Frequently Asked Questions

Q: If I am only interested in one program, do I have to pick three choices?

- No! Only apply for programs which you are interested in.

Q: What should I do if I am interested in programs at multiple schools?

- Put your first choice first. You can only get into one school so prioritize your choices. Remember if you get into an academy at your non-zoned school, then transportation is your responsibility.

Q: Can I do two academies at the same school?

- Yes, it is possible to be accepted into multiple academies at one school. Prioritize your requests even when choosing multiple academies within one school.
