Principal's Message

Dear Leilehua Families,

Welcome back from Fall Break. Hopefully everyone took advantage of the short break to relax a little, but also refocus themselves as we head into the second quarter. It is a good time for students to review their performance from the first quarter and make adjustments, if necessary, to improve this quarter. As a reminder, we have evening tutoring sessions (SMARTS) twice a week which students can take advantage of. SMARTS is held in our Library on Tuesdays and Thursdays from 6:00-8:00pm.

This quarter we have some important school-wide events that everyone should be aware of.

Finally, as a reminder, please speak with your child(ren) about making good decisions on and off campus. Recently, there have been damages to the yards of neighboring homes. The Police will be called by the community for these trespassing and property damaging instances. Many times students do not think of the consequences before they act or react. Students need to understand they cannot control others, but they can control themselves. They also need to understand they will be held accountable for their action(s), regardless of the action(s) of another individual. We are trying to provide a safe, nurturing educational environment for all students and need everyone's support.

Sincerely,

Jason Nakamoto

HELP US COLLECT

IMPACT AID!

On September 7, 2016, Hawaii's public schools will send home a U.S. Department of Education Federal Survey Form for parents to complete and return with your child to school.

Why is this important? The survey allows the State of Hawaii to qualify for a partial reimbursement for federally connected children. This funding supports all public schools, including your child's.

Here's how:

- Each year, Hawaii is unable to collect local taxes from tax-free federal properties, leading to less money for public education.
- The federal government partially reimburses Hawaii for the cost of educating federally connected students through Impact Aid funds. Last year, Hawaii's reimbursement was 15% of the total cost to educate a student. Although it is a small amount, every dollar we receive supports schools and students.
- The amount of Impact Aid schools receive is based on how many parents complete and return the survey to their child's school. Every school strives for a 100% survey form return.

- ✓ **Every survey form returned will increase funding for ALL public schools statewide.**
- ✓ **This federal funding can mean an extra \$35 million to \$45 million annually for students.**
- ✓ **Fill out and return your Federal Survey Form!**

Dear Parents:

This letter is provided to inform military parents/guardians with dependents enrolled in Hawaii public schools about correspondence you will soon receive from Hawaii Department of Education. On September 7, 2016, Hawaii public schools will send a Federal Survey Card home with students and ask parents/guardians to complete the card and return it the following day, September 8, 2016. I strongly encourage all of you to complete the Federal Survey Card and return it the following day.

The Federal Survey Card enables the Hawaii Department of Education to accurately report the number of federally connected student enrollments to the U.S. Department of Education for the purpose of receiving Impact Aid. This aid is a partial compensation for the loss of revenue for tax-exempt federal installations (e.g., military installations) and for increased expenditures due to the enrollment of federally connected children. More information about the Federal Impact Aid Program can be found on the U.S. Department of Education website at <http://www2.ed.gov/about/officeslist/oese/impactaid/>.

U.S. Pacific Command (USPACOM) recognizes the importance of quality dependent education to the overall welfare and readiness of the joint force, and will continue to advocate for the delivery of quality dependent education for military families. If you have any questions about the Federal Survey Card and/or the Impact Aid Program, please contact your child's school or Mr. David Tom, USPACOM Quality of Life and Education Analyst, at 477-8272.

SUBJECT: Federal Impact Aid Survey Cards

1. On 7 September 2016, your school-age child will bring home a Federal Impact Aid Survey Card from their public school. Please fill out this card and promptly return it to your child's school. Completed cards are extremely important as they will help to bring in more federal money to reimburse the Hawaii Department of Education for the cost of educating federally-connected children whose families do not pay Hawaii state taxes.
2. The Federal Impact Aid Program is designed to directly compensate the local school districts for: (1) local revenue lost due to the presence of federally owned, and therefore tax-exempt, property and (2) costs incurred due to federally connected students.
3. This card should only take a few minutes to complete and is the best way to ensure the Hawaii Department of Education receives the proper amount of federal aid dollars.
4. Thank you in advance for supporting this worthwhile and valuable program. If you have any questions regarding this survey card, please contact your child's school administration or Kimberly Crutchfield or Kim Munoz, JBPH-H School Liaison Officers at 471-3662-3673.

Office of the Garrison Commander

To the Army Families of Hawaii:

You have in your hand a very powerful tool to aid in the receipt of federal funding to support education in Hawaii's public schools. The Federal Survey Card that your child brings home enables the schools to accurately report federally connected student enrollments. This information is critical in order to receive federal funding and additional programs and services to offset the cost of educating your child.

You can help our schools by filling out the Federal Survey Card upon receipt and returning it to the school immediately the next day. A complete return rate ensures accurate collection of information and maximum federal funding. We are all aware of the fiscal difficulties that Hawaii schools are facing and every bit that we can do will help create a better learning environment for all students.

