Tutoring Programs

Reading K-12

Our comprehensive reading program is customized for each student and includes remediation for skill gaps, test prep, study skills, writing skills, enrichment, and homework help for any language arts or reading-based academic concept and school course.

Math K-12

Our highly effective math program is customized for each student and may include all levels of K-12 math. Our comprehensive math program includes remediation for skill gaps, test prep, study skills, enrichment, and homework help for any math school course.

SAT/ACT** Prep

Our highly effective SAT* and ACT* Test Prep programs are customized for each student based on their goals and include remediation as needed in specific areas of reading and/or math, test preparation with validated test-taking strategies, study skills, and enrichment.

State Test Prep

Omega's customized program offers your student a state-specific, initial evaluation test, test overview, completion of practice test sections, review of missed questions, strategic remediation, and validated test-taking strategies.

Writing Skills

Omega's customized writing skills program helps students of all ages develop and improve structural and creative writing skills, including research, grammar, spelling, editing, and handwriting.

Kindergarten Success

Our comprehensive Kindergarten Success program provides children, ages 4-7, with a strong academic foundation. Young learners build important critical thinking skills, while learning the fundamentals of reading, writing, and math.

Enrichment

Omega's customized enrichment program provides students with the challenging curriculum and critical thinking skills needed for accelerated growth in reading or math. Students may benefit from subject/course acceleration and advancement.

Study Skills

Omega's customized study skills program helps students of all ages develop and improve listening skills, test-taking strategies, note-taking techniques, homework organization, and time management proficiency.

SSAT, ISEE, ITBS Prep

Omega's customized programs offer test prep for ANY test, including the SSAT, ASVAB, ITBS, ISEE, as well as school and/or program-specific tests or entrance exams.

Homework Help

Omega's HW Help program covers ONLY homework help for specific school subjects and projects including physics, chemistry, statistics, biology, humanities, physical science, history, literature, as well as all Honors and AP classes.

Spanish/ESOL

Omega's customized Spanish program may include all levels from beginning to advanced. Programs include conversational and written Spanish for communication and translation. Our program also applies to ESOL students.

Summer School/GED

At participating centers, our AdvancED accredited Summer School programs are available for class credit and/or credit recovery for high school courses. Program length is county specific. GED Prep is also offered at Omega Learning® Centers.

Note: Participating centers also offer the services of our private school, Omega Private Academy®.
