# Title I Programs Can Help:

- children do better in school and feel better about themselves.
- teachers understand the needs and concerns of students and parents.
- parents understand their child and be more involved in the child's education.

# What is a Title I School?

- Being a Title I school means receiving federal funding (Title I dollars) to supplement the school's existing programs. These dollars are used for...
  - identifying students experiencing academic difficulties and providing timely assistance to help these students' meet the state's challenging content standards.
  - purchasing supplemental staff/programs/materials/supplies.
  - conducting parent engagement meetings/trainings/activities.
  - recruiting/hiring/retaining professionally qualified teachers.
- Being a Title I school also means family engagement and parents' rights.

# Title I Funds

- Any local educational agency (school district) with a Title I allocation exceeding \$500,000 is required by law to set aside 1% of its Title I allocation for parental engagement.
- Of that 1%, 10% may be reserved at the school district for system-wide initiatives related to family engagement. The remaining 90% must be allocated to all Title I schools in the district. Therefore, each Title I school receives its portion of the 90% to implement school-level family engagement.
- **You, as Title I parents, have the right to be involved in how this money is spent.**
