This policy seeks to strengthen the partnership among parents/guardians, school, community and the school district by providing opportunities for parents to become involved.**

## School-Parent Compact:

This is an agreement that parents, teachers and students sign each year making the commitment to become partners in the education process. The compact will be distributed at the Meet the Teacher Open House at the beginning of the school year. One part of this commitment is agreeing to attend at least one parent/teacher conference during the school year.
