Aloha!

"Excellence with Honor" has been Pearl City High School's motto now for more than a decade. Aristotle penned the following: "Excellence is never an accident. It is always the result of high intention, sincere effort, and intelligent execution; it represents the wise choice of many alternatives - choice, not chance, determines your destiny." Together, I am confident that we will continue to build a Pearl City High School whose staff and students exemplify "Excellence with Honor" in every respect.

Our goals here at Pearl City High School are to prepare our students to be ready for their future and to make Pearl City High School an exciting and positive learning community for our students and our staff. In order to achieve those goals, we need to work together as a Charger community to make wise and reflective improvements every day.

Respectfully,  
  
Joseph Halfmann  
Principal
