Performance Nights for K - 3!

Our students demonstrated huge successes last year by completing their weekly lessons and minutes...THANK YOU for supporting them!

Our goal for this school year remains the same. We would like our students to complete 45 minutes in Math and 45 minutes in Reading each week.

Students should also maintain at least a 75% passing rate on their lessons.

Attendance Matters!

Attendance Field Trips!

Be sure your student is in school every day & On Time! so they can participate!

If a student is absent, a parent/doctor's note should be sent in the same day your child returns.

If a student is tardy, a parent **MUST** sign in their child at the front office upon arrival.

Get Your Midway Math License!

Students are encouraged to practice their addition, subtraction, multiplication, and division facts 2-12 until fluent.

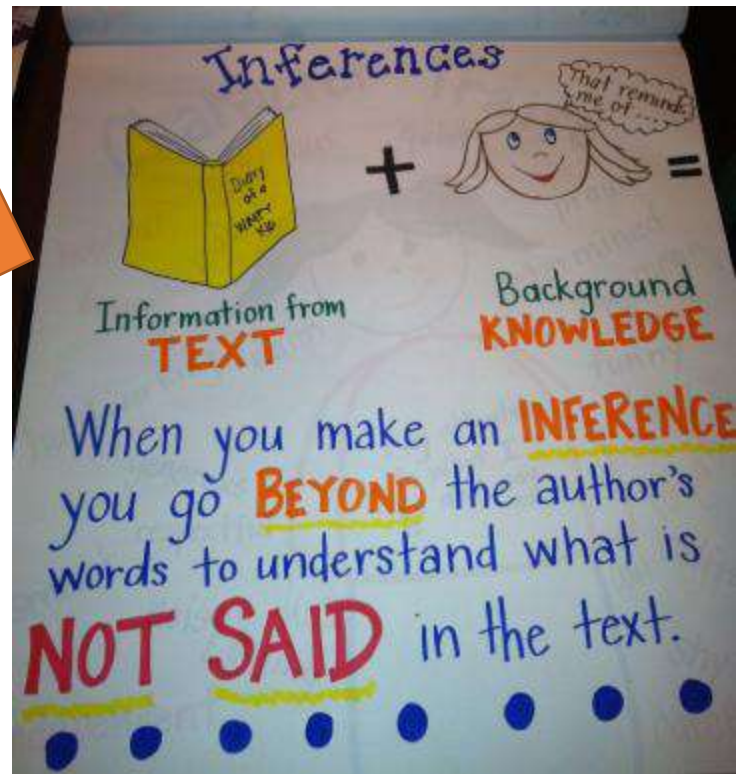

A recommended practice tool is www.coolmath4kids.com or the use of flash cards.

Students will let their teacher know when they are ready to apply for their permit or license.

The teacher will test the student using a timed test.

If the student passes the test, they will be issued a permit or a license depending on the facts they tested on.
