iePoint>2015.1.6 Released Today - Permissions On

Harrisburg Project released *iePoint> 2015.1.6* to clients this morning. *iePoint>* will automatically receive this update upon logging into the program, however, an *iePoint> Manager* will have to complete the update process. Once this update has been received, permissions will be on for the June 30th **FINAL** *FACTS Approval* and *Personnel Approval* transmissions.

This update includes a new warning and report to identify the Personnel records still being reported with an SSN. A manager will be prompted to view this report upon receiving this update. ISBE recommends all Personnel be reported using their IEIN number, which can be obtained through the ISBE ELIS system.

Indicator 11 - Reason 08 No Longer Valid

If you are receiving the student error during *Check Data Validity* "Indicator 11 60 Day Code 08 only valid until 05/15/2015" the following steps should be taken to correct this error:

- **Contact the District Superintendent to have the Official School Calendar updated at ISBE**

- **Once the Official School Calendar has been updated at ISBE, Refresh Calendars in *iePoint>* (*File -> System Maintenance -> Refresh Calendars*)**

- **Remove the "08" reason code from the Indicator 11 section on the Student general page**

If you need any assistance with this issue, please contact client support at 800-635-5274 or by email at support@hbug.k12.il.us.

Students Turning 6 or 10 During the Summer

We suggest running the following system reports to determine which students will turn 6 or 10 during the summer: *File -> Print Reports -> Students -> General -> Alpha List of Students Turning 6* or *Alpha List of Students Turning 10*.

Once you have determined which students will turn 6 or 10 during the summer, the student FACTS Approval record should be updated **PRIOR TO JUNE 30TH FINAL *FACTS APPROVAL*** transmission as follows:

- Students turning 6 must have their *FACTS Approval* record ended before their 6th birthday and given the new EE code appropriate for ages 6-21 on the new record.

- Students turning 10 with a disability of N must have their *FACTS A*pproval record ended the day before their 10th birthday and given a new disability code on the new record.

If the student will not be receiving services during the summer, you can end the record the last day of the school year with exit code of 20. The new record will have a begin date of the first day of the new school year in August with either the correct EE code or Disability.
