visitor. Please bring exact change or
small bills to pay for your lunch.

Thanksgiving Break November 25-29

December 3 Santa Pictures

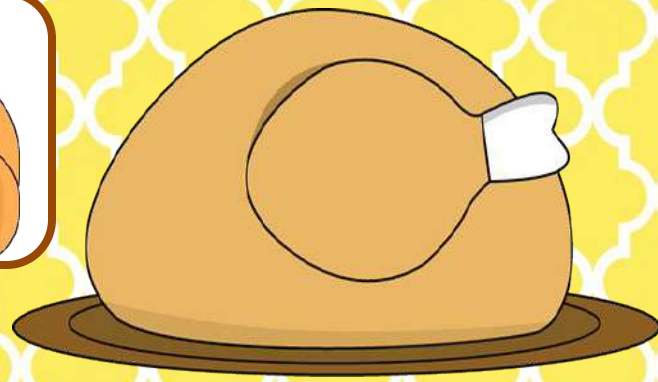

December 6-11 BOGO Book Fair

Picture Clarification

Lifetouch will be refunding all of the orders that came in online. He said if you tried to make the money match the package it will be a mess. So if you pre-ordered you can just purchase from the picture packet that was sent home. He said credit card refunds from online orders should be back on your card in a couple of days.

We will NOT be pre-ordering with them in the future and that will hopefully help with the confusion we have had.

Spelling Words

Week of November 11-15
Assessment November 15, 2019
Please study nightly!

Patterns o, o_e, oa

smog	prom
chop	rope
hope	spoke
toad	road
boat	toast
soap	roasted
coaching	goalie
explode	

Barnett/Shoffer Classes

Please study double facts for a quiz
on next Friday. 11-15-19

Home-School Connection

What Are the Coins? What you'll need---Some coins
Ask your child the following questions: I have three coins in my pocket. They are worth 7 cents. What do I have? (a nickel and 2 pennies) I have three coins in my pocket. They are worth 16 cents. What do I have? (a dime, a nickel, a penny) I have three coins in my pocket. They are worth 11 cents. What do I have? (2 nickels and 1 penny) I have three coins in my pockets. They are worth 30 cents. What do I have? (3 dimes) I have six coins in my pocket. They are worth 30 cents. What could I have? (1 quarter and 5 pennies or 6 nickels). This problem has more than one answer. It is challenging for children to experience problems like this. I have coins in my pocket, which have a value of 11 cents. How many coins could I have? **This activity is part of our Parent-School Compact 19-20**
