- ✓ *12" Ruler, Protractor, and Compass*

Textbook:

Illustrative Mathematics: <https://im.kendallhunt.com/>

Grading Policy:

- 40% - Assignments
- 60% - Assessments

Grading Scale:

A	90% - 100%	D	60% - 69%
B	80% - 89%	F	50% - 59%
C	70% - 79%		

myLearning [the following information applies to MSO students as well]:

- Each lesson will start with a recorded introduction by the teacher, followed by a Q&A session, then practice assignments.
- **MSO students' lessons will follow the same format: a recording followed by a Zoom session, then practice.**
- Assignments will be in the workbook and or/on-line.
- It is the teacher's prerogative to select which assignments are graded for correctness, and which are checked for completion.
- Assignments are always written on the white board, students are responsible for copying their homework down daily – or take a picture of the board.
- The schedule [due dates] for assignments/assessments can also be found in **myLearning**. It is imperative that students check there for "Announcements," as well as use the "Discussions" tab to ask questions, if not in a face-to face classroom.
- Grades are posted several times per week in "Grades." Make sure to check frequently to avoid surprises!

Absences:

It is the responsibility of the student to make up missed assignments and assessments on-line in **myLearning**. However, maintaining consistent attendance is best for the student's success.

Conferences and Communication:

1. If you have a question, concern, or desire a conference, you may call (813) 346-1200 and leave a message. You will be contacted within 24 hours.
2. You may also just e-mail to: mwestlak@pasco.k12.fl.us for a quicker response.

Expectations:

- Follow the Code of Student Conduct and the CSRMS Electronics Policy.
- Come to class prepared, on-time, and ready to learn.
- Be positive, polite, and do your best!
