# MOVE ON WHEN READY

---

Move On When Ready (MOWR) is Georgia's new dual enrollment program that allows high school students (9th – 12th grade) to earn college credits, or even a certificate, diploma or associate degree, while working on their high school diploma. MOWR replaces Accel, HOPE Grant for dual enrollment and the previous Move on When Ready. MOWR is designed to make it easier for students to take advantage of all the options to enroll in college courses while still in high school.

---

## STUDENT ELIGIBILITY

---

- Any student attending a public or private high school in Georgia or an eligible home study program
- Student's high school or home study program has completed a Participation Agreement
- 9th through 12th grade
- No residency requirement
- Students must sign an advisement form with their high school or home study program
- Participating students can attend more than one postsecondary institution at a time and receive awards at both
- Admissions requirements at the chosen postsecondary institution(s) must be met
- Students must meet Satisfactory Academic Progress (SAP) as required by the postsecondary institution(s) selected

---

## COURSE OPTIONS

---

Students must select eligible courses from the *Move On When Ready Course Directory* on [GCollege411.org](http://GCollege411.org). The Course Directory includes comparable required courses such as degree and non-degree level core courses (English, math, science, social studies, foreign language), career, technical and agricultural education courses, as well as electives.

MOWR courses are available for fall, spring and summer semesters and fall, winter, spring and summer quarters.

---

## TUITION, MANDATORY FEES AND BOOKS

---

The specific MOWR award amount will vary based on the postsecondary institution and the number of credit hours in which a student is enrolled. The complete MOWR award chart is available on [GCollege411.org](http://GCollege411.org). In most cases, awards will cover all required standard tuition, mandatory fees and required book expenses. In some instances, students may be responsible for lost or damaged books, books that are considered optional, or specific course-related fees, such as a lab fee.

### BENEFITS OF DUAL ENROLLMENT FOR STUDENTS

- Earning college credits while still in high school may enable students to graduate early and/or possibly even earn an associate degree, diploma or certificate.
- Dual enrollment can help students adjust to certain aspects of the college experience (e.g., classes, coursework, instruction, being on a college campus) so the transition from high school to college may be easier.
- Students who participate in a dual enrollment program are more likely to go to college and get a college degree.
- Students may be able to take classes that are not offered at their high school, especially in subject areas they are interested in for a potential career.
- Taking college-level classes while still in high school may build confidence and encourage those students who may not be thinking about college to reconsider.

---

## APPLICATION PROCESS

---

- Eligible public and private high school students should fill out the online application on **GCollege411.org**
- Home study students should fill out the paper version which can be printed from **GCollege411.org**
- Applications are term-specific; students should complete a new application each term
- The application has three parts
  - Part A: Student/parent portion
  - Part B: High school/home study portion
  - Part C: Postsecondary institution portion
- All three sections must be completed and submitted to GSFC
  - Online applications are submitted through **GCollege411.org**
  - Paper applications should be mailed to
    - Georgia Student Finance Commission
    - Attention: Student Aid Services
    - 2082 East Exchange Place
    - Tucker, GA 30084
- GSFC application deadlines\*

• Fall semester/quarter	October 1
• Winter quarter or spring semester/quarter	March 1
• Summer semester/quarter	May 15

*\*High schools and postsecondary institutions may have earlier deadlines.*

---

## FREQUENTLY ASKED QUESTIONS

---

- **What do students have to do to participate in MOWR?**

To participate in MOWR, students must sign an advisement form with their high school or home study program, meet the admissions requirements at the postsecondary institution(s) of their choice and make satisfactory academic progress. Interested students should see their high school counselor and visit **GCollege411.org** for complete program information and to access the application.

- **What classes/courses are available to students?**

Approved courses for MOWR are listed in the *Move On When Ready Approved Course Directory*. Approved classes may include degree level or non-degree level courses in the five main academic areas (English, math, science, social studies and foreign language), as well as electives, career, technical and agricultural offerings.

The courses a student chooses each term must be listed on his or her MOWR application and must be approved by his or her high school and the postsecondary institution(s) he or she will be attending.

- **Are online courses available to students participating in MOWR?**

Yes, MOWR students can enroll in online courses if the course is on the approved course list. Students should carefully consider whether an online course is a good fit for them before enrolling.

- **Will students have to take an End of Course (EOC) assessment for a class they complete through MOWR?**

Yes, public school students participating in MOWR are required to take all appropriate EOC assessments. Students who are home schooled or attend a private school are not required to take EOC assessments.

---

## FREQUENTLY ASKED QUESTIONS

---

● **What expenses does the MOWR program cover for eligible participants?**

Students who meet all eligibility requirements will receive a student-specific award amount to be applied to tuition, mandatory fees and required books. The postsecondary institution cannot charge the student any additional tuition or mandatory fee costs for approved MOWR courses. The postsecondary institution must provide the required textbooks for the approved MOWR courses. How the books are provided to the MOWR student is determined by the postsecondary institution.

The aid is paid directly to the postsecondary institution. The award chart for MOWR can be found on [GAcollge411.org](http://GAcollge411.org).

● **What expenses are not covered by the MOWR program?**

Students may be responsible for course-related fees and supplies required for a particular course or optional fees charged by the postsecondary institution. If the postsecondary institution provided the textbooks through a lending program, students may be charged a lost or damaged book fee if the book is not returned in the required condition. Contact the postsecondary institution selected for more information.

Students are responsible for tuition and fees for any course(s) taken that is not listed in the *Move On When Ready Approved Course Directory* and listed on their MOWR application.
