

NFHS Science Ambassadors

NFHS Science Ambassadors program is partnering with local elementary schools to put on a Family Science and Engineering Night for elementary students and their families. This night brings students and their families to the school to experience the fun of science and engineering. Our mission is for all students, prek-5th grades and their families to engage in science and engineering activities that have real world connections to develop critical thinking and problem-solving skills. A few examples of the activities - film canister rockets, Cartesian divers, rain makers, singing straws, foil boats, straw rockets, balancing butterflies, color crystals, roller coasters, etc. Our goal is to inspire more students with the confidence to pursue careers in the STEM (Science Technology Engineering Math) fields.

Earn community service hours, build your college resume, and have lots of fun teaching science.

Cost: Club dues are \$35 this year - includes your club shirt and pizza dinners before every event!

2016-17 Schedule:

Club Meetings (3:45 – 5pm) in Room 218

October	11th
November	1st
December	6th
January	10 th

Monthly after school meetings will be held to prepare for the elementary school events. Science Ambassadors are expected to be present at regular meetings or make them up to maintain eligibility. Elementary school events will be held on four Tuesdays from January through March. In order to plan for snow days, you **MUST** be available every Tuesday during that time period unless prior arrangements are made.

Event Schedule (Students will be transported by bus to the events and parents will pick-up at event location)

January 24	Coal Mountain Elementary School (January 31 snow date)
February 7	Silver City Elementary School (February 14 snow date)
February 28	Chestatee Elementary School (March 7 snow date)
March 14	Chattahoochee Elementary
