

RFP #P22-01, Solid Waste Services Questions & Answers

Vendor	Question	Answer
GFL Environmental	The Recycling dumpsters... Are these still single stream recycling or can we price them as Cardboard/Paper only recycle dumpsters?	Yes, single stream.
GFL Environmental	Section 4.13- Respond within 4 hours of a requested roll off. Does this mean you want it delivered within 4 hours of the request and/or hauled within 4 hours of the request made?	Roll off requests will be on a as needed basis and FCS will call and schedule when and where a roll off will be needed. FCS will then call the provider when the roll off is full and needs to be tipped. There is no requirement to service the roll off within four hours of request, however it should be serviced in a reasonable amount of time. If you could please tell us in writing your capabilities for roll off requests to include delivery times and pickup times.
GFL Environmental	When is the start date of the contract?	We anticipate a January 1 st start date.
Pre-Proposal Meeting Attendee	Regarding 13.0 Termination; does this mean with or without cause?	While this language is standard in our general terms and conditions, our intent is never to terminate a contract of this nature without lengthy dialogue to remedy any situation associated with this contract.
Pre-Proposal Meeting Attendee	Why does the quantity show zero (0) for some of the items on the bid sheet?	That school may not have that size at their school. Some schools will have 6-yard, and some have 8-yard and some have a combination of the two.
Pre-Proposal Meeting Attendee	Did you create the zones based on logistics?	The zones are based on the current high school zonings.
Pre-Proposal Meeting Attendee	It was previously mentioned to include 3 copies of our proposal but in 7.4 it says to include a thumb drive.	If you could provide 3 copies of the proposal and a thumb drive that includes the pricing completed on the bid sheet. The Excel bid sheet will populate the totals for you.

Waste Pro	What are the current rates for all services?	Current contract pricing can be provided by sending an email request?
Waste Pro	How many tons MSW and recyclables are collected annually?	FCS does not have that data.
