Principal's Message

Dear Leilehua Families,

This school year is really moving quickly and it is vital all students put themselves in a position to pass all of their classes. Please help encourage your child(ren) to be on time to class so they don't miss learning opportunities. In addition, please remind them we offer after-school and evening academic support services.

- TIPS (after-school 2:45pm-3:45pm M, T, Th, F in P11)
- SMARTS (evening 6:00pm-8:00pm M, T, W, Th in the library)

Later this month all grade 9, 10, and 11 students will be taking the ACT (American College Test) and ACT Aspire test. The ACT will be administered statewide on **February 28, 2017**. The scores from this test can be used for college application purposes, and the best part, it's free. Registering for the ACT on your own could cost anywhere from about \$40-\$100 plus and you may have to commute to another location. Please remind your child(ren) to get a lot of rest the night before and have something to eat before coming to school. The ACT has strict guidelines and timelines so it is very important students are on time or they may not be allowed to take the test. Grade 12 students will have the opportunity to participate in Senior sneakaway on the same day. It is a all-day "field trip" as they won't be able to participate in ACT testing.

The second semester is filled with many extra-curricular events such as Prom, Athletics, and Graduation. Please ensure your child's outstanding obligations are cleared so they can participate in these events. For a current print out of your child's obligations, please see the front office.

2nds @ Leilehua (Food Truck Event) will be held on March 10, 2017 from 4:00-8:00pm in our front parking lot. Please join us for some food, fun, and good times. If you or anyone you know is interested in becoming a vendor, please send inquires to 2nds_at_leilehua@mules.k12.hi.us.

Finally, if you have any suggestions or ideas on how we can improve our supports and services, please let us know by sending us an email through our school's website by clicking on the contact tab.

Thank you everyone for your continued support.

January 20, 2017

Dear Parents and Guardians,

Starting from February 1st, Leilehua High School will be switching lunch account programs from "MealTracker" to "PrimeroEdge". The program offers many new features and ease of use. However, students may continue with the same procedures as they have been to make payments and also to receive a meal at the cafeteria.

Students can still make payments at the front office, and they will still get their meal by showing their ID at the cafeteria.

We are excited to announce that PrimeroEdge will allow parents and students to check account balances online in real time. You simply need to register one time with "SchoolCafe" for this access. Go to www.schoolcafe.com, click on "Register" and follow the on-screen instructions. There is also an App for both Android and Iphones users to check balances. This will be open for families to register starting in February.

Note the one change for students is that they will no longer be automatically warned by cafeteria staff, when their account balance drops below \$10. The new system cannot be programmed to give such a warning.

Students who are not registered with [schoolcafe.com](http://www.schoolcafe.com) can still come to the front of the cafeteria line to request their balances at any time.

The "SchoolCafe" app will also feature a way to make online payments into the account. Please keep in mind that the program will charge a fee to make payments online. This fee does not go to the school. Meal payments made via the front office will not incur any service fee.

Thank You!

On September 7, 2016, Hawaii's public schools will send home a U.S. Department of Education Federal Survey Form for parents to complete and return with your child to school.

Why is this important? The survey allows the State of Hawaii to qualify for a partial reimbursement for federally connected children. This funding supports all public schools, including your child's.

Here's how:

- Each year, Hawaii is unable to collect local taxes from tax-free federal properties, leading to less money for public education.
 - The federal government, partially reimburses Hawaii for the cost of educating federally connected students through Impact Aid funds. Last year, Hawaii's reimbursement was 15% of the total cost to educate a student. Although it is a small amount, every dollar we receive supports schools and students.
 - The amount of Impact Aid schools receive is based on how many parents complete and return the survey to their child's school. Every school strives for a 100% survey form return.
- ✓ Every survey form returned will increase funding for ALL public schools statewide.
 - ✓ This federal funding can mean an extra \$35 million to \$45 million annually for students.
 - ✓ Fill out and return your Federal Survey Form!

Dear Parents:

This letter is provided to inform military parents/guardians with dependents enrolled in Hawaii public schools about correspondence you will soon receive from Hawaii Department of Education. On September 7, 2016, Hawaii public schools will send a Federal Survey Card home with students and ask parents/guardians to complete the card and return it the following day, September 8, 2016. I strongly encourage all of you to complete the Federal Survey Card and return it the following day.

The Federal Survey Card enables the Hawaii Department of Education to accurately report the number of federally connected student enrollments to the U.S. Department of Education for the purpose of receiving Impact Aid. This aid is a partial compensation for the loss of revenue for tax-exempt federal installations (e.g., military installations) and for increased expenditures due to the enrollment of federally connected children. More information about the Federal Impact Aid Program can be found on the U.S. Department of Education website at <http://www2.ed.gov/about/officeslist/oese/impactaid/>.