I am encouraging every parent to consider this their duty to ensure our schools receive critical impact aid by returning the completed card promptly. Non-response could result in the loss of millions of dollars in federal funds that benefit both our military and local communities.

If you are unsure of your Address of Federal Property, please refer to the backside of this memo for a listing of Brigade Headquarter addresses. If you have any questions, please contact the Army School Liaison Office at 655-8326.

Sincerely,

Stephen E. Dawson

Subj: 2016 Federal Impact Aid Survey

1. School districts across our nation include land that is owned by the Federal Government or land that has been removed from the local tax rolls by the Federal Government. Because Federal property is exempt from local property taxes, these school districts operate with less local revenue than is available to other school districts and as a result face the challenge of providing a quality education. Since 1950, Congress has provided financial assistance to these local school districts through the Impact Aid Program. This program provides Federal funding to local school districts with children residing on military bases and other Federal properties, as well as children who have parents in the uniformed services or employed on eligible Federal properties who do not live on Federal property.

2. Beginning this September, schools will be sending children home with Federal Impact Aid Survey cards for the 2016-2017 School Year. Each year, a significant number of survey cards are not returned which translates in the loss of Federal funding used to offset additional expenses incurred by educating Federally-connected children. Thus, I need your support in making a concerted effort to increase awareness and participation in this important survey. Request you endorse this process as a priority and encourage your Marines, Sailors, and Civilians to complete the Federal Impact Aid Survey card. This will ensure school districts accurately report the number of Federally-connected students, ensuring school districts receive the appropriate Federal funding needed to meet the educational needs of our Federally-connected children.

3. I appreciate your personal attention in this matter. My point of contact is Ms. Keri Fischer at DSN (315) 477-8373, commercial (808) 477-8373, or e-mail keri.fischer@usmc.mil.

Dear Navy Families:

We need your help. On September 7, 2016, your school-age child will bring home a Federal Impact Aid Survey Card given to them by their public school. Please complete this card and promptly return it to your child's school. These completed cards will result in more federal money to help reimburse the Hawaii Department of Education for the cost of educating federally-connected (including military) children whose families do not pay Hawaii state taxes. This will mean more resources for the schools and ultimately our children.

The Federal Impact Aid Program is designed to directly compensate the local school districts for: (1) local revenue lost due to the presence of federally owned, and therefore tax-exempt, property and (2) costs incurred due to "federally connected" students, such as the children of armed services personnel working at a nearby military installation.

Please take a few moments and complete the Federal Survey Card and return it to your child's school. Your participation is the only way we can ensure the Hawaii Department of Education receives the proper amount of federal aid dollars. A low return rate will result in the loss of millions of federal dollars that could otherwise benefit our local schools and our children's education.

Thank you in advance for supporting this important endeavor. If you have any questions regarding this survey card, please contact your child's school administration or Ms. Kimberly Crutchfield/Ms. Kim Munoz, JBPHH School Liaison Officers, at (808) 471-3662/3673.

Go Mules!!!!!!

Mr. Robbie Tsue and Leilehua Band Members

How as a Leilehua Grad are you giving back to our community?

I've been fortunate enough to give back to the group that really influenced my approach on life "Leilehua High School Band". I will forever be grateful to the late Mr. Keith Fukumoto (former band director) for the leadership skills and lifelong lessons throughout my four years at Leilehua. Band is not just about the music, as we know most will not be musicians but the multitasking, problem solving, dedication, planning, teamwork, and camaraderie are really just some of the valuable lessons learned.

Both of my children are very active in band so as a parent I do my best to support all fundraisers and chaperone duties. My daughter is a senior, saxophone section leader, and band librarian. My son is also an Alumnus that returns from college during the summer to help the marching band. At times, I have tried to repair some of the 30 year old instruments for students to continue playing throughout the year. I also help design and fabricate many of the marching band props to cut costs. Students work hard at every practice learning these very complex shows and are well deserving of our support. Students are always grateful for the time and effort band boosters spend to support the program. It's very rewarding to see my efforts appreciated by students with every "Thank You" and smile on each of their faces.

Can you share one piece of advice that has helped you along the way with our current Leilehua students?

Have "PRIDE" in your school, teachers, family, and most of all yourself. Never forget where you came from and all the people that helped you along the way. Pride is something that your teachers cannot teach you but something that you will feel through your four years at Leilehua. Wahiawa is not a big town so many of us have known each other for years and a few generations. You may have heard this before "You are a student for four years at Leilehua but life forever as a mule." GO MULES!!!

We would like to feature our Alumni and how they are giving back to the Wahiawa community and surrounding areas.

If you would like to be featured on our Alumni page please contact Linda Willoughby at:
