Family Positive **BEHAVIOR EXPECTATIONS PROJECT**

At Kimberly Elementary School this year, we have introduced the **three B's : Bee Respectful, Bee Responsible, and Bee Safe.**

We have taught our students what each expectation looks like in 7 locations at school as well as in the classroom.

As an extension of what students are learning at school, we encourage you to create your own family positive behavior expectations.

This family project is optional. Students who return the chart to school to share with the teacher will receive 5 Caught-Ya Tickets.

Guidelines: 1. Keep statements brief and positive.

2. Have the whole family develop the rules

3. Post this form on your refrigerator or where everyone can see it.
