/AdvancingEducation/StriveHIPerformanceSystem/Pages/home.aspx

Strive HI: Student Group Performance Report

The Student Group Performance Report disaggregates key outcomes across student subgroups that include economically disadvantaged, disabled, English language learners, and five federally defined race and ethnic groups. In addition, Hawaii provides further breakdowns for Asian, Native Hawaiian, and Pacific Islander to more accurately reflect the State's population demographics.

Based on Strive HI Index scores and key graduation and achievement gap measures, a school is classified into one of five categories: Recognition, Continuous Improvement, Focus, Priority, or Superintendent's Zone. Schools classified as a High Performance Recognition School must meet all targets on its Student Group Performance Reports.

Each school's Student Group Performance Report can be found on the Strive HI section of the Accountability Resource Center of Hawaii (ARCH) webpage (<http://arch.k12.hi.us>).

- i ELL and ELL Exits Achievement Rate
- k SPED and SPED Exits Achievement Rate

Notes: Reported proficiency rates are actual, unadjusted rates. Proficiency rates on this report may differ from the Strive HI Index and Classification Report due to a participation rate penalty applied to some low participation rate schools under Strive HI calculations. If asterisked, results are suppressed to protect student identity in accordance with the Family Educational Rights and Privacy Act (FERPA). Cells with too few students (less than 40) are designated "n/a" due to reliability concerns. Strive HI accountability proficiency results may differ from assessment proficiency results. Only students enrolled in the school for a full school year are included in Strive HI accountability results for proficiency.

Retention Rates

The elementary school retention rates are based on the percent of students, excluding kindergarteners, who are not promoted to the next grade level. Middle and intermediate retention rates are based on the percent of 8th grade students who are not promoted to 9th grade the following year. A low retention rate is desired.

Assessment: Two-Year Trend by Grade Level

This table shows your school's assessment results over a two-year period for all grade levels tested in science.

Grade	Science % Proficient	
	2014-15	2015-16
4	55%	53%

Notes: If asterisked, results are suppressed to protect student identity, in accordance with the Family Educational Rights and Privacy Act (FERPA). If the number of students is too small, the figure is not calculated and is noted with an "n/a."

College-Going and College Credit-Accumulation by Student Group

College-going and college credit-accumulation rates are report by: (a) all students, (b) economically disadvantaged, (c) students with disabilities, (d) English language learners, (e) seven federal race/ethnicity categories, and (f) gender.

College-Going: Counts are based on students who graduate from high school, who then enroll in an institution of higher education (IHE) within 16 months of receiving a regular high school diploma. Source data are compiled by the National Student Clearinghouse. The cohort represents the 2013-14 school year.

Credit-Accumulation: Counts are based on students who graduate from high school, who then enroll in the University of Hawaii system within 16 months of receiving a regular high school diploma and complete at least one year's worth of college credit (applicable toward a degree) within two years of enrollment. Source data are from the Hawaii P-20 Partnership for Education (Hawaii P-20) program. The cohort represents the 2011-12 school year.

College-Going and College Credit-Accumulation is not applicable for this school.

Teacher Qualifications

The percentages of all public elementary and secondary teachers in the State of Hawaii who have the following types of professional qualifications are reported below.

	Full License	Emergency Hire (CTE, Niihau & Emergency Hire Special Permits)
2013-14	100%	0%
2014-15	100%	0%
2015-16	100%	0%

Notes: Due to rounding, the percentages may not sum to 100%
CTE = Career Technical Education.

Full License

A fully licensed teacher has at least a baccalaureate degree; has completed a State Approved Teacher Education Program (SATEP); has passed Praxis tests (or equivalent) and has a teacher licensure issued by the Hawaii Teacher Standards Board.

Emergency Hire

Teachers with at least a baccalaureate degree may be hired on an emergency basis when there is a position for which fully licensed teachers are not available. A teacher on emergency hire status must annually demonstrate active pursuit of obtaining a Hawaii teacher license. Emergency hires are teachers who have not met the full requirements of licensure.

Classes Not Taught By Highly Qualified Teachers

Below is the percentage of core academic content classes at the school not taught by "highly qualified" teachers as defined under ESEA (Elementary and Secondary Education Act).

	Percent	
Classes Not Taught by Highly Qualified Teachers	2013-14	0%
	2014-15	0%
	2015-16	0%

Note. The procedures and decision rules regarding the collection and summarizing of this type of data have been revised from year-to-year. Thus, comparisons between years should not be made at this time.

To comply with ESEA requirements, a teacher who is highly qualified is defined as a teacher who:

- 1) Holds at least a baccalaureate degree; and
- 2) Is fully licensed by the Hawaii Teacher Standards Board; and
- 3a) Has passed a state required test of subject matter knowledge in each core academic subject taught;
or
- 3b) Has a major (or the equivalent of a major which is 30 semester hours) in each core academic subject area taught; and
- 4) Is properly assigned at the grade levels for which the teacher is licensed.

There is an exception in ESEA that recognizes teachers participating in certain alternative routes to licensure.

National Assessment of Educational Progress (NAEP) Mathematics, Reading and Science Results for Hawaii

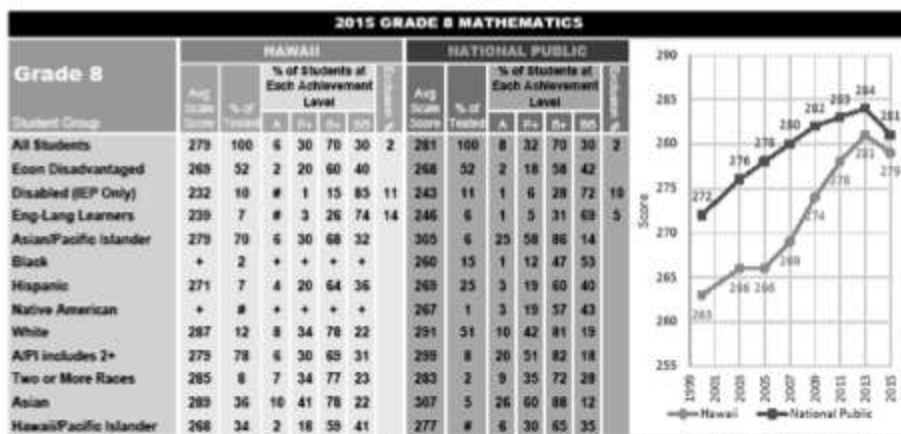

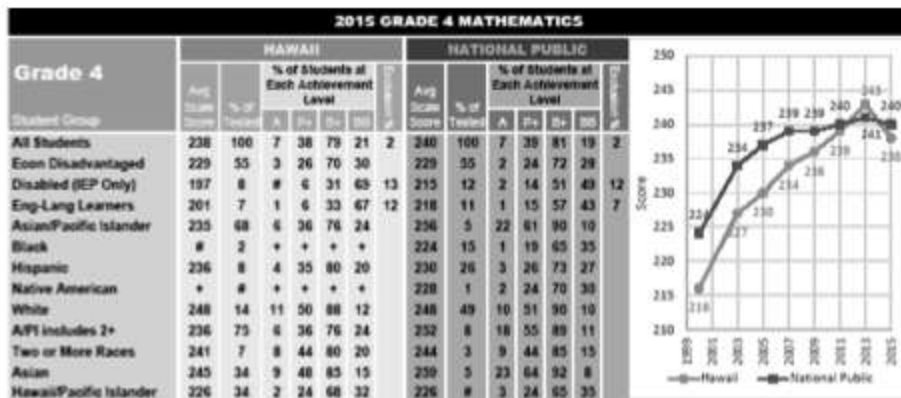

The NAEP or National Assessment of Educational Progress is a state-by-state assessment of students in grades 4 and 8. It is the only test in the United States that provides a comparison of the performance of students in Hawaii with the performance of students nationally. All states, the District of Columbia, and the Department of Defense Schools participate in mathematics and reading assessments every two years, with 2014-15 being the most recent year for the NAEP. NAEP also assessed Science for both grades 4 and 8 in 2014-15.

NAEP differs in several ways from the Smarter Balanced Assessments which serve as the main state assessments for Hawaii. NAEP has remained a paper-and-pencil assessment through the 2014-15 school year, but starting in 2016-17 will be administered mostly via tablet computers. NAEP shows only a partial alignment with the Common Core Standards, especially in the recommended or implied sequence of instruction. Furthermore, NAEP results are based on samples of students across Hawaii public and public charter schools rather than including all grade 4 and grade 8 students.

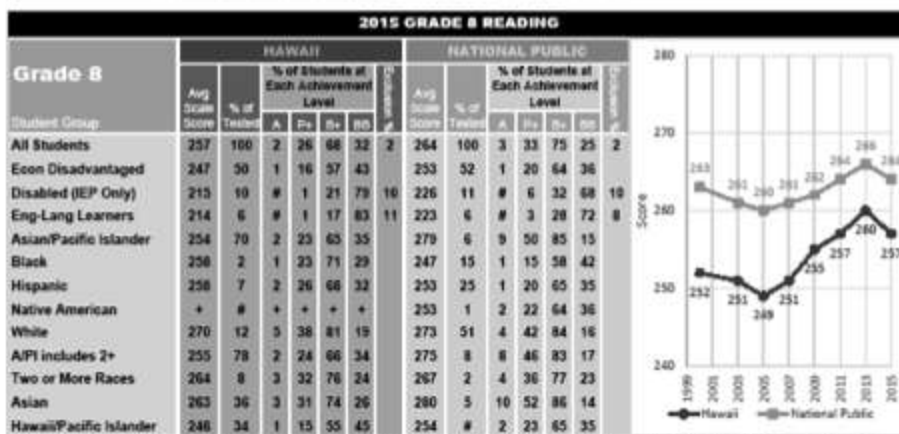

The tables on the following pages provide data on NAEP achievement levels by student group. The NAEP organizes results along the following "achievement levels:" Advanced (A), at and above Proficient (P+), at and above Basic (B+), and Below Basic (BB). NAEP defines Advanced as "superior performance." Proficient represents "...solid academic performance [in which] students have demonstrated competency over challenging subject matter." NAEP defines Basic as "partial mastery of prerequisite knowledge and skills that are fundamental for proficient work at each grade."

The graphs on the right side of the next pages illustrate Hawaii and national trends. In the period from 1999 through 2013, the trend graphs indicated gains, in which gaps between Hawaii scores or percentages and those of national public schools narrowed. However, in 2015, Hawaii's scores declined in grade 4 mathematics, grade 8 mathematics and grade 8 reading, and were static for grade 4 reading. These declines and stasis paralleled national results. The gap for grade 4 reading remained at six scale score points. The gap for grade 8 reading increased from six points in 2013 to seven points in 2015. The gap for grade 8 mathematics declined from three points in 2013 to two points in 2015. And for grade 4 mathematics, where Hawaii exceeded the national average scale score by two points in 2013, it fell to two points below the national average scale score in 2015. Despite the declines and stasis from 2013 to 2015, Hawaii's gains from 2005 to 2015 were the second highest in the nation. Hawaii made strong gains in science from 2009 through 2015.