U.S. Pacific Command (USPACOM) recognizes the importance of quality dependent education to the overall welfare and readiness of the joint force, and will continue to advocate for the delivery of quality dependent education for military families. If you have any questions about the Federal Survey Card and/or the Impact Aid Program, please contact your child's school or Mr. David Tom, USPACOM Quality of Life and Education Analyst, at 477-8272.

MEMORANDUM FOR AIR FORCE FAMILIES WITH CHILDREN IN HAWAII'S PUBLIC SCHOOLS

FROM: 647 ABG/CC

SUBJECT: Federal Impact Aid Survey Cards

1. On 7 September 2016, your school-age child will bring home a Federal Impact Aid Survey Card from their public school. Please fill out this card and promptly return it to your child's school. Completed cards are extremely important as they will help to bring in more federal money to reimburse the Hawaii Department of Education for the cost of educating federally-connected children whose families do not pay Hawaii state taxes.
2. The Federal Impact Aid Program is designed to directly compensate the local school districts for: (1) local revenue lost due to the presence of federally owned, and therefore tax-exempt, property and (2) costs incurred due to federally connected students.
3. This card should only take a few minutes to complete and is the best way to ensure the Hawaii Department of Education receives the proper amount of federal aid dollars.
4. Thank you in advance for supporting this worthwhile and valuable program. If you have any questions regarding this survey card, please contact your child's school administration or Kimberly Crutchfield or Kim Munoz, JBPH-H School Liaison Officers at 471-3662-3673.

To the Army Families of Hawaii:

You have in your hand a very powerful tool to aid in the receipt of federal funding to support education in Hawaii's public schools. The Federal Survey Card that your child brings home enables the schools to accurately report federally connected student enrollments. This information is critical in order to receive federal funding and additional programs and services to offset the cost of educating your child.

You can help our schools by filling out the Federal Survey Card upon receipt and returning it to the school immediately the next day. A complete return rate ensures accurate collection of information and maximum federal funding. We are all aware of the fiscal difficulties that Hawaii schools are facing and every bit that we can do will help create a better learning environment for all students.

I am encouraging every parent to consider this their duty to ensure our schools receive critical impact aid by returning the completed card promptly. Non-response could result in the loss of millions of dollars in federal funds that benefit both our military and local communities.

If you are unsure of your Address of Federal Property, please refer to the backside of this memo for a listing of Brigade Headquarter addresses. If you have any questions, please contact the Army School Liaison Office at 655-8326.

Sincerely,

Stephen E. Dawson

Subj: 2016 Federal Impact Aid Survey

1. School districts across our nation include land that is owned by the Federal Government or land that has been removed from the local tax rolls by the Federal Government. Because Federal property is exempt from local property taxes, these school districts operate with less local revenue than is available to other school districts and as a result face the challenge of providing a quality education. Since 1950, Congress has provided financial assistance to these local school districts through the Impact Aid Program. This program provides Federal funding to local school districts with children residing on military bases and other Federal properties, as well as children who have parents in the uniformed services or employed on eligible Federal properties who do not live on Federal property.

2. Beginning this September, schools will be sending children home with Federal Impact Aid Survey cards for the 2016-2017 School Year. Each year, a significant number of survey cards are not returned which translates in the loss of Federal funding used to offset additional expenses incurred by educating Federally-connected children. Thus, I need your support in making a concerted effort to increase awareness and participation in this important survey. Request you endorse this process as a priority and encourage your Marines, Sailors, and Civilians to complete the Federal Impact Aid Survey card. This will ensure school districts accurately report the number of Federally-connected students, ensuring school districts receive the appropriate Federal funding needed to meet the educational needs of our Federally-connected children.

3. I appreciate your personal attention in this matter. My point of contact is Ms. Keri Fischer at DSN (315) 477-8373, commercial (808) 477-8373, or e-mail keri.fischer@usmc.mil.

Dear Navy Families:

We need your help. On September 7, 2016, your school-age child will bring home a Federal Impact Aid Survey Card given to them by their public school. Please complete this card and promptly return it to your child's school. These completed cards will result in more federal money to help reimburse the Hawaii Department of Education for the cost of educating federally-connected (including military) children whose families do not pay Hawaii state taxes. This will mean more resources for the schools and ultimately our children.

The Federal Impact Aid Program is designed to directly compensate the local school districts for: (1) local revenue lost due to the presence of federally owned, and therefore tax-exempt, property and (2) costs incurred due to "federally connected" students, such as the children of armed services personnel working at a nearby military installation.

Please take a few moments and complete the Federal Survey Card and return it to your child's school. Your participation is the only way we can ensure the Hawaii Department of Education receives the proper amount of federal aid dollars. A low return rate will result in the loss of millions of federal dollars that could otherwise benefit our local schools and our children's education.

Thank you in advance for supporting this important endeavor. If you have any questions regarding this survey card, please contact your child's school administration or Ms. Kimberly Crutchfield/Ms. Kim Munoz, JBPHH School Liaison Officers, at (808) 471-3662/3673.
