

August 2021

Dear Families:

Greetings! It is that time of year again . . . the lazy days of summer are slowly slipping away, as we look forward to the approaching year at Sunnyside Elementary School. My name is Mrs. Meghan Woodin, and I am excited to be your child's third grade teacher for the 2020/2021 school year.

I am a 2000 graduate of Dover High School, and a 2005 graduate of the University of Delaware with a Bachelor's degree in Elementary Education and a minor in History. I received my Master's degree in Applied Educational Technology from Wilmington University in May of 2013. I am also certified in Special Education. This will be the seventeenth year of my teaching profession. I have taught second, third, fifth and sixth grade during my career.

Third grade is a *very* important year in the education of your child. In our classroom, whether it may be virtual or in our building, we will have fun while studying many interesting topics – from the weather and animal adaptations in Science, to economics in Social Studies. By the end of the year, your child will have read countless chapter books, will know his/her multiplication facts, and will be confident with the writing process.

In closing, I wish a fun-filled remainder of the summer for all! I hope to establish open communication between home and school, which will promote a successful learning environment. Please do not hesitate to contact me. I cannot wait to meet each of my new third graders! I am looking forward to an amazing 2021/2022 school year!

Sincerely,

Mrs. Meghan Woodin, Room 309