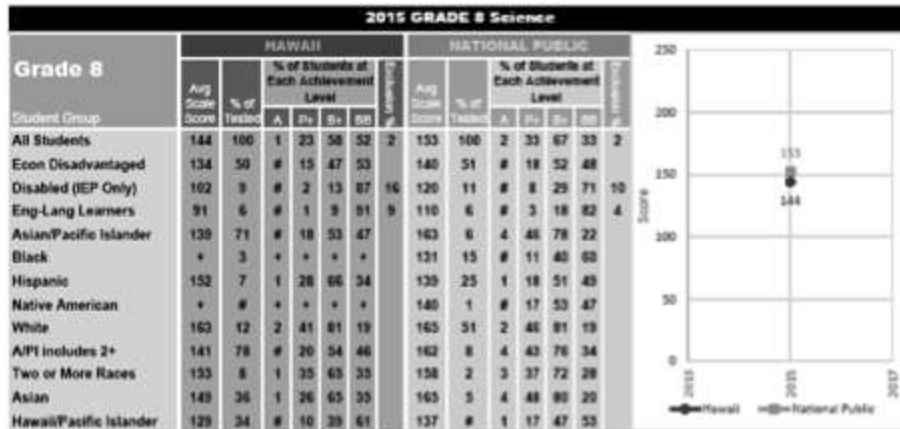

In addition to data pertaining to All Students, there are student subgroups that include economically disadvantaged as measured by eligibility for free or reduced-price lunch, disabled or students with an Individual Education Plan or 504 Plan, English-language learners, and students grouped by placement in one of the federal ethnicity/race categories. This year's report also includes exclusion rates.

Notes: (A) # = Rounds to Zero. (B) Percentages reported under achievement levels P+ and B+ are cumulative. P+ reflects those students who are Advanced or Proficient. B+ reflects those students who are Advanced, Proficient, or Basic (See prior page for specific definitions of NAEP achievement levels. (C) + = Too few to allow release of data.

Notes: (A) # = Rounds to Zero. (B) Percentages reported under achievement levels P+ and B+ are cumulative. P+ reflects those students who are Advanced or Proficient. B+ reflects those students who are Advanced, Proficient, or Basic (See prior page for specific definitions of NAEP achievement levels. (C) + = Too few to allow release of data.

Notes: (A) # = Rounds to Zero. (B) Percentages reported under achievement levels P+ and B+ are cumulative. P+ reflects those students who are Advanced or Proficient. B+ reflects those students who are Advanced, Proficient, or Basic (See prior page for specific definitions of NAEP achievement levels). (C) + = Too few to allow release of data.

A. Strive HI 2016-2017

Mokulele Elementary

250 Aupaka Street, Honolulu, Hawaii | Oahu | Aiea-Moanalua-Raeford Complex Area

THE STRIVE HI SCHOOL PERFORMANCE REPORT is an annual snapshot of a school's performance on key indicators of student success. This report shows schools' progress on the Department and Board of Education's Strategic Plan and Federally-required indicators under the Every Student Succeeds Act. These results help inform action for teachers, principals, community members, and other stakeholders.

How are students performing in each subject?

Measures the percent of students meeting the standard who are proficient on state assessments.

How are students performing compared to others?

Compares the percent of students meeting the standard who are proficient on state assessments.

How are student subgroups performing?

High Needs: English learners, economically disadvantaged, and students receiving Special Education services. Non-High Needs: All other students.

of students learning English are on-track to English language proficiency

MGP How do students' progress compare to their peers?

The Median Growth Percentile (MGP) shows the relative progress of the average student on state assessments. For example, an MGP of 60 means the average student performance was better than 60% of students that scored similarly on previous state assessments.

How many 3rd graders read on grade level?

72% of 3rd graders read near, at, or above grade level

How many students missed 15 or more days of school this year?

Do students feel safe at this school?

Measures student responses on the Safety dimension of the School Quality Survey.

How do you measure how well a school is doing? In our estimation, it's more than scores on high-stakes tests. Schools should show that they are supporting children along the educational pipeline toward college, career, and community readiness. Are our students attending school? Are they graduating? Are they going to college? And how successfully are schools reducing the achievement gap between high-needs and non-high needs students?

The Strive HI Performance System was designed to account for these factors in student success. Initially created in 2013 by a U.S. Department of Education waiver from certain aspects of the former No Child Left Behind Act, Strive HI has been refocused by the goals and priorities of the 2017-2020 Department of Education and Board of Education Strategic Plan, the governing document for the public education system. Our Strategic Plan provides a common foundation of expectations and supports for public education, centering on closing the achievement gap to ensure equity and excellence in our schools.

Mokulele Elementary

250 Aupaka Street, Honolulu, Hawaii | Oahu | Aiea-Moanalua-Radford Complex Area

Our Story

Mokulele Elementary is committed to creating a safe and caring culture while using active instructional strategies to engage all learners. Teachers work in Professional Learning Communities analyzing student work, collaborating on unit plans and exploring personal inquiries to improve their craft.

The Sports Intramural Program offers students in grades 2-6 opportunities to participate on a team for flag-football, basketball, and softball. The Radford Complex Extramural Program includes all seven elementary feeder schools (Mokulele Elementary, Hickam Elementary, Nimitz Elementary, Pearl Harbor Kai Elementary, Pearl Harbor Elementary, Aliamanu Elementary, and Makalapa Elementary) in coed volleyball, boys and girls basketball, and track. Dedicated teachers volunteer to coach and facilitate both sporting events.

The music program has a weekly strings and woodwind ensemble program in addition to the existing chorus program.

The Strategic Plan

The Strategic Plan describes shared objectives for equity and excellence for every child. To measure progress on the Strategic Plan, we report on key statewide success indicators. These indicators represent the health of public education, focusing on those which have greatest impact on student success, as well as state and federal requirements. They do not comprehensively represent the diverse measures of success valued by our nearly 300 schools. Schools address their unique approach to indicators through their Academic and Financial Plans and charter school contracts. Learn more at <http://bit.ly/1wggQrL>.

Focus On Standards

This School Status and Improvement Report has been prepared as part of the Department's education accountability system to provide regular, understandable accounts of our schools' performance and progress, as required by §302A-1004, Hawaii Revised Statutes.

This report describes the school and its setting; provides information about the school's administrators, teachers, students and facilities; summarizes progress made based on the school's improvement plan; and reports student achievement results along with other vital signs.

School Description

Mokulele Elementary School is located on Joint Base Pearl Harbor Hickam (JBPHH) in Honolulu, Hawaii. The student population consists of over 95% military families.

As an AVID Elementary-certified school, Mokulele Elementary will continue our mission to build a strong foundation of skills, knowledge, and resiliency in our College and Career Ready learners by providing continuous opportunities for technological advances. Each class offers Interactive white boards, document projectors, and multiple student computers. Many of our software programs that were instrumental to our academic improvements include Accelerated Reader, Imagine Learning education, and Achieve 3000. We will continue to utilize IXL, a web-based program, to meet our increased AYP demands in math.

We continue to be committed to the State's Healthy Hawaii Initiative by providing morning exercise starting at 7:20 am. Each student also receives Physical Education, Music, Library, and Hawaiiana or Character Education each week. Our focus on developing the Whole Child is extremely important as we continue to add something new to our Arts, like last year's production of The Little Mermaid and School Talent Shows. Our Sports Intramural Program continues to include over 60% of our students in Grades 2-6. Volleyball, Basketball, Football, Softball, and Track are a few of the year-round activities being offered. Our monthly Tribe 'Ohana Groups include lessons to foster inclusion, influence, and community among all students, staff, teachers, and partners.

The Mokulele School Community continues to build partnerships with local businesses who support the school with their time by attending our annual AVID Career Day and reading to kids during "Read Across America." We hold monthly activities to offer parents opportunities to visit the school with Parent Coffee Hours, School Community Council meetings, and Principal VIP Luncheons. In addition, there are several annual events such as the Fall Festival, Family Fun Night in December, Student-led Conferences, and Student STEM Showcase that attract families to the school.

n = 375

School Setting

Community Profile

The *Community Profile* information updated in this school report reflects selected 2010 demographics for the High School Complex (HSC) area in which this school resides. Profile data are based on the 2010 U.S. Census, the American Community Survey (ACS) 2006-2010 five-year estimates (centric to 2008), and the incorporation of Hawaii's HSC boundary areas with updated 2010 Census geography. Figures for educational attainment and median household income are sample estimates obtained from the ACS, adapted to conform to HSC geography, and should be considered rough approximations of census counts.

Based on the 2010 U.S. Census

Radford HSC Complex	School Community	State of Hawai'i
Total population	27,470	1,360,301
Percentage of population aged 5-19	21.5%	16.4%
Median age of population	27.5	38.6
Number of family households	6,331	313,907
Median household income	\$64,049	\$66,420

School Improvement**Summary of Progress**

In SY 2014-15, Mokulele Elementary School officially began to embrace the AVID Elementary vision in creating a culture of learning in a safe and caring environment for College and Career Readiness. We also invested much time over the past years incorporating the Habits of Mind into our General Learner Outcomes (GLOs) to develop resilient student learners. Teachers developed note-taking skills and organizational tools to provide students with life skills. They were able to work in our Professional Learning Community where teachers developed and explored personal inquiries to improve their craft through their Personal Developmental Plan. Teachers learned about Data Teams and analyzed student work, collaborated on common assessments, and created a sense of collegiality that's imperative to our profession.

Mokulele Elementary developed the Academic Plan for SY 2015-2016 with the following considerations in mind: Mokulele's Vision and Mission, the Vision of the Public School Graduate, general learner outcomes, DOE student priorities, HSA data, current school initiatives, and current research and best practices. These considerations were kept in mind as the three committees – (FOL 1) Formative Instruction/Data Teams; (FOL 2) Common Core/STEM; and (FOL 3) Comprehensive Student Supports – in the school academic plan.

A review of the school's Strive HI results indicates that Mokulele students continue to improve toward meeting proficiency for both reading and math. Our current Index score of 284 puts the school in Continuous Improvement. However, Math scores (58%) are much lower than our Reading scores (70%) and will require much needed gains. New Reading and Math programs, Wonders and Stepping Stones, respectively, were implemented this past school year.

For the SY 2015-2016, Mokulele Elementary will provide students with a renewed focus on being College, Career, Citizenship-Ready with the introduction of the AVID program. The Advancement Via Individualized Determination (AVID) will bring that caring culture back while using active instructional strategies to engage all learners. Achieve3000 and Lexia continue to assist our students with their reading, while IXL offers math interventions and practice.

