Default Board Report Number & Contract Number on Requisition Lines:

Effective **February 1, 2008**, The Purchasing Department will automatically default both the Board Report Number & Contract Number onto the Requisition Lines for Strategic Sourcing Suppliers.

This system change will allow Purchasing to associate a Purchase Order Number to a specific contract number.

If the Board Report and contract are no longer valid the following error message will display: "The contract for the selected supplier may not have been signed or may have been end-dated. Please contact your local Business Service Center for further instructions."

When this error message is displayed the system will not allow the Requisition to be created. If you encounter this error message, please contact your local Business Service Center. The Business Service Center will work with the Purchasing Department to resolve this issue.

Vendor Management

Important Information:

Recently, numerous Chicago Public Schools have placed and received orders from Vendors without an approved Purchase Order. This is not in accordance with Chicago Public Schools Procurement Policy. Please be aware that payment for these unapproved requisitions will not be guaranteed.

Student Planners:

As previously reported, the Chicago Public Schools Procurement and Contracts Department & the Communications Department are evaluating new options for the purchase of student planners (agendas). We are happy to announce that a limited pilot program is scheduled to get underway for the 2008-2009 fall school year, at selected school locations.

Presently, there is no contract in place between Chicago Public Schools and any company to provide student planners to our schools. With this in mind, below you will find a list of companies that sell customized student planners as well as standard student planners at various prices.
