

August 2021

Dear Families,

Greetings! It is that time of year again, as we look forward to the approaching year at Sunnyside Elementary School. My name is Mrs. Aimee Plews, and I am excited to be your child's teacher for the 2021/2022 school year.

First, and foremost I am "Mom" to seven year old (endless energy and completely loveable) Chase, and wife to Mr. Ryan Plews. I am a 1998 graduate of Caesar Rodney High School, and a 2002 graduate of the University of Delaware with a Bachelor's degree in Elementary Education and a minor in Linguistics. I received my Master's degree in Applied Educational Technology from Wilmington University in January of 2005. I am also certified to teach Special Education. This is year number twenty of my teaching profession. I taught at William Henry Middle School for fourteen years. My Smyrna School District career began in the fall of 2014, as a part time Interventionist. I accepted a full time position in January, 2015 teaching third grade.

Third grade is a *very* important year in the education of your child. In our classroom, we will have fun while studying many interesting topics - from the engineering and design process in Science, to economics in Social Studies. By the end of the year, your child will have read countless chapter books, will know his/her multiplication facts, and will be confident with the writing process.

In closing, I wish a fun-filled remainder of the summer for all! I hope to establish open communication between home and school, which will promote a successful learning environment. Please do not hesitate to call, email, or drop by to see me. I am looking forward to a great and "NORMAL" school year! :)

Sincerely,

Mrs. Aimee Plews, Room 308