School Resources

Certified Staff

Teaching Staff

Total Full-Time Equivalent (FTE)		29.0
Regular Instruction, FTE	75.8%	22.0
Special Instruction, FTE	24.1%	7.0

Facilities

School Year Ending 2015

Classrooms available	34
Number of classrooms short (-) or over (+)	0

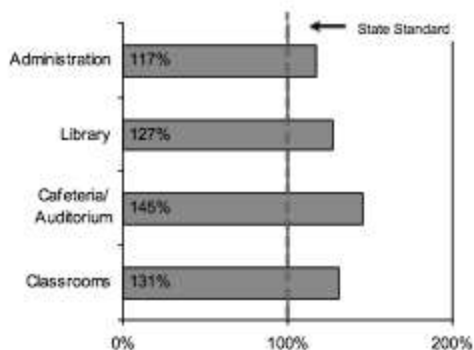

School facilities inspection results

From the 2011 school year, school facilities inspection data are no longer available at the state level. Department schools are still required to do an annual assessment of its facilities in the following areas: Grounds, Building exterior, Building interior, Equipment/Furnishings, Health/Safety and Sanitation. All department schools should have their annual inspections completed by the second quarter of the school year.

Historically, the majority of the department schools attained inspection assessment points in the following ranges: 9-15, earning a "Satisfactory" rating, and 16-18 points, earning the highest "Very Good" rating.

Note: * -- " means missing data.

Adequacy of School's Space

School facilities are considered inadequate if below 70%; marginal if between 70% and 99%; and in excess of state standard if above 100%. School population is placed into size categories and is used in formulas to determine State standards for space. Graph does not display capacity exceeding 200%.

School Status and Improvement Report

School Year 2014-15

Vital Signs

School Quality Survey

The School Quality Survey (SQS), administered periodically by the Accountability Section, is used for strategic planning and to comply with state accountability requirements.

Percent of Positive Responses

School Quality Survey [*]		Teachers		Parents		Students	
		School	State	School	State	School	State
Safety	2014	--	--	--	--	--	--
	2015	73.5%	82.6%	77.3%	86.6%	79.3%	77.1%
Well-Being	2014	--	--	--	--	--	--
	2015	68.3%	80.3%	85.1%	91.9%	73.6%	78.7%
Satisfaction	2014	--	--	--	--	--	--
	2015	51.1%	69.7%	61.1%	83.1%	85.7%	88.6%
Involvement/Engagement	2014	--	--	--	--	--	--
	2015	69.2%	77.3%	77.7%	86.8%	78.6%	80.7%

Survey Return Rate ^{**}		Teachers		Parents		Students	
		School	State	School	State	School	State
2014		--	--	--	--	--	--
2015		86.6%	87.4%	10.0%	34.6%	94.4%	84.9%

^{*} The SQS is completed by students and parents of students in grades 4, 5, 7, 8, 9, and 11 and by all teachers of the school. State Teacher and Parent positive response figures are one of four grade spans (Gr. K to 5/6, Gr. 6/7 to 8, Gr. 9 to 12, and Multi-level) that best correspond to this school's grade span. The Student positive response figures for the State and this school are those of the highest grade level surveyed at this school.

^{**} State Return Rate for Teachers, Parents, and Students are for one of six grade spans (Elementary, Elementary/Middle, Elementary/Middle/High, Middle, Middle/High, High) that corresponds to this school.

Note: In 2015, a revised School Quality Survey (SQS) was administered statewide to students, school staff, and parents. The dimensions, questions, and rating scale differ from the SQS administered in previous years; thus, the 2014 SQS percentages are intentionally left blank (--).

Vital Signs

Student Conduct

Attendance and Absences

School Year			
2012-13	2013-14	2014-15	State Standard
95.2%	94.7%	95.9%	95.0%

Average Daily Attendance: %
(higher is better)

Average Daily Absences: in days			
(lower is better)			
8.5	9.3	7.3	9

Suspensions, School Year 2014-2015

Examples of class of suspension:
 Class A: Burglary, robbery, sale of dangerous drugs
 Class B: Disorderly conduct, trespassing
 Class C: Class cutting, insubordination, smoking
 Class D: Contraband (e.g. possession of tobacco)

School Retention

Retention for elementary schools include students who were retained (kept back a grade) in all grades except kindergarten. Retention for middle/intermediate/K-8 schools include only eighth graders who were not promoted to ninth grade.

	Retention		
	2013	2014	2015
Total number of students	364	351	321
Percent retained in grade	1%	0%	0%

Note: "—" means missing data.
 "..." means data not reported to maintain student confidentiality (see FERPA).

Vital Signs

Focus On Standards

This School Status and Improvement Report has been prepared as part of the Department's education accountability system to provide regular, understandable accounts of our schools' performance and progress, as required by §302A-1004, Hawai'i Revised Statutes.

This report describes the school and its setting; provides information about the school's administrators, teachers, students and facilities; summarizes progress made based on the school's improvement plan; and reports student achievement results along with other vital signs.

School Description

Mokulele Elementary School is located on Joint Base Pearl Harbor Hickam (JBPHH) in Honolulu, Hawaii. The student population consists of 95% military families, with 391 parents employed in our US Armed Forces, among our 365 students. Seventy-one (71) of our 365 students (19.5%) receive special education services and 12 students (3.3 %) receive English as a Second Language Learner services. Mokulele has 27% of our students receiving free or reduced lunch.

At Mokulele Elementary, we are an AVID school whose mission is to build a strong foundation of skills, knowledge, and resiliency for our life-long College- and Career-ready learners. We will continue to provide continuous opportunities for technological advances through STEM. Each class offers Interactive white boards, document projectors, and multiple student computer labs. Many of our software programs that were instrumental to our academic improvements include STAR assessments, Accelerated Reader, LEXIA, and Achieve 3000. We will continue to utilize IXL, a web-based program to meet our deficiencies in math.

We are committed to the State's Healthy Hawaii Initiative by providing morning exercise starting at 7:20 am. Each student also receives Physical Education, Music, Library, and Hawaiian or Character Education each week. Our focus on developing the Whole Child is extremely important as we continue to improve our music programs that include strings, woodwind, and percussion. Our annual School Talent Show features many of these musical performances. Our Sports Intramural Program continues to include students from Grades 4-6 participating in Volleyball, Basketball, Flag-football, Softball, and Track throughout the year. Our monthly Tribe 'Ohana Groups include lessons to foster inclusion, influence, and community among all students, staff, teachers, and partners.

The Mokulele School Community continues to build partnerships with local businesses to provide donations or offer prizes for student incentives. We hold monthly activities to offer parents opportunities to visit the school with Parent Coffee Hours, School Community Council meetings, and Principal VIP Luncheons. In addition, there are several annual events such as the Fall Festival, Family Fun Night in December, Student-led Conferences, and Student STEM Showcase that attract families to the school.

School Improvement

Summary of Progress

In SY 2015-16, Mokulele Elementary School continued to embrace the vision of an AVID and Tribes school in creating a culture of College- and Career-Ready learners in a safe and caring environment. We invested much time over the past year incorporating Mindfulness into our curriculum to develop focused, reflecting student learners. Teachers were able to work in Professional Learning Communities and developed and explored personal inquiries to improve their craft through their Personal Learning Plan. Teachers continued to work in Data Teams, analyzing student work, collaborating on common assessments, and creating a sense of collegiality that's imperative to our student success.

Mokulele Elementary developed the Academic Plan for SY 2016-2017 with the following considerations in mind: Mokulele's Vision and Mission, the Vision of the Public School Graduate, general learner outcomes, DOE student priorities, SBA data, current school initiatives, and current research and best practices. These considerations were the focus of five Focus On Learning committees (1) Purpose: Organization; (2) Curriculum: Standard-based Student Learning; (3) Instruction: Standard-based Student Learning; (4) Assessments & Accountability: Standard-based Student Learning; and (5) Quality Student Support for Student Personal and Academic Growth.

A Review of the school's StriveHI Index indicates that Mokulele remains in the Continuous Improvement. However, Math scores (36%) are much lower than our Reading scores (49%) and will require much needed gains. All in all, MES exceeded the statewide results in all four categories (Achievement, Growth, Readiness, and Achievement Gap). Our State's new Math Stepping Stones program was implemented at the start of the SY '14-15 and our hope is that with SBA implementation dip, we'll eventually increase our SBA scores.

Since SY 2013-14, Mokulele Elementary has provided students with a renewed focus on being College-, Career-, Citizenship-Ready with the introduction of the Advancement Via Individualized Determination (AVID) program. The AVID culture has brought an awareness of using active instructional strategies to engage all learners. This SY, our teachers focused their attention on teaching readers to "Mark the Text" in addition to focusing on reflective journals and learning logs to summarize their lessons. Students were provided incentives in utilizing the Achieve 3000 program which assisted our students with their reading Lexile growth. As we continue to improve upon our vertical alignment, teachers will continue to develop formative assessments for reading to go along with the completed math assessments.

School facilities inspection results

From the 2011 school year, school facilities inspection data are no longer available at the state level. Department schools are still required to do an annual assessment of its facilities in the following areas: Grounds, Building exterior, Building interior, Equipment/Furnishings, Health/Safety and Sanitation. All department schools should have their annual inspections completed by the second quarter of the school year.

Historically, the majority of the department schools attained inspection assessment points in the following ranges: 9-15, earning a "Satisfactory" rating, and 16-18 points, earning the highest "Very Good" rating.

Note: -- means missing data.

Adequacy of School's Space

School facilities are considered inadequate if below 70%; marginal if between 70% and 99%; and in excess of state standard if above 100%. School population is placed into size categories and is used in formulas to determine State standards for space. Graph does not display capacity exceeding 200%.

* The SQS is completed by students and parents of students in grades 4, 5, 7, 8, 9, and 11 and by all teachers of the school. State Teacher and Parent positive response figures are one of four grade spans (Gr. K to 5/6, Gr. 6/7 to 8, Gr. 9 to 12, and Multi-level) that best correspond to this school's grade span. The Student positive response figures for the State and this school are those of the highest grade level surveyed at this school.

** State Return Rate for Teachers, Parents, and Students are for one of six grade spans (Elementary, Elementary/Middle, Elementary/Middle/High, Middle, Middle/High, High) that corresponds to this school.

Note: In 2015, a revised School Quality Survey (SQS) was administered statewide to students, school staff, and parents. The dimensions, questions, and rating scale differ from the SQS administered in previous years.

Vital Signs

Student Conduct

Focus On Standards

This School Status and Improvement Report has been prepared as part of the Department's education accountability system to provide regular, understandable accounts of our schools' performance and progress, as required by §302A-1004, Hawai'i Revised Statutes.

