

2021 - 2022

Dear 3rd Grade Students and Families,

The hot and humid sunny days are slowly starting to slip away, and it is time for another exciting school year to start at Sunnyside Elementary School. I am so excited to return to five days of learning! My name is Dawn Conway and I am proud and excited to say that I am going to be your child's third grade teacher this year!

Third grade will be a very important year in your child's education! In our classroom, we will work together as a team and have fun while studying many interesting topics. We will investigate, experiment and observe in our Science units and will learn about our national, state and local government in Social Studies. By the end of the year, your child will have read countless chapter books as part of the "100 Book Challenge," will have developed a love for writing and will add multiplication and division facts to his/her accomplishments. As you can see, we will have a very busy year ahead of us, but I guarantee we will have a lot of FUN, too!

I hope you and your family have a fun-filled ending to your summer. I believe that it is extremely important to establish strong communication between home and school this year which will promote educational success for your child! Please do not hesitate to call or email me with any questions you may have.

I look forward to meeting each and every one of you!

Love, Mrs. Conway
