

# Multiplication Bingo

**Purpose:**

The purpose of this activity is to help your child to recall multiplication basic facts up to 10 x 10.

**Strategy Stage:**

Stage 6

**What you need:**

Bingo Cards (*You can print these or make your own.*)

8 buttons/counters/little squares of paper for each player

**What to do:**

1. Cut out the bingo question cards and place in a pile face down.
2. Give a bingo board to each player.
3. Players take turns to take a bingo question, and read it out loud.
4. Encourage your child to answer the question as quickly as they can by using strategies such as known facts, number patterns or number relationships. *You may want students to keep note of facts your child has difficulty answering and practice them again at the end of the game.*
5. Players who have the answer on their bingo board can cover it with a counter.
6. The winner is the first person to cover all of their bingo board and call "Bingo".

**What to expect your child to do:**

To answer the multiplication questions quickly. They should progress to answering from memory.

**Variation:**

- There are four bingo boards so players can play again with a different board.
- Have a "caller" who reads the bingo questions.
- Players can only cover the number on their bingo board if they are the first to answer the bingo question.

### Multiplication Bingo Boards and Questions

|    |    |    |    |
|----|----|----|----|
| 9  | 30 | 63 | 56 |
| 18 | 21 | 24 | 15 |

|    |    |    |    |
|----|----|----|----|
| 12 | 40 | 36 | 49 |
| 14 | 35 | 32 | 45 |

|    |    |    |    |
|----|----|----|----|
| 20 | 18 | 6  | 48 |
| 60 | 16 | 24 | 72 |

|    |    |    |    |
|----|----|----|----|
| 28 | 42 | 21 | 64 |
| 50 | 54 | 12 | 36 |

### Multiplication Bingo Boards and Questions

|               |              |                          |                          |
|---------------|--------------|--------------------------|--------------------------|
| $3 \times 3$  | $5 \times 6$ | $9 \times 7$             | $7 \times 8$             |
| $3 \times 4$  | $5 \times 8$ | $9 \times 4$             | $7 \times 7$             |
| $4 \times 5$  | $6 \times 3$ | $3 \times 2$             | $8 \times \underline{6}$ |
| $4 \times 7$  | $6 \times 7$ | $3 \times 9$             | $8 \times 8$             |
| $2 \times 9$  | $7 \times 3$ | $4 \times 6$             | $5 \times 3$             |
| $2 \times 7$  | $7 \times 5$ | $4 \times 8$             | $5 \times 9$             |
| $10 \times 6$ | $8 \times 2$ | $\underline{6} \times 9$ | $\underline{9} \times 8$ |
| $10 \times 5$ | $8 \times 3$ | $6 \times 2$             | $9 \times 4$             |