This report describes the school and its setting; provides information about the school's administrators, teachers, students and facilities; summarizes progress made based on the school's improvement plan; and reports student achievement results along with other vital signs.

School Description

Mokulele Elementary School is located on Joint Base Pearl Harbor-Hickam (JBPHH) in Honolulu, Hawaii. Of our 340 students, 96% are from military families, with 324 parents employed in the US Armed Forces. 62 of our students (18.2 %) receive special education services, and 14 students (4.1%) receive English as a Second Language Learner services. Mokulele has 27% of students receiving free or reduced lunch.

Mokulele is an AVID school whose mission is to build a strong foundation of skills, knowledge, and resiliency for our life-long College and Career ready learners. We will continue to provide continuous opportunities for technological advances through STEM. Each class offers interactive white boards, document projectors, and multiple student computer labs. Furthermore, this School Year 2016-2017 we have purchased Chromebooks for students in grades 2-6 to align with our complex initiative of 1:1 computers for all students, and our plan is to extend this to all students in grades K and 1 next School Year. Many of our software programs that are instrumental in our academic progress include STAR assessments, Accelerated Reader, LEXIA, and Achieve 3000. We will discontinue IXL as we have now purchased Front Row Ed, an exciting, interactive web-based program in Math, ELA, and Social Studies to assist students in meeting the Common Core State Standards in these content areas.

We are committed to the State's Healthy Hawaii Initiative by providing daily morning exercise from 7:20-7:40 am. Each student also receives Physical Education, Music Library, and Hawaiian or Character Education each week. Our focus on develop Whole Child is extremely important as we maintain our music programs including strings, woodwind, and percussion. Our Intramural Sports Program includes students from Grades 4-6 for Volleyball, Basketball, Flag-football, Softball, and Track. Our quarterly school wide Tribes 'Ohana Groups include lessons on inclusion, influence community among all students, staff, teachers, and partners.

The Mokulele School Community continues to build partnerships with local businesses to provide donations or offer prizes for student incentives. We hold monthly activities to offer parents opportunities to visit the school with Parent Coffee Hours, School Community Council meetings, and Principal VIP Luncheons. This year we created a new military partnership with the USAF 17th Operational Weather Squadron. (17OWS) They have assisted Mokulele on many occasions with volunteers for school wide events such as Turkey Trot, Family Fun Night, Read Across America, Month of the Military Child activities, and Field Days.

 ** means School is participating in the Community Eligibility Provision.

School Setting

Community Profile

The *Community Profile* information updated in this school report reflects selected 2010 demographics for the High School Complex (HSC) area in which this school resides. Profile data are based on the 2010 U.S. Census, the American Community Survey (ACS) 2006-2010 five-year estimates (centric to 2008), and the incorporation of Hawaii's HSC boundary areas with updated 2010 Census geography. Figures for educational attainment and median household income are sample estimates obtained from the ACS, adapted to conform to HSC geography, and should be considered rough approximations of census counts.

Based on the 2010 U.S. Census

Radford HSC Complex	School Community	State of Hawai'i
Total population	27,470	1,360,301
Percentage of population aged 5-19	21.5%	16.4%
Median age of population	27.5	38.6
Number of family households	6,331	313,907
Median household income	\$64,049	\$66,420

School Improvement

Summary of Progress

In SY 2016-17, Mokulele further embraced the vision of an AVID and TRIBES school to create a culture of College and Career Ready learners in a safe, caring environment. We maintained Mindfulness in our curriculum to develop focused, reflecting student learners. Teachers worked in Professional Learning Communities to improve their craft by addressing student needs through Small Group Instruction. We will continue to seek professional development for our teachers to enhance their efforts to embed it into the school culture. Teachers continued to work in Data Teams analyzing student work, collaborating on common assessments, and creating a sense of collegiality imperative to student success.

Mokulele Elementary developed the Academic Plan for SY 2017-2018 with the following considerations in mind: Vision and Mission, Vision of the Public School Graduate, General Learner Outcomes, DOE Strategic Plan, SBAC data, current school initiatives, and research-based best practices. These become the focus of five "Focus On Learning" (FOL) committees as we implement our first year of WASC Accreditation in writing our Self Study document, which includes Purpose: Organization (1); Standards-based Student Learning in Curriculum (2), Instruction (3), Assessments & Accountability (4), and Quality Student Support for Student Personal and Academic Growth. (5)

A Review of the school's Strive HI Index of SBA performance in SY 2015-2016 indicates that Mokulele falls in the Continuous Improvement category. Math scores (36%) are considerably lower than our Reading scores (49%), and will require much needed gains. All in all, MES exceeded the Statewide results in all four categories. (Achievement, Growth, Readiness, and Achievement Gap) Our State's new Math Stepping Stones program was implemented at the start of the SY '14-15, and we plan to incrementally increase our SBAC scores each school year.

In addressing the education of the Whole Child, Mokulele began implementing the Operation Heroes project this SY, an after school 10-week program of classes that help build resiliency in students to changes and transitions inherent in the lives of military children. Next School Year we will add the Military Mentors program to provide 1:1 role models for our students on a weekly basis.

Since SY 2013-14, Mokulele Elementary has focused on College, Career, and Citizenship Ready with the introduction of the AVID program. The Advancement Via Individualized Determination (AVID) culture has brought to Mokulele a greater awareness of the need for active instructional strategies to engage all learners. This SY our teachers have focused on teaching students to expand their levels of questioning, particularly the 'how' and 'why' questions. Furthermore, we focused on reflective journals and learning logs for students to summarize and reflect on their lessons. We provided students with incentives to consistently utilize the Achieve 3000 program, which assists our students with their reading Lexile growth. Schoolwide, we saw an average 119-point Lexile growth, far above the expected 80 points.

Mokulele's Academic Plan goals for SY 2017-2020 are a 10% increase in SBA scores in both Math and Language Arts as follows: '17-'18: 3%; '18-'19: 3%; '19-'20: 4%.

* Unlike the prior two years' SQS reports, this question has been changed to refer to the resources and professional development opportunities provided at the school-level, not system-wide by the Hawaii Department of Education (DOE).

E. Tripod Survey- Spring 2014

Dear Colleagues,

The Tripod Project for School Improvement collects and reports on student perspectives about teaching and learning. Each survey that 3 students complete remains in a particular classroom and is rotated around the Tripod 30% of effective teaching. Results are then reported at multiple levels of aggregation, including the teacher, classroom, school and district. This report contains actionable feedback from your organization's students. Recent research has established that the 70% help to predict not only student engagement—for example, effort and behavior—but also year-to-year gains in achievement on standardized tests.

Teachers are most effective when they successfully communicate and sustain the 70% to their students.

- Concise:** "Your voice and well-being truly matter to me in a school day."
- Challenge:** "I need your tips—advice, help, and just someone to talk to—most days."
- Control:** "You show a variety of kind and respectful ways to bring on our lives/parents."
- Clarify:** "I have multiple good explanations for things that are difficult for me. I can explain you are required and I will help you understand."
- Capacitate:** "I really know what to do when I'm confused and struggling because of my experience."
- Confirms:** "You never talk with me to help me understand your class and support my learning."
- Consultative:** "I am very happy and glad for understanding in our learning activities."

Please look for patterns in your reports. It's so difficult the "story" that this data are telling. Look not only for good news, but also for ways to improve.

Set some goals. Make a plan. Move ahead.

Thanks for your knowledge and success in using these data to support growth and improvement.

Preface: Tripod 7Cs Teaching-Practice Categories

Tripod survey reports aim to inform professional growth and school improvement. This preface provides an overview of teaching issues and themes for each of the Tripod 7Cs. They are phrased for teachers as the intended audience. You may see opposing practices, should find them useful.

Please feel free to add your own ideas.

Set some goals. Make a plan. Move ahead.

Care

1. How you respond when work appears to be out of respect.
2. How you respond when students want to talk about problems unrelated to your class.
3. The ways you see for how students should support one another.
4. The ways you see about providing encouragement to students.
5. The manner you express in the students' extracurricular activities.
6. The comments you give to students work when they do well or not.

Challenge

1. The ways that you respond when students express doubts about their own abilities.
2. How you counsel students of past obstacles that they were able to overcome through persistence.
3. How you see in to set challenges that are enough, but not too much, for each student.
4. What you say to your students when you see them beginning to give up.
5. How you explain to them the difference between memorization and understanding.
6. The ways that you model the persistence and hope that you want to combine in your classroom.
7. The ways you celebrate success when students succeed beyond their expectations.

Control

1. The ways you respond when students wear out another discipline fully.
2. The ways that respond when students speak to you disrespectfully.
3. How you respond when it appears that students are off task.
4. What you say when students ignore or disobey what you have told them to do.
5. How quickly you get students started and bring work at the beginning of class time.
6. How long before the end of class time you start to hand down the work when.
7. The ways you make sure students are busy in class, not wasting time.

© 2014 The Tripod Project and Cambridge Education LLC

Classify

1. How you press students to learn through things that they don't understand.
2. The way you anticipate questions by knowing what students will find difficult.
3. The way you show down and speak carefully when covering difficult topics.
4. How you draw examples from previous lessons.
5. The way you have students explain their reasoning to reveal the point of confusion.
6. How carefully you provide timely, structured explanations when introducing new ideas.
7. How hard you work to generate multiple explanations for tricky concepts.

Capivate

1. How relevant you make the lessons as students' lives.
2. The pacing with which the lesson is delivered.
3. The clarity with which the lesson is delivered.
4. How interesting the lessons are made.
5. The use of technology.
6. Your vocal inflections.
7. Your movements and intonations.

Cooler

1. The degree of support that you provide when responding to poorly phrased questions.
2. How often you encourage students to discuss their perspectives with one another.
3. How often you ask students to solve problems together then discuss their findings.
4. How effectively you answer questions with questions.
5. How sincerely you express respect for student progressions.
6. How encouraging you respond when a student gives a long answer at the end of the class.
7. How appropriately you treat struggling students compared to how you treat others.

Consolidate

1. How you press students to identify their own connections while you teach the lesson.
2. How you include topics from previous lessons in current quizzes and homework.
3. How you include topics from future lessons in current quizzes and homework.
4. How you refer to events in the news.
5. The ways that you summarize the lesson at the end of each class.
6. The ways that you summarize whole sequences of lessons or units.
7. The ways that you refer lessons to what your students are learning in other classes.

How to read this report?

While completing the surveys, students choose from three or five response options for each item. These range from the most favorable response to the most unfavorable response. The response on the center is neutral.

