Written Response:

NHS is based on the four pillars of Scholarship, Leadership, Service and Character. In a well-written essay, explain what these four terms mean to you, how you fulfill them, and how you will continue to meet these expectations if you are inducted into NHS. Type your essay (proofread/spellcheck before printing) and attach it to your application.

Dear Prospective NHS Member (and Parent/Guardian),

I am thrilled that you have decided to complete the application for the Wesley Chapel High School chapter of the National Honor Society. As you know, the organization was founded with the purpose to recognize outstanding student achievement in the areas of scholarship, leadership, service and character. In order for you to become a member of this esteemed organization you must demonstrate that you possess these qualities. In order for you to remain a member, you must *continue* to satisfy these requirements.

Understand that NHS is NOT just about grades. Many people have that misconception. While maintaining your GPA is one component of NHS, there are three more areas you must focus on as well.

NHS is a SERVICE organization. We participate in a number of service activities here at WCHS and in our community. Your contribution in this area is vital. In the past members have organized a holiday drive for the Ronald McDonald House in Tampa, held a toy drive for the Shriner's Children's Hospital in Tampa, raised money for the American Cancer Society by forming a team for Relay for Life, and assisted at county award ceremonies, such as the Pasco Education Foundation's Teacher of the Year Celebration. Members also participate in the Pasco County "Adopt-a-Road" project. In addition to participating in the NHS sponsored activities, all members must continue to accrue individual service hours during the course of the year. Failure to participate in the service activities will jeopardize your good standing and may lead to your dismissal from the organization.

NHS also focuses on LEADERSHIP. A leader is a role model, both here at school and in the community. A leader is an enthusiastic supporter of the school and the people that make up the school. A leader is ready to take charge and help out wherever needed. And a leader strives to make school better by working with others to solve problems.

CHARACTER is the last component, and this one embodies everything an honor student should be. A student of strong character is honest, hard-working, disciplined, respectful and in possession of high morals. A student of strong character is willing to take responsibility for his/her actions and learn from his/her mistakes. And a student of strong character works hard to instill these same values in the people around him/her.

As advisor, I sincerely believe in the integrity of the organization and the ideals it represents. I am here to work with you to achieve these high standards because I know they will take sacrifice and diligence on your part. Some people argue that NHS is an elitist group...and in a way, it is. NHS is particular about the students it selects and keeps as members. It celebrates the best of the best, and to be included in this group speaks volumes about your commitment to excellence.

On the school website you will find a copy of the official National Honor Society constitution (also available at www.nhs.us) and a copy of Wesley Chapel High School's by-laws. Please read over these documents carefully, as they delineate the standard operating procedures for the organization.
