

## **ONLINE PAYMENTS TO SCHOOL NUTRITION ACCOUNTS**

The Henry County School Nutrition Department has made available a new online payment system. We are providing this as a service; however, making payments to student accounts will continue to be accepted at the schools for those who do not wish to use this service.

Money can be added by using a credit card or a debit card.

The site is a secure site that is protected by advanced Internet security.

Once a parent sets up an account they can check balances and make deposits into their children's accounts from their own computer.

**Parents must have their child's 5 or 6 digit Henry County School District student ID number to establish and maintain the account(s).**

If you have further questions, please call the MyLunchMoney.com toll free support center @ 1-800-479-3531, or you may contact the School Nutrition Manager at your child's school.

How to Enroll Online @ MyLunchMoney.com

1. Access the website at [www.MyLunchMoney.com](http://www.MyLunchMoney.com)
2. Select "Enroll Now"
3. Create the account(s)- one for each child
4. Provide your credit card or debit card information
5. Select a prepayment option
6. Set-up or remove selection for automatic prepayment option