In this report, each survey item offers a color coded response bar, A 5 or 3 point Likert scale is used for grade responses depending on the survey level (elementary, upper elementary, or early elementary). The length of each section of the bar is proportional to the percentage of students that gave that particular response. The most favorable responses are the darkest color on the right side of the bar, while the most unfavorable are the darkest on the left side of the bar. A bar or more than bars beneath your items represent a "comparison cohort," defined elsewhere in the report.

For example, in the graphic below, 45 percent of students gave the most unfavorable response, 24 percent the next unfavorable, 28 percent neutral, 15 percent the second most favorable, and 14 percent gave the most favorable response.

7C Summary Spring '14
 Mokulele Elementary Level: Early Elementary Responses: 187

7C score 72%

Care 84%

Challenge 78%

Control 51%

Clarify 79%

Captivate 73%

Confer 73%

Consolidate 65%

7C Care 84%

Your success and well-being really matter to me in a serious way.

Synonyms: love, nurture, protect, treasure, watch over, provide for, cultivate.
Antonyms: ignore, neglect, set aside, forget, avoid, overlook.

People often say their children live in the kitchen. I don't care what you know until I know that you care. Children and youth want to feel psychologically safe in our classrooms. When asked what they most want to know on the first day of school, many said, "What I really want to know is whether or not the teacher is going to be nice or mean." Of course, one is not always the most effective strategy for getting students to do what we want, but it is often the reason. Caring is being dedicated to your students' success in school, while also being concerned about their well-being as human beings.

1 I like the way my teacher treats me when I need help

2 My teacher is nice to me when I ask questions

7C Challenge

78%

"Trust upon open agree-understanding, not just memorization-need your best effort"

Synonyms: press, demand, insist, require, be firm, impose high standards
Antonyms: placate, appease, coddle, shelter from stress, pamper, indulge, spoil

Challenge (verb) - stress. That's how stress comes a strain for a student at that and not much stress. We are challenging our students when we press them to work harder or longer or to think more deeply than they do. We can think they can't but they can. A challenging student is to work hard and think deeply. We will succeed if we can find the right balance between imposing our will on others, versus allowing our students to act and pursue their own goals in our classrooms. Challenge is important, because without it our students will find it difficult to keep going when their natural impulses is to relax. I've seen though they may relax or even at the time, they will later respect and value the people who pushed them to stay focused and keep going when they are tired to do, then about or give up.

1. In this class, we learn a lot almost every day.

2. When something is hard for me, my teacher still makes me learn it.

3. My teacher makes sure I try to do my best.

4. [Disagree with] in our class, it is okay to stop trying.

© 2014 The Tripod Project and Cambridge Education LLC

7C Control

51%

"Our class is orderly, on task and respectful, with learning as our first priority"

Synonyms: supervise, guide, direct, govern, regulate, check, calm, preside over
Antonyms: unleash, liberate, loosen, let go of, surrender to, passively watch

Classroom control in the Tripod™ is about maintaining an orderly classroom where people treat one another respectfully and stay on task to achieve high goals for learning. This does not always mean a quiet classroom, since some of the best learning happens when students actively debate opinions and work in small groups to solve problems. It does, however, mean that the teacher is willing and able to hold students effectively responsible for learning opportunities in classroom moments. There are clear boundaries on what is acceptable, but within those boundaries there can be a great deal of freedom for students to take initiative to make to achieve personal learning goals.

1. My classmates act the way my teacher wants them to.

2. Our class stays busy and does not waste time.

© 2014 The Tripod Project and Cambridge Education LLC

7C Clarify **79%**

"I have multiple good explanations, when you are confused I will help you understand"

Synonyms: demystify, straighten, simplify, get across, demonstrate, spell out
Antonyms: confuse, mystify, cloud, scramble, confound, obfuscate, baffle

"I have trouble learning. I can easily, when a teacher is unable or unwilling to clear up confusion, students will conclude that success is not feasible. They may think, "Not by F'n per our smart enough." students who conclude that success is not feasible, often become discouraged and retreat the rest of the class. We need to recognize when students are confused, direct the focus of the confusion and provide supports that reach abstractly in class. The simplest support is a book, explanation and understandable explanation. However, when this is not feasible, one of the same supports from the teacher or others are necessary. In any case, each student wants to know that one will not give up until they understand what they are responsible for learning."

7C Captivate **73%**

"I make lessons intellectually relevant and stimulating because they are important"

Synonyms: engage, fascinate, intrigue, stimulate
Antonyms: bore, turn off, and discourage interest

"Each in life, as young children, we learn what types of things to pay attention to versus ignore. We pay attention to things that affect our happiness and physical safety and things that satisfy specific needs which we have become curious. We "turn on" things that seem to be unaccompanied."

7C Confer **73%**

"You must talk with me to help me understand your ideas and support your learning"

Synonyms: consult, discuss, talk over, coach, guide, tutor
Antonyms: "sage on the stage", dictate, ignore, stultify

Students have useful thoughts and questions that they never express to the teacher. Some can be made Encouraging. How often do you ask questions like, "How is our class going for you that week? What could we do to make it even better?" Ah, "What do you find interesting about today's lesson?" What comments does it have to your life?" Of course, the answer might be, "Terribly nothing" "Nothing" and "None" but if you don't ask, you'll never know. You might cheer Encouraging responses that you would never imagine as a million years—responses that help you bring the lesson alive or clear up confusion or make a great connection for the whole class.

7C Consolidate **65%**

"I summarize lessons and check for understanding to make learning coherent"

Synonyms: unify, strengthen, sharpen, integrate, blend, solafify
Antonyms: disconnect, disorganize, make amorphous, deconcentrate

The typical curriculum that we are responsible to teach covers many topics and tells about our students are supposed to learn. Consolidation (in terms of school challenges) I use in to check for understanding, making sure that our students have understood each topic on its own terms. The other is to help students understand the most important relationships of the different topics, as one another. The more careful we are to help students consolidate their understanding, the better they will retain the things that they learn and be able to apply them later in school and life.

School: **Mokulele Elementary**

Survey level: **Elementary**
 Students participated: **224**
 Number of classes:

Comparison cohort: Comparison cohorts for Schools are a representative sample of other schools in your district at your level (e.g. elementary, secondary) if participating under the same project.

After a school has been selected to participate in the Tripod Project, the school principal and other staff members are invited to participate in the Tripod Project. The school principal and other staff members are invited to participate in the Tripod Project. The school principal and other staff members are invited to participate in the Tripod Project. The school principal and other staff members are invited to participate in the Tripod Project.

7C Comparative

Mokulele Elementary Level: Early/Elementary Teachers: 13 Spring '14

The table below represents the distribution of Tripod survey results across your organization. The column with the label "5" shows the overall benchmark score across all of the Tripod 5's. The other columns provide the relative scores for each of the 5's.

The results in each column are divided into four quartiles compared based on the range of results reported in this table for your organization. The high green color indicates the scores within a quartile that are at the bottom (4th) quartile and the dark green color indicates results in the top (1st) quartile. Percentages in the table have been rounded to the nearest whole number. However, in rare cases two results that appear the same may fall within different quartiles.

7C Summary Spring '14
Mokulele Elementary Level: Elementary Responses: 24

7C score 67%

Care 75%
"Your success and well-being really matters to me in a serious way"

Challenge 75%
"I insist upon rigor, understanding, and just memorization and your best effort"

Control 53%
"Our class is orderly, on task and respectful, with keeping to our first priority"

Clarify 79%
"Your multiple good explanations, when you see and read, will help you understand"

Captivate 54%
"I make lessons incredibly relevant and stimulating because they are important"

Confer 60%
"You never talk with me to help me understand your ideas and support your learning"

Consolidate 70%
"I summarize lessons and check for understanding to make learning coherent"

7C Care 75%
"Your success and well-being really matters to me in a serious way"

Synonyms: love, nurture, protect, treasure, watch over, provide for, cultivate
Antonyms: ignore, neglect, set aside, forget, avoid, overlook

People often see their children live by the adage, "I don't care what you know until I know that you care." Children and youth want to feel psychologically safe in our classrooms. When asked what they most want to know on the first day of school, many say, "What I really want to know is how do my teachers go about being nice to me?" Of course, they do not share this in an attempt to strategize for getting students to do what we want, but neither is mean. Caring is being devoted to your students' success in a way that also being concerned about their well-being as human beings.

- 1. I like the way my teacher treats me when I need help.

CA	89%	97%	73%
SI	84%	84%	84%
- 2. My teacher is nice to me when I ask questions.

CA	95%	96%	86%
SI	84%	84%	84%
- 3. My teacher in this class makes me feel that he/she really cares about me.

CA	83%	97%	86%
SI	84%	84%	84%

7C Challenge

75%

"I insist upon rigor—understanding, not just memorization—and your best effort."

Synonyms: press, demand, insist, require, be firm, impose high standards
Antonyms: placate, appease, coddle, shelter from stress, pamper, indulge, spoil

Challenge entails stress. Teachers stress for a student's good and not to make demands of them. We are challenging our students when we press them to work harder or longer or to think more deeply than they show or think they can. Challenging students to work hard and think rigorously will succeed here if we can find the right balance between imposing our will as teachers, versus allowing our students to set and pursue their own goals as our classroom's challenge is important because without it our students will find it difficult to keep going when they meet impediments in school. Even though they may react or resist at the time, they will love respect and why the people who pushed them to stay focused and keep trying when they wanted to relax, sleep or give up.

1. In this class, we learn a lot almost every day.
2. My teacher pushes everybody to work hard.
3. [Disagree with] In our class, it is okay to stop trying.
4. My teacher pushes us to think hard about things we read.
5. My teacher makes sure that I try to do my best.
6. When something is hard for me, my teacher still makes me learn it.

7C Control

53%

"Our class is orderly, on task and respectful, with learning as our first priority."

Synonyms: supervise, guide, direct, govern, regulate, check, calm, preside over
Antonyms: unleash, liberate, loosen, let go of, surrender to, passively watch

Control (noun) is the typical 7C's is about maintaining an orderly classroom where people learn one another respectfully and try on task to achieve high goals for learning. This does not always mean a quiet and calm classroom, since some of the best learning happens when students actively debate questions and work on small groups to solve problems. It does, however, mean that the teacher is willing and able to hold students effectively responsible for behaving appropriately as classroom citizens. There are clear boundaries on what is acceptable, but within those boundaries there can be a great deal of freedom for students to take initiative in order to achieve personal learning goals.

1. My classmates behave the way my teacher wants them to.
2. Our class stays busy and does not waste time.
3. [Disagree with] Students behave so badly in this class that it slows down our learning.

