

Military, Technical, Career Training

Military Training

Review the U.S. Department of Defense web site to learn about the branches and the departments of the United States Military. Visit www.defense.gov to get started. Then, make contact with your local recruiting office to learn more about the options available to you for military training and a military career. Army, Navy, Airforce, Marines, Coast Guard, Reserves.

ASVAB testing is typically available on campus in October or November. Please reach out to Ms. Leonard if you are interested in taking the test. Marisa.Leonard@stjohns.k12.fl.us

Technical and Career Training

Most careers and vocations require continual learning and education. Please review the career and vocational training options provided by First Coast Technical College (FCTC) in St. Augustine, Florida. This school is a public technical center which means the cost of your education will be much more affordable because it is funded by the State of Florida. FCTC offers education beyond high school in many fields and you can review that information at www.fctc.edu. *Following is a partial list of options available through FCTC:*

EMT, Paramedic, Firefighter, Cosmetology, Culinary Arts, Air-Conditioning Refrigeration and Heating, Automotive Services Technology, Early Childhood Education, Dental Assisting, Massage Therapy, Medical Assisting, Pharmacy Technician, Welding, Practical Nursing, Landscape Mgt., Pest Control, Sports and Recreational Turf Management, and more.

Keep in mind that Florida offers technical training in schools across the state, so if you are moving to a new Florida location, check out your new city's public technical schools.
