3. [Statement from Florida School Boards Association for 2016-2017 annual dues](#)

Mr. Bergosh noted that in the past, he had made it clear that he was no longer interested in being a member of the Florida School Boards Association (FSBA). He noted that there was legislation currently being considered, that would change the assessment of membership association dues which were paid with public funds, giving an individual public officer the option to refrain from joining such membership association. In light of that proposed legislation and given that the FSBA 2016-17 annual dues were not due until July 1, 2016, Mr. Bergosh requested that this item be postponed until the following month as he believed that by that time, the legislation perhaps would be passed and would allow him to pull out his portion of those dues and redirect those funds elsewhere.

He noted that the total amount of damage incurred by the recent tornado was actually around \$250,000.00. Mr. Shawn Dennis, Assistant Superintendent for Operations, advised that the majority of the damages were to Workman Middle School.