7C Clarify

79%

"I have multiple good explanations, when you are confused I will help you understand"

Synonyms: demystify, interpret, simplify, get across, demonstrate, spell out
Antonyms: confuse, mystify, cloud, scramble, confound, obfuscate, befog

"I learn via direct learning. Conversely, when a teacher is unable or unwilling to clear up confusion, students may conclude that success is not feasible. They may think, "Maybe I'm just not smart enough." Students who conclude that success is not feasible often become disengaged and distant the rest of the class. We need to recognize when students are confused, discuss the nature of the confusion and provide supports that reach abstract in clarity. The simplest support is a basic straightforward and understandable explanation. However, when this is not feasible, one of three more supports from the teacher or others are necessary. In any case, each student wants to know that you will not give up until they understand what they are responsible for learning."

1. My teacher checks to make sure we understand what he/she is teaching us.

CA	11	80%	80%
ST	8	80%	80%
2. When he/she is teaching us, my teacher asks us whether we understand.

CA	13	70%	70%
ST	8	80%	80%
3. My teacher knows when the class understands, and when we do not.

CA	10	80%	80%
ST	8	70%	70%
4. In this class, we learn to correct our mistakes.

CA	10	80%	80%
ST	8	80%	80%

7C Captivate

54%

"I make lessons intellectually relevant and stimulating because they are important"

Synonyms: engage, fascinate, intrigue, stimulate
Antonyms: bore, turn off and discourage interest

"Early in life, as young children, we learn what types of things to pay attention to versus ignore. We pay attention to things that affect our happiness and physical safety and things that answer questions about which we have become curious. We "tune out" things that seem unalluring and unimportant."

1. We have interesting homework.

CA	12	30%	10%	40%
ST	8	20%	10%	30%
2. School work is interesting.

CA	12	30%	10%	40%
ST	8	20%	10%	30%
3. I like the ways we learn things in this class.

CA	12	20%	50%	80%
ST	8	20%	50%	70%
4. [Disagree with] In this class, learning is slow, boring and not much fun. (Do you agree?)

CA	12	20%	10%	10%
ST	8	20%	10%	10%

7C

Confer

60%

"You must talk with me to help me understand your ideas and support your learning"

Synonyms: consult, counsel, discuss, talk over, coach, guide, tutor
Antonyms: "lapse on the stage", dictate, guess, stush

Students have useful thoughts and questions that they never express to the teacher. Some can be made fascinating. How often do you ask questions like, "How is our class going for you this week? What could we do to make it even better?" Or, "What do you find interesting about today's lesson? What connections does it have to your life?" Of course, the answer might be, "I really nothing!" "Nothing" and "None" but if you don't ask, you'll never know. You might start fascinating responses that you would never imagine in a million years--responses that help you bring the lesson alive or clear up confusion or make a great connection for the whole class.

1. My teacher wants us to share our thoughts.
2. In this class, we get to make enough choices.
3. Students speak up and share their ideas about class work.
4. My teacher wants me to explain my answers -- why I think what I think

7C

Consolidate

70%

"I summarize lessons and check for understanding to make learning coherent"

Synonyms: unify, strengthen, sharpen, integrate, blend, solidify
Antonyms: disconnect, disorganize, make amorphous, deconcentrate

The typical confusion that we are responsible to teach covers many topics and skills that our students are supposed to learn. Consolidation concerns two related challenges. One is to check for understanding, making sure that our students have understood each topic on its own terms. The other is to help students understand the most important relationships of the different topics to one another. The more careful we are to help students consolidate their understandings, the better they will retain the things that they learn and be able to apply them later in school and life.

1. My teacher takes the time to summarize what we learn each day.
2. My teacher takes time to help us remember what we learn.
3. To help us remember, my teacher talks about things that we already learned.

7C Comparative

Spring '14

Mokulele Elementary Level: Elementary Teacher: 13

The table below represents the distribution of Taped essay results across your organization. The column with the label "N" shows the number of students who scored at the Taped 7C's. The other columns provide favorable scores for each of the 7C's.

The results in each column are divided into four quartiles, computed based on the range of results reported in the table for your organization.

The light green color indicates the scores (within a column) that are in the bottom (5th) quartile and the dark green with white text indicates the top (5th) quartile. Percentages in the table have been rounded to the nearest whole number. In a few rare cases two results that appear the same may fall within different quartiles.

E. Tripod Survey - Fall 2015

Dear Colleague,

The Tripod Project for School Improvement collects and reports on student perspectives about teaching and learning. Each survey that a student completes pertains to a particular classroom and is organized around the Tripod 7Cs of effective teaching. Results are then reported at multiple levels of aggregation, including the teacher, classroom, school and district. This report contains actionable feedback from your representative students. Recent research has established that the 7Cs help to predict not only student engagement—for example, effort and behavior—but also year-to-year gains in achievement on standardized tests.

Teachers are most effective when they successfully communicate and execute the 7Cs to their students:

- Care:** "Your success and well-being really matter to me in a serious way."
- Challenges:** "I trust your eyes—understanding, not just memorization—and your best effort."
- Control:** "Our class is lively, we talk and respect, with learning as our first priority."
- Clarity:** "I have multiple good explanations for things that seem difficult, so if we have when you are confused and I will help you understand."
- Capitals:** "I study lessons independently relevant and stimulating because they are important."
- Confer:** "You must talk with me to help me understand your ideas and support your learning."
- Consultation:** "I communicate because and check for understanding to make learning relevant."

Please look for patterns as you review this report. Try to fulfill the "why" that the data are telling. Look not only for good news, but also for ways to improve.

Set some goals. Make a plan. Move ahead.

Thanks for your leadership and interest in using these data to support growth and improvement.

The Tripod Project:

Actionable Student Feedback Promoting
Excellence in Teaching and Learning

School Report

Prepared for:
Mokulele Elementary

Fall 2015

www.tripodproject.org

Preface: Tripod 7Cs Teaching-Practice Categories

As you review this report, you will find ideas for increasing student motivation, reducing behavior problems, raising achievement and improving students' learning experiences in your classrooms. To begin, this preface is an inventory of teaching issues and themes for each of the 7Cs. Consider how each might influence what students experience in your classroom. Choose a few to discuss with colleagues or to look for when you observe teaching in one another's classrooms.

How would you rate your own teaching by the criteria captured in the 7Cs? This inventory should inspire your own creative affirmations. Please add whatever you think might be important, and then select a few things to focus on for moving forward. Reflect on those as your review your results in this report.

Set some goals. Make a plan. Move ahead.

- Care**
1. How you respond when students appear to be sad or upset.
 2. How you respond when students want to talk about problems associated to your class.
 3. The ways you act for how students should support one another.
 4. The ways you use when providing encouragement to students.
 5. The ways you use when you respond to students at class.
 6. The interest you express in the students' extracurricular activities.
 7. The comments you write on student work when they do well or not.
 8. Additional ideas...

Challenges

1. The ways that you respond when students express doubts about their own abilities.
2. How you respond to students of past obstacles that they were able to overcome through persistence.
3. How you work to set challenges that are enough, but not too much, for each student.
4. What you say to your students when you see them beginning to give up.
5. How you explain to them the difference between accommodation and understanding in your classroom.
6. The ways that you model the persistence and rigor that you want to establish in your classroom.
7. The ways you celebrate success when students succeed beyond their expectations.
8. Additional ideas...

Control

1. The ways you respond when students treat one another disrespectfully.
2. The ways you respond when students speak to you disrespectfully.
3. How you respond when it appears that students are off task.
4. What you say when students ignore or disobey what you have told them to do.
5. How quickly you get students settled and doing work at the beginning of class time.
6. How long before the end of class time you start to wind down the work effort.
7. The ways you make sure students are busy in class, not wasting time.
8. Additional ideas...

Clarify

1. How you press students to reason through things that they don't understand.
2. The way you anticipate questions by knowing what students will find difficult.
3. The way you draw on a real world example when covering difficult topics.
4. How you draw examples from previous lessons.
5. How you have students explain their reasoning to reveal the point of confusion.
6. How carefully you provide orderly, structured explanations when introducing new ideas.
7. How hard you work to generate multiple explanations for tricky concepts.
8. Additional ideas...

Capture

1. How relevant you make the lesson to students. Ex: *Ex:*
2. The timing with which the lesson is delivered.
3. The clarity with which the lesson is delivered.
4. How intrinsically the lesson is delivered.
5. The use of technology.
6. Your vocal inflections.
7. Your movements and constructions.
8. Additional ideas...

Consider

1. The degree of support that you provide when responding to poorly phrased questions.
2. How often you encourage students to discuss their perspectives with one another.
3. How often you ask students to solve problems together then discuss their findings.
4. How effectively you answer questions with questions.
5. How directly you express respect for student perspectives.
6. How encouragingly you respond when a student poses wrong answers in front of the class.
7. How appropriately you start struggling thinkers, compared to how you treat others.
8. Additional ideas...

Consolidate

1. How you press students to identify their own connections to how they teach the lesson.
2. How you include topics from previous lessons in current quizzes and homework.
3. How you include topics from future lessons in current quizzes and homework.
4. How you refer to events in the news.
5. The ways that you summarize the lesson at the end of each class.
6. The ways that you summarize whole aspects of lessons or units.
7. The ways that you relate lessons to what your students are learning in other classes.
8. Additional ideas...

School Report

Information within this report should be considered confidential. School: Mokulele Elementary

Survey level: Elementary
 Students participating: 189
 Number of classes: 19

Comparison cohort: Comparison cohorts are aggregate scores for participants from your Complex Area and across the State whose students took the same survey level (e.g. Elementary, Secondary).

This chart displays aggregated data from individual surveys submitted to the Tripod Project. This data has been processed and reported under the oversight of Cambridge Education. The information in this report is for informational purposes only and does not constitute an evaluation or certification of any kind. Cambridge Education is not responsible for any errors or omissions in this report. Cambridge Education is not responsible for any errors or omissions in this report. Cambridge Education is not responsible for any errors or omissions in this report.

How to read this report?

While completing the surveys, students selected one of either three or five response options for each item on the survey. For some statements on the survey, disagreement is the desirable response. For example, students are presented with the statement, "In my class, it is okay to stop trying." When presented with this statement, it is positive when students indicate disagreement. On the other hand, when presented with statements such as "School work is interesting," it is positive when students indicate agreement. In this report, we refer to positive responses as "favorable" and the report provides a visual display of the range of favorable to unfavorable responses. Favorable always indicates that students responded to the statement with the desirable/positive response option.

As you review this report you will see a color-coded response bar for each survey item. The length of each section of the bar is proportional to the percentage of students that gave that particular response. The percentage of favorable responses is always shown on the right side of the bar and the percentage of unfavorable responses is always shown on the left side of the bar. For example, in the graph below, 15 percent of students gave the most unfavorable response, 24 percent gave the next most unfavorable response, 30 percent gave a neutral response, 15 percent gave the second most favorable response and 16 percent gave the most favorable response. One of more thin bars may appear beneath your result representing a "comparison cohort."

