## ORTHO HOME DEFENSE MAX INSECT KILLER FOR INDOOR & PERIMETER

---

### 1. Product and company identification

EPA Registration Number: : 239-2699  
MSDS # : 320000002922

### 2. Hazards identification

Physical state : liquid [microemulsion]

Odor : Characteristic.

OSHA/HCS status : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this MSDS contains valuable information critical to the safe handling and proper use of the product. This MSDS should be retained and available for employees and other users of this product.

Emergency overview : NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED. No known significant effects or critical hazards.

Potential chronic health effects

Chronic effects : No known significant effects or critical hazards.

Carcinogenicity : No known significant effects or critical hazards.

Mutagenicity : No known significant effects or critical hazards.

Teratogenicity : No known significant effects or critical hazards.

Developmental effects : No known significant effects or critical hazards.

Fertility effects : No known significant effects or critical hazards.

Target organs : None known.

#### Over-exposure signs/symptoms

Inhalation : No specific data.

Ingestion : No specific data.

Skin : No specific data.

Eyes : No specific data.

Medical conditions aggravated : None known.

by over-exposure

Interactions with other : Not available.

Chemicals

See toxicological information (section 11)

### 3. Composition/information on ingredients

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

#### 4. First aid measures

- Eye contact** : Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- Skin contact** : Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.
- Inhalation** : Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
- Ingestion** : Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Never give anything by mouth to an unconscious person.
- Protection of first-aiders** : No action shall be taken involving any personal risk or without suitable training.

#### 5. Fire-fighting measures

- Flammability of the product** : In a fire or if heated, a pressure increase will occur and the container may burst.
- Extinguishing media**
- Suitable** : Use an extinguishing agent suitable for the surrounding fire.
- Not suitable** : None known.
- Special exposure hazards** : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
- Hazardous thermal decomposition products** : No specific data.
- Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

#### 6. Accidental release measures

- Personal precautions** : Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment (see section 8).
- Environmental precautions** : Do not apply directly to water.
- Methods for cleaning up** : Stop leak if without risk. Dike spill area and do not allow product to reach soil, surface water, ground water or sewers. Contain and collect spillage with non-combustible, absorbent material and place in container for disposal.

#### 7. Handling and storage

- Handling** : Avoid inhalation or contact with skin, eyes or clothing. Avoid container breakage. Do not contaminate water sources when disposing of equipment washwater or rinsate. Keep out of lakes, stream or ponds. Keep out of reach of children.
- Storage** : Keep from freezing. Store in original container in a cool, dry, well-ventilated area inaccessible to children and pets. Do not contaminate food or feedstuffs.

## 8. Exposure controls/personal protection

Consult local authorities for acceptable exposure limits.

**Engineering measures** : Use adequate ventilation to keep the airborne concentrations below the recommended exposure standard.

**Hygiene measures** : Wash thoroughly with soap and water after handling. Remove and launder contaminated clothing before reuse.

### Personal protection

**Respiratory** : No special respiratory protection required. If ventilation is inadequate to keep the airborne concentrations below the recommended exposure standard wear appropriate respiration protection.

**Hands** : Protective gloves are not required, but may be used in situations where significant contact is expected.

**Eyes** : Protective eyewear is not required, but may be used in situations where contact is expected.

**Skin** : No special protective clothing is required.

## 9. Physical and chemical properties

**Physical state** : liquid [microemulsion]

**Color** : Colorless.

**Flash point** : Not available.

**Auto-ignition temperature** : Not available.

**Odor** : Characteristic.

**Odor threshold** : Not available.

**pH** : 7

**Boiling/condensation point** : Not available.

**Melting/freezing point** : Not available.

**Critical temperature** : Not available.

**Density** : 1.005 g/cm<sup>3</sup>

**Vapor pressure** : Not available.

**Vapor density** : Not available.

**Evaporation rate** : Not available.

**Viscosity** : Not available.

**Solubility** : Not available.

**Partition Coefficient (n-octanol)** : Not available.

**Decomposition temperature** : Not available.

## 10. Stability and reactivity

**Chemical stability** : The product is stable.

**Conditions to avoid** : No specific data.

**Materials to avoid** : No specific data.

**Hazardous decomposition products** : Under normal conditions of storage and use, hazardous decomposition products should not be produced.

**Possibility of hazardous reactions** : Under normal conditions of storage and use, hazardous reactions will not occur.

## 11. Toxicological information

### Acute toxicity

Product/ingredient name	Result	Species	Dose	Exposure
Product	LD50 Oral	Rat	> 5,000 mg/kg	-
Product	LC50 Inhalation	Rat	> 5 mg/l	-
Product	LD50 Dermal	Rat	> 10,000 mg/kg	-

Conclusion/Summary : No additional remark.

**Irritation/Corrosion**

Skin	Non-irritating
Eyes	Moderate
Respiratory	Not available.

**Sensitizer**

<b>Conclusion/Summary</b>	Skin	Not sensitizing
	Respiratory	Not sensitizing

**Chronic toxicity**

Conclusion/Summary                      No known significant effects or critical hazards.

**Carcinogenicity**

Conclusion/Summary                      No known significant effects or critical hazards.

**Mutagenicity**

Conclusion/Summary                      No known significant effects or critical hazards.

**Teratogenicity**

Conclusion/Summary                      No known significant effects or critical hazards.

**Reproductive toxicity**

Conclusion/Summary                      No known significant effects or critical hazards.

**12. Ecological information**

Ecotoxicity                                      Very toxic to aquatic organisms.

**Aquatic ecotoxicity**

Conclusion/Summary                      No known significant effects or critical hazards.

**Persistence/degradability**

Conclusion/Summary                      No known significant effects or critical hazards.

**13. Disposal considerations**

Waste disposal                                      Disposal should be in accordance with applicable regional, national and local laws and regulations.

**14. Transport information**

<b><u>Regulatory information</u></b>	<b><u>UN no.</u></b>	<b><u>Proper shipping name</u></b>	<b><u>Class</u></b>	<b><u>PG*</u></b>	<b><u>Note</u></b>
DOT		Not Regulated			

PG\* : Packing group

**15. Regulatory information**

**United States**                                      :  
U.S. Federal regulations  
California Prop. 65                                      :    Not listed.  
United States inventory (TSCA                                      :    All components are listed or exempted.  
8b)

Canada inventory : At least one component is not listed.

## 16. Other information

Label requirements : NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED.

### Hazardous Material Information System (U.S.A.) :

Health	1
Flammability	0
Physical hazards	0

HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. HMIS® is a registered mark of the National Paint & Coatings Association (NPCA).

The customer is responsible for determining the PPE code for this material.

### Notice to reader

**General Comment:** This document contains health, safety, and environmental information useful to emergency response agencies, health care providers, manufacturers, and workers/employees. It does not replace the precautionary language, use directions, or the storage and disposal information found on the product label.

**Additional Information:** This information contained herein is, to the best of Scott's knowledge and belief, accurate and reliable as of the date of preparation of this document. However, no warranty or guarantee, express or implied, is made as to the accuracy or reliability, and Scotts shall not be liable for any loss or damage arising out of the use thereof. No authorization is given or implied to use any patented invention without a license. In addition, Scotts shall not be liable for any damage or injury resulting from abnormal use, from any failure to adhere to recommended practices or from any hazards inherent in the nature of the product.
