To the Parent/Guardian of cadet _____

SUBJECT: Male Haircuts in JROTC

JROTC regulation requires male cadets maintain an appropriate haircut; not just for Wednesday inspection, but at all times. A cadet's hair must be kept in a neat, clean manner and meet the following criteria. Extreme or fad style haircuts or hairstyles are not authorized, i.e., bowl cuts, mohawks. Hair should not be dyed or streaked. Hair will present a tapered appearance and when combed will not fall over the eyes or eyebrows. Sideburns will be neatly trimmed and will not extend below the lowest part of the exterior ear opening.

To preclude receiving demerits, which affect their overall JROTC grade and an unsatisfactory uniform grade; I volunteer to cut the cadet's hair to an appropriate length. We will give high and tights if permitted by the cadet's parent/guardian.

If you would please complete the below permission we will maintain it on file and will change only if we receive written change from you. Please initial to the left of your choice and sign. A copy of this form will be returned to you if requested.