7C Challenge

80%

"I react upon sight—understanding, not just memorization—and your heart aches."

Synonyms: press, demand, insist, require, be firm, impose high standards
Antonyms: placate, appease, coddle, shelter from stress, pamper, average, quit

Challenge entails stress. Too little stress forces a system (or a student) at rest and low such distress. We are challenging our students when we press them to work harder or longer or to think more deeply than they do or think they can. Challenging students to work hard and think rigorously will succeed less if we can find the right balance between imposing our will as teachers, versus allowing our students to set and pursue their own goals in our classrooms. Challenge is important, because without it our students will find it difficult to keep going when their natural impulses is to relax. Even though they may resist or resist it at the time, they will later respect and value the people who pushed them to stay focused and keep trying when they wanted to relax, slow down or give up.

1. In this class, we learn a lot almost every day.

CS	12	90%	85%
SA	11	85%	80%
2. My teacher pushes everybody to work hard.

CS	14	75%	70%
SA	13	70%	65%
3. [Disagree with] In our class, it is okay to stop trying.

CS	7	70%	65%
SA	6	65%	60%
4. My teacher pushes us to think hard about things we need.

CS	10	70%	65%
SA	9	65%	60%
5. My teacher makes sure that I try to do my best.

CS	11	70%	65%
SA	10	65%	60%
6. When something is hard for me, my teacher still makes me learn it.

CS	13	65%	60%
SA	12	60%	55%

7C Control

54%

"Our class is orderly, on task and respectful with learning as our top priority."

Synonyms: supervise, guide, direct, govern, regulate, check, calm, restrict or re
Antonyms: unleash, liberate, loosen, let go of, surrender to, passively watch

Classroom control in the Tripod TCs is about maintaining an orderly classroom where people treat one another respectfully and stay on task to achieve high goals for learning. This does not always mean a quiet and calm classroom, since some of the best learning happens when students actively debate questions and work in small groups to solve problems. It does, however, mean that the teacher is willing and able to hold students objectively responsible for behaving appropriately in classroom settings. There are clear boundaries on what is acceptable, but within those boundaries there can be a great deal of freedom for students to take initiative in order to achieve personal learning goals.

1. My classmates behave the way my teacher wants them to.

CS	12	65%	60%
SA	11	60%	55%
2. Our class stays busy and does not waste time.

CS	7	65%	60%
SA	6	60%	55%
3. [Disagree with] Students behave so badly in this class that it hinders their learning.

CS	7	25%	20%
SA	6	20%	15%

7C **Captivate** **61%**

"make lessons intrinsically relevant and stimulating because they are important"

Synonyms: engage, fascinate, intrigue, stimulate
Antonyms: bore, turn off, and disengage interest

Early in life, at young children, we learn what types of things to pay attention to versus ignore. We pay attention in things that affect our happiness and physical safety and things that answer questions about what we have become curious. We "tune out" things that seem trivial/inconsequential.

1. We have interesting homework. 

2. School work is interesting. 

3. I like the ways we learn things in this class. 

4. [Disagree with] in this class, learning is slow, boring and not much fun. (Do you agree?) 

7C **Clarify** **84%**

"have multiple good explanations, when you are confused I will help you understand"

Synonyms: clarify, interpret, simplify, get across, demonstrate, spell out
Antonyms: confuse, mystify, cloud, scramble, confound, obfuscate, baffle

Clarity enables learning. Concisely, when a teacher is unable or unwilling to clear up confusion, students may conclude that success is not feasible. They may think, "Maybe I'm just not smart enough." Students who conclude that success is not feasible often become disengaged and alienate the rest of the class. We need to recognize when students are confused, discern the nature of the confusion and provide supports that result ultimately in clarity. The simplest support is a basic, straightforward and understandable explanation. However, when this is not feasible, use of classmate supports from the teacher or others are necessary. In any case, each student wants to know that you will not give up until they understand what they are responsible for learning.

1. My teacher checks to make sure we understand what he/she is teaching us. 

2. When helping us, my teacher asks us whether we understand. 

3. My teacher knows when the class understands, and when we do not. 

4. In this class, we learn to correct our mistakes. 

7C Confer **63%**

"You could talk with me to help me understand your ideas and support your learning."

Synonyms: consult, discuss, talk over, coach, guide, tutor
Antonyms: "tug on the rope", accuse, ignore, shush

Students have useful thoughts and questions that they never express to the teacher. Some can be truly fascinating. How often do you ask questions like, "How is our class going for you this week? What could we do to make it even better?" Or, "What do you find interesting about today's lesson? What connections does it have to your life?" Of course, the answers might be, "Terribly nothing," "Nothing," and "None." But if you don't ask, you'll never know. You might elicit fascinating responses that you would never imagine in a million years – responses that help you bring the lesson alive or that up-configure or make a great connection for the whole class.

1. My teacher wants us to share our thoughts.
2. In this class, we get to make enough choices.
3. Students speak up and share their ideas about class work.
4. My teacher wants me to explain my answers – why I think what I think.

7C Consolidate **71%**

"I summarize lessons and check for understanding to make learning cohesive."

Synonyms: unify, strengthen, sharpen, integrate, blend, unify
Antonyms: disorganize, disorganize, make amorphous, disconcert

The typical curriculum that we are responsible to teach covers many topics and skills that our students are supposed to learn. Consolidation concerns two related challenges. One is to check for understanding, making sure that our students have understood each topic on its own terms. The other is to help students understand the most important relationships of the different topics to one another. This may sound like an impossible task, but it is not. Their workbooks, the better they will retain the things that they learn and be able to apply them later in school and life.

1. My teacher takes the time to summarize what we learn each day.
2. My teacher takes time to help us remember what we learn.
3. To help us remember, my teacher talks about things that we already learned.

7C Comparative

Mokulele Elementary Level: Elementary Responses: 189

The table below represents the distribution of Tripod survey results across your organization. The column with the label "7C" shows the overall favorability score across all of the Tripod 7Cs. The other columns provide favorability scores for each of the 7Cs.

The results in each column are divided into four quartiles computed based on the range of results reported in this table for your organization.

The light green color indicates the scores within a column that are in the bottom (4th) quartile and the dark green cells indicate results in the top (1st) quartile. Percentages in the table have been rounded to the nearest whole number, therefore in rare cases this results that appear the same may fall within different quartiles.

<p>Where are we now? Prioritize school's needs as identified in one or more of the following needs assessments:</p> <ul style="list-style-type: none"> • Comprehensive Needs Assessment (Title I Schools) • WASC Self Study <ul style="list-style-type: none"> • WASC Category B: Standards Based Student Learning: Curriculum, instruction • WASC Category C: Standards Based Student Learning: Instruction • WASC Category D: Standards Based Student Learning: Assessment and Accountability • International Baccalaureate (IB) Authorization • Other 	<p>1. Need: Students need to Understand and Apply the 8 Standards of Mathematical Practice.</p> <p>2. Need: Social Emotional Learning (SEL): Students need behavioral support and a well-managed, orderly environment for effective learning.</p> <p><u>MES WASC Chapter 1</u></p> <p><u>MES WASC Chapter 3</u></p>
<p>Addressing Equity: Sub Group Identification</p> <p>In order to address equity, list the targeted sub group(s) and their identified needs. ***Specific enabling activities listed in the academic plan should address identified sub group(s) and their needs.</p> <p>Subgroup: Special Education Grades K-6 Needs: Narrowing the Achievement Gap Math Gap 3% in SY 2014-2015 to 22% in SY 2015-2016 ELA Gap 22% in SY 2014-2015 to 44% in SY 2015-2016 Enabling activities include all teachers and all students</p>	

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

ORGANIZE: Identify your Academic Review Team Accountable Leads.

Name of ART Team Accountable Lead	Title of ART Team Accountable Lead
1. Shannon Tamashiro	1. Principal/EES
2. Linda Chingon	2. ART Lead
3. Trisha Shimabuku-Fish	3. CCSS/RTI
4. Linda Chingon	4. Formative Instruction/Data Team/RTI
5. Jamie Kawamura	5. CCSS/STEM
6. Seth McKeague	6. CCSS/STEM
7. Amy Okinishi	7. CCSS/STEM
8. Iris Lazor	8. I&M

Goal 1: Student Success. All students demonstrate they are on a path toward success in college, career and citizenship.

- Objective 1: Empowered** - All students are empowered in their learning to set and achieve their aspirations for the future.
- Objective 2: Whole Child** - All students are safe, healthy, and supported in school, so that they can engage fully in high-quality educational opportunities.
- Objective 3: Well Rounded** - All students are offered and engage in rigorous, well rounded education so that students are prepared to be successful in their post-high school goals.
- Objective 4: Prepared and Resilient** - All students transition successfully throughout their educational experiences.

Three-Year Academic Plan SY 2017-2018, 2018-2019, 2019-2020

Outcome: By the end of three years,	Rationale:
<ul style="list-style-type: none"> ● 3% growth in SBA Math scores in 2017-2018 ● 3% growth in SBA Math scores in 2018-2019 ● 4% growth in SBA Math scores in 2019-2020 	<ul style="list-style-type: none"> ● Students exhibit weak problem solving skills based on teacher observational data and low student performance on both formative and summative classroom assessments. ● Strive HI data also show that in Math Proficiency students scored at 43% in 2016 on the SBA test. ● Observational data indicate a need for students' greater familiarity with SBA prompts and levels of thinking required to respond to them.
<ul style="list-style-type: none"> ● 3% growth in SBA ELA scores in 2017-2018 ● 3% growth in SBA ELA scores in 2018-2019 ● 4% growth in SBA ELA scores in 2019-2020 	<ul style="list-style-type: none"> ● Strive HI data indicate that in ELA Proficiency students scored at 61% in 2016 on the SBA test. ● Continued school wide focus on AVID strategies to build student comprehension and increase interaction with texts.

K. Report Cards SY 2015-2016

Kindergarten

Elementary Report Card - Kindergarten

Mokulele Elem School

11/16/2017 11:12:51 AM

Grade: KG

Staff: ALL; Course: ALL

ELL: ALL; SES: ALL; SPED: ALL; Migrant: ALL

Status Report Scale	Proficiency Level Descriptors	Indicators
MP - Meets Proficiency	Demonstrates acceptable achievement of the targeted benchmarks/standards.	The Student: - shows a solid understanding of the concepts and skills in HCPS and/or CCSS. - uses appropriate strategies to solve problems. - grasps and applies the key concepts and skills for the grade level.
DP - Developing Proficiency	Is approaching acceptable achievement of the targeted benchmarks/standards.	The Student: - shows partial understanding of the concepts and skills in HCPS and/or CCSS (but has not achieved them yet). - is beginning to grasp and apply the key concepts and skills for the grade level.
NY - Not Yet	Requires more time and experiences; and shows limited achievement of the targeted benchmarks/standards.	The Student: - needs additional learning opportunities to achieve even a partial understanding of HCPS and/or CCSS. - has difficulty grasping the key concepts and skills for the grade level.
NA - Not applicable at this time	Has not been graded at this time.	No judgement can be made at this time. However, a grade will be given by the end of the year.
SC - See Teacher Comments		May refer to an attachment, such as medical notes or any other relevant documentation that would explain the lack of a grade. It is inappropriate to write "See IEP" in teacher's comments.

Confirm understanding of texts read aloud or information presented orally or through other media by asking and answering questions.	MP	1	11	13	34	35	
	DP	38	34	34	21	18	

Mokulele Elementary School HIDEO/WASC Self-Study Report

Confirm understanding of texts read aloud or information presented orally or through other media by asking and answering questions.	NY	11	8	6	1	3
	SC	0	1	1	0	0
	/	1	0	0	0	0
Describe familiar people, places, things, and events and with prompting and support, provide additional details.	MP	0	11	10	36	36
	DP	46	39	41	19	19
	NY	4	3	2	1	1
	SC	0	1	1	0	0
	/	1	0	0	0	0
Participate in small and large group conversations about kindergarten topics and texts with peers and adults.	MP	6	10	15	39	39
	DP	40	40	37	16	16
	NY	5	3	1	1	1
	SC	0	1	1	0	0
Speak audibly and express thoughts, feelings, and ideas clearly.	MP	3	9	10	33	33
	DP	44	41	41	22	22
	NY	5	3	2	1	1
	SC	0	1	1	0	0
Writing		Q1	Q2	Q3	Q4	YR
Participate in group research and writing projects.	MP	0	7	8	39	39
	DP	17	28	28	16	16
	NY	0	1	1	1	1
	SC	0	1	0	0	0
	/	34	17	17	0	0
Use a combination of drawing, dictating, and writing to create opinion pieces, informative/explanatory texts, and narratives.	MP	0	7	9	25	25
	DP	44	39	34	30	30
	NY	6	7	10	1	1
	SC	0	1	1	0	0
	/	1	0	0	0	0
With guidance and support from adults, add details to strengthen writing in response to questions and suggestions from peers.	MP	0	1	8	26	26
	DP	12	31	26	27	27

With guidance and support from adults, add details to strengthen writing in response to questions and suggestions from peers.	NY	4	2	3	3	3
	SC	0	1	1	0	0
	/	35	19	16	0	0
With guidance and support from adults, explore digital tools such as the Internet to produce and publish writing.	MP	0	0	0	34	34
	DP	13	16	21	21	21
	NY	0	0	1	1	1
	SC	0	1	1	0	0
	/	37	37	31	0	0
With guidance and support from adults, recall information from experiences or gather information from provided sources to answer a question.	MP	0	1	0	39	39
	DP	31	51	59	17	17
	NY	0	1	0	0	0
	SC	0	1	1	0	0
	/	20	0	0	0	0

Mathematics

Counting and Cardinality

		Q1	Q2	Q3	Q4	YR
Compare two numbers between 1 and 10 when presented as written numerals.	MP	1	39	45	33	50
	DP	14	10	5	1	9
	NY	0	4	3	4	3
	SC	0	1	1	0	0
	/	37	0	0	18	0
Count forward beginning from a given number within the known sequence (instead of having to begin at 1).	MP	9	11	13	40	40
	DP	22	18	38	13	13
	NY	1	5	2	3	3
	SC	0	1	1	0	0
	/	19	19	0	0	0
Count to 100 by ones and by tens.	MP	2	7	16	37	37
	DP	46	39	28	12	12
	NY	2	6	9	7	7

Count to 100 by ones and by tens.	SC	0	1	1	0	0
	/	1	1	0	0	0
Given a number from 1-20, count out that many objects. Use counting to answer questions such as, "How many objects are there?"	MP	10	18	27	41	41
	DP	42	33	26	15	15
	NY	0	1	0	0	0
	SC	0	1	1	0	0
	/	0	1	0	0	0
Identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group.	MP	1	37	46	33	51
	DP	14	14	8	4	4
	NY	0	2	1	1	1
	SC	0	1	1	0	0
	/	37	0	0	18	0
Understand the relationship between numbers and quantities, including the following: when counting a set of objects the last word in the counting sequence names the quantity for the	MP	13	19	29	38	38
	DP	38	33	24	18	18
	SC	0	1	1	0	0
	/	0	1	0	0	0
Write numbers from 0 to 20. Represent a number of objects with a written numeral 0-20.	MP	4	11	23	35	35
	DP	36	32	27	21	21
	NY	11	10	4	0	0
	SC	0	1	0	0	0
Geometry		Q1	Q2	Q3	Q4	YR
Analyze and compare two- and three-dimensional shapes and describe their similarities and differences.	MP	0	0	14	39	39
	DP	17	18	14	13	14
	NY	0	0	9	4	3
	SC	0	1	0	0	0
	/	34	35	17	0	0
Combine simple shapes to form larger shapes.	MP	0	0	14	40	40
	DP	0	1	3	16	16
	NY	1	1	2	0	0

Combine simple shapes to form larger shapes.	SC	0	1	0	0	0	
	/	49	51	35	0	0	
Correctly name shapes regardless of their orientations or size.	MP	0	6	15	45	45	
	DP	35	31	22	11	11	
	SC	0	1	0	0	0	
	/	17	16	17	0	0	
Describe objects in the environment using names of shapes and describe the positions of these objects using terms such as above, below, beside, in front of, behind, and next to.	MP	0	8	13	38	38	
	DP	16	26	22	17	18	
	NY	3	3	2	1	0	
	SC	0	1	0	0	0	
	/	32	16	17	0	0	
Identify shapes as two-dimensional ("flat") or three-dimensional ("solid").	MP	0	0	14	49	49	
	DP	0	1	23	7	7	
	NY	0	1	0	0	0	
	SC	0	1	0	0	0	
	/	50	51	17	0	0	
Model shapes in the world by building shapes from components (e.g., sticks and clay balls) and drawing shapes.	MP	0	0	14	36	36	
	DP	32	36	5	20	20	
	NY	2	1	0	0	0	
	SC	0	1	0	0	0	
	/	18	16	35	0	0	
Measurement and Data			Q1	Q2	Q3	Q4	YR
Classify objects into given categories; count the numbers of objects in each category and sort the categories by count.	MP	13	16	30	40	40	
	DP	18	18	23	16	16	
	SC	0	1	1	0	0	
	/	20	19	0	0	0	
Describe measurable attributes of objects (e.g., length or weight).	MP	0	15	30	51	51	
	DP	0	0	3	4	4	
	NY	0	1	2	1	1	

Describe measurable attributes of objects (e.g., length or weight).	SC	0	1	1	0	0
	/	50	37	18	0	0
Directly compare two objects to decide which object has more or less of a common attribute (e.g., the lengths of 2 pencils) and describe the difference.	MP	0	15	29	45	45
	DP	0	19	22	9	9
	NY	0	2	2	2	2
	SC	0	1	1	0	0
	/	50	17	0	0	0
Number and Operations in Base Ten		Q1	Q2	Q3	Q4	YR
Show and understand that numbers from 11 to 19 represent a group of ten ones and 1, 2, 3, 4 ... or 9 ones.	MP	0	0	0	36	36
	DP	0	13	14	17	17
	NY	0	3	6	3	3
	SC	0	1	1	0	0
	/	49	37	33	0	0
Operations and Algebraic Thinking		Q1	Q2	Q3	Q4	YR
Decompose (i.e., "break apart") numbers less than or equal to 10 into pairs in more than one way and record each pair using a drawing or equation.	MP	0	0	0	29	29
	DP	0	1	44	26	26
	NY	0	1	9	1	1
	SC	0	1	1	0	0
	/	50	51	0	0	0
Find the number that "makes 10" when added to a given number and record the answer with a drawing or equation.	MP	0	0	10	41	41
	DP	0	17	34	13	14
	NY	0	0	9	2	1
	SC	0	1	1	0	0
	/	50	36	0	0	0
Fluently add and subtract within 1-5.	MP	0	0	1	46	46
	DP	0	17	33	8	9
	NY	0	0	1	2	1
	SC	0	1	1	0	0
	/	50	36	18	0	0

Represent addition and subtraction in a variety of ways (e.g., concrete objects, actions, images, equations, etc.)	MP	0	0	1	38	38
	DP	0	17	51	18	18
	NY	0	1	2	0	0
	SC	0	1	0	0	0
	/	50	35	0	0	0
Solve addition and subtraction word problems and add and subtract within 10 (use objects or drawings to represent the problem).	MP	0	0	1	41	41
	DP	0	17	33	14	14
	NY	0	0	1	1	1

Course: ALL

Status Report Scale	Proficiency Level Descriptors
ME - Meets with Excellence	Demonstrates excellent achievement of the targeted benchmarks.
MP - Meets Proficiency	Demonstrates acceptable achievement of the targeted benchmarks.
DP - Developing Proficiency	Is approaching acceptable achievement of the targeted benchmarks.
WB - Well Below Proficiency	Does not demonstrate acceptable achievement of the targeted benchmarks, or provides no evidence.
NA - Not applicable at this time	These benchmarks have not been addressed at this time.
SC - See Teacher Comments

K. Report Cards SY 2016-2017

Kindergarten

Elementary Report Card - Kindergarten

Mokulele Elem School

11/16/2017 10:47:38 AM

Grade: KG

Staff: ALL; Course: ALL

ELL: ALL; SES: ALL; SPED: ALL; Migrant: ALL

Status Report Scale	Proficiency Level Descriptors	Indicators
MP - Meets Proficiency	Demonstrates acceptable achievement of the targeted benchmarks/standards.	The Student: - shows a solid understanding of the concepts and skills in HCPS and/or CCSS. - uses appropriate strategies to solve problems. - grasps and applies the key concepts and skills for the grade level.
DP - Developing Proficiency	Is approaching acceptable achievement of the targeted benchmarks/standards.	The Student: - shows partial understanding of the concepts and skills in HCPS and/or CCSS (but has not achieved them yet). - is beginning to grasp and apply the key concepts and skills for the grade level.
NY - Not Yet	Requires more time and experiences; and shows limited achievement of the targeted benchmarks/standards.	The Student: - needs additional learning opportunities to achieve even a partial understanding of HCPS and/or CCSS. - has difficulty grasping the key concepts and skills for the grade level.
NA - Not applicable at this time	Has not been graded at this time.	No judgement can be made at this time. However, a grade will be given by the end of the year.
SC - See Teacher Comments		May refer to an attachment, such as medical notes or any other relevant documentation that would explain the lack of a grade. It is inappropriate to write "See IEP" in teacher's comments.
